So Long, Seniors

It is with both pride and regret that we look forward to commencement . . a pride in the achievements of the departing seniors, and a regret in seeing them go.

As one looks back over the four years he or she has spent in college, he realizes that he has just passed through what are considered the happiest days of one's life. This is particularly true of the student who has been active in extra-curricular activities and who has tried to take advantage of all the opportunities provided. Almost invariably the person who lives a full life is the person who lives a good life.

After having lived together and worked together these short years, we have formed strong bonds of friendship. All good things must come to an end, however, and so it is with college.

So it is farewell and good luck, Seniors, and let us hope that you, in fact all of us,

Welcome To Alumni

Next Saturday it will again be our pleasure to play host to the alumni of ECTC. de Lawd!" It is a pleasure to have these former students return for a visit, and to know that even though their school days are past they still have an interest in the college. We want this college to be a college that the students can be proud of, and with the interest and cooperation of the alumni with the students and faculty it is and will continue to be such.

We should like for the alumni to feel that they are welcome not only on Alumni that past difficulties and individual differ-Day, but any and every day. This is your college as much as it is ours, and we are always glad to have you come back for a

and that profits derived should be spent on the campus, is highly commendable and is indeed most gratifying. Such an agreement as to fact and purpose, shows if nothing else that administration and students can and do work in harmony. * * * * *

There comes to my mind this one-He: "Hello, Baby." She: "I'll have you know I'm nobody's

He: "Well, wouldn't you feel like hell at a family reunion?"

* * * * * This corner's choice for the next president of our college, if he is available, is Dr. Ralph McDonald. He is indeed a man of rich educational background and experience, and one of keen intellect and capability.

* * * * * From what we hear a good bet for a night of laughs and entertainment is the current Chi Pi production "You Can't Take will go out and do everything possible to It With You." Without a doubt the posters make this world a better place in which to advertising the play are both interesting and very original.

* * * * *

We offer one more attempt at humor— Negro wench at the revival meeting rising in ecstasy — "Last night I was in the arms of de debil; tonight I is in de ahmes of

Voice from the rear of the congregation — "What are you doing tomorrow night, baby?"

We realize this has been perhaps a very trying and difficult school year for many, but we hope, and we feel it is an obligation of students, faculty and administration, to start anew this summer school and the next regular term of school. To start anew, in ences be forgotten, and to be concerned only with the immediate and sole objective of making this a successful college. For a college to function smoothly is very easy, but when a trying and difficult situation arises,

then the real test, of what kind of "stuff" the students, faculty and administration are made of, comes when an effort is being made to return to normal. This test includes whether everyone can pull together and work in harmony for the good of the college, regardless of individual feelings and separate personalities. Our harmony and cooperation are increasing, but they must do so more and more. It is plainly an untruth to say we cannot "put our house in order." have done it, and we will do it again. We have the possibilities, equipment, intellect and ability to make this the best teachers college not only in this state, not only in the South, but in the entire nation. Let the motto of each and every person connected with the college be "FORWARD."

 Saturday poppies will be sold on the campus, so don't forget to buy a poppy. Reasons for and benefits from this noble work need no explanation. * * * *

Orchids this week to the Student Cooperative Government association. In one short year it has proved its right to exist, and proved that students can and do govern themselves well and are capable of meeting problems and solving them. We might add that much credit is due to Dot Lewis, as its first full-year president, and it is this reporter's opinion that the Association's efficient work will continue under the very able guidance of "Manteo" Etheridge.

Philosophy

If a fellow tries to kiss a woman and gets away with it, he's a man;

If he tries and doesn't get away with it, he's a brute:

If he doesn't try to kiss her but would get away with it if he tried, he's a coward; But if he doesn't try to kiss her and wouldn't get away with it if he did, he's a wise man.

-Bob Martin.

STUDENT SPOTLIGHT

Business manager of the TECOAN, May day attendant, member of the Lanier society, listed in WHO'S WHO AMONG UNIVERSITIES AND COLLEGES is Dorothy Rae Davis from Seaboard.

Dot is a grammar grade major and has participated in numerous campus activities since her matriculation here in the fall of 1940. For four years Dot has been a member of the Lanier society. She was sponsor for the Lanier dances of her sophomore and junior years. In addition she was college marshal from the Laniers in her sophomore and junior years. Last year she was elected president of the

Dot has been working on the TECOAN since she was a sophomore and she says she really loves it. "It's more fun meeting people like that. If you see any of the business men in Greenville turn their heads when they see me, don't be alarmed. They mean well—they just think I want to sell them an ad, since I've been at it for three years. I was rewarded for my duty work with a little you don't see a silly grin on my face, mark

Chi Pi Players Present Comedy "You Can't Take It With You"

The Moss Hart-Groger Kaufmann comedy "You Can't Take It With You," which was presented by the Chi Pi players at Cherry Point last Monday night, will be presented again tonight and tomorrow night at 8:30 in Austin auditorium.

It is one of the most famous of all American plays. When it was presented on Broadway in 1936, it was acclaimed by New York's tough critics as one of the richest and funniest of comedies to appear in many a decade. The critics were evidently not wrong in their judgment, for the play enjoyed a run of two years, a successful adaptation in the movies, and has won the coveted Pulitzer ---Prize award for the best American play of 1936.

This famous Pulitzer Prize winner is rich in comedy and philosophy that is truly human. "There is nothing shallow about the play," as one critic remarked. It's comedy situations and lines are not just thrown in but come from the character of the entire play. That perhaps is why it is such a success. All the people who are portrayed in the play are very real. No doubt everyone has met the people in this play at one time or another. If they haven't then they certainly will wish they had. For the people in this drama are as real and interesting as any that one can find.

In the variety of characters in "You Can't Take It With You" they are such people as old Grandpa with his view point of life that expresses the whole play; the never quite grown Mrs. Sycamore and her never quite grown husband; the love birds, Ed and Essie Charmichel, who don't worry too much about life; Donald and Rheba, the humorous maid and daughter of Mr. and Mrs. Sycamore, them. who is the only "sane" member of Now you are finishing up. Practice No Death" by O'Hara. Mabel Spence

From Major General Uhl to the women of E. C. T. C.

Of all the women in America, there is probably no group who should be more deeply concerned with the outcome of this war than you young college women.

Through the fruits of your study and your good fortune, you can appreciate better than most how much is at stake. Neither you nor I can yet tell how much personal sacrifice is needed to assure victory, but we cannot afford to let it be too little and too late.

At this moment, the Army urgently needs your eager minds and skillful hands to help speed our soldiers' victorious return.

Frederick E. Uhl Major General, U. S. Army

4th Service Command, Commanding.
