McCarthy In Dutch?

by Bobby Hall

After the Army-McCarthy hearings were over Senator Flanders (R-Vt) introduced a resolution calling for the censure of Senator Joseph R. McCarthy and forty-six supporting charges.

The charges were fired at McCarthy by Flanders and Senators Fulbright (D-Ark) and Morse (Ind-Ore). They accused him of misconduct including contempt of the Senate, slurring fellow senators, abusing an Army general, and illegal use and solicitation of secret government documents.

A six-man Senate committee, three Republicans and three Democrats, were chosen to study these charges. Republican Senators chosen were Arthur W. Watkins (Utah); Frank Carlson (Mich) and Francis Case (S.D.). Democrats chosen were Senators Edwin C. Johnson (Colo); John C. Stennis (Miss); and Sam J. Ervin Jr. (N. C.). Senator Watkins acted as chairman.

On September 27, the Senate censure committee recommended that Senator Joseph Mc-Carthy should be "censured by the Senate." It unanimously recommended censure on

The committee did not find enough evidence to constitute a basis for censure that McCarthy had abused Senate colleagues, including Senator Senator Flanders, one of the first senators

to defy McCarthy, charged McCarthy abused him by calling him "senile."

The committee found that Senator Flanders induced Senator McCarthy to make these remarks by his own conduct in respect to McCarthy. However, the committee did say "the remarks of Senator McCarthy concerning Senator Flanders were highly improper."

Letters To The Editor

Dear Editor:

This is my fourth year at East Carolina and while the school has advanced tremendously in many di rections, it has seemingly gone backwards in one.

If you were on campus Monday, you could hardly have missed seeing the several weirdly costumed, idiotic acting people who were being initiated into a club. These initiations have continuously

gotten more degrading, petty, an pointless since my freshman year. If there is a justifiable explanation for such occurrences as these, I've yet to hear it, but I'm willing to listen. If there is no explanation, other than the fact that people like to see other people being embarrassed and making fools of themselves, and that the members of the clubs who are doing the initiating chose this way to get some devilishness out of their off without them.

It's up to the people responsible to realize that we are supposed to be young men and women merging into the adult world, rather than third or fourth graders having

Words such as "mists," "physisists," "tasks," "asks," "wasps," and "lisps," which involve the consonants sounds "sts," "sps," and "sks," produce one of Eastern Carolina's most common errors. School Rules In Early NC Require Penalty In Lashes

Virtually everyone knows that education as a project is only a little over a hundred years old in North Carolina. Advanced education is younger than this.

The first university established in the state was the University of North Carolina and seven faculty members made up the faculty. Prior to the opening of colleges and universities, however, there were necessarily a few schools or academies, as they were called which provided opportunities for scholars to grasp the basics of the three R's reading, writing and arithmetic. Sometimes these institutions had only one teacher who was chief of all activities. Sometimes they were run as boarding schools.

All this was in the days before public school education. Most East Carolina students and staff members are still young enough to remember their days in grammar grades and high school. Sometimes the going was rough and some of the rules were thought hard to abide by. Below are some of the rules set up by the superintendent of Stokes County Academy in 1848. C. L. Coon preserved the manuscript in his documentary history on N. C. schools and academies. The numbers on the right represent the number of lahes given by the teacher for violation of the rules.

Elon Christians Upset Bucs, 20-6 In Crucial League Game

Loss May Cost Pirates League Title; Boado Scores Only Touchdown

by David Evans

A fired up band of Christians from have suffered in conference competition since Lenoir-Rhyne did the trick two years ago by a score of The loss by graduation of All-

The Pirate offense showed up well in the opening minutes of the game with Emo Boado, Toppy Hayes, and Harold O'Kelly carring for substantial gains. The Buccaneer success diminished rapidly following this early game spurt. The Pirates, with their ground attacked thwarted, filled the air with passes only to have five intercepted during the course of the night This, coupled with the offensive running fireworks of diminutive halfback Kerry Richards, of Mahanoy City, Pa., practically spelled the defeat for the champion Bucs.

Injured Return The Buccaneer attack was bolstered Lee, fullback Claude King, quarterback Boyd Webb, and reserve fullback Bobby Gay.

After a couple of exchanged punts, one resulting in a 37 yard return by but the Bucs trimmed both teams quarterback Milton Collier are tied Emo Boado, East Carolina was forced to kick from its own end-zone with Claude King doing the booting. He got off an excellent kick, that came mid-field where Richards grabbed the ball and set sail for the score. The kick was good and Elon led 7-0.

