The Appalachian football team traveled down to Tampa, Florida, to play the University of Tampa and beat them. We'll bet most of the East Carolina football squad would love to go to Florida to play, especially after the cold, stormy weather that they encountered up at Appalachian last week-end.

A frugal Scot had blown his lassie to a movie, and hailed a cab to take her home. When he assisted her into the taxi, she, knowing his frugal ways with money, remarked, "Oh, Jock, it makes me feel wicked, riding around with you like this." At that Jock cheered up tremendously. Up at West Carolina an inter-floor communication system has been installed in the men's dormitories. No longer do the students have to call each other to the phone. A like system would really be nice to have in the East Carolina dorms, for when you call someone you do not know whe ther or not you will get to talk to them or not.

# Bill Loyd Leads High Point Team **Against Pirates**

The swashbuckling clash of Pirate swords will once again be heard at College stadium Saturday night when Coach Bill Dole's East Carolina football squad tangles with an inexperienced High Point Panther eleven. Kickoff time is set for eight o'clock. The Panthers, fresh from a 41-0 defeat at the hands of Eion, will be paced by three-time All-conference fullback and co-captain Bill Loyd. Loyd runs hard and can manuever well on a football field. He has been termed as the best fullback in the state and will offer the Pirates plenty of trouble tomorrow night. High Point has yet to win a victory in the North State conference. However, they are capable of winning over the best if they get the jump.
