My dear Sir:-

Yours of the 9th inst. just received and read with care. I do not remember having met you, but doubtless I did, but judging from the tone and general expression of your letter I believe you are a pretty good fellow.

No, we have not yet begun to organize in the state of North Carolina but will just as soon as we can get hold of the right to manage the organization work in that state.

While our proposition is NOT a commercialized, mercenary proposition, and we would not accept any man who sought even to become a member prompted by selfish or mercenary motive, yet we now want several good, reliable, hustling men for our organization force, and to such that can make good our proposition is one carrying a respectable compensation. A man must put his soul and conscience in our work and work for the interest of the Order and the dissemination of its principles and noble doctrines, if he will do this success is his from every standpoint. While our Order is far different from any other, yet in many respects it is more like the Masonic Order than any other. Any intelligent, energetic trustworthy man can take our proposition and secure for himself a compensation of \$300.00 per month or more, his only limit is his capabilities.

While all of the standard fraternal Order and good, yet you cannot compare the K. K. K., with any of them nor to all of them combined. I inclose pamphlet which you should carefully and thoughtfully. Detail information can be imparted only to those who are actual members. There is a rich harvest for good organizers who get in on the ground floor now!

Let me hear from you by early mail and we will likely go further into the matter. Awaiting same,

I am, Yours very truly,

Imperial Wizard.
