Mrs. Sadie Hutchins

My dear Mrs. Sadie.

I reached Washington on Friday morning about ten o'clock. Two hours late. Had considerable difficulty in obtaining a room as the hotels are so crowded.

Finally I succeeded in obtaining a place and spent the day and Saturday morning sight seeing and reached home about six o'clock Saturday night. They all seemed glad to see me back and matters are beginning to run along as usual and there is plenty to do.

Despite the fact that during my stay at New Bern I was exceedingly busy as you well know, I enjoyed

my visit and wish to thank you
for your part in making it so
pleasant - Certainly you were very
gracious and helpful to me.

So I did not forget and thought
of you too when in Washington
wondering if you had ever been
there - Not knowing I took a chance
so bought a set of cards at the
Washington Monument showing a
number of places of interest in D.C.
If you have some already give
this set to some one who has not
been - I hope matters are moving
smoothly with you and if there is
anything about the books you do
not understand do not hesitate
to write me - With kindest
regards,

Very Truly Yours
George Vanhook
