My dear Brother:

In accordance with a request of the Executive Committee of the M.P. Church presented to your Conference by Dr. T. H. Lewis, you were chosen by that Conference as the special missionary representative.

As I understand your duties they are to have in mind the missionary development of the people in your Conference, so you are to study the conditions of your territory and be ready as occasion may demand to help shape programs for institutions and summer conferences and district meetings that may be held during the year within your conference territory.

Just at this time I am planning a suggested program for the Summer Conference to be held during the 1922 season. I am writing to ask if you have any suggestions to offer at this time? In these conferences we wish to teach the Bible, Missions, Sunday School Methods, Christian Endeavor work, Stewardship, Evangelism and the general church work.

Have you any suggestions as to text books or any plans for these meetings? I will thank you for a prompt reply. I may not be able to use all the suggestions that come but will do my best to harmonize the suggestions and work out the best possible program.

I shall be glad to hear from you at any time during the year with helpful suggestions for the work.

Remember the Convention in Indianapolis

May 11-14th.

Yours in His Service,

A. G. Dixon
