

These recently elected Student Government officers officially took office Monday evening at the annual SGA banquet. Standing left to right are Steve Sniteman, Vice President; Pam Dalton, Historian; Eddie Greene, President; Lisa Green, Secretary; and Jim Kimsey, Treasurer.

State House Holds Hearings To Discuss Medical School

RALEIGH — A hearing was held Tuesday in the State House at the capital before the State Appropriations Committee to discuss the proposed two-year Medical School for East Carolina.

Introduction of the proposal was made by Senator Robert Morgan. Morgan introduced Dr. Leo W. Jenkins, President of East Carolina College, and four witnesses in favor of the proposal.

In his introduction, Morgan stated that East Carolina is looking toward a medical school, fully accredited and of top calibre.

In his outline for \$100,000 for the first year to begin the layout of the program, \$150,000 for the second year to follow up the program, and 15 million as capital investment. He said that then East Carolina would begin to raise 5 million additional capital, possibly federal aid programs or with investment plans.

He sharply emphasized that the school would have to be accredited by the two top accrediting agencies and also be first class, across the board.

Dr. Jenkins then read a prepared statement which further explained the program desired, the school's position in the matter and

the benefits of the school to the state, and emphatically, to the nation.

Jenkins' main point was that the state needs this improvement and East Carolina is geographically ideal.

Witnesses were then called by Sen. Morgan and the case for the proposal took form. Dr. Ferguson, President of the North Carolina Medical Association gave a lengthy but extremely informative view of the medical provisions in the state. Dr. Paul Jones, former Senator from Pitt County added his comments and desires for the school.

Opposition then took the stand and Dr. John W. Rankin, Director of the Charlotte Medical Center and Study Commission made clear several points against the proposal.

Rankin said that there had not been enough time for a complete study of the medical situation in the state and proposed a delay in any decision for a new medical center in the state. He said that medical care was badly needed in North Carolina but wasn't certain that a medical school was the proper and most efficient way to subdue the problem.

Dr. Paschal, Medical Society president, added to Rankin's point that there was not enough evidence for the medical school. He said that

when a medical school is proposed in the state that united support for the bill should be had.

Stating that there was a study group (which had not met as yet) working on the state's medical problems and had not come up with the conclusive evidence in favor of the school.

Paschal also brought out the point that the representation on the committee was not complete.

Dr. John Truslow also opposed the proposal by stating that he wasn't certain that the school would get physicians into the desired areas. He questioned the getting of physicians through schools as a means of changing the medical shortage in the state's rural areas.

Rebuttle then followed. Dr. Dickenson, a local physician, brought forth a personal view of the situation and Sen. Morgan followed with his brief, asking for the appropriations committee's serious consideration.

Men's Glee Club Joins St. Mary's

The East Carolina Men's Glee Club will join with the St. Mary's Glee Club to present a joint concert in Raleigh tonight at 8:30 p.m.

Robert "Chris" Christesen, an EC junior, will be one of the featured soloists in the opening number, "Gloria" by Vivaldi. Another EC student, Dianne McDonald, will accompany on the oboe.

The Men's Glee Club will open its program with "The Maiden in the Wood" by Dvorak. Marcus Spencer Duggins of EC will be the soloist in "The Fox". The Glee Club will also sing "Black is the Color of My True Love's Hair" and selections from "Can-Can."

The finale will be a combined effort by the two groups of melodies from "Carousel".

Directing the two groups will be Charles Stevens of East Carolina and Geraldine Cate of St. Mary's.

1965-66 Newly Elected SGA Officers Commence Service

The recently-elected Student Government for 1965-66 officially took office Monday evening at the annual SGA banquet. Tuesday was the new Administration's first full day in office.

Recent election run-offs also decided key posts in campus class offices. G. Martin Lassiter was elected Sophomore Class vice-president and Linda Giles won the treasurer's spot in the run-off.

The new Junior secretary is Clara Redfern and Jane Helms was elected treasurer.

Bob LeCour won the presidency of

the Senior class in the special election and Sue Koontz was chosen treasurer of the upperclassmen.

Women's Judiciary offices also were decided in the recent election. Frances Gutyar was picked as the chairman of the high coed office. Other offices included: Ann Neville, vice-chairman; Denise Kogelman, secretary - treasurer; Rannie Pendergrass and Linda Bullard, members-at-large.

Miss Gutyar is a former secretary of the Judiciary Council. She is senior elementary education major and a member of Alpha Phi.

SGA Holds Annual Installation Banquet

CANDLEWICK INN — Beef Straugonoff and guitar music sustained the Student Government members and their associates Monday evening at the Candlewick Inn during the annual installation banquet.

Jim Mahan took his final bow of the year and administered the oath of office to the new student body president Eddie Greene. Greene then, in turn, administered the oath to the new executive officers.

Mahan opened the after-dinner speeches with a resume of the year's accomplishments. Picking out the stronger points of the year's activities, Mahan mentioned the new Constitution, full-time secretary and photographer, the disaffiliation with the National Student Association and the efficient organization throughout the year.

High praise was bestowed upon the executive officers of the year. Eddie Greene, Celia Orr and Berk Stephens. Much admiration was credited to Margaret Stephens, the SGA secretary. He summarized with many thanks to the students, administration and the faculty for their fine cooperation.

President Leo W. Jenkins then added his remarks concerning the SGA year.

After praising Jim and the SGA for a successful and well-run government, Jenkins highlighted his talk with the theme of "responsible government."

Comparing East Carolina with other institutions, Jenkins acknowledged the extremely self-sufficient government here at EC. He stated that the system of self-government was extremely effective at East Carolina.

In his speech, Jenkins said that he was very optimistic about the proposed Medical School.

After his oath of office, Eddie Greene then took the podium for a look to the future. Greene recognized

the new officers and others with which he will work during the coming year.

He keynoted his talk with his motto: "Records are made to be broken...so no matter how well you're doing, you can always do a bit better."

Greene said that he has laid out certain dreams in his platform. He asked that each and every person bring to him dreams of their own.

Then, he said that he and the SGA will be making dreams, realities.

During the course of the evening, many awards were presented. One in particular stands out. Dr. Tucker was presented with a set of golf clubs. After the meeting, Tucker asked someone if they had lights on golf courses in Greenville.

Room Assignments Retain This Week

Pre-registration for rooms in the men's dormitories for Fall Quarter 1965 will be held April 13, 14, and 15, 1965.

On Tuesday, April 13, applications for room assignments will be accepted from rising seniors and graduate students. On Wednesday, April 14, applications will be accepted from rising juniors and on Thursday, April 15, from rising sophomores.

Applications may be picked up from the dormitory counselors in Jones, Aycock, and Scott or from the Housing Office in the Administration Building. A \$10.00 deposit is necessary to reserve a room.

Room assignments will be made on a "first-come-first-serve" basis.

The balance of the \$53.00 room rent payment must be paid by July 1, 1965.

Fence On 10th St. Target Of Pests Twice Recently

The new fence on Tenth Street has been the target of vandals twice within the past week in raids by night. After having been completed only Thursday, the fence was neatly cut and a path cleared through the day student parking area the same night.

Friday morning saw the fence company rapidly repair the damage to the wire barrier. Yet, the same malicious act was repeated that night. The College quickly had workmen repair the cut in the cyclone fence early Monday morning.

These acts of petty vandalism are obvious protests against the rerouting of pedestrian traffic on College Hill Drive. Men students are now forced to walk an extra half-block to take advantage of the new Tenth Street stoplight.

The next move is up to the culprit or the campus police, whoever strikes first. Meanwhile this game of "mend the fence" is becoming quite amusing to EC men dorm students as they pass the crime scene daily.

Chief Johnnie Harrell declined comment on the crime wave pending further investigation.

President Jenkins commented on the incidents Monday night and said the culprit, when caught, would be turned directly over to the State Bureau of Investigation for prosecution.

ECC AZALEA QUEEN—Nancy Brenda Johnson of Kinston, a junior education major at East Carolina College, received the key to the city from Wilmington Mayor O. O. Allbrook during festivities at the 18th annual North Carolina colleges and universities who formed the court for Queen Azalea XVIII, film and TV star Patricia Blair.

