Using this year's admissions criteria for last year's application pool [HSGPA 3.3 or top 3rd of the class and 1100 SAT (24 ACT)] only 1035 in state and 216 out of state freshman would have been admitted as of this date.

Key: This year 36% of the applicant pool has been admitted. If these new standards had been used last year, only 25% of the applicant pool would have met the higher criteria.

III. Priority Decision: 12-15-02

Currently 691 instate and 211 out of state applicants are being held for the 12/15 review. These students have a 2.5+ PGA or an approximate profile of HSGPA 3.0 and 1000 SAT.
