ACTOR TOO—President Leo W. Jenkins works on scene of documentary film being made here on the campus. With cameras trained on fountain area of Wright Circle, Dr. Jenkins gives brief insight to film viewers about what the college offers to people in Eastern North Carolina.

Schlesinger Speaks At Austin Thursday; Also Speaks At History Departmental

On Thursday, February 4, in Austin Auditorium at 8 p.m., Arthur Schlesinger, Jr., historian, author, and lecturer, will speak to the student body and faculty.

Arthur M. Schlesinger, Jr., ranks among the foremost in the new generation of vigorous social thinkers," says the New York Times. In 1946, at the age of 28, he was the youngest historian ever to win the Pulitzer Prize when he received it for "The Age of Jackson." He is established as one of America's leading historians. He has also been active in public affairs.

The son of Arthur M. Schlesinger, also a distinguished historian, he was born in Columbus, Ohio on October 15, 1917 and was brought up in a family that migrated from Ohio State University to the University of Iowa to Harvard. Arthur, Jr., was graduated summa cum laude from Harvard in 1938 and the following year his honors essay was published under the title of "Orestes A. Brownson: A Pilgrim's Progress." It received high praise from the critics and was a selection of the Catholic Book Club.

In 1940, he married Marion Cannon, the author and illustrator of children's books. They now have two sons and two daughters.

From 1942 to 1943, Dr. Schlesinger served in the Office of War In-

formation in Washington and in the Office of Strategic Services in London, Paris and Germany from 1943 to 1945. He was Deputy Chief of the OSS Paris Reports Board, and a corporal in the Army. In the meantime, he completed work on "The Age of Jackson", a book he had worked on before the war as a Henry Fellow at Cambridge University, England, and subsequently as a member of the Society of Fellows at Harvard.

Dr. Schlesinger's third book, "The Vital Center", a brilliant discussion of contemporary political and social problems, came out in 1949; "The General and the President", an analysis of American foreign policy in terms of the issues raised by President Truman's dismissal of General Mac Arthur and written in collaboration with Richard Rovere of the New Yorker, came out in 1951. In the meantime, Dr. Schlesinger returned to Harvard as professor of history in 1947. He has contributed articles to Life, Fortune, Atlantic Monthly, Harper's, Saturday Evening Post, and other periodicals.

In 1961, Dr. Schlesinger went to Washington as Special Assistant to the President. In this capacity he served President Kennedy until his death and thereafter President

Johnson. He left the White House in March 1964 to write a book on the Kennedy Administration.

Presently, Dr. Schlesinger holds the following degrees: Litt. D. (1950), LL. D. (1956), and D. C. L. (1960).

He is also the author of: "The Crisis of the Old Order", "The Coming of the New Deal", "The Politics of Upheaval", "The Age of Roosevelt", "Book of the Month Club Selections, 1957, 1959, 1960", "The Vital Center", and "The Politics of Hope".

Dr. Posey Writes For Periodical

Dr. Meredith N. Posey, director of the English department at East Carolina, is among book reviewers for the current issue of The South Atlantic Quarterly.

Dr. Posey, in his review of the third volume "The Correspondence of Walt Whitman," calls the work of the book's editor, Edwin Haviland Miller, "superb."

He also notes the importance of the letters in adding to the understanding of Whitman the man and Whitman the poet.

Film Board Includes EC In Documentary Series

The North Carolina Film Board the camera crew filmed scenes in Ficklen Stadium and in the Wright Circle area, including Wright fountain.

Ben Mast, assistant director of the foundation - supported board, along with a three - man camera crew, filmed an interview with Lr. Leo W. Jenkins, president of EC. Several EC students were also interviewed and included in the film as follows: Barbara Sue Trader, a senior from Benson; Rose Joach, a junior from New Bern; Jonibel Willis, a junior from Morehead City; Berry Williams, a senior from Wilmington; Eleanor Ruth Poole, a graduate student from Wake Forest; Garland Askew, a junior from Colerain; and Charles David Lord, a graduate student from Matthews in Mechenburg County.

Mast stated that the film is one of a series of documentaries by the board during the past two years, and that "The Goodliest Earth" will probably be finished by late spring.

Dr. Jenkins and Mast said plans are being made to schedule the film's premiere showing here at the college. A tentative date for the premiere would be near graduation exercises late in May.

While working with EC for the "shooting" last weekend, Mast and

the camera crew filmed scenes in Ficklen Stadium and in the Wright Circle area, including Wright fountain.

The crew team also filmed an interview with a local Greenville physician, Dr. Andrew A. Best. A previous sequence with Dr. Best had been filmed at the beginning of the week.

"The Goodliest Earth," according to Mast, will be an attempt to reflect the heritage of the East and to report the current attitudes of its people. This documentary film will be in color.

Mast is director of the film. For last week's filming, three New Yorkers handled camera and sound work: Peter Winkler, Bob Hutchinson and Walter Simonenki.

The documentary film series produced by the Film Board was intended at the outset as an educational project for the people of N. C.

All films will be made available for use in schools, by television stations and civic clubs, and in other ways. Many of them have been distributed widely in the state already.

The latest completed film, a documentary on the history of Eastern North Carolina, was given its premiere in Raleigh last Friday.

CONTRIBUTIONS HEAVY—The AFROTC Marchathon brought surprising results for the March of Dimes campaign which the Cadets conduct each year.

Art Display In Rawl By Keith Lambert

Sculpture and oil paintings by an East Carolina student from Rockingham are on display this week in the Kate Lewis Gallery of Rawl Building on the campus.

The exhibitor, Dennis Keith Lambert, a 1959 graduate of Georgia Military College in Milledgeville, is the art major currently featured in the EC School of Art's series of senior art shows.

Lambert's exhibition features his creations in sculpture and modern abstract paintings. Scheduled to continue through Saturday, the show is open to the public in the third-floor gallery of Rawl Building.

His display, a requirement in the School of Art here, includes oil paintings in vivid shades of kelly green, royal blue, gold and wine in addition to four photographs of the artist at work.