Notice

Filing is now open for positions on the Men's Honor Council, Women's Honor Council, and Men's Judiciary. Blanks may be obtained in the SGA office from 9-4:00 p.m. until Friday, April 9.

here and now - - -

The introduction of the two-year medical school bill last Thursday by Sen. Walter Jones sparked the political kindling that should lead to a rather extensive fight for passage of this proposal.

Sen. Robert Morgan, Tuesday, presented the bill to the all-important Joint Appropriations Committee at Raleigh. With fine organization and efficiency, the Senator, Dr. Leo W. Jenkins and a list of witnesses explained the proposal.

There was a fine showing from the Eastern sector of the state. any influential persons were present in favor of the bill. Of course, no one can tell how long this bill will take to be acted upon. But if yesterday is an indication . . . the process should be as rapid as possible.

The entire question at this time is what action will be taken by the group of proponents from the Charlotte block. How large a battle will these people wage? Will they delay action on the East Carolina proposal or bring forth enough force to halt legislation in favor of their own proposal?

Tuesday's hearing was of utmost importance. But, it is by no means the turning point of the bill. One thing was evident at the hearing. The people need more medical doctors in the state. But in the state . . . there are certain areas whose needs are greater than others. Rural North Carolina is in a bind for doctors.

East Carolina is definitely the logical place for such a school and . . . failure of the legislature to pass the bill in favor of East Carolina would definitely be a mistake that the State would be paying for "through the teeth."

The action should not be delayed. Pointed out by the opposition to the EC Medical School bill was the fact that not enough research has been done to insure positive action on the bill to be effective.

It takes but little research to tour the Eastern portion of the State and see the vast needs of this area. Yes . . . we in Eastern North Carolina need this facility. We need it badly. And any delay in the passage of the bill will only delay the solving of the State's problem.

Controversy as to where the school should be placed should be put to one side and an objective look at the needs of this State be made the prime target of the legislature's action.

Failure to place the school at East Carolina would be a shunning of responsibility on the part of the legislature and in turn a failure to meet the demands of a thriving and escalating population.

North Carolina is growing at a rate that is hard to match anywhere in the U. S. It is sometimes hard for a citizen of the State to see how great and wonderfully the State is progressing. And, this problem of medical availability is one that was inevitably to face the State.

Now the legislature has a chance to meet their problem. Now the State may soon get past this problem and look to the next. Now the State grows . . . and now the State prospers as never before.

The question is whether the State needs this facility. Yes, there is a great need. But also, and of much importance . . . the State needs this facility now! Tomorrow is too late. Procrastination will cost dearly.

Campus Comedy

For 51 years tradition at Carthage College, Ill., has been that coeds caught sitting on a large boulder on campus are obliged to submit to a quick but firm kiss. When the college moved to Kenosha, Wis., last summer, some 50 fraternity men hoisted the 2 and one-half ton rock on a truck, and took it to the new campus.

The coach of a midwestern university football team was giving a speech at a meeting of alumni and prospective students. After discussing last fall's season — less glorious than the intitution was accustomed to — he addressed himself to some husky high-school stars in the audience: "Big Ten rules forbid us to go to your schools or your homes, and the only way we can meet you is at gatherings like this one, or if we bump into you on the street. If any of you send me a map of

the route you walk, I'll make it my business to bump into you."

My roommate and I acquired the reputation of having the most untidy room in the dormitory. Our house-mother was a quiet yet effective woman. After repeated reprimands, which we ignored, she reached the end of her patience. When my roommate and I returned from classes one day, we found on one of our desks a very attractive display of seed packets and a note in the house-mother's handwriting which read: "If you don't want to clean, at least plant something!"

One morning on our quad, a bewildered freshman saw her biology professor approaching. Unable to bypass him, and unsure by what title to address him, she blurted out, "Good Murdock, Dr. Morning." Apparently without noticing anything at all unusual, he replied,

Bob Browses

Greetings dear readers, how did you like our April Fools issue last week? Wasn't it a real gasser? It was really fun watching the students expressions as they read the headlines and looked at the pictures. Can you imagine things like that happening—well maybe the picture of the water, I doubt the rest. As you know, the boys on the hill have always had a considerable distance to walk in order to get to class; some wise guy decided we needed more exercise so they kindly, thinking only of our health, put up a lovely FENCE so we would have

What Gives?

By BOB BROWN

to walk around by the stoplight. These people that are always thinking about us, with friends like that who needs enemies? By the way, I hear that this fence was cut open twice this weekend . . . pity . . . Referring to our new stoplight, thanks to the speedy, nearly two weeks of construction work, this conglomeration of metal, wire and light sits there and blinks like a cat with astigmatism. These lights are supposed to regulate traffic but so far have done nothing. There are about a half dozen individual light units hanging helter-skelter from wires resembling a nest built by a drunk

crow. Let it be known that this is not a gripe about the stoplight but a request that they hurry and complete construction.

Attention to all followers of the Ku Klux Klan . . . rumor has it that there will be a meeting of this well publicized organization between Washington, N. C. and Roanoke Rapids, N. C. during the Easter vacation. Also, another rumor has it that a certain current Nobel Peace Prize taker will be appearing in Eden, N. C. This is also scheduled for the Easter vacation. Something to everyone . . .

Letters To The Editor

Dear sir:

With all the trouble over civil rights, equality and the worth of man, one would think that this is some sort of new problem which has just begun to plague man, but to me I see it as the old question of are we our brothers keepers?

I answer this question with these few rules for a better understanding of ourselves and our neighbors.

1. Love your neighbor, but make him respect you.
2. Speak no evil of any man, lest it be spoken of you.
3. Know yourself as your neighbor.
4. Live one day at a time—expect little, give much.
5. Forget yourself, think of others—do as you would be done by.
6. Have a thirst for knowledge and understanding, but do not let it make a fool of you.
7. Expect little of the world, but much of yourself.

Serve only one God; do not make yourself a slave to man's earthly gains or pleasures.

Try living by these rules for a week — you might even get to know yourself.

Rev.

Dear Editor:

I would like to comment on your editorial on "Politics". Just what do you suggest the campaign issues be, if not ones concerned with the students needs? As I understand it, the SGA is suppose to work for the students (and not for the administration like ones in the past), so why not use the "all important, yet trite" issues put forth by the students. What would be a more "sophisticated" issue for a campus election,

civil rights or the war in Viet Nam. They seem a little distant for issues on the campus.

You referred to "Harry High-school" on this campus, this may be true in some aspects, but you have gone too far in cutting down the student body in general . . . not everyone goes home on the week-ends or does not care to be interested in campus activities. Some people do want something out of college life besides a degree, they have a rare disease unknown to this campus, called "school spirit."

While reading through this issue I notice where the stop lights at the end of College Hill Drive were mentioned. Don't tell anyone, but someone made a big mistake. The lights will not help you to enter or leave College Hill Drive. Also the people crossing at the crosswalk by the gym will not benefit from those strategically placed lights. I suggest someone check into this before something happens, like a huge traffic jam.

Neil Dorsey

Dear Editor:

Why is a good thing so quickly and thoughtlessly abused? It seems as though every year we abuse and then lose more privileges. The privileges that we have lost in the past are very real to us all and we continue to gripe and grumble about them and spend months trying to regain even a portion.

The next privilege to be lost by the students will be the privilege of operating two wheeled motor vehicles on campus. This is not a Madame Loraine prophecy, it is a fact. There is still time, however,

to avert a necessary and final decision from our administrative officials. The students who operate motorscooters, bikes, and mopeds will have to make a positive decision quickly. Here are my suggestions (hard learned) which will help to destroy the image we have so carelessly molded for ourselves.

