form theatre parties to see the play, and recognition of groups attending will be made from the stage on Student night, Thursday, Nevember 13.

Students Differ Today

A recent article in the New York Times released the findings of a 1958 commission survey of American College Students, which shows that the student of today is "completely different from his predecessor of twenty years ago, and even startlingly different from the one of five or six years ago.

The survey, underwritten by the Edward W. Hazen Foundation, also found today's student much older than they were in the 1930's. Nearly half are over 21 years of age; one-fifth are married. An estimate 40 per cent—perhaps more—are earning half or more of their college expenses-40 per cent is the figure even in what used to be "rich men's" Schools of Harvard and Yale. One university estimated 92 per cent were working.

More and more students come from lack of school spirit. Students are to dissipate one's mind and to leave working class families, and from minority always ready to criticize when some- little or no utility for the student to racial or religious groups. They are diverse thing isn't accomplished that should value. It is my understanding that in ability, too. One freshman class had a be BIG. They are college students since they arrive at classes. But the main level of ability for all interested enough in the social and the greatest utility. students has shown a "radical increase," the academic status of E. C. to really commission found, much of it in the last half- work. dozen years. The rise will continue, the report declared.

Many of the new students are no longer interested in campus traditions, activities, or even athletics. They are more interested in study, in self-knowledge and in preparing for careers. Business administration and the social sciences seem to be the most popular fields. Students appear willing to work or to make the grades needed to get a job the Cavaliers, a Negro combo, for papers. You won't learn much, but or to get into graduate school.

The commission suggested that many Carolinian staff with their journal- I assure you. If this is not the purcolleges are failing to offer the typically will- ism trip. A large crowd was expected pose of the meetings, then lets get ing and able student very much—that 5 to 50 since this was a worth-while project down to business. "Entertainment is per cent of the able students may drop out and the Cavaliers are well known an item that is easy to find." or transfer. Their reasons are by no means in the state. But, as usual, the same entirely financial; dissatisfaction is a major students were present. Now how can factor.

The commission urged that the standard do on our campus when they don't four-year span of study and grades-and-credits requirements for graduation be forgot- ing? ten. And it exhorted the colleges to make over their programs to provide more and more independent study.

A few schools are already doing things most people here. It was the best "Put an honor system into function". along the lines suggested. High school stu- that we could do, for the simple This indicates that the writer shares dents who have taken advanced work in high school may enter college as sophomores. Those who do good work may be freed of class attendance and work on their own under professional guidance. Grades no longer are all-important. Even so, Harvard University feels that many students are working far below their capacity because they are not sufficiently engaged or challenged.

The big schools are setting the pattern now. One university official has pointed out that courage and imagination in the college administration is the answer to the new problems. Higher education is a "leadership industry" in which the small institutions tend to wait for the large, prestige members to shape new patterns.

ECC Crys For Money

The Student Senate has advocated a raise in the activity fee from \$11 to \$15 per quarter. The reasons for this hike in fees are most obvious.

This quarter the Budget Committee was float! criticized severely by heads of organizations who felt that their respective organizations of a portion of a letter to the editor were not receiving enough money to operate from last year's Student Government well. The budget barely passed the Student President Jimmy Phelps. Upon check-Senate. Because of a tie, SGA President Mike ing into the rule, the editor could To the Editor of the East Carolinian: Katsias had to east the vote which carried find no actual written statement of In your issue of Oct. 30 or 39— the role of women. the budget.

The Budget Committee did the best job that they could. However, they could not appropriate more money than they had. They did not have enough money.

Many People who are opposed to the raise in the activity fee have said that with more and more students coming to East Carolina, we should have more money to satisfactori--ly allot to organizations and committees. This has been proven incorrect since this quarter our enrollment has reached a peak never before readized on this campus, and we still do not have enough money.

The price of entertainment has gone up. Students clamor for better and more wellknown entertainers. We do not have enough money.

cations, for a twice a week paper. We do not have enough money.

Organizations such as the YWCA and YMCA cry we want to be strong as we should be. Help support us. We do not have enough money.

Fans cry for bigger and better teams; they want to belong to the Southern Conference. How can we expect to belong to the Southern Conference when our athletic budget does not even measure up to those of most of the North State Conference. The smallest athletic budget in the Southern Conference is twice the size of East Carolina's. We do not have enough money.

The only way to get the best for and from all organizations and groups is to give them money; in other words we must raise our activity fee. There is no other solution.

Females Shine

REBEL Editor Reviews Play

Truelove, Leigh Dobson, Gwen Mc-

Clamrock, and Doris Robbins, are placed in a one-room island hut with nothing to do but steal each other's man, then you can expect acting at its best. For here, women are playing the role of women who are playing

And when these four very female women have a scene all to themselves, each one trying to steal the scene and each one trying to "outact" the other, all four steal the show and all four act a little better than they are ordinarily able to.