At East Carolina Lambert's work is under the supervision of Wesley Crawley, associate professor of art.

DR. ARTHUR SCHLESINGER
Well-known Dr. Arthur Schlesinger will speak on the East Carolina campus next Thursday, February 4.

Marching Cadets Far Surpass Previous Marchathon Collections With \$1,398.00

It took less marching than ever but collections soared far past old records in the annual March of Dimes Marchathon last weekend by a group of East Carolina cadets.

The drill team of the campus detachment of the Air Force ROTC marched continuously in various spots in the city from 8 a.m. until 4:30 p.m. last Saturday. Meanwhile, their fellow corpsmen and members of the Angel Flight accepted contributions to the 1965 Pitt County March of Dimes campaign.

In all, the Marchathon netted \$1,398.59, a sizable increase over the previous record of \$660 in 1962. Saturday's total climbed to \$1,417.26 when Lt. Col. E. L. Kidd, commander of the campus detachment and professor of aerospace studies at the college, kicked in an extra dollar and cadets found 41 cents more. Response by passersby was so gen-

erous Saturday, according to drill team advisor Sgt. Ervin E. Koon, that the cadets closed out the Marchathon 90 minutes before the scheduled 6 p.m. finish.

Its 8 and a half hour length made Saturday's the shortest Marchathon in the seven - year history of the event. In six prior all - day drills the corps had netted almost \$4,000 altogether.

Saturday's Marchathon collections push that figure well above \$5,000 and other cadet activities this week may boost it close to \$6,000.

Ten pledges to the Arnold Air Society, honorary organization for cadets, were canvassing the campus itself and by noon Monday had added about \$200 to the \$1,417 Marchathon contribution.

The drill team and its supporting cadets and coeds had another drilling session scheduled in nearby Ay-

den in front of the municipal fire station between 3:30 and 5:30 Tuesday afternoon. After arrangements with Farmville officials, another miniature marchathon was planned Thursday in that neighboring community from 3:30 until 5:30 p.m.

All March of Dimes contributions rounded up by the cadets and the Angel Flight members will be channeled into the organization's treasury through Mrs. Louise Carrigan of Greenville, March of Dimes chairman for Pitt County.

Student leaders in organizing and carrying out the Marchathon and related activities have been William Norman Manning of Plymouth, commander of the drill team; Donald Joyner of Greenville, special projects officer for the entire cadet corps; Brenda Smith of Benson, Angel Flight commander.

faith for the future

Sir Winston Churchill is dead. . . But, never in the history of human events, has one man done so much for so many.

This thought surely ran through the minds of countless individuals during the past few weeks. Sir Winston's ability to transmit hope to a depressed people, changed the course of history.

Everyone knew that the end was near for the world's greatest contemporary leader. But his life was the departing factor. . . not his faith in man and his optimism of the future.

Such faith and optimism are of utmost necessity in our world.

If we must struggle against the forces of domination, the forces of immorality, and the forces of "too much pleasurable living". . . then we must follow in Winnie's footsteps. We must have faith. . .

Yes, the man has left the world into which he put so much.

Yes, the world misses him with anxious reverence.

Yes, the world will continue housing dominating egoistic peoples.

But, thank God that we had a man. . . Sir Winston Churchill. . . jabbing us with moral support through many a trying year.

And thank God that we have his methods and ideals printed in our history's pages.

He was a grand figure when he stood before the people. . . and he is a grand man for us. . . the college students. . . to follow.

Bob Browses

Students Attend Inauguration

By BOB BROWN

Thursday Feb. 4.
The popular duo pianists, Ferrante and Teicher, will visit the campus on Tuesday Feb. 9, for an 8:15 p.m. concert in the Gym.

Your reporter has once again been brouseing around trying to dig up some more news for you good people. This past Tuesday and Wednesday I attended the Presidential inauguration in Washington, D.C. and witnessed the swearing in of our President and Vice - president. Tuesday night I went to the Young Democrat's Ball and was entertained by the music of the great Count Basie and his band. While I was there Mr. Humphrey came in and said a few words to us; after he finished, his wife spoke and told everyone what a great honor it was to be there with us. Needless to say there were plenty of secret service men on hand to prevent any harm from coming to the Vice-president. To be truthful, those secret service men looked sort of suspicious to me. I finally left the Ball at about one o'clock Wednesday morning to prepare for the next big day.

Wednesday was a really big day for all who were there as that was the day of the swearing in. I arose early and went to church, with my companions, in the Episcopal Cathedral in Washington. We then headed down town to the new senate building to see senator Jordan of N.C.; from him we received invitations to the inauguration.

The swearing in took place at two minutes past noon and then the parade started. Before the parade I caught a glimpse of several T.V. celebrities such as ZSA ZSA ZABOR, DOROTHY KILGALLEN, CATHY NOLAN, and ALFRED HITCHCOCK. The parade itself was quite long and very beautiful.

The entertainment series starts off the new month of February by presenting the PAGANINI QUARTET at 8:15 in Austin auditorium. Next in line for February is the lecture by Dr. Arthur Schlesinger, Jr. in Austin Auditorium at 8:00 on

the local theater and the large audience. Here is your chance to see this great movie at a low price. Don't miss it!

This February 6, at 8:00 p.m. Reynolds Coliseum the singing group known as PAUL and MARY will perform some of their latest hits.

Tickets for this concert are \$2.00, \$2.50, and \$3.00. Tickets are available at the Coliseum box office, Records, Village Pharmacy, and the Coliseum era Shop in Raleigh and in Durham and Chapel Hill.

These artists are truly talented. Don't miss them.

ONCE MORE UNTO THE BREACH

Today I begin my eleventh year of writing this column in the campus newspaper.

I wasn't sure I'd be coming back this year. After a decade of doing this column, I had retreated to my country seat, tired and happy, to enjoy a nice long rest. But last night as I sat on my verandah, peaceful and serene, humming the largo from a Brahms *Day's Night* and warming my dog, a stranger suddenly appeared before me.