- (1) Keep your baffles in when ever on campus and try to get to class as quietly as possible.
- (2) No Steve McQueen stunts! Don't swerve around and between lanes which are slowing for pedestrians or speedbreakers.
- (3) Keep on roads designated for vehicular traffic. Don't invent shortcuts. No climbing or scrambling anywhere on campus.
- (4) Obey campus speed limit (20 m.p.h.) at all times. Don't draft cars or pass speedbreakers.
- (5) Be more cautious when driving tandem.
- (6) Don't lean on curves, especially around Men's Dorms. This is a danger in many ways and frightening to pedestrians.
- (7) Never ride through rain.
- (8) Park outside of dormitories and buildings and in customary places around campus never where a car could park. Don't park under the front porch of Jones.
- (9) Pass drop cloths may be purchased cheaply to protect your bike from the rain. Buy one!
- (10) Don't drive after sun down if you don't have adequate lights.

Let's continue to enjoy America's fastest growing sport in a safe and sensible way here on campus and start saving all of the noise for the track

Sincerely,
Steve Norwood

IT'S ALL GREEK NEWS

KAPPA ALPHA

The festivities for Old South, the KA's annual ball, were begun Wednesday afternoon, March 30 at four o'clock on the mall. Invitations were presented to the dates of the brothers and pledges who attended the annual ball at Morehead City. Those brothers and pledges participating marched in Confederate uniforms around the mall preceded by the No. 1 band who were on horseback.

Several KAs were elected to offices in the SGA elections. Steve Saitman was elected SGA vice-president while Ben Webb was elected Junior Class President. Jerry Medford and Steve Bartley were elected Junior and Sophomore representatives, respectively.

ALPHA DELTA PI

Last Tuesday evening Chief Jones of the Greenville Fire Department visited the Alpha Delta Pi house to show a safety film and to teach the sisters and pledges how to use the new fire extinguishers. We enjoyed the program and the knowledge which we learned about fire safety in our home.

Thursday night the brothers of Theta Chi entertained all the ADPI's at their home. Last week we attended the social which the Lambda Chi Alpha's gave at their home. We enjoyed the folk concert given by their singing trio.

Mrs. Annus Kennedy from Washington, N.C. has arrived and has taken over her position as our new housemother. We are pleased to have her with us.

Since the weather has turned so warm, the ADPI's are beginning to plan a weekend at the beach. This past weekend a number of our sisters and pledges attended beach parties at the KA's Old South and Pi Kappa Phi's Rose Ball.

The pledges of Delta Omicron have given the sisters a beautiful white Easter bunny. The rabbit has been named Pi-Pi by the sisters in the house.

LAMBDA CHI ALPHA

On March 26 and 27 the Colonial Chapter of Lambda Chi Alpha met in Raleigh, N.C. Thirteen schools from North Carolina, Virginia, Maryland, Delaware, and Tennessee met to discuss the problems of maintaining an effective fraternity. Among the problems are budgets, pledge programs, good public relations with school officials, other fraternities and the community. Representing East Carolina were brothers, Norman Cox, Foey White, Nicky Gross, Doug Byrd, and Johnny Wishart along with pledge Roland Orr.

Last week we bought a new stove for Mrs. Helen MacAndrew to show our deep gratitude to the sincere devotion she has shown us for the past five years.

Our new officers were formally installed at last week's meeting by Mr. Clifton Moore, our faculty advisor. The new officers are: Bob Kaylor—President; Bill Dickens—Vice President; Johnny Wishart—Treasurer; Barry Smith—Secretary; Charles Riddick—Rush Chairman; Garry Teachey—Social Chairman; Norman Cox—Pledge Trainer, and Bill Wooten—Ritualist.

Thursday night the pledges of Lambda Chi gave a social for the pledges of Alpha Phi sorority. Thank you for a good time AO's.

DELTA ZETA NEWS

After having fun with our Delta

Zeta News last week, we would like to be a little more serious.

We all had fun attending the various annual fraternity parties held this week-end. Those who attended the Kappa Alpha Old South and the Pi Kappa Phi Rose Ball really had a lot of fun.

To top off the whole week-end sister Rena Stapleford was crowned Friday night the Pi Kappa Phi Rose Ball Queen. She would like to extend her sincere appreciation to the brothers of Pi Kappa Phi for this honor.

Sister Carolyn Barnes was pinned to Raymond Perry a brother of Kappa Alpha and was serenaded Thursday night by the Brothers of KA.

We regret that after Easter we will be losing one of our sisters Ginger Taylor. She has announced that she and John Branyon a brother in Lambda Chi will be married April 17, 1965 at 4:00 P.M. in New Bern. The sisters gave Ginger a Surprise party Monday night and all are looking forward to the wedding.

Another one of our sisters Maxine Brown was serenaded by the brothers of Phi Kappa Tau and one of our new pledges Rickey Collins was serenaded Tuesday night by the brothers of Pi Kappa Phi. So this week our house has had a lot of music and entertainment.

CHI OMEGA

The Chi Omega's are proud of Sister Donna Day Bissett who was recently chosen East Carolina Student Teacher of the Year. Donna Day attended a convention in Asheville, N.C., where she received her award.

During informal rush the Chi O's pledged Pam Charles, Anandelle, Virginia; Cindy Ogden, Winston-Salem, N.C.; and Barbara Taylor, Virginia Beach, Virginia.

Thursday, March 18, the Chi O's were entertained by the Phi Kappa Taus. Everyone thoroughly enjoyed the evening.

Saturday, the Chi O's swapped pledges with the KA's. Both groups of pledges worked diligently to please the brothers and sisters. After the work came play. Also Saturday, four Chi Omega's from Bretnall visited East Carolina.

Congratulations to sister Ida Campen who has recently become engaged to KA brother Ruffin Odum.

We would like to welcome our new house mother — Mrs. Eva White from Colerain, North Carolina.

SIGMA PHI EPSILON

The Kappa Chapter of Sigma Phi Epsilon is proud to announce the following men who were initiated into the Brotherhood on Tuesday, April 6: Wes Ranes, Williamsburg, Virginia; and George Sherman, High Point, N.C. George Sherman is to be congratulated for winning the best pledge award.

The following two men have recently been installed as pledges of Sigma Phi Epsilon: Danny Debnam, Middlesex; and Glenn Stoglin, Rocky Mount.

The Sig Eps have come out on the winning end of their last two softball games. One victory was over Sigma Chi Alpha and the other was taken from Phi Kappa Tau.

Congratulations are in order for newly initiated Wes Ranes and his lovely wife, Carol, who cele-

brated their first wedding anniversary last week.

On the weekend of April 9-11 the Sig Ep Chapter will attend the annual Sig Ep Ball. The Ball will be held at the Holiday Inn in Burlington, N.C. with the Sig Eps from N.C. State being the host chapter.

Musical entertainment will be provided by the TAMS, the DIVOTS, and the CONTINENTALS. The TAMS and the DIVOTS will play for an informal combo party on Saturday afternoon. The CONTINENTALS will play for the formal Ball which will be held Saturday evening.

During the formal Ball there will be a singing contest, which will be held among the eight participating N.C. chapters and the chapter from the University of South Carolina. Each chapter will sing one fraternity song and one song of their choice. A prize will be awarded to the winning chapter.

The highlight of the final evening will be the crowning of the 1965 Sig Ep Ball Sweetheart. Each chapter will enter one girl in the Sweetheart contest. The East Carolina Sig Ep Chapter will enter as their candidate Miss Karren Black, a freshman, from Charlotte, N.C.

ALPHA PHI

Last week after the votes from the election were tallied, several Alpha Phis were elected to new offices. They are as follows: Joan Powell, senior class secretary; Gayle Morris and Ann Jackson, marshalls. Those sisters in the runoff were: Luray Mitchell, S.G.A. historian; Barbara Swinson, Jr. class treasurer; and Rosemary Saubier, Jr. class secretary.

We enjoyed a social with the Theta Chis last Thursday night. Tuesday night the Alpha Phi pledges had a social with the Lambda Chi pledges at the Lambda Chi house.

ALPHA OMICRON PI

AOPi's travelling secretary, Miss Karen Peeler, has been with the chapter all this week. The sisters appreciate all the help and guidance she has given them.

