For the admission cycle now underway to admit Fall 2003 students, new policies and procedures have been developed and implemented. There will be four categories of applicant review decisions:

1. Immediate admission into ECU if an applicant falls into one of the two categories below:
  - a. Rank in the top 1/3<sup>rd</sup> of their high school graduating class & have an SAT of 1100+/ACT of 24+; or
  - b. Have a 3.3 unweighted high school GPA, no required minimum SAT/ACT.
2. Applicants who do not meet #1 above, but are otherwise competitive (e.g. predicted grade point average of 2.5, or having a SAT of 1000/ACT of 21 and a 3.0 high school GPA), will be placed on a "priority review list." Admission decisions will be communicated to this pool of applicants around December 15, 2002.
3. Applicants who do not meet the minimum criteria in #2 above will be put on a "wait-list." They will be required to submit any new test scores as well as a fall semester transcript of grades in order to receive a final review. All applicants on the "wait-list" with complete and up-dated files will be informed of an admission decision around February 15, 2003.
4. Applicants who are not competitive will be denied admission.