He was a tall, clean-limbed man, crinkly-eyed and cross-grinned, stalwart and virile. "How do you do," he said. "My name is Stalwart Virile and I am with the Persona Stainless Steel Razor Blade people."

"Enchanted," I said. "Take off your homburg and sit down. I clapped my hands sharply. "Norman!" I called. "Another chair for Mr. Virile!"

Obediently my dog trotted away and returned directly with a fanback chair of Malayan rattan. He is the smartest dog I ever had.

"I suppose you're wondering why I am here," said Mr. Virile, seating himself.

"Well, sir," I replied, my old eyes twinkling roguishly. "I wager you didn't come to read my meter."

You can imagine how we howled at that one!

"That's a doozy!" cried Mr. Virile, finally catching his breath. "I must remember to tell it to Alice when I get home."

"Your wife?" I said.

"My father," he said.

"Oh," I said.

"But enough of wit and humor," he said. "Let us get down to business. How would you like to write a campus column for Persona Stainless Steel Razor Blades?"

"For money?" I said.

"Yes," he said.

"My hand, sir," I said and clasped his. Warmly he pressed the pressure, and soft smiles played upon our lips, and our eyes were moist with the hint of tears, and we were silent, waiting ourselves to speak.

"What will you write about in your campus column?" asked Mr. Virile when he was able to talk again.

"I will take up the burning issues that vex the American undergraduate!" I cried, bounding to my feet. "I will explore the out fear or favor, such explosive questions as 'Are room keys sanitary?' and 'Should proctors be given a saliva test? Should capital punishment for pledges be abolished?' and 'a student of 19 find happiness with an economics professor?'"

"And will you also say a pleasant word from time to time about Persona Stainless Steel Razor Blades?" asked Mr. Virile.

"Sir," I said simply, "what other kind of word except praise could I possibly say about Persona Blades, which give me more luxury shaves than Beep-Beep or any other blade I might use?"

"Another of my products is Burma Shave," said Mr. Virile. "Can you find it in your heart to mention Burma Shave occasionally?"

"But of course!" I declared. "For is not Burma Shave the whisker-witkest lather in the land?"

"Yes," he admitted.

And then he shook my hand again and smiled broadly. "Farewell, good tonsorialist!" I cried after him. "Aloha!"

And turned with a will to my typewriter.

The makers of Persona® Blades and Burma Shave are happy to bring you another season of Max Shubin uncensored, uninhibited, and unpredictable columns. We think you'll be happy too when you try our products.

Sigma Chi Alpha Begins Activities

As everybody knows by now, there is a new fraternity on campus. The name is Sigma Chi Alpha. This new fraternity is partitioning for national affiliation with Sigma Chi.

The 18 charter members have elected their own officers as follows: President: Gerry Doherty, Vice President: Bill Parrish, Secretary: Joel Franklin, Treasurer: Buddy McAlee.

The national fraternity Sigma Chi, which Sigma Chi Alpha is investigating, is the biggest national fraternity in the U.S.A. with its 134 active chapters. Sigma Chi is one of the leading fraternities on campus such as Wake Forest, Carolina, State, Davidson, and Duke.

For the time being the meetings of the new fraternity have been held at Graham, but it was recently voted by Sigma Chi Alpha to get a chapter room which they are still in the process of getting.

Where does the idea of starting a fraternity come from? In this case, the originator was a man by the name of Gerry Doherty. Gerry decided EC needed a new fraternity. He contacted Providence Commander Stothard in Charlotte, N.C. who is the Providence Commander of N.C. and S.C. He in turn contacted Dean Mallory and Gerry then recruited members. When Sigma Chi Alpha built up its membership to 18, it then applied to the interfraternity council for admissions as a recognized fraternity. After 3 meetings of discussing admission to I.F.C. and after the investigating committee interviewed each member of the fraternity, it was finally accepted.

On December 8, 1964, plans were made for the first pledge class by

the rush chairman of Sigma Chi Alpha. At the same time, Bob Haynes and Allen Orcutt were designing and writing the constitution. Later, in January, the constitution and pledge period were voted into executive committee where amendments and changes would be made.

Along with the ordering of the flags came the decision of pins which have been ordered too. The design of the pin is a maltese cross bearing the Greek letters of Sigma Chi Alpha outlined with pearls.

In the future years, Sigma Chi Alpha plans to build a house on the proposed fraternity Row. Money will be appropriated by Sigma Chi national and date of construction will commence in a few years.

The qualifications that national Sigma Chi wants Sigma Chi Alpha in order to become affiliated are: 1. Bank account of \$2,000. 2. Growth to the position of one of the top rated fraternities on campus. 3. Have membership of 20 members.

Sigma Chi Alpha has not wasted any time. Along with the representatives of the other fraternities in I.F.C. Sigma Chi Alpha's are: Gerry Doherty, Joel Franklin, Bill Leggett. The new fraternity also has joined I.F.C. bowling team. So far, they have beaten PIKA and Sigma Nu.

As expressed by a member of Sigma Chi Alpha in reference to the I.F.C., "I'm very pleased by the way the other fraternities accepted us such as by inviting us to parties and their cooperation in all our endeavors."

Sigma Chi Alpha's next chain of events include having a dinner for the Providence commander and Alumni of Sigma Chi national in Greenville.

NEW LOOK—The Sigma Chi Alpha fraternity, recently organized on the EC campus is a growing outfit. Here, the brothers pose for picture taken at the first Sigma Chi Alpha "rush."

Negro Children Begins New Course At St Andrews Episcopal Church

What does the ringing of bells mean to you? Since bells are used to serve a variety of purposes, their ringing means many different things to different people depending upon the individual's association with bells. Bells ring in the New Year. Bells toll to tell a community of a death. Bells ring to call people to worship God. However, when the bells of St. Andrews Episcopal Church ring on Monday, Tuesday, and Thursday nights, the Negro children in that neighborhood know that it is time for them to go to their study group.