Sister Judy Byrd will be married to Clark Hampton on April 16. The wedding will take place in the chapter house with Rev. R. O. Byrd, father of the bride, conducting the ceremony. The sisters are looking forward to having a wedding in the house and everyone is pitching in to ready it for the occasion.

The sisters were very excited to hear that Barbara Johnson was pin-

ned to Jim Kesler, a brother of Kappa Phi fraternity. Jim attends the University of North Carolina at Chapel Hill.

Congratulations are extended to Ann Neville who was elected to the post of College Marshall and vice-president of Women's Judiciary in the recent campus-wide elections.

The AOPi's are looking forward to their social with the brothers of Phi Kappa Tau tonight. The entertainment will be provided by the AOPi pledges who will present a skit.

The week was a busy one for athletics. Ronnie Gay and Diane Crawford advanced in the archery tournament and Carolyn Wright, Ann Neville, and Kay Lampley posted victories in the badminton competition. This afternoon, the softball team faces Alpha Delta Pi.

The scholastic results for last quarter were announced last week. As a group the sorority posted a 1.52 average. Ten sisters earned a grade of B or better. Barbara Johnson and Carolyn Landidin attained an A average while Judy Ritchie, Ann Neville, Melonie Johnson, Joyce West, Judy Joyner, Patty Tart, Harriet Loy, and Lyn Watson acquired a B average on their work.

SIGMA CHI ALPHA

After 168 hours of car washing, no

sleep, cuts in many classes, and 128 clean cars, Sigma Chi Alpha donated a total of 300 dollars to the American Cancer Society. This project was climaxed last Tuesday night when four of the brothers attended the kickoff dinner for the Pitt County Crusade, and turned in the first official contribution for this crusade.

Congratulations are to be extended to brother Jim Lester for the pinning of Miss Debbie Tuttle. Debbie is the first girl to be pinned by a brother of Sigma Chi Alpha and also the first girl to be serenaded by the song "Sweetheart of Sigma Chi." Although we hate to see a brother take the traditional dunking in the fountain of Wright Circle, we are proud to have Debbie as our first "Sweetheart."

PHI BETA LAMBDA

A delegation from EC will represent the campus chapter of Phi Beta Lambda at the 11th annual convention in Durham this weekend.

Russell Edwin Tucker of EC is seeking the state presidency at the meeting; he presently holds the office of treasurer of the local chapter.

Alton V. Finch of the EC School of Business, will accompany the delegates as advisor.

Present state vice-president Harlan McCaskill, and Nora Taylor, state treasurer, will be among the EC students making the jaunt.

Sigma's Plan Roadblock, For Crippled Children

On Friday, April 9, Tri Sigma sisters and pledges will hold a Roadblock for Crippled Children to boost the Pitt County fund drive. All fifty Sigmas will work in conjunction with the Drive officials and the State Police to make the project a success. Scheduled from 12 noon until four o'clock, two blockades will be set up on major highways in the area. At these points, Sigmas will be appealing for contributions from motorists to the worthy fund. They would like to ask for active participation from the East Carolina students as well as county residents. "Sigma Serves Children" has long been a keynote to Tri Sigma's philanthropies. Through such projects as the Roadblock, the local chapter fulfills one small part of its nation wide sorority service in the community.

On Sunday, the members of Gamma Beta chapter will honor their parents with a Parents' Day. The reception will be held at the sorority house from 2:00 until 4:00. Alumnae and parents from several states are expected to be present at the event.

The Sigmas were recently challenged to a softball game by the brothers and pledges of Alpha Epsilon Pi. The duel will begin this afternoon, weather pending, on the campus softball diamond. The girls, realizing they are not among your better softball players, have made a few "slight" alterations to the rules. With these, they believe they can score and may even trounce the boys! Good sports that the AEP's are, they have a social planned to celebrate the victory of whomever may win.

GREEKS OF THE WEEK

This week we would like to recognize the outstanding Greeks on our college campus. These are just two of the Greeks that we will feature.

We would like to extend our congratulations to Witty Bass and Mar Elizabeth Coble for being chosen this week.

Congratulations go to these fine Greeks!

Mary Elizabeth Coble

A truly active sister of Alpha Omicron Pi, Mary Elizabeth Coble has displayed much enthusiasm throughout her sorority career. She is a senior from Smithfield, North Carolina and is majoring in primary education.

Although Mary pledged during her junior year, she has made many valuable contributions to the sorority. First on the list would be her election as president of her pledge class. After her initiation on April

12, 1964, she was appointed Special Events Chairman for the remainder of the quarter.

The first major group activity this fall was the Greek All-Sing in which Mary was one of the dancers. Her many hours of practice with the sisters helped AOPi tie for first place. Next Mary was appointed Chairman of the Homecoming Decorations Committee. Along the same lines, she directed the decorating of the house for Christmas. She helped with AOPi's local philanthropic project by organizing games at parties for underprivileged children.

Participation in all sorority intramurals is one of Mary's favorite pastimes. This winter she led the basketball team to their sorority championship.

Aside from sorority activities, she is a member of the Association of Childhood Education and Student National Education Association. Prior to her initiation, Mary was W.R.A. representative for her dormitory. Singing with the Women's Chorus was also on her list of activities.

Due to her student teaching assignment in Rocky Mount, her vivacious personality is missed at the AOPi house by all sisters and pledges.

Witty Bass, a senior from Wilson, N.C., has been chosen by the Kappa Alphas as their outstanding Greek.