Emo Boado and co-captain Toppy Hayes gave the Pirate rooters a little encouragement in the dwindling minutes of the first half but the half ended without results.

The East Carolina marching band made the trip and gave an excellent performance during halftime, repeating the salute to Glenn Miller given previously in College Stadium here at the Catawba game. Second Half

The second half showed no improvement over the first half for the trailing Bucs. Midway in the third quarter the Bucs were again with their backs to their own goal. King, standing in his own end zone, punted out to the East Carolina 45 where it was returned to the Pirate 32. After an exchange of punts the Elon quarterback hit his end over the middle on a jump pass and he went all the way for the second Christian score. The try for the extra point was good and Elon led, 14-0.

Following the next kick-off an attempted East Carolina pass was intercepted near midfield. Elon fumbled the next play and the Bucs recovered on their own 42. From there Milton Collied hit Emo Boado with a pass he grabbed the ball and outran the Elon defense down the right side line for the lone Pirate score. The attempted extra point was no

Late in the fourth quarter the Christians punched across from 14 yards out for their final score. The extra point attempt was wide.

The Christians suffered a number of injuries with three men being carrid off the field. The condition of these men was not disclosed. The Pirates came out of the game unscathed as far as injuries are concerned.

Apps Lengthen Conference Lead; Remain Unbeaten

Catawba is at Appalachian and Western Carolina at East Carolina tomorrow in games that may well decide the 1954 North State Conference football champion.

The Apps, pre-season darkhorses, won their fourth in a row from Lenoir Rhyne, 21-14, last weekend but the biggest news was the 20-6 upset by Elon over defending champion and favorite East Carolina. The Pirates now have a 2-1 record, still good enough for second place.

Whatever the case, tomorrow's uting with Western Carolina in the lomecoming game here should be one the better games of the year. A creat deal of work has gone into making this year's game the best Homecoming yet.

One particular point that has been worked out for the Homecoming encounter is the squabble over guest ickets. At the first of the week ome 500 tickets were available to East Carolina students at \$2.50 each. hese tickets entitle the holder to it in the student section and thereby enable students' guests to sit with their hosts.

Now that something has been done for the Homecoming game we trust that a permanent plan will be put into action so that students' guests will be adequately taken care of. Students Given Chance To Visit Florida For Game

Students wishing to attend the ECC-Tampa game in Tampa, Fla. will be provided transportation and will probably be furnished rooms in formitories on the University of Tampa campus, according to Bill Curry, spokesman for the group of tudents and administrative officials n charge. Curry stated this week that a chartered bus will leave the campus at three o'clock on Thursday, November 4, for Tampa. The cost for the round trip to Florida and

back will be \$22 per student. This is the first attempt of a student-administrative group to provide ransportation for out-of-state games. Leaving here on Thursday, the bus s expected to arrive in Tampa by noon on Friday. The game will be held Friday night, leaving Saturday free for touring and rest before the return trip which will be made on Sunday. Curry said, "We are almost certain that those who wish to go to Florida with us will be able to stay in the dormitories at the University of Tampa."

Women students wishing to make the trip may go provided they write for special permission from their parents, according to Dean of Women Ruth White. Miss White added that permission will be granted only after these permits have been received by mail in her office.

Those who plan to make the trip should contact Bill Curry in room 112, Ragsdale, or Peggy Vause in room 172, Jarvis.

If your hands rejoice in the precise balance of a fine gun or the sweet response of a racing sloop . . . then you owe yourself an hour with the Chevrolet Corvette.

You'll find it is, quite literally, like no other car in the world—a heart-lifting blend of the true sports car with all that is best in American engineering. There is the velvet smoothness of

Luxurious seating for driver and passenger in deep foam rubber (but cradled in the traditional security of bucket seats).

Generous luggage room, the panoramic sweep of a deeply curved windshield, the flair of tomorrow's styling (but within the polo-pony compactness of a real road car). The Corvette blends all this and more.

Don't let the picture fool you. The work on William B. Umstead Dormitory is going along fine and it is hoped that a picture will be taken soon of the new dorm as it nears completion. The above shot is one of Slay Hall just before it was finished. Umstead Dormitory is being built in the same style and will look similar to Slay Hall. It will face Tenth Street from the Back of Slay Hall. The same contractors who built Slay Dormitory are working on the new men's dorm and it is expected to be finished next summer.
