Cullowhee, N.C.*

April 23, 1947

North Carolina Academy of Science  
Raleigh, North Carolina

Attention: Reinard Harkema  
Secretary-Treasurer.

Dear Mr. Harkema.

Please pardon the delay in replying to your letter of April 9 offering us space for exhibiting Scientific Apparatus at the annual meeting of the North Carolina Academy of Science, to be held on May 9th.

After due consideration by both ourselves and our parent company, the Will Corporation of Rochester, New York, we must decline with regret your generous offer, due to the fact that previous commitments would make it impossible for us to be in Wake Forest on the days specified, and none of our representatives will be in the immediate vicinity.

Thanking you very much for the opportunity extended to us, we are

Yours very truly,

SOUTHERN SCIENTIFIC COMPANY INC.