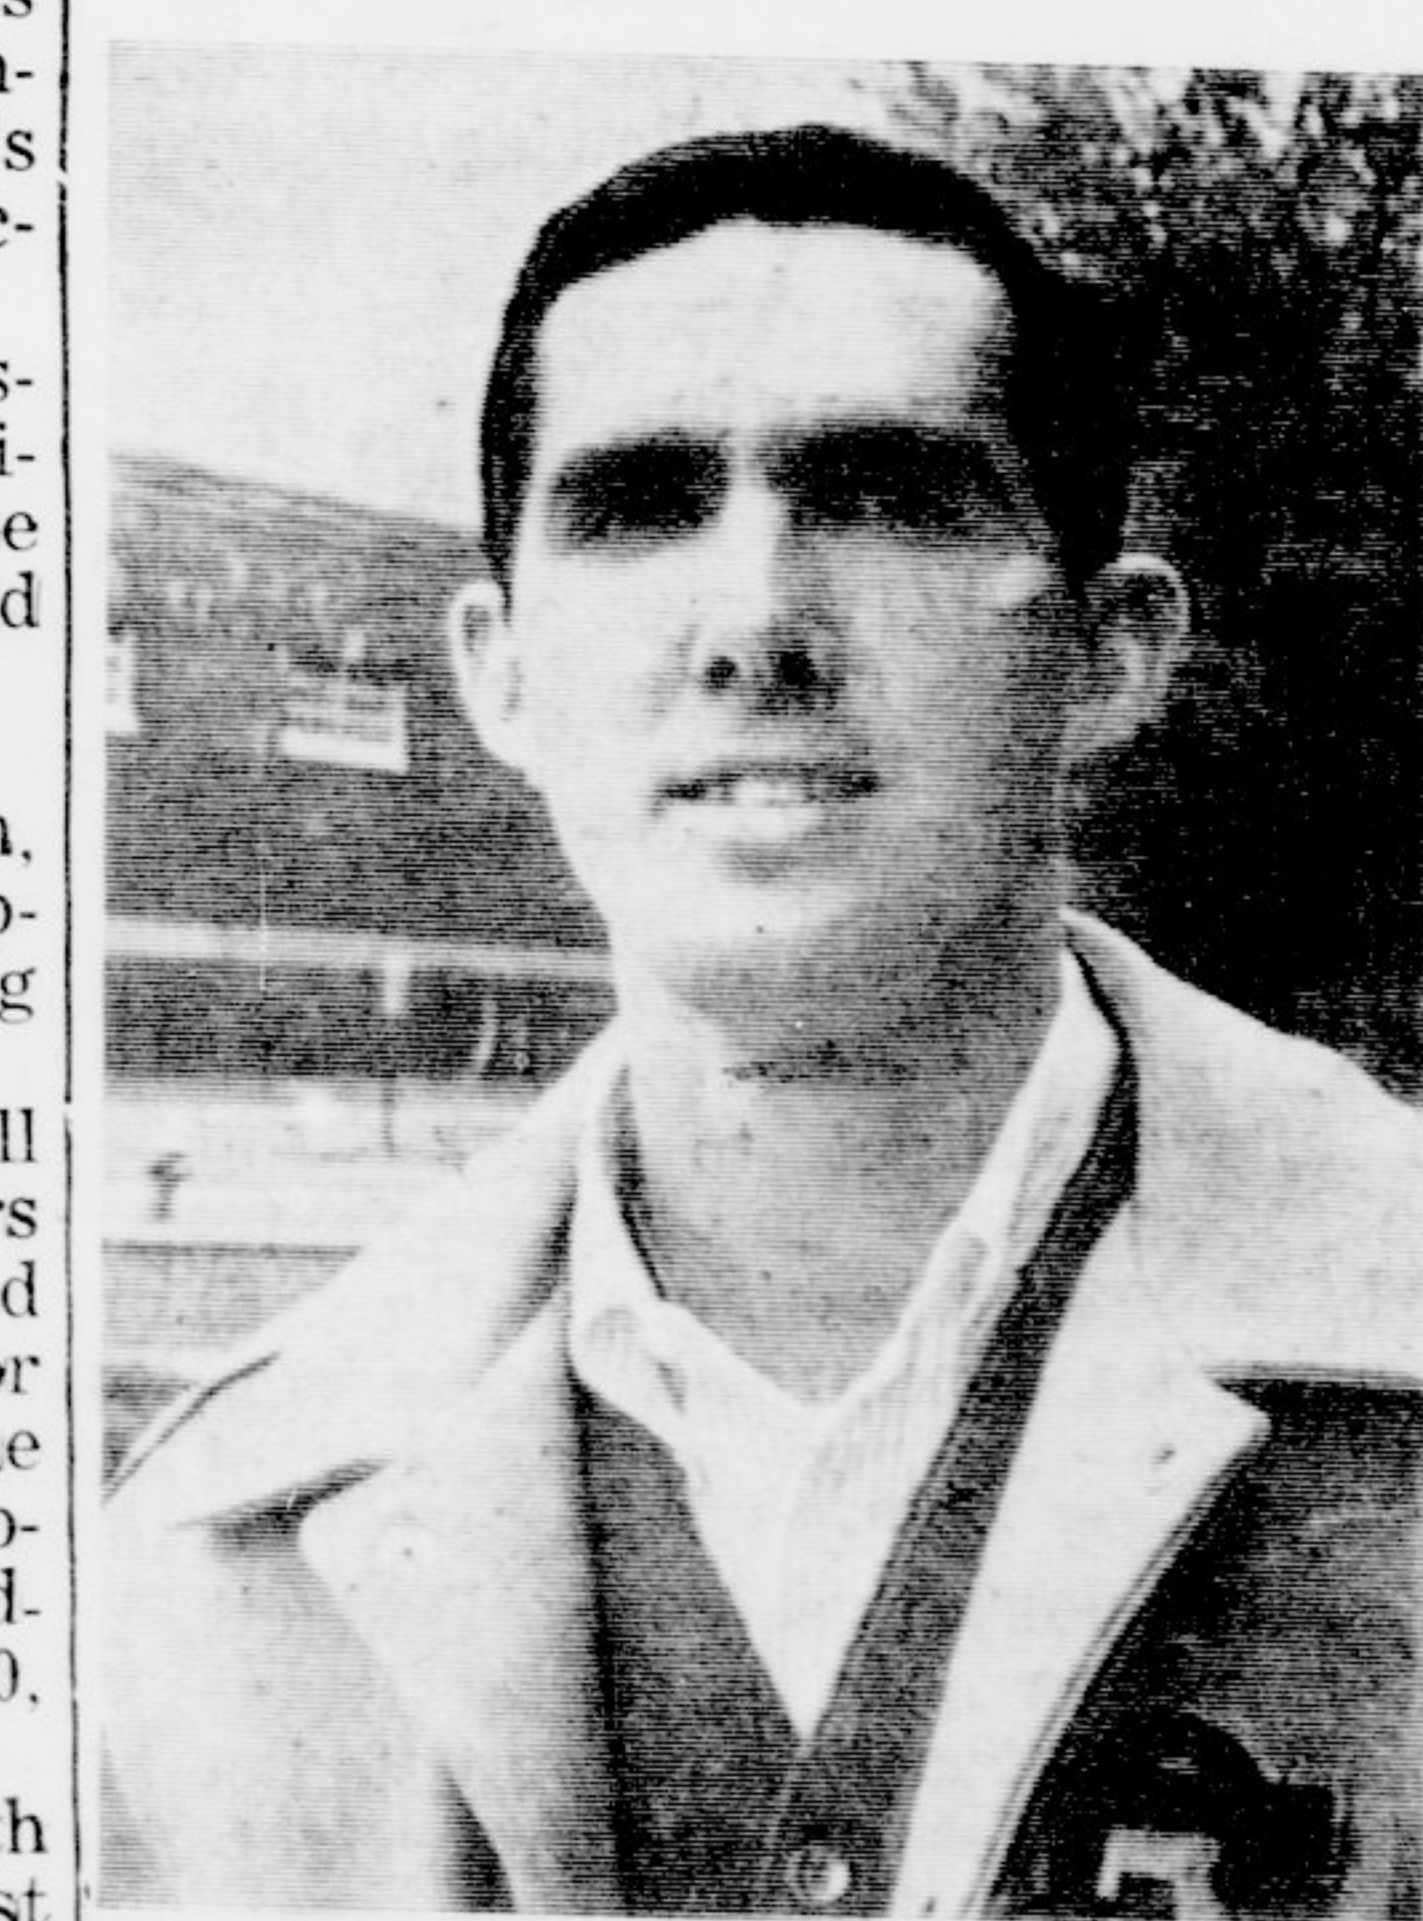

Witty came to E.C. on a football scholarship. He lettered three years as tailback and splitend. He served as captain of the track team for the last two years and received the Most Valuable award as a sophomore and junior. He is also the holder of the school record in the 440, and 880 yard dash.

Witty was invited to run with the Baltimore Olympic Club last summer one of the nation's highest ranked AAU track clubs. He won

four trophies, two silver platters, and eight medals in summer competition. Witty hopes to return to national championships as an 880 man this year, aiming for the 1968 Olympic in Mexico.

Sports are not the only area in which Witty excels. He is a member of the Circle K Club, the Men's Glee Club, President of Fellowship of Christian Athletes, a Junior Class Male Senator 1963-64, Recording Secretary at S.S.L. in 1964, and recognized in Who's Who in American Colleges & Universities.

After graduation in July, Witty plans to enter graduate school at E.C. and get his M.A. in Guidance and Counseling. He would like to serve as a High School guidance counselor and work toward olympics. After retiring from track, Witty plans to enter the Presbyterian ministry.

Whitty Bass

Pi Kaps Hold Rose Ball; Crown Stapleford Queen

Last weekend will certainly be one to remember around the Pi Kappa Phi house. The local chapter celebrated their annual Rose Ball at Morehead City, North Carolina, during this time.

All activities took place in the Athletic Beach Hotel and the Blue Ribbon Club — both located in the vicinity of the beach. A Friday night banquet was held in the latter location to honor the Rose Ball Queen for the school year 1965-1966. This year's queen is Miss Rena Stapleford, a sister of the Delta Zeta Sorority. Rena is currently lavatorial to Brother David McLawhorn.

On Saturday, parties began at nine o'clock and continued until one o'clock. Incidentally both of these times are "A.M." Entertainment was furnished by the truly "Fabulous" "Bob Collins and the Fabulous Five." When the combo concluded

their twelve-hour performance at one Saturday night, everyone was truly exhausted. Certainly the combo helped make the weekend the success it was.

