June 26, 1973

Dr. Vincent Bellis
Department of Biology
Eastern Carolina University
Greenville, N. C. 27834

Dear Dr. Bellis:

According to Joe Boyette you have been out of town. I am writing in reference to a meeting of the Publications Committee of the North Carolina Academy of Science to be held on July 10, 1973 at 2:00 in the Hunter Hall seminar room on the Meredith College campus. I assume that the executive committee has asked you and you have consented to serve on the Publications Committee. I hope that you will be able to attend this meeting.

The main items of business will be the relationship between the Elisha Mitchell Scientific Society and NCAS, particularly with regard to the status of the Journal of the Elisha Mitchell Scientific Society. The executive committee has instructed us to investigate the cost of publishing our own abstracts, to examine the possibility of continued affiliation with the EMSS, and any other alternatives.

We will meet at 2:00 to discuss our position and at 3:00 we will have a joint meeting with a committee from EMSS. If there are any change of plans and as soon as I receive more details from EMSS and/or Dr. Pattillo I will forward this information to you.

Sincerely,

Veryl E. Becker, Ph.D.
Assistant Professor of Biology