You may be wondering, "What study group?" You were? Good! There is a study group that is held

on Monday and Tuesday nights at seven o'clock for the students above the fifth grade in and around the area of the St. Andrews Episcopal Church. On Thursday night another group for children below the fifth grade is held. The objective of this study group is to interest these children in studying and to enrich their educational backgrounds.

When did this program start? About a year ago, Miss Venetia Cox, a Chinese missionary who works with the Sunday school wanted to return to her native home in Hong Kong. At this time she asked Mrs. Mary Poindexter if she would hold choir practice for her while she was gone. Mrs. Poindexter agreed to do so, because interested in the children, and thought of the idea of supplementing these children with study groups and to encourage them in their studies. Since this time, the study group has grown into something bigger and better.

There have been many capable people who have become interested in the group and who have given their time and energy to promote this study program. Among the people from the college helping with the children are Dr. and Mrs.

Poindexter, Mrs. Marguerite Crenshaw, Mr. and Mrs. Page Shaw, Dr. and Mrs. Ralph Napp, and Mr. and Mrs. Thomas Rutherfordton. These people, and others circulate around the students, answer questions and check their homework.

Campus organizations have also contributed to the study group. The Alpha Phi sorority gave the study group a globe, paper, pencils and other school supplies. The Pi Kappa Phi fraternity supplied the group with a large cabinet which holds the school equipment and references. You too can give to the study group in your own way. Everyone is welcome to come out and help with this group.

Angel Flight Name New Pledges

The Angel Flight of EC is proud to announce the names of six new pledges for Winter Quarter. They are: Mary Catherine Armstrong, New Bern; Sandra Cooper, Wilson; Patricia Ann Laison, Fort Bragg; Judy Pate, Bladenboro; Virginia Ann Rowe, Lenoir; Debbie Tuttle, Fayetteville.

Fuller Tours For NCEA And NEA In NC This Week

An East Carolina College professor is among a group of experts on a current tour of North Carolina Education Association meetings aimed at explaining new NCEA and NEA affairs to local chapters.

Dr. Frank G. Fuller, director of guidance in the EC School of Education and a past NCEA president, joined other speakers in Manteo for an area meeting there. His calendar also calls for trips to Hertford next Tuesday and to Snow Hill Jan. 27 to discuss association de-

velopments with members in those areas.

As a present member of NCEA's board of directors, Dr. Fuller was asked to help with three area meeting visits in the current annual series which will reach every section of the state.

Agendas call for discussion of internal affairs of the association and projects and programs of NCEA and NEA. A prominent matter for the current meetings is discussion of NCEA's 1965 legislative program.

HOT DISCUSSION—The organizing of Sigma Chi Alpha chapter on this campus was begun last year. Its progress has been played by ear for the most part but the work now seems to be paying off. These are a few of the "charta members" of the latest frat hashing out problems.

165 Top High School Musicians Arrive For All-State Band Clinic

About 165 top musicians from 29 Eastern North Carolina high schools are expected here today and tomorrow for the Eastern Division of the 1965 All-State Band Clinic scheduled on the campus of East Carolina.

Herbert L. Carter, professor of music and director of bands in the EC School of Music, said the two-day annual clinic will feature a guest conductor and soloist and a top program of instruction, rehearsal and public performance for participants.

Highlights of the program are concerts by the East Carolina Symphonic Band tonight at 8:15 p.m. and by the clinic's Symphonic and Concert Bands tomorrow at 7:30 p.m.

Both evening programs are open to the public without charge in Christenbury Memorial Gymnasium. Student musicians in the two bands auditioned here last weekend

for places in the upcoming band clinic.

Dr. James Neilson, an outstanding music educator and educational department director at G. Leblanc Corporation, will be guest conductor of the clinic's Symphonic Band. Appearing with him as saxophone soloist will be Dr. Eugene Rousseau, director of bands at Central Missouri State College in Warrensburg. Rousseau made his saxophone solo debut this month at Carnegie Recital Hall in New York City.

James H. Parnell, associate professor of music at EC, will conduct the clinic's Concert Band. His overture "The Lone Eagle" will be premiered in the Saturday night concert.

Outstanding clinicians and band directors in North Carolina schools, 30 in all, will conduct sectional rehearsals in various band instruments during the clinic.

EC Students Organize Club

An organization for students and faculty who want to interchange ideas and promote interest in sociology, anthropology and social services in human society has been established at East Carolina.

One of about 30 clubs to be approved by East Carolina's Student Government Association (SGA), the Sociology Club has become an official campus organization. It was launched by eight students with help from Dr. Melvin J. Williams, director of the two-year-old sociology department in the School of Arts and Sciences.

First officers of the group, chosen from the eight qualified organizers, are Herbert D. Williams III of New Bern, president; Robert Dale Brown of Randleman, vice president; Celine Bryan Redding of Anandale, Va., secretary; Susan Jean Weaver of Washington, D.C., treasurer; and Carole Ann Saldin of Los Angeles, Calif., assistant secretary.

ON CAMPUS—A highlight of the Eastern Division of the 1965 All-State Band Clinic here this weekend will be a winter concert by East Carolina College Symphonic Band, a select ensemble of 69 student musicians.

DREAM GIRL—Nancy Wilson was recently chosen as Theta Chi's new "Dream Girl." She was selected by the brothers and pledges to represent them on the EC campus for 1965-66.

Theta Chis Select Dream Girl At Annual Festive Celebration

Last weekend was the annual Dream Girl weekend for the Theta Chi's. Friday night the brothers began their gala affair with a combo party at which they entertained the brothers and pledges of Lambda Chi Alpha Fraternity. Crowded as it was, a good time was had by all.

Saturday at noon brothers and pledges of Theta Chi met to undergo their yearly task of selecting their Dream Girl. Nominees were Barbara Lewis, Carol Saldine, Nancy Wilson, Gloria White, and Grace Ewell.

The formal affair was held at the Holiday Inn where the winner was to be announced. At intermission the pledges of Phi pledge class presented their big brothers with pledge paddles, each of which was designed to express a trait of that particular brother. The nominees and their escorts were then introduced after which time the elimination

dance was held, the last couple left dancing being the Dream Girl and her escort. The last couple was Miss Nancy Wilson and Harry Baldwin.