Brothers George Styron and Walt Jacob were certainly influenced by the fresh, clean, salty air this week-end. Both became pinned — George to Sally Yopp, an Alpha Delta Pi sister; Walt to Kay Crawford, a sister of the Kappa Delta sorority.

Prior to Rose Ball weekend, Carl Darden was initiated into the Beta Phi Brotherhood. Carl is a transfer from Louisburg Junior College and was president of his pledge class.

During the last rush, Pi Kappa Phi pledged two outstanding young men — Bobby Gunter and Ken Kirby. The chapter has high hopes for these two new pledges and we are certain we won't be disappointed.

Take Advantage Of Insights; Shift Centers Of Gravity

(CPS) In the summer issue of Moderator, the national magazine for students, educator Harold Taylor recommends that universities should restructure themselves to take advantage of new insights regarding education offered by students.

Taylor, former president of Sarah Lawrence College, says that "on the whole, the students are right. . . It is the university structure which is wrong."

Suggesting a number of different ways that universities could better take advantage of creative student thinking, Taylor sees a need for a closer relationship between faculty and students. Giving status to teaching rather than research, he suggests, would work to benefit both students and faculty members.

A more flexible curriculum, with fewer required courses, would likewise make education more challenging on both sides of the lectern.

Freshman courses, he says, should be changed to provide for "seminars

taught by first rate teachers. . . without examinations, without grades, and with a content which did not restrict itself to departmental offerings but which explored significant problems of contemporary society and contemporary man."

To integrate living experience with learning experience Taylor suggests that dormitory structures be rearranged to foster a new integrated educational atmosphere on campus.

"Education does not consist of walking into a classroom and walking out with notes calculated to assist in passing examinations," he says.

"We must shift the center of gravity of the university," Taylor says, "away from a concern for the purely academic transmission of information into a greater concern for the total education of the student as a person and as a citizen."

Moderator, distributed on a controlled basis to 30,000 leading college

and university students, will publish six times during the coming academic year. The current issue also contains an extensive examination of the draft, an article on college dining, an exploration of the new theater as it is being formulated in our drama schools, an interview with Edward Albee, a run-down of summer job opportunities, and a guide to hitchhiking in Europe.

Student Teachers Havelock, Crippen Complete Work

The first two student teachers in geography at East Carolina are now completing their assignments in high schools in North Carolina. Haywood Denard Harris of Havelock and Gilbert William Crippen of Tampa, Florida have been assigned schools for their teacher training.

Harris is teaching in Goldsboro and Crippen in Ayden.

Dr. Dale Edward Case, supervisor of geography student teachers, said the students are now being trained in new techniques and methods in their field, as outlined in the course "Teaching Geography in the High School."

Twelve students are now enrolled in the BS program in geography at EC and will be placed in student teaching situations next school year.

Dr. Case pointed out that the expansion of the program is in keeping with the "greater emphasis now being placed on geography in the state especially at the high school level."

IA Elects Fegan To Presidency

Epsilon Pi Tau, honorary Industrial Arts fraternity, held a meeting recently for the purpose of electing new officers for the 1965-66 school year as well as settling a few other matters at hand. The election results were President, Harold Fegan; Vice-President, Ron Davis; Secretary, Joshua Tucker; Treasurer,

These officers will be installed in May at the annual banquet. The banquet is one of the largest events created by the fraternity each year. Usually there are several members from the state government as well as the higher members of the College administration which attend the banquet meeting.

The fraternity is presently involved in a newsletter project, which will be published in the Graphic Arts laboratory. It will be addressed to the Alumni of the fraternity, informing them of the activities within the fraternity, department, and College.

Three new members were voted in and we hope to receive more after grades from winter quarter come in.

Bridge-For-Fun In Wright Lobby

Bridge—for—fun, refreshments and prizes will highlight the quarterly CU Bridge Party on Wednesday night, April 14, at 7:00 p.m. in the Wright Lobby.

Students, Faculty and Staff are invited to join us for an evening of bridge and pleasant conversation. So that we may know how many to expect, please come by the CU office (Room No. 101 Wright Auditorium) to sign-up—not later than Tuesday, April 13.

Phi Omicron Chapter Initiates 7 Members

Seven coeds were initiated this week into East Carolina's chapter of Phi Omicron, honorary home economics fraternity.

The formal initiation ceremony was held in the parlor of the home economics department. Izora Jean Bell, vice-president, conducted the services.

The new members include: Doris Glen Owens, Mrs. Ellen Fisher Bell, Linda Sue Darnell, Mary Sue Noffz, Elizabeth Green Harrison, Mrs. Sylvia Davis Doty, and Betsy Crowell Barbee.

Grand Finale

By BRYAN BENNETT

Zero minus forty-six days and still so much to do. Here is an idea some one mentioned to me. I thought, I might pass it on. As you know, "Senior Weekend" this year is April 23-25. It might be a good time for fraternal and service organizations on campus to honor the Seniors who will be departing their organization.

Next year, Senior Weekend could be extended into "Senior Week". Personally, I would recommend doing away with the "Junior-Senior Prom" and concentrate on an entire week of co-ordinated events. For instance, during that week organizations could honor their seniors during their weekly meeting. Friday night, the College Union could have an "Honor Seniors" Combo Party. Saturday night, the S.G.A. could sponsor an entertainment series and the Senior Class Banquet could be held Sunday evening - rounding out

a full week of events.

What is the reason for all of this? I think it rather simple. East Carolina could have one of the strongest, most effective alumni associations in the South if we could just make our alumni identify themselves with the college. But how can one expect an alumnus to identify with the college after graduation when he felt no identity with the college while he was a student? This seems to be the heart of our problem. So, let us honor our Seniors; let us show them we are proud of the contributions they have made to the college while they were here, and that they were here and that

I predict that the Class of 1965 will make one of the strongest contributions to the alumni association seen thus far in the fifty-eight year history of East Carolina. I wonder if the Class of 1966 will do the same.

Ditchdiggers And Professors Talk Essentially The Same

(CPS) — "Love" is more popular than "hate" and "war" is more popular than "peace." This surprising result was found by scholars from the University of Chicago and the University of North Carolina who recently compiled a list of 3,300 most popular words in the English language.

Far and away the word that receives the most frequent use is "is." — yes it is, it is is that is. Although the results may seem a bit confus-

ing to enunciate, this result is not unlike the rest of the report, which found "man" to be more popular than "woman" but found that "mother" had a considerable edge over "father."

The researchers discovered that "is" pops up 439.62 times in every ten thousand words. "The," "and," and "to" follow in general usage in that order.

The scholars also decided that vocation has little influence on vocabulary" ditchdiggers and college professors speak essentially the same. Despite the fact that Webster's lists half a million words, people stick pretty much to the same old words.

Some random comparisons from the list: — "I" ranks sixth, "you" ranks 37th; — "No" is 87th, "yes" is 366th; — "Happy" is 202nd, "husband" is 203rd; — "God" is 511th; — "Love" is 264th; "hate does not appear; — "War" is 3,051st, but "peace" does not appear.

The study also reported that the first 33 words on the list constitute over half of a person's everyday speech.

Professor John East Goes Phi Beta Kappa

Professor John P. East of the Political Science Department will be admitted to Phi Beta Kappa next month.

An honor graduate of Earlham College, Dr. East was invited to join by the chapter at the University of Florida where he completed his Ph.D. last year.

He will be formally admitted on April 9.

Dr. East received his AB degree with honors in political science from Earlham in 1953, his bachelor of laws degree from the University of Illinois in 1959 and his MA from the University of Florida in 1962.

His doctoral dissertation is a study of the political philosophy of Richard S. Childs and will be published next fall by the University of North Carolina Press.

Director Jacobson Previews Lecture

Dr. Leon Jacobson, director of a 32-day European study tour this summer, will deliver a lecture preview at 2:00 p.m. Saturday in 130 Rawl.

Dr. Jacobson will discuss England, Belgium, Holland, Germany, Italy, and France with color slides.

The tour is sponsored and offered for college credit by the EC Extension Division and will last from June 6 through July 7.

Interested persons are invited to hear Dr. Jacobson's preview and to attend a social hour following.

