I've checked with Provost Sheerer and she believes you should use the new guidelines. GA was not impressed with lack of rigor in our original document, and she doesn't think it's a good idea to continue to use the old policy.

Dear Lori,
Oh my.... Thank you for pointing out my inaccurate statement. I apologize, I did not mean to send this email to you. I had looked up your number using outlook and forgot to delete your name. How embarrassing that you received my rambling email.

Dear Jan,

I am glad for my error however, because I do need advice on how to advise units to conduct the review this year (Appendix B "cumulative review of tenured faculty" or proposed name "performance review of tenured faculty"). Typically, how long does this review take for a large department? Months? If so, should units proceed with using the current Appendix B or wait until the Pending Appendix B is approved? When is the absolute due date. Units are very anxious to know which policy to use. Many thanks for your guidance.

Lisa,

Ouch...The referenced "outdated" information on the Senate website sounds terrible (and inaccurate). The current Appendix B on the Faculty Manual website is actually the current one that all should use until such time that a revised document is approved for use. Thanks for making this clear in whatever forum you address Appendix B. - Lori

Hi Reagan,

For my meeting next week, I would like to print out copies of Appendix B to discuss with this group. Please know that we cannot use the Appendix B on the web – as it is out dated – we need to use the PENDING Appendix B Noted on the Faculty Manual website under Announcements. Also, can you find the draft of appendix B – either you still have from my last Brody Council meeting or we can get from the October meeting minutes of the Faculty Senate?

I will also forward an email that I would like to use this meeting to discuss the Sharepoint. I do not need copies of this email – it will only be used for me to talk from. I also do not need copies of the Draft of Appendix B – I will only use that to talk from. I will need an appropriate number of copies for the Pending Appendix B. Does this make any sense at all?
