

**Faculty Senate Meeting**  
**October 1, 2013**

**University Service Learning Committee**  
**2013-2014 Committee Goals**

In alignment with the ECU Mission, the Service Learning Committee sets forth the following committee goals for 2013-2014:

- Promote the awareness of service-learning pedagogy as an innovative experiential learning strategy that links coursework with community-based experiences.
- Increase the participation of the campus community in professional development opportunities in the area of service-learning locally, across the state and nationally.
- Support the integration of service-learning in undergraduate and graduate curricula to provide student opportunities to apply knowledge, skills and values so they can succeed in eastern North Carolina and in a global, multicultural society.
- Simplify and promote the Service-Learning Course Designation process for undergraduate and graduate courses.
- Provide committee-level oversight to the Volunteer and Service-Learning Center (VSLC) initiatives related to academic matters.
- Support the development of sustainable VSLC community partnerships to give ECU students experience with diverse stakeholders.