Nancy, who is a Chi Omega, was then crowned Dream Girl and given her pin by last year's Dream Girl, Miss Linda Daniels.

Sunday night, pledges of Phi Pledge Class, Harry Baldwin, Bob Jaffe, John Sutton, Harry Avery, Jim Roberts, Gary Powell, and Herb Adams were initiated into full brotherhood in Theta Chi Fraternity. John Sutton was also awarded "Best Pledge Award" of Phi Pledge Class. Congratulations brothers!

Room 3 has started their weekly discussion meetings. This week the topic is "Jim Cromartie—Contingent or Non-Contingent?" Also Saturday night following the Dream Girl dance, Jim O'Brien was inducted into the Room 3 group. He is now a constituent of the first order.

EC's Sigma Phi Epsilon Acquires Two Houses

The Sig Ep brothers and pledges have been very active at their newly acquired houses located at the corner of Fifth and Summit streets. The main house, located on fifth street, has undergone minor changes—including showers upstairs and a complete kitchen for operation of full time meals downstairs. The "Jug House" located on summit street, which will be used mainly for dormitory-style living, has been painted on the inside and showers installed downstairs. Purchase of the new houses would not have been possible without the hard work and patience of five members of our local Alumni Board: Richard Worsely, local C.P.A.; Luther Moore, Justice of the Peace; Fred Mattox, Lawyer and Chapter Counselor; Charles H. Johnson; H. R. Hoke, M.D.; Jimmy Lee; and Bill Moore.

The brothers and pledges have been working on their present project for the year, the construction of a party room, which will be located between the two houses. The party room will be over a thousand square feet of floor area that will open on to a patio adjoining it. The

Sig Ep's expect the party room to be completed sometime during the spring quarter.

Tentative plans are being made for a party between the Kappa Chapter and the Sig Ep Chapters at N.C. State, Carolina, Davidson, and the University of South Carolina.

During this week three pledges are going through "Help Week": John Truesdale, Hunter Vermillion, and Tony Ford. This period marks the conclusion of pledgedship for these three men.

PI KAPPA PHI

Eight new men were pledged by Pi Kappa Phi during wildcat rush. They are Bob Boyer, Bill Dryden, Cam Frazier, Ken Hayes, Gary Howard, Tommy Lockamy, Jim Mather, and Lynn Smith.

Brother Mack Ramseur was recently lavaliered to Miss Sue Ellen Copeland of Jacksonville.

Eight pledges went through their "Help Week" in preparation for brotherhood. They are Eddie Brock, Jack Cotton, Skip Di Camillo, Jimmy Dail, Frank Johnston, Flip Elliot, George Styron, and Jimmy Williams.

Friday these men went on their pledge trip to our various chapters around the state and return Sunday.

KAPPA ALPHA

Sunday, the 17th of January, the Brothers of Kappa Alpha Order had dedication ceremonies at their new house. Special guests were Senior Counsellor Dick Fellow and the Reverend John Drake, Local Episcopal Rector. There were a host of guests, including representatives from E.C.'s sororities and fraternities and administration.

Tuesday, January 19, the brothers gathered at the Holiday Inn to celebrate "Convivium", the founding of the order and Robert E. Lee's birthday. The speaker was the Rev. John Drake, who gave a most impressive talk.

Wednesday, January 20, the brothers and pledges of KA entertained the sisters of Sigma Sigma Sigma at a social. Music was furnished by "Jumping Buddy Skiles" and the "Screaming Grains". A good time was had by all.

Last weekend was considered "Big" for the KA's. Combo parties were held both Friday and Saturday nights at the KA Country Lodge. This was the weekend known as "Convivium" to all KA's. The crowning of the new KA Rose also took place Saturday night. Miss Celia Orr, a Chi Omega, was crowned by Mrs. Donna Mathews Lloyd who was last year's Rose. Congratulations go to Celia and the Brothers.

Brothers recently pinned were Jerry Wallace to Miss Celia Orr, Eddie Barnes to Miss Judy Driggers, and Merle Summers to Miss Ann Lippard. Brothers getting engaged were Phil Dean to Miss Len Martin and Henry Forde to Miss Mary Goodwin — congratulations Brothers.

PI KAPPA ALPHA

On January 5th and 6th Pi Kappa Alpha held informal winter quarter rush. With the good rushing efforts of both brothers and pledges fifteen new pledges were installed the following Friday evening. After pledge installation the chapter gave the new pledges a rousing combo party, featuring the "Impersonators" from Robersonville, to make their welcome complete. Already showing the characteristics of a hard working pledge class, these men have repainted the chapter dining room, helped the chapter alumni counselor move into his new home, and this week-end are planning another \$1.00 Pika car wash for Saturday. It looks like another great pledge class for Pika.

The fall quarter pledge class, consisting of Grady Williamson, Ted Cuthriell, Robert Ellis, Jim Rideout, and Bill Ravenbark, has wound up its formal pledge training and now awaits initiation.

Newly elected and installed officers of Pi Kappa Alpha include: President, Tom Reber, a senior Psychology major from Nazareth, Pennsylvania; Vice-president, Buddy Goodwin, a junior from Fayetteville; Secretary, Dave Fitzgerald, a junior from Norfolk, Va.; Sergeant-Arms, Gene Schmitt, another junior from Norfolk; and Treasurer,

Bill Brewer, a junior from Monroe, N.C. These men will hold office until Spring Quarter.

At a meeting held last week both brothers and pledges were enlightened as to the upcoming social agenda for Spring quarter by Social Chairman, Jim Coble. Mentioning that we are here primarily to study, Brother Jim made the chapter wonder where we would find time to, as he outlined plans for the Founder's Day Banquet and Party in early March, the annual Ganster Ball, Dream Girl Dance, and Concert by The Sea. It's a safe bet that Pi Kappa Alpha will have an enjoyable Spring Quarter.

LAMBDA CHI ALPHA

The Brothers of Lambda Chi Alpha would like to thank the Brothers of Theta Chi for inviting them to their party last Friday night.

