ey Company with the second se	men class were admitted. Any student with six hours of Science with an average grade of a-3 is eligible. JUNIOR-SENIOR BANQUET TO BE HELD MAY FIFTH Standardization of the Class ring and setting the date for the Junior-Senior banquet were the high spots of the latest Junior Class meeting. The date of the banquet has been changed from April 28 to May 5. Emma Frances Hardee was elected toastmistress. Plans for the orchestra have not been completed yet. The A. B. ring will be exactly like the one of 1930, and the Senior Normal ring like the one	year served as the rector of the American Episcopal Church in Rome. During his travels in Europe he collected a great number of pictures and valuable manuscripts. This picture is one of the collection. He has given some pictures and manuscripts from this collection to the Uni- versity of North Carolina also. The picture will hang in the college library. DR. WRIGHT APPOINTED MEMBER OF RIVERS AND HARBORS COMMITTEE Dr. Robert H. Wright has re- ceived notice that he has been appointed a member of the ad- visory committee of the National Rivers and Harbors Congress, which has its headquarters in Washington, D. C. The commit- tee will make a special study of the problems connected with	Subsistance Homestead project requesting that he be sent a form of the plans which have been followed in the develop- ment of the project in which better homes for negroes is the chief object. Dr. Meadows had designed and built comfortable two story homes for negroes. They are well lighted, are equipped with running water, and are pleas- antly situated. The houses are plastered on the inside, and are painted on the interior and ex- terior. The grounds are improv- ed in appearance by curbing and shrubs. The noise of American life is shortening the span of years of the average American in the opinion of Dr. Vern O. Knudsen,	Founder's Day and the gala 25th commencement. After the invo- cation Miss Smith introduced the speaker. After a gracious recognition of Miss Smith's invitation to speak on Founder's Day, Mrs. Murphy entered a discussion and review of the purposes for founding a teachers college at Greenville. She said: "I have never read the bill of incorporation for the es- tablishment of East Carolina Teachers College by the legisla- ture of North Carolina twenty- five years ago, but I am sure of one provision in that bill—name- ly to found a college for the bet- ter training of teachers for the public schools of North Carolina and as a trustee of this college and a citizen of North Carolina	School in Raleigh. The Charlotte High School and the Durham High School will entertain Thursday and Friday nights respectively with con- certs. At different hours during the three days, the Department of Superintendents, Associations of Classroom Teachers, Higher Education, Art Teachers, Com- mercial Teachers, Deans of Wo- men and Girls, English Teach- ers, Home Economics Teachers, Students Clubs, Latin Teachers, Students Clubs, Latin Teachers, Mathematics Teachers, Modern Lauguage Teachers, Modern Lauguage Teachers, French Teachers, German Teachers, Spanish Teachers, Music Teach- ers, Social Science Teachers, Primary Teachers, Ungraded Class Teachers, Vocational Education Teachers, and Vocational Guid-	ville alone, however, for during the past few years it has estab- lished branches at Bethel, Bel- haven and Snow Hill. In orga- nizing these branch banks, the Greenville Banking and Trust Company is furnishing these communities with banking faci- lities such as they have never had before, and for the want of which the progress of those sec- tions has suffered disasterous reversals. The firm was organized in 1901, and during the 32 years of operation they have grown from a capital of \$10,250 to \$187,500.00, with a surplus of \$77,500. Mr. E. G. Flanagan, an out- standing business man and fin- ancier, has been president of the institution since 1912. Mr. J. H. Waldrop, cashier, has been con- nected with the bank since 1913,	which opened this year at Bal- boa, C. Z. Henry Stephens Washington, a collateral descendent of George Washington and petrologist of the geophysical laboratory of the Carnegie Institution, died recently at the age of 66. That the Milky Way is only about one-third the size scien- tists have thought it to be is the conclusion reached after twelve years of study of the galaxy by Dr. J. S. Plaskett, director of the Dominion Astrophysical Obser- vatory at Victoria, British Col- umbia.
