Memorandum

**To:** Professor Marianna Walker  
Chair of the Faculty

**From:** Steve Ballard  
Chancellor

**Date:** March 24, 2010

**Subject:** February Faculty Senate Resolutions

I hereby approve the following six resolutions which were adopted by the Faculty Senate on February 23, 2010:

✓ Faculty Senate Resolution 10-06

returned w/ recommendations

Proposed Revisions to the *Faculty Manual* Part V. Academic Information, Section III Curriculum Development passed by the Senate at its January 26, 2010 meeting be removed from the Chancellor's desk and returned to the Educational Policies and Planning Committee for revision.

In the review by the Educational Policies and Planning Committee, Academic Council recommends, and I concur, that the committee consider the following:

1. In Part V. Section III, revise the second sentence to read as follows, "Development of new academic degree programs and certificates is governed by the policies and procedures of the General Administration (GA)." The provisions referenced in Administrative Memorandum 406 and 407 have been superseded by UNC Policy 400.1 Academic Programs effective May 2009.
2. In Part V. Section III.C. Program Development Approval Process, add the appropriate Vice Chancellor to "2. New Minors, Certificates, Concentrations; Degree Title Changes; Teacher Licensure Areas; and Discontinuing Degree Programs" and to "3. Moving Degree Programs" prior to the Educational Policies and Planning Committee. Both provisions noted above have budget implications for deans and vice chancellors.
3. In Part V. Section III.C.2 New Minors, Certificates, Concentrations; Degree Title Changes; Teacher Licensure Areas; and Discontinuing Degree Programs, please consider adding the following statement for clarification, "The Chancellor or his designee may establish deadlines by which each person and/or committee listed must report its concurrence (approval) or non-concurrence with the proposed action. Failure to report by the established deadline shall be considered an abstention and the proposed action shall progress to the next level for consideration."

4. The proposed revision to Part V.III.C.1 (Step III, Request for Authorization to Establish), requires an "External review (master's and doctoral programs only)" after the approval of the "University Curriculum Committee or Graduate Curriculum Committee as appropriate for degree level". Currently, external reviews for master's and doctoral programs are considered by the Graduate Curriculum Committee. The Academic Council suggests a reordering of these items.

Also, please note that the Faculty Manual Steering Committee recommends all items approved for removal from the ECU Faculty Manual as part of the manual revision, be referred to the University Policy Committee for review. The steering committee further recommends that the University Policy Committee consider establishing a process for publishing the language removed from the current Faculty Manual as an interim document. The Academic Council supports, and I concur with, this recommendation.
