Re: Block 10, Lot 3 - Shore Drive Redevelopment Project  
Owners - Thomas May Heirs

Dear Sirs:

Continuing my title certificate of February 21, 1966, to the date of closing the transaction of the purchase of the above captioned property located on the east side of Pitt Street, between First and Second Streets in the City of Greenville, North Carolina, my examination of title to date revealed that there had been no recorded liens or other encumbrances against said property, and ad valorem taxes have been paid through the year 1966.

I am further of the opinion that those two certain deeds executed by Sindia Daniels May, Widow, et als to Redevelopment Commission of the City of Greenville, and Eva T. Maye, et als to Redevelopment Commission of the City of Greenville, effectively conveys fee simple title to said property.

Respectfully submitted,

*Kenneth G. Hite*
