### University Students Elect Minor Sports

Undergraduates Now Prefer Useful Accomplishments

Greensboro, N. C.—(IP)—The average college man and woman today prefers to take up such sports as tennis, swimming and golf rather than football, basketball and baseball, chiefly because he knows that after graduation he can't make much it any use of the so-called major sports, but he can always swim or play golf or tennis.

This is the belief of Miss Mary Channing Coleman, director of physical education at the Women's Division of the University of North Carolina.

Miss Coleman believes the depression started a wholesome MISS ELIZABETH C. SMITH ligent. trend away from over-emphasis or "mishandling" of the major URGES NEW ORDER does not believe that intercolle. THROUGH DEMOCRACY giate sports will be or should be eliminated.

be closely related to the whole adoption of either Fascism or talk about intelligence, especially physical education program," she Communism or search for other about intelligence on and off the said. I think it is wrong to use "isms" is urged as the "way to college gridiron, in the opinion a team of athletes to advertise an a new American social order" by of Dr. C. H. McCloy, professor institution, especially girls teams. John J. Mahoney, professor of of anthropometry and physical ested in watching someone else at Boston University. play than in playing themselves.
