**NOMINATING COMMITTEE FOR FACULTY OFFICERS REPORT
ELECTION OF FACULTY OFFICERS**

Candidates for Chair of the Faculty

Brenda L. Killingsworth, School of Business

As Chair of the Faculty for the past year and as Vice Chair for the previous three years, I have experience with key issues facing the faculty. Having served nine years with the Faculty Senate and on thirteen Faculty Senate committees over twelve years has provided me the experience needed to serve as a leader on behalf of the faculty. During the past year, we have accomplished the goals which I established for my term as Chair of the Faculty; initiating a process of timely faculty input into the university budgeting process, ensuring adequate faculty involvement in the Strategic Planning process, and increasing faculty input into key decision making areas such as policies and procedures for distance education, intellectual property rights, and University scholarships. Additional challenges will arise as we strive to ensure quality of students, faculty, facilities and worklife are adequately met as the University prepares for significant enrollment growth over the next decade. During a second term, I would continue to work on these goals and to protect the foundation and principles of academic freedom and tenure while representing faculty throughout the University within our system of shared faculty governance.

Donald Neal, Department of Geology

I joined the faculty of East Carolina University in 1979 and in the past twenty years we have experienced many changes, most of which have been positive. They have been positive in large part due to the dedicated leadership of the faculty. We continue to experience change but the pace is more rapid. As a faculty, we must embrace this change and do whatever is necessary to ensure that it remains positive. In the coming year we will do unit evaluations. The Faculty Senate must evaluate itself also and its effectiveness in shared governance. As part of this evaluation the Senate should continue to review university personnel policies, especially the appellate process. The Senate should review the number and longevity of fixed-term faculty, the continued development of alternative instructional venues and its impact on the faculty, faculty evaluation procedures and the faculty workload policy, and the place of interdisciplinary/ multidisciplinary programs in unit productivity measures. These are but a few of the issues we will face. I would like to lead the faculty in these endeavors. It has been my privilege to serve the faculty of my unit and the university at large in a variety of assignments. In the early 1980's I served two terms as a Faculty Senator and currently serve in my third term as Geology Department representative. It is difficult to remember a time when I did not serve on a senate committee. Over the years I have held membership on the Libraries, General Education, University Curriculum, Educational Policies and Planning, Faculty Computer, and Agenda committees, and on the Committee on Committees. I served as chair of the General Education Committee for two years and secretary and then chair of the University Curriculum Committee. I served as Secretary of the Faculty for three years and this year I have the privilege of serving as Vice Chair of the Faculty. Through these experiences I have seen how important faculty governance is in maintaining a healthy and vigorous university. To this end, I offer my name for consideration as a candidate for Chair of the Faculty.

Candidates for Vice Chair of the Faculty

Bob Morrison, Department of Chemistry

We will face a number of new challenges as we settle into doctoral II status, as we prepare for the dramatic increases in enrollment during the next decade, and as we face the challenges associated with rapid (rabid?) changes in technology. We have a responsibility to ensure that enrollment growth takes place in a manner that is consistent with providing a quality education. We must ensure that new programs on campus, off campus, and on the internet, conform with the high standards of our doctoral II status. At the February Faculty Assembly meeting an invited speaker noted that over the last couple of decades or so, there has been a steady shift from a faculty oriented, collegial culture in universities, where professors have enjoyed some degree of professional autonomy, to a bottom-line, managerial culture where numbers drive decisions and programs. We have had a steady increase in the number of courses taught by off-tenure-track faculty. We should be concerned about what effect these somewhat disparate, but possibly related, changes in culture have on academic freedom and tenure, on the quality of teaching, research and creative activity, on faculty welfare, and on who owns and can use our intellectual property. I have been involved in the process for almost 27 years, serving on numerous academic, appellate, and administrative committees, as well as several terms on the Faculty Senate, and am currently an alternate on the Faculty Assembly. If elected as Vice Chair of the Faculty Senate I will do my best to serve the Faculty of ECU.

Ralph C. "Worth" Worthington, School of Medicine

It would be a privilege and a welcome responsibility to serve the faculty as vice-chair. I am deeply committed to helping facilitate a strong, unified voice for the faculty across the entire University. I believe this unified voice is especially important as we face important challenges such as limited funding, projected enrollment increases, maintaining shared governance, and faculty workload. Over the past years I have served in a number of roles I believe help qualify me to serve effectively as vice-chair. I have chaired the Educational Policies and Planning Committee and have been a member of the Governance Committee for a number of years. I served for six years on the Faculty Senate, and am currently serving as alternate. Other University committee responsibilities have included Unit Code Screening, Continuing Education, and Agenda. Having served for two years as chair of my unit's Tenure, Promotion, and Personnel committees, and having served on the University's Cumulative Review Task Force, I feel well-versed in faculty personnel issues. I believe my associations with units across the University will help me represent all faculty. In addition to my appointment in the Division of Health Sciences, I received my undergraduate and master's degrees in the ECU College of Arts and Sciences. For several years I held a lecturer appointment in the ECU School of Business, and over the years I have worked with faculty in several teacher education programs. Thank you for your consideration.

Candidates for Secretary of the Faculty

Mark Jones, School of Social Work

I appreciate the Nominating Committee's consideration as Secretary for the 1999-2000 academic year. I am completing my sixth year as a Criminal Justice Professor, and I am completing my third year as Faculty Senator from the School of Social Work and Criminal Justice Studies. I have tried to represent the best interests of the entire ECU faculty during my tenure as Senator. I have a good working knowledge of Faculty Senate procedures, which is essential for any Senate officer. For the past two academic years I have served on the Faculty Senate Agenda Committee. Woody Allen once said that 90% of success is showing up. I am not sure if this is true, but during my three years as Senate representative, I have only missed one Senate meeting, and I have been very regular in my attendance at Agenda Committee meetings. This position requires attention to detail. I have served in similar administrative positions in professional and academic criminal justice organizations, including the American Probation and Parole Association, the American Society of Criminology, the Southern Criminal Justice Association, and the Southwestern Association of Criminal Justice Educators. The Secretarial position requires more than the duties we see performed at Senate meetings, i.e., the roll call and recording of minutes. Every Senate officer, regardless of title or function, is a highly visible representative of East Carolina University. I will do my best to represent ECU and the academic profession in an honorable and professional manner. Thanks for your consideration.

Ralph Scott, Academic Library Services

East Carolina University has had a long tradition of shared governance between the administration, students, staff and faculty. The faculty have had a voice since 1907 in the shaping of a dynamic university that is constantly growing in size and scope. When I came to East Carolina some 29 years I was impressed with the open debate and input the faculty shared with all who would listen. Let us continue this tradition that has made us a leader in this area in North Carolina into the future. I have served as a Faculty Senator, and on: the Agenda Committee, Continuing Education Committee, Faculty Computer Committee, Course Drop Appeals Committee, Readmissions Appeals Committee, Unit Code Screen Committee, Due Process Committee, Minority Affairs Committee and Academic Integrity Board. I have been an officer of a number of these committees. I have served multiple terms on a number of these committees. I would be honored to serve you now as Faculty Senate Secretary.
