Subject: Follow-up from Senate meeting

Faculty Senators/Alternates –

Several issues were discussed at yesterday's Faculty Senate meeting. Chancellor Ballard mentioned that ECU had received tentative GA approval for a new set of peer institutions. The new list, below, is tentative pending approval by the Board of Governors.

Tentative ECU peers (01/30/2006)

Florida International University
Northern Illinois University
Ohio University-Main Campus
Old Dominion University
Texas Tech University
University Of Missouri-Kansas City
University Of Wisconsin-Milwaukee
Western Michigan University
Wright State University-Main Campus
University of Nevada—Reno
University of North Dakota—Main Campus

Virginia Commonwealth University
SUNY at Buffalo
University Of Louisville
University Of South Carolina-Columbia

Chancellor Ballard was also asked about the progress on the 10th Street Connector. Kevin Seitz, Vice Chancellor for Administration and Finance has provided the following update on this.

The project is moving forward but the pace is very slow. On January 30 and 31, the consultants started to meet with the public to gather information and opinions regarding the project. The study and design process will take 3 - 4 years with construction not being started until 2011.

In addition to meeting with the public, the team is also collecting information through a toll free number 1-866-836-8478 and a web site www.greenvillenc.gov/departments/public_works_dept.
