HEALTH, EDUCATION, AND WELFARE
FOOD AND DRUG ADMINISTRATION
WASHINGTON 25, D. C.

Mrs. Frances W. Bowman
Food and Drug Administration
Division of Antibiotics

June 29, 1959

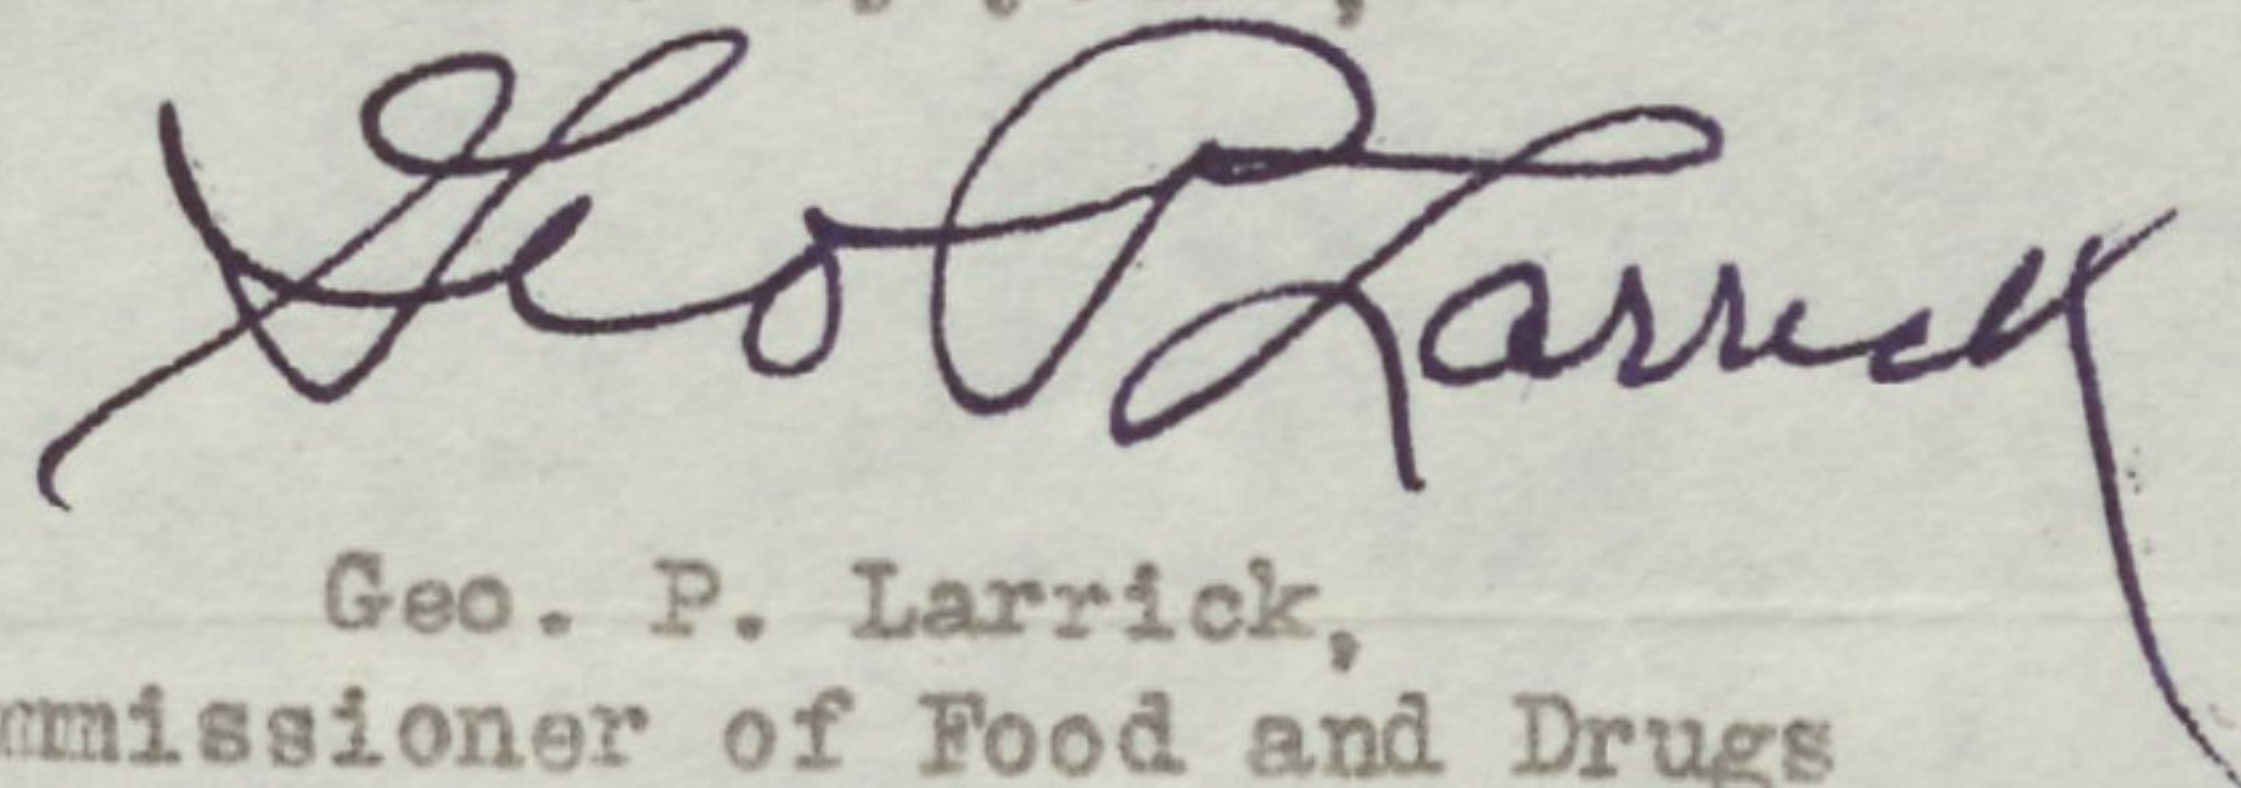

Dear Mrs. Bowman:

The Division of Antibiotics and the Board on Employee Awards have recommended that you and Mr. Simon Holdowsky be given an award jointly in recognition of an adopted suggestion involving the manufacture, within the Division, of an enzyme preparation used by the Sterility Branch in conducting tests.

As a result of the adoption of this suggestion it is estimated that a savings of over \$1800.00 a year will be realized. The Food and Drug Administration greatly appreciates this contribution. It is a pleasure to endorse this recommendation and we hope that you will continue to favor us with any other suggestions you may have.

The joint award approved was for \$215.00; it has been divided equally (less payroll deductions that apply). Please accept this tangible recognition, which will be forwarded later, together with our thanks for this worthwhile suggestion.

Sincerely yours,

Geo. P. Larrick,
Commissioner of Food and Drugs