University Awards Padgett Fellowship

James Aaron Padgett of Onslow County, a senior biology major at East Carolina College, has been awarded a fellowship for the coming academic year at the University of North Carolina at Chapel Hill.

The fellowship, which is renewable, will allow Padgett to devote full time to classwork and research towards a graduate degree. He will study in the department of environmental sciences and engineering of UNC's School of Public Health.

For the past two years Padgett has served as a laboratory assistant in biology. Recently he completed a research project on factors affecting flowering in the Japanese morning glory.

ART FRATERNITY SPONSORS
ART SALE—APRIL 10

Delta Phi is sponsoring a watercolor and drawing sale April 10 from 9:00 a.m. to 5:00 p.m. in the foyer of Brody's.

The show is open to the entire art department, with a \$1 entry fee, which will go to the art fraternity.

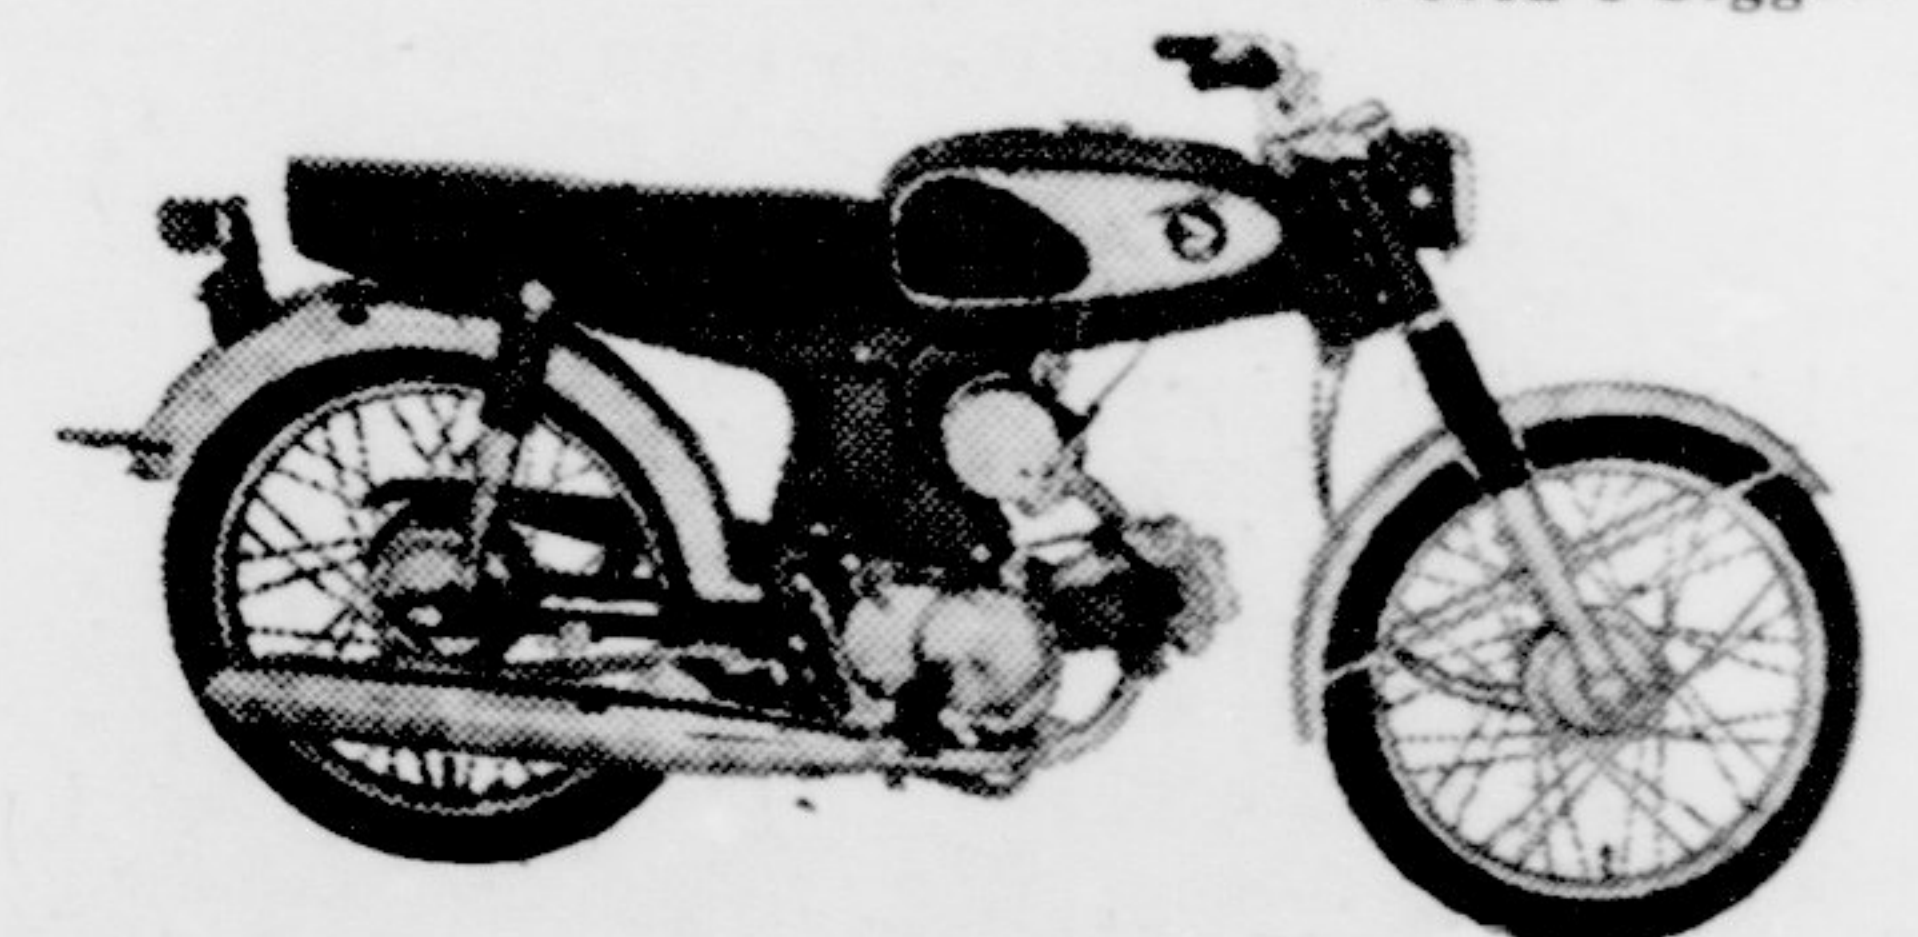

Parks anywhere

A Honda is a slim 24" at the widest point. This narrows down the hunt for a parking space considerably. You can slide into almost any shady spot. Like just outside of English Lit. Hondas fit into slim budgets too. Prices start about \$215*. Gas goes farther, up to 200 mpg on some models. And cutting your wheels in half does just about the same thing for insurance costs. Or more.

This is the sporty Super 90 with its distinguished T-bone frame. Tops 60 mph. Just one of the 15 Honda models that make other campus transportation strictly for the birds.

See the Honda representative on your campus or write: American Honda Motor Co., Inc., Department CI, 100 West Alondra Boulevard, Gardena, California 90247.

Women's Fraternity Gives Spring Concert

Sigma Alpha Iota, women's honorary professional music fraternity, will present "An Evening's Entertainment in Song," a spring musicale, Sunday, April 11, at 8:15 p.m. in old Austin Auditorium.

Under the direction of Jacques Shipp, Fraternity Music Director, the thirty-one sisters will provide an evening of light and serious selections spanning the four centuries of western literature from Palestrina's "The Scribe is O'er" to Mancini's "Moon River." Ronnie Campe, harpist, and John Olsen, French hornist, will assist the group on Brahms' "I Hear a Harp," Ravel's "A

Blossom Falls," "I Feel Pretty" and "I Could Have Danced All Night" from My Fair Lady, and the Kentucky mountain tune, "I'm Only Nineteen," will round out the program, highlighted by the contemporary cantata, "A Sketchbook of Women," by Thomas B. Pitfield. The "Sketchbook" features women of "varied mean and look" from the "Old Woman" to the "Suttish Young Seamstress of Ipswich."