Last Saturday the Fall Pledge Class started work on their pledge project. They are cleaning the area behind the party room and are going to build a brick and cement patio.

Sunday night Brother Sam Wornom pinned Miss Sandra Leonard, a Chi Omega pledge. Also Phil Senger pinned Miss Jane Helms. Doug Fisher was recently installed as a pledge of Lambda Chi Alpha and has joined the Winter Pledge Class.

CHI OMEGA

The Chi Omegas are happy to congratulate sisters Celia Orr and Nancy Wilson. Celia was crowned Kappa Alpha Rose Saturday night by Mrs. Donna Mathews Lloyd, also a member of the Rho Zeta Chapter, who was last year's KA Rose. Nancy was crowned Theta Chi Dream Girl on Saturday night also by Linda Daniels.

Congratulations also go to Sandra Leonard who was pinned to Lambda Chi, Sam Wornom this week-end.

The sisters were happy to see Pat Robertson Monday night when she came to spend a few days with the Rho Zetas. Pat, a former Rho Zeta member is now a member of the Epsilon Beta Chapter of Chi Omega at the University of North Carolina.

DELTA ZETA NEWS

The Zeta Lambda Chapter of the Delta Zeta sorority has been working again this past week on their philanthropies projects. The sorority visited the Convalescent Home here in Greenville last Wednesday night January 20, 1965. The sisters and residence enjoyed the evening of singing and visitation. We have planned to make this a regular project.

In preparation for rush, all the sisters are looking forward to several closed week-ends. Many activities have been planned and much fun will be had by all.

Some final touches for the house were added, when several new shipments of furniture arrived this week.

The sisters have planned to have the house in tip top shape for formal rush.

All the sisters were surprised and pleased when we received a letter from National stating that Jean Wickstrom, our traveling secretary would be visiting us during the period from February fourth to the twelfth. This will be her second visit with us and we are really looking forward to her visit.

EPSILON PI TAU

James B. Mallory, dean of men, was guest speaker for the dinner meeting of Epsilon Pi Tau, an honorary industrial arts fraternity, on January 19.

Dean Mallory spoke to the fraternity on the importance of industrial arts in modern day industry. He presented facts on the immediate needs for graduates in this field, and also discussed the role of industrial arts in efficient industry.

The meeting was adjourned after a proposal was brought forth to allow industrial arts students to use the laboratories on Saturdays.

AOPi GREEK NEWS

The AOPi's have their plans for formal rush well on the way to completion. Melonie Johnson, Diane Crawford, Darlene Kirsch, and Ron-

nie Gay have been responsible organization of the formal plans. Mary Ann Gentry and via Dozier are in charge of the events. Mary Cobb, Sue O'Brien, Brenda Stocks head the entertainment committee. Judy Berg, Gay, Catherine Hudson, and Hewitt have begun their decorations, and Harriet Le Judith Gleason are responsible for the displays, name tags, and

The sisters gave surprise day cakes this month to Dana and Ometa Brown. Ometa is youngest sister, she just turned 18 years old last week.

The AOPi's are leading a sorority intramural basketball tournament after their last two losses over Alpha Xi Delta by 20-10 and Alpha Phi 16-12. The AOPi's meet the Delta Zeta Tuesday night.

ALPHA XI DELTA

The sisters of Alpha Xi Delta entertained with a social on January 14 by Alpha Phi Fraternity. The social was held in the chapter room. There was dancing and getting acquainted. The brothers were also present.

Sister Rawena Skopow was married January 9 to John H. graduate assistant in the Mathematics department.

Sister Barbara Blue has a ring on the third finger of her hand that she got Christmas.

The sisters are enjoying the sorority basketball games. They defeated the Kappa Delta's Tuesday night, January 21.

ALPHA PHI

This past Wednesday the Alpha Phi entertained the Lambda Chi Alpha brothers at a social. The pledges were served and had a good time. Upstairs a sound of ukas and snoring downstairs in the study room one was dancing.

Congratulations to sister Len who will be next year's of the Key.

A E PI

The brothers and affiliates Alpha Epsilon Pi Fraternity pleased to announce the return of Ross Barber as a social member to the Epsilon Kappa Chapter. Mr. Barber currently serves as president of the Freshman Class.

In typical fashion, this past weekend proved to be another enjoyable one for the A E Pi's. On both nights provided the entertainment fare.

Congratulations are extended to brother Jeff Berman on his election by the fraternity as a member of the Executive Council. Pats on the back also to Lanchart and Ross Barber for lining the AEI offensive and winning in the basketball game with Theta Chi on Monday night.

SIGMA ALPHA IOTA

Once a year the province of Sigma Alpha Iota sends a local chapter at EC to assist with the year's activities and help in the local chapter's plans. Elizabeth Fossey, province president, will visit EC's Beta Chapter this weekend. She will privately with each officer on the achievements of the year and be entertained by a musical performed in her honor and a recital of individual performance instrumental and vocal. She will be guest of honor at the initiation of the fall pledge class Sunday afternoon. It is an honor to have Miss Fossey visit and we hope she will be welcomed wherever she may be on campus.

Basketball Team Holds Record, 8 Wins-4 Losses, For School History

Midway through the 1964-65 season, the East Carolina Basketball team boast one of the finest records in the history of the school... 8 wins and 4 losses.

The 14-man strong Pirate courtmen range in height from 6 feet, six inches, Bobby Kinnard, down to short but spunky 5 feet, 9 inch Larry Phillips. North Carolina dominates their home state with ten claiming state residences. The other four are from as far away as Mollala, Oregon to as near as Great Bridge, Virginia.

The team consists of: Jerry Woodside, 6 feet, 4 inches, Durham; Gerald Smith, 6 feet, 6 inches from Peterson, New Jersey, and Bill Upson, 6 feet from Rockingham.

