Thanks Brenda for your email. The Faculty Officers are meeting this afternoon and I will forward your inquiry to them to discuss. Afterwards, either Jan Tovey or I will follow-up with you.

Best wishes, Lori

**Subject:** History of PickaProf.com and ECU?

Lori,

I have had several faculty members recently ask me if I knew the history of pickaprof and ECU. Do you know when ECU decided to participate in pickaprof.com? Also, how was the decision made that ECU should participate? Was it a matter of complying with the public records law, a request made by students, or a decision made by administration at the request of pickaprof? Was the Faculty Senate involved in this decision and/or made apprised of this decision?

Thanks for any information you can share with me.

Brenda
