Jeff,

I spoke with Dr. Sprague this morning and see that you are on the agenda for next Tuesday's Senate meeting. The annual appearance by the AD is always very important. I'd like to encourage you to address academic success in your remarks. Given the chapel hill situation, this topic will remain important for the foreseeable future, along with compliance of course. Please mention the two sports that won the CUSA academic honors this past year. Both were repeat winners I believe.

Once we leave CUSA and get rid of Rice, we should win all 19 of those, right???

Mark can answer any questions you might have.

Cheers,
steve