At guard there is Bill Brogden, 6 feet from Wilmington; Grady Williamson, 6 feet, 3 inches from Star; Larry Phillips, 5 feet, 9 inches from Raeford; Hignite, 5 feet, 11 inches from Greenville; Butch Ricks, 5 feet, 9 inches from New Bern, and Clarke LaRue, 5 feet, 11 inches from Sanford. At center position, the Pirates boast the services of Bobby Kinnard, 6 feet, 6 inches from Tip-top, Indiana. Gerald Parker, a 6 foot, 3 inches from Mollala, Oregon is on the inactive roster due to a knee operation.

Led by their captains, Brogden, Kinnard, Williamson and Woodside,

the Pirates have scored a total of 900 points to their opponents 381. With a .452 field goal percentage, a .702 foul shot percentage, and a 42.0 rebound average the Bucs have maintained a 75.0 game point average. Their largest victory margin was by 20 points in the Berca College contest with 24 points being the largest deficit, which was in the William and Mary contest!

Coached by former Wake Forest cager, Wendell Carr, the Pirates face a tremendous second half. This began with a V.P.I. game which was followed by a game against Davidson and William and Mary in the same weekend. When asked to compare this years team to last years team Coach Carr said, "These boys

have a whole lot more of hustle about them, with their strong desire and mental attitude going their way. They're more experienced and are in general a team-centered team with no single-player attitude. Their record (8-4) as to last years at this stage of the season, (5-9) speaks for itself." Jerry Woodside leads the team with a 23.4 point-average per game, followed closely by Kinnard and Brogden at 11.6 and 14.4 respectively.

Although a tremendous loss, Bill Brogden will be the only regular leaving this years team at the conclusion of the season. He has proven to be one of the main stays of the team throughout his four years at East Carolina.

Gobblers Down Pirates, 89-63

EC fell victim to the fast break of Virginia Tech as they went down in defeat 89-63 to the Gobblers. Bob Kinnard was high point man for the game with 21 but couldn't stem the tide as the Gobblers had five men hit the double figures.

The Pirates started well but with the score 7-6 in favor of Virginia Tech, Bob King, John Whitesell, and John Wetzel began their series of fast breaks which lead to the

Pirate's defeat. The Gobblers hit again and again on their long sprints down the court to open a 16 point gap, 36-20 with six minutes remaining in the half.

Bob Kinnard was high point man and took the game scoring honors with 21 points. Billy Brogden was second with 12 points for the Bucs and Jerry Woodside had 10 points. EC now has an 8-5 record for the season.

Dean Of Men Deems Administration Work Less Demanding Than Professional Baseball

Baseball has always been important to Dean James Mallory. He has played it almost his whole life. He was on his high school team and at the end of his junior year at the University of North Carolina had the distinction of being made All-American and being chosen outstanding player.

In 1940, he started a career in professional baseball as a player for the Washington Senators. The first game he played for the Senators was also the first professional game he had ever seen. In 1941, he left the Senators and played for Charlotte in the Piedmont League. Then in 1942, he started the season with the St. Louis Cardinals and finished it with the New York Giants.

The war interrupted his baseball career. After the war, he joined the Alumnus and played in towns like Greensboro, Burlington, and Sanford. In 1947, he quit professional baseball to coach at Elon College and played for the McCrary Eagles, a semi-professional team in Asheboro.

His years of pro baseball gave him some unusual experiences. Once during spring training the team got trapped at Caro, Illinois when the Mississippi River overflowed. The ball park was under five feet of water, so they spent two weeks fishing before helicopters came to take them out.

Another time during the fifth inn-

ing of a game in Milwaukee a tornado took the roof off the grandstand and set it down in the parking lot. No people were hurt but 280 cars were demolished. Dean Mallory was in the outfield at the time. He lay flat on the ground and held to a telephone pole from this position he had a good view of the whole incident.

He had several reasons for giving up this kind of life. First, there was a great deal of traveling that kept him from his family. Then, it was hard to get jobs between seasons. The main reason though, was that he decided it was time to put down roots.

Dean Mallory advises any young man interested in baseball to give it a try. His life in pro baseball was "demanding and exciting." However he warns the potential professional to prepare for the day when he can no longer play ball and to look someplace else if he hasn't reached the top in three to five years. He says baseball is a great game and playing professional baseball is a great life.

'64 EC Football Squad, Coaches Receive Honors At Banquet

By RANDY RYAN

The annual Football Banquet honoring the East Carolina squad and its coaches was held on Thursday night, January 21. Bill Cline added to his list of honors the Most Valuable Player Award. Cline, the senior tailback who was named little All-America back, led the Pirate team to their fine 8-1 record and post season Bowl victory over Massachusetts. Another important member of the Pirate backfield who was responsible for the Pirate success, junior fullback Dave Alexander, received the Outstanding Player Award for his efforts. Alexander had set a Southern Conference scoring record when he tallied 96 points for the Pirates this season.

Jerry Tolley, an outstanding senior defensive back, was the recipient of the Edwin E. Rawl Memorial Award for outstanding achievement in athletics and scholarship. A pair of senior tackles took the honors on the line. Colon Quinn was named the recipient of the Blocking Trophy and Ted Day, the team co-captain, was given the Lansche Award for his services to the squad. These two

tackles have proved to be the mainstays of the line as they have held down their positions for three years.

Kelvin Moran, who was captain of the freshman team, was named the Outstanding Freshman. The guest speaker for the evening was Marv Levy of William & Mary, who was named coach of the Southern Conference in his first year of coaching at William & Mary. President Jenkins also addressed the Banquet saying that the East Carolina squad had really put East Carolina on the map and praising Coach Stasavich and his coaching staff.

DEAN'S DREAM—Coach Jim Mallory . . . or is it Dean Mallory . . . peers onto playing field seemingly confident that his team has things well in hand. Under Coach Mallory the team was seldom on the losing side.

PAGANINI QUARTET—The Paganini Quartet of the University of California, Santa Barbara, will appear in Austin Auditorium on February 1, at 8:15 p.m. The quartet, in its second decade, is one of the outstanding musical organizations of America. Artists Henri Temdanka, Stefan Krayk, Gillis and Lucien Laporte and their famous "Paganini" Stradivari com pose an ensemble in demand on four continents and well past the thousand-mark in concerts played in the U. S. and Canada alone.