This was one of the most charming moments in the Friday night performance of "The Admirable Crichton." Another charming moment came when Lady Brocklehurst interrupted the family going over the newspaper accounts of Ernest's book. Shirley Dixon was a perfect Lady Brocklehurst. Miss Dixon had another minor role in last fall's "House of Connelly," and her performance Friday night marks one of the biggest advancements of all Play-

number of Juniors who have been Other notable advancements were Well, this appears to me to be just attending our class meetings. I wish Larry Craven and Charles Jenkins, what the departmental meeting is en- to direct the following comments to who have, for two years, walked onto gaging in. Some very Do you want a good Junior-Senior funny lines, spoken by Merle Kelly,

a free service that allows the privi- and dependability by being present often difficult to understand Leigh Dobson, who otherwise performed beautifully as "Tweeney."

Special praise should also go to Genia Truelove and Bill Heislip. In a sense, it was their play (allthough they swiped a little more of it than

By BRYAN HARRISON

When four women, such as Genia belonged to them) and they kept the ball rolling through all four acts. From all indications, "The Admir-

able Crichton" was not too popular on the campus. If this is so, I do not believe it was the fault of the actors or the directors. The performance I saw was a skillfully produced play, the result of a highly intelligent and worthwhile effort. Perhaps the two preceding performances were not ::ironed out." Perhaps "Crichton" was too remote or "stuffy."

I do not pretend to know what kind of play would be popular on this campus, but I feel the important thing, for the reading committee to keep in mind, is the talent in the Playhouse and what play can best bring out the talent.

"Crichton" was significant for just that reason. It enabled many people, who have played minor roles in the past, to "come out." And I feel that the advancement in acting in "Crichton" justified whatever unpopularity might have suffered with the general mass of students.

I feel that congratulations are in order to every member of "The Admirable Crichton" cast, from the set-builders to the admirable Crichton ton himself. An admirable play, an admirable cast.

Professors de enjoy dances. Dr. Doug Jones and his wife chaperoned at a recent student dance.

Technically, they rustle the newest herd of mimeograph stenof our columnists on this page last rould stay busy writing tickets all cils. Campus Gulch can never be called a week. The question I wish to ask day for students breaking the 15 ghost town—not while the cowboys are here. though is do we have to rebuke and mile per hour speed limit, posted on An invitation is extended to one and all to constantly criticize officials who have campus, but they do not. Just what attend the old-fashioned barbecue of ones and twos on November 24th, 25th, and 26th.

The handbook states for both men and women students that: "The possession of drinking of, and or transportation of alcoholic beverages on the East Carolina College campus is prohibited." That is a clear statement, but the Honor Code states that: "The students shall refrain from gambling or being under the influence of intoxicating beverages while attending the College." This needs clarification. In the generally accepted sense of the phrase, being "under the influence" is understood to mean having lost partial or full control of your self due to alcohol. It does not pertain to the theory of moderate social drinking. If this interpretation is correct, moderate consumption of alcoholic beverages by college students is permissible as long as it is not done on the college campus. "The Admirable Chritchton" was admir-

ably entertaining. The performance of several of the members of the cast held the entire play together. The minor actors in the group were

particularly good, but the outstanding performance was given by Leigh Dobson as "Tweeny's" British accent was the only

one that did not get tangled up with a south ern drawl.

In 10 Years...

Prediction: American Men Will Rise Again; Spit In Flowerpots...

By BILLY ARNOLD

I want to make a prediction. I want you to mark my words, here, and remember that I was the first to make this prophecy: In the next five or ten years American

women are going to catch hell.

The signs are all around us. Look at the ads, look at television, look at the movies and magazines. Ever since 1909, when a visiting En-

glishman made the statement that the men in this country "are under the whip of the American women," there has been rising notice given to the dominance of the female in the United States.

In the past five years several books have been written which have blasted the American man as a spineless, henpecked, gutless, half-witted jellyfish and the American woman as a ruthless, cunning, determined taskmaster. The most recent books given wide publicity are "The Decline of the American Male" by the editors of Look magazine, and "The American Women," by an Englishman named Eric John Dingwall.

Such a furor has been raised by these writers abut the feminization of U.S. Men. about "togetherness" and all the other frills and fancies that have been imposed upon the society, that the sponsors of ads throughout the country have begun to make changes.

Sponsors of most of the cigarettes no longer picture a lovely model puffing away at their brand. Now, they have a big, sweaty, hairy slob smoking on the job; soap sellers have started using muscular guys bathing in the shower as well as lucusious dolls lounging in the tub; beer manufacturers have done away with women in their ads.

Movies have begun to lean a little less toward the picture of the hero as an overgrown grinning idiot who occasionally still wets his pants (although I suspect Hollywood will be the last to realize what's going on). And just look at the way magazine ads have begun to change

Only slightly-I agree. But, still, the signs are there.

