Dear Keats:

May I turn this letter over to you so that Mr. Lawrence may be appropriately contacted in due time about the E-SU scholarship? I talked to him last year and was impressed with him; Dr. Dunlop (who teaches English history) had told him to get in touch with us about the scholarship.

I have asked Gene Brunelle and Frank Motley to serve on the committee along with you and Betty and, I assume, Mac. Betty said that Mac told her last Thursday night that he had resigned from the committee. That was not my understanding but rather that he had resigned as chairman. I have posted a note to him today to clarify this. If he does feel that he wants to be relieved from the committee, I want to find someone not connected with the university to serve. Perhaps you will have some suggestions. As soon as I hear from Mac, I want us to proceed with plans for the committee to meet and organize.

We have heard from a Mr. and Mrs. Don Boldt who have recently moved to Kinston from Atlanta where they were E-SU members. They live at 1700 Greenbriar Road. They have lived in Australia and Britain. We think they will be an asset to the branch. We had several prospective members who were guests on last Thursday evening.

We had a good meeting without you and Liz --- but it would have been better had you been there and you were missed!

Cordially,

*Paul H. Q.*