Professor Of Chemistry Holds Seminar On Campus

A well-known chemistry professor who heads the chemistry department at Emory University in Atlanta, Ga., is conducting a seminar and meet informally with staffers during his visit to East Carolina Thursday and Friday.

He is Dr. Reuben Alexander Day Jr., electrochemistry specialist and chairman for the past eight years of one of the most active chemistry departments in the South. Dr. Day met with chemistry faculty members last night for a dinner.

Today's seminar, "Organic polarography—Ketones and Diketones," is scheduled at 3:00 p.m. in the Flanagan Building, room 206, on the college campus. This talk, primarily for chemistry majors, is

open to all interested persons without charge.

Plans for Day's visit to the campus were announced by Dr. Grover W. Everett, director of the EC department of chemistry.

The chemist joined Emory, his Alma Mater, in 1940 as an instructor. He advanced rapidly from an assistant professor to a professor and in 1957 became head of the chemistry undergraduate and graduate program.

He earned his AB and MS degrees from Emory and in 1940 was awarded the PhD degree in chemistry from Princeton.

He is the author of many articles which have been published in leading journals in the nation.

Dr. Martin Speaks At Meeting About Disturbed Child, Student

"A disturbed child — one who is out of touch with reality and is unable to grow up and cope with the demands of everyday situations — is a living reminder of human loss to society," an East Carolina professor said Tuesday night.

Dr. William B. Martin, associate professor of education, said: "Every child is continuously facing new problems of social adjustment for which he has not previously acquired appropriate responses."

He spoke at a meeting in Tarboro sponsored by the Edgecombe County Mental Health Association.

His topic was "Consider the Unloved."

Dr. Martin said the well-adjusted child is able to change to meet more maturely the challenges of life, but he may require special help or emotional support to find a socially acceptable response to a particularly difficult situation.

Dr. Martin said emotionally disturbed students in public schools create one of the state's chief concerns. The result, he said, may be irregular school attendance because of disinterest in school work or overzealousness in only one school subject or activity.

College Extends Graduate Courses To Camp Lejeune

A 10-week course in educational history and philosophy will be offered at Camp Lejeune beginning Monday, Feb. 1, the Extension Division of East Carolina has announced.

Dr. David J. Middleton, director of the division, said the graduate-level course will be offered in 10 three-hour evening sessions at the Camp Lejeune Junior - Senior High School.

Classes will be taught from 6:30 to 9:30 p.m. on Mondays, beginning Feb. 1. Dr. Ed J. Carter of the ECC School of Education faculty will be the instructor.

Tuition for the course will be \$27 per student. A \$3 late registration fee will be charged for students who register or pay their tuition fees after the first class meeting. No registration will be permitted later than the second class meeting. The class must have a minimum of 19 students.

To be eligible for credit, students must hold a BA, BS or MA degree.

Teachers may apply credit earned in the course toward renewal of North Carolina A and G teaching certificates if it does not duplicate previous credit and if the course is appropriate to the respective teachers' fields.

The course also offers credit which

may be applied toward a suitable master's degree at East Carolina upon official admission to the ECC graduate degree program.

Registration and the first class meeting are scheduled at 6:30 p.m. Monday, Feb. 1. Further information is available from the Extension Division, ECC, P. O. Box 2727, Greenville, N. C. 27835.

EC Students Obtain New Federal Grant

East Carolina has been awarded a federal grant to pay for 90 per cent of a work-study program for some of its students during Spring Quarter.

It is a grant of \$24,602 which will be matched with a 10 per cent share by the college, making a total project fund of about \$27,335.

It is the largest of eight such grants to colleges in North and South Carolina approved by the U. S. Office of Education and announced in Washington Friday.

The funds will be used as hourly wages for students from families with annual income below \$3,000. The students will be assigned various on-campus jobs and will work 15 hours a week.

The grant announced Friday will provide additional student jobs to the present system of self-help employment for EC students. It will cover Spring Quarter only but the school is asking for similar grants for later terms.

Dr. James H. Tucker, dean of student affairs at the college, is

EC's institutional representative for the federal application proceedings. He and Dr. Robert W. Williams Jr., assistant dean, have worked together in preparing EOC's proposals.

Other North Carolina colleges to receive the grants announced Friday are Charlotte College (\$9,630), Johnson C. Smith University of Charlotte (\$9,180), St. Augustine College of Raleigh (\$11,696), and the University of North Carolina at Greensboro (\$16,911). South Carolina grants will go to the University at Columbia (\$19,501), Central Wesleyan College (\$2,000) and Voorhees School (\$4,360).

Persons in need of financial aid who are interested in this grant program should contact the office of Dean Tucker in the Administration Building.

Model UN

The following students have been chosen to represent East Carolina at the Model United Nations in Chapel Hill, February 10-13: Joan Powell, Marjorie Hendricks, Linda Evans, Brenda Barrett, William Peck, Eddie Greene, Robert Kerlin, and Henry Wallace.

There will be a meeting of these students Tuesday, February 2, in Rawl 142. The meeting will be at 7:00 p.m.

Dr. Southwick Speaks To Club

The monthly Library Club was held on Monday, January 25, following the Library Science Department Meeting. Dr. Mildred Southwick, reference librarian of the college, spoke to the Library Club on "What Reference Work Is".

Dr. Southwick gave an interesting talk on the purpose of reference work and the role of the reference librarian in the college library. Many of the points that Dr. Southwick stressed in her speech were informative to those considering reference work as a career. She gave some amusing examples of questions that she had been asked and the process of finding materials that would best answer the questions. She stated the aim of the college reference work as being to aid students in finding materials and at the same time to train them to locate materials for themselves. Of special interest were the different types of new materials useful in reference work.

The business meeting followed with a report by Howard Blanton on the near establishment of a chapter of Alpha Beta Alpha, the undergraduate Library Science Fraternity on campus, plans for future activities of the club were discussed and then the meeting was adjourned.