I predict that soon—give them five or ten years-American men will stop and turn full-face around, grab the whip, and start whacking the little women. He will stop washing dishes, put his feet on the table, smoke where he shouldn't, put ashes on the rug, spit in the flowerpots, pick his teeth and his nose in public, and start barking at his wife just for the amusement of his poker buddies who will begin playing at his house twice

a week. It sounds far-fetched, but it'll happen; if for no other reason than because the Wall

Street Ad Moguls want it. Come to think of it, women run Wall Street, too, maybe they're fed up with long pants.

Years In Developing ECC Football Punchless Bues

By BILL BOYD

Just what type of man does not be answered only in a great number of For NSC Crown and statements.

A coach is certainly a teacher but his subject is much broader fields. It ranges from teaching manners to young athletes to how to get the best wear out of a pair of new football shoes. Saturday night when Coach Jack He is a parent to 35 or 40 individuals when they are on a trip as far as 250 Boone's punchless Bucs tackle defendales from home, he has to keep detailed financial records, he must be able ing North State champion Lenoir first aid with a split second decision determining wether it Rhyne in what should decide the ant be a broken or brused leg. Then there is maintaining and purchasing of 1958 champion. ng parents, attending banquets, publicity, scheduling, tutoring, driving 100 miles to a coaches clinic, or hold one here, etc.

Only Part Of The Work

Actually coaching in itself is only part of the work that is involved. A typical coach spends his least time on the field. His time is used in the room teaching vocational subject matter or attending to some of the matters in the preceding paragraph.

The love of the game of football has been with Coach Boone long beare he graduated from Woodrow Wilson High School in Portsmouth, Vir-

mia in 1938. What other reason would man have to play as a single wing back a high school team when his weight inged from 110 pounds the first seam he played to 160 pounds the last? en though he was left out in the weight department, the 5' 1112" Boone shed out enough football ability at Wilson High to reap him many honors. It Flon College he was all-state for one ear and all-conference for three. In to his outstanding athletic elevements during this period of 1938 1941, he was also selected to Who's The American Universities and

The Cleveland Rams (Now the Angles Rams) thought enough of to employ young Mr. Boone as a back in their "T" system for a year the Navy caught up with him in

The "female teachers" tradition was thus broken and as other courses Catawba. sprang forth, many new athletes greeted Boone, even though scholarships were few, only self help jobs were available and many other problems had not been conquered.

Tradition Lacking

A college is certainly not considered old with only 51 years of progression behind it. Athletes and athletic fans do not like to identify themselves with a "petticoat era," and this makes ECC's tradition even younger. Football is not a tradition at our college nor can it be until many more years have gone by. Dr. N. M. Jergensen, head of the department of Health and Physical Education, Coach Boone and the entire staff have made every this week her duties as Assistant Re- their games. The Country Gentlemen the three game stint. possible effort to firmly establish a base for the tradition in football that is to come. This is not to signify that there is no tradition in other sporting Union. She will be associated with Haskins' six man squad found the man squad won one of its two conevents but morale and spirit throughout American colleges is more evident at colleges with a great tradition in the American game of football than in any other sport or field.

Apps Upset Bucs On Muddy Field; Offense Stalls

Appalachian, a hot and cold team all season, felt right at home in their mountain mud this past Saturday night as they upset East Carolina

The Apps, undefeated at home this the previously undefeated Bucs. The loss dropped ECC to second place in the loop behind defending champion Lenoir Rhyne.

Appalachian put the Pirates in hot water early in the game as they pounced on a fumble on the ECC 22 yard line. The Mountaineers drove to the one before being halted by a fumble.

Coach Bob Broome's club stayed in ECC territory the rest of the half although the kicking of Randell Holmes set them back several times. Freshman Tommy Wilson got the Apps rolling with a 27 yard pass to Ansel Glendenning. Several plays later Glendenning, the conference's leading ground gainer, cut off right tackle for nine yards and the first touchdown of the night. Wilson

son Strickland and Ed Ricks stood Speight almost scored the previous

senior end averaged 43 yards per kick despite the muddy field.

In winning, the Apps made it three Here straight over ECC with two of them being upsets and the other a one Here point victory. Ap alachian is now 3-2 in conference play while the Pi-There rates are 3-1.

Passing and team depth on the part of a strong Newport News Aprentice School football team proved to be too much last Friday night as the Buc JV's went down before them on the former's home grounds by an impressive 30-12 score.

The tidewater gridders scored four Nick Helgert, Pirate quarterback, passing attack but was successful in hitting halfback Mack Roebuck with a 63 yard aerial for the only pass TD play of the night. Roebuck also scored the second Buc six pointer with a sweep around his own left end in the third quarter. Ed Hardister and Tom Kitzmiller also figured nighly in the JV's attempt to up-end the powerful Penninsula eleven.

The contest was the final one of the 1958 season for Coach Earl Smith's Baby Bucs. The season ended with the Pirates having a record of 1 win, 1 tie and three losses They were beaten by three of the better teams in small college play, the Citadel JV, Fork Union Military Academy and the Apprentice School. The little Pirates were able to tie a strong E. City eleven and defeat Chowan College.

Swim Meet
