Subject: FW: Faculty Senate next Tuesday

Just to let you know that Rick, Jim and Lee Ann will be there to discuss the benefits question instead of me! This is really an HR issue!

I would also like to ask Lee Ann Goff to attend since she has been involved with GA on a regular basis re this topic.

I would be glad to make comments and have Jim there to help.

As you note, we don't have a lot of answers and will not by next Tuesday. I can provide some context and rationale at the meeting to the extent we know.

Rick and or Jim,

The FS would like someone to talk about the Affordable Care Act, GA's interpretation relative to part-time faculty, and our own interpretation of what is going to happen. There is a lot of fear around all of this regardless of my saying that we don't have an answer as yet.

Might one of you be willing to present the picture at FS? I think this is an HR issue rather than an academic one. I've copied Mark here so he knows I've asked you to come.
