Dear Lee:

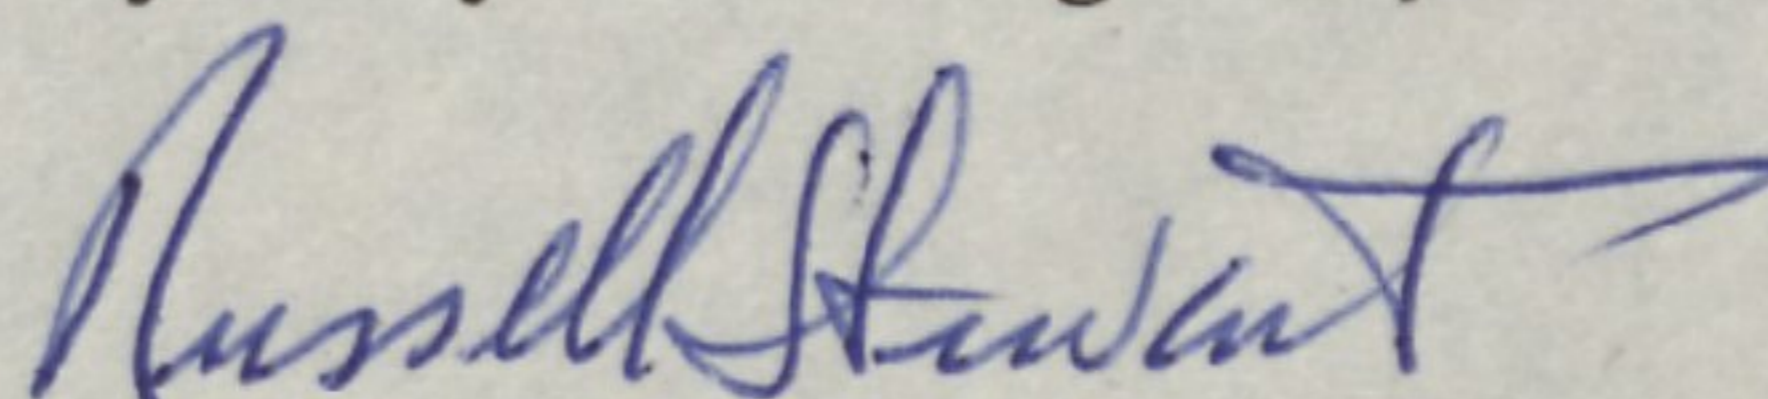

I can't begin to tell you how delighted I was to have received your letter of August 20th. I think that it is wonderful that you have formed the 113th Field Artillery Association - it will be a bond that will tie us together again, if not in person, at least in spirit and through an occasional correspondence. In the past 15 years, I have been in the Carolina's several times and just three years ago, we drove up to Washington and then on to New England. On each trip, I have wondered where the members of my old outfit were living.

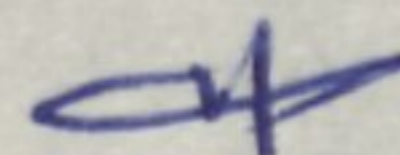

I often reminisce of our experiences at Camp Blanding, Camp Gordon, Camp Forrest, and the Tennessee maneuvers, Camp Attleberry, our convoy to England, the landing at Normandy, and the war in Europe. We lost a lot of good friends during that time! How can we ever forget the experiences of those years and the close bond we had for each other for our survival?

Would it be possible for your secretary of the association to send me a list of the names and addresses of those members you have on your roll by late November or early December? I would like to correspond with some with a Christmas card. Also, please keep me informed as to reunions. You can't tell, I may show up at one.

In December of 1963, I spent one evening with Walter Horan in New York City. Do you remember him? He was a Lt. in the service battery. His address is 21 Whitman Avenue, Syosset, N.Y. I really don't know the address of any other members of the 113th F.A. Btn. What is Longine's first name? If you will send me this information, I will locate him if he is still living in Biloxi.

My very best regards,

  
Russell Stewart
