by Neil King Three returning lettermen and one ighly-regarded freshman will make up the nucleus of this year's East Carolina tennis team. Returning are J. W. Browning of Enfield; Frazier Bruton and Dallas Fosque of Kinston. The newcomer is Maurice Everette of Robersonville.

The Pirate racketeers, under new coach Ray Martinez, are expected to do well in singles matches, although they will be somewhat weaker than the team of a year ago.

East Carolina opens its 1955 schedale here against North Carolina State College on April 1.

Bruton and Everette are struggling for the number one position, while either Browning or Fosque could take over the number three slot. Freshmen Gill Underwood of Clayton, Eddie Dennis of Durham, and George Burton of Rocky Mount are looking very good and could possibly take over any of the veterans' jobs.

It was with the Redbirds that Mallory recalls having his worse day. "We were playing Cincinnati and I was in the outfield. The Cincy boys had two on with two out in the ninth, and a routine outfield fly was hit to me and I dropped it. Of course, a man scored and we lost, 1-0. I picked the ball up, put it in my pocket and walked off the field. You know, that was the funniest feeling I ever had." As a result, he was traded forthwith to the New York Giants where he immediately redeemed himself. Re- lates Mallory: "I was facing Preach- er Roe, of Brooklyn, in the ninth with two down. This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillightsthey add to the impressive length of line . . . but they are up where they can be seen for safety's sake. The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body-its lowness, the dipped belt line-is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher -another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!