Carol Pearce and Stephanie Wasile, cellists, will assist the accompanying of the "Sketchbook." Bette Jo Gaskins will provide piano accompaniment for the musicale.

Sigma Alpha Iota, Women's Honorary-Professional Music Fraternity will perform an unusual spring musical, Sunday, April 11, at 8:15 in old Austin Auditorium. Given under the direction of Jacques Shipp, the concert will consist of such songs as "I Feel Pretty," "I Could Have Danced All Night," "Moon River," and many more.

Ignored Leftist Minority Group Wins Equal Rights

A long ignored leftist minority group has finally won equal rights at two campuses.

At the State University of New York College at Geneseo and the University of Maryland, left-handed desks will soon be installed for openly discriminated against students.

At Geneseo, approximately five percent of the 198 sea in a new building to be dedicated by the state will have rise-up writing surfaces on the left side. The five percent figure was arrived at in a national study, according to Paul Suter, chairman of the division of natural sciences.

At Maryland, about ten per cent of the desks in a fine arts building to be opened this fall will be for lefties. The Maryland concession

was prompted by letters to the editor of the campus paper, the Diamondback.

Tinrah Porasuphatana From Bangkok Leads Life Of Excitement And Unrest

By JOYCE C. TYSON

TINRAH PORASYPHATANA

Excitement and unrest are the words that underlie the life of Tinrah Porasuphatana from Bangkok, the capital of Thailand. Tinrah's father escaped from China shortly before the communist pushover, his mother is from Thailand, and Tinrah is a Siamese (explain that one).

Tinrah attended a Chinese school which, by the way, goes only through the fourth grade. He then went to Assumption School which is owned and operated by a Roman Catholic group. This Catholic school was destined to be an answer to his future needs since tiwas there that he learned English. However, at home he made an effort to speak Chinese around his parents because they feared he would forget the language of his ancestors. Well, when he didn't speak Chinese or English, he spoke Siamese, naturally.

Among Tinrah's varied activities is photography and outdoor sports. He also enjoys classical music. Tinrah is an industrial arts major and he plans to return to Thailand and apply his American ideas for the improvement of his country. Tinrah likes the American education system. He feels that he has more personal freedom here than he would in Thailand. You see, a Siamese student is not as free to make his own choices as is the American. Tinrah especially appreciates the friendly atmosphere that has enhanced his stay here in the states for the past three years.

"Kiddos, you might think the going is rough at E.C., but you ain't heard anything yet." Because of the scarcity of colleges and the stiff competition in Thailand, it's quite difficult to have a chance to be a college student. But those who succeed lead a most fascinating life. For instance, upper classmen reign on the campus and the freshmen are required to be submissive to their superiors. Freshmen must lug an upper classman's books or clean his room at his command. The first year male students are easily recognized because they must wear a white shirt and tie.

As far as dating is concerned, there is more dating among the college students than those of high school age; yet, dating is limited for all students. Parents do not allow their daughters to go out until they are well acquainted with the little fellow. As a rule, once a date is made, it's kept. Wonder Why? By the way, if the date is planned for the evening, the boy and girl must share their time together at HER home.

It is interesting to note that Thailand has been greatly influenced by the Western civilization except for the dating policies of course. Television and American movies are quite popular in the fair land of Thailand. Girls, beware! The Siamese females are keeping up with our styles and fads.

A message of wisdom from Tinrah to the E.C. students: "We are fortunate to have been born citizens of the U.S. and to have been reared in a free and prosperous land. In comparison to other countries, we have the greatest opportunity to learn and to think for ourselves. So let's do the BEST not only for E.C. and for the United States of America, but for all mankind."

Sutherland Directs Upkeep, Construction, And Planning

Mr. Jerry Sutherland is the director of maintenance, construction, and general planning here on the East Carolina Campus. He is in charge of the construction now going on at E.C. and is also in charge of the building of the two new dormitories and the new music hall, which he hopes to begin construction on by April 15, of this year.

Mr. Sutherland was born in Texas and was graduated from Texas A&M. After graduation, he worked as a contractor in Dallas, Texas for five years and then worked in an electronic firm for seven years. Here in Greenville, he was in charge of the Voice of America construction, when he was discovered and contracted by E.C. for his present position. He works for the college itself but also takes jobs on the side for students who desire his services as a contractor.

Mr. Sutherland has been at E.C. for on year and likes Greenville very much. He and his family were planning to stay in Greenville to live even before he got a contract

to work here. He works six days a week, plus taking a correspondence course in law, which takes up quite a bit of time in itself.

Mr. Sutherland's hobbies are golf and politics. He would like to, and plans to, get into the political whirl within the next few years.

A busy man is Mr. Jerry Sutherland. In addition to being in charge of the present construction going on at EC, he is also in charge of the building of the two new dormitories and the new music hall which he hopes to begin by April 15.

President Johnson Notices Students

(CPS) — In his television address to the nation introducing new voter rights legislation, President Johnson said that the recent events in Selma, Alabama, had outraged the conscience of the nation. And few people have been as vocal and active in their outraged as thousands of students across the country.

Nearly every major campus has witnessed protest marches, sit-ins, or other forms of demonstration designed to encourage federal action in the state of Alabama. The President, demonstrators declare, must take steps to protect individual citizens.

To prove that protest demonstration in far-away parts of the country are not merely empty gestures, 50 students and faculty members of Wayne State University traveled to Washington as part of a Michigan delegation pressing demands for federal intervention; Harvard and Radcliffe students sat in at Boston's Federal Building overnight; and 30,000 people demonstrated in Boston's Commons demanding "federal action."

At the University of Colorado two

professors and one member of the University's Board of Regents have left for Alabama; five University of Florida students have left school in mid-term to be present in the state; and scores of students from dozens of schools are using free weekends or their spring vacation to go to Alabama and work "on the front lines" for civil rights.

Students from Washington area schools sat-in at the White House in nearly an inch of slush and melted snow; Mario Savio, erst-while leader of the University of California and Temple University has given full tuition scholarships to the four children of the late Rev. James J. Reeb, an alumnus of the school.

The demonstrations of concern taking place across the country represent one of the most widespread involvements in a specific national issue to sweep the university community in several years.

Selma, of course, is not really new. The Student Nonviolent Coordinating Committee (SNCC) has been engaged in work there for over two years. But with national attention suddenly brought to a focus, Selma has become symbolic.

Students who have travelled to Selma and Montgomery have found conditions far from encouraging. Sleeping arrangements are makeshift at best, townspeople are unfriendly, sometimes actively, toward the "intruders," and most students arrive without any tangible idea of how they can work constructively in the situation.

WON YESTERDAY—Buc pitcher, Pete Barnes, hurling from behind that bright number "16", tossed the Pirate roundballers to a 3-2 victory over Brown University yesterday.

'Sunshine' Goes To North

(CPS) — A group of Harvard law students have decided to bring a little sunshine, in the form of a Newsweek cover girl, to the gloomy north. Calling themselves "Instant Pudding, or the Ad Hoc Committee to Bring Vicki Albright to Harvard," the students are now raising money to bring the University of California at Los Angeles coed to Cambridge right after spring vacation. According to the group's spokesman, Herbert J. Rogers, Miss Albright's picture on the cover of Newsweek's "Campus '65" issue reminded him of the need to "dedicate yourself to something totally foolish." The immediate response

to this "visceral reaction" was to phone Miss Albright. "We're inviting her because she's there," Rogers explained. The Ad Hoc Committee first considered naming Miss Albright "Miss Due Process" or "Miss Legal Development," but they finally decided to honor her as "Woman of the Year." After consulting with her agent, Miss Albright decided that she was "very interested" in the invitation. The agent said that this was "one offer she would accept out of the many that were made." "It's a little like Moon Maid coming to Harvard, if you read "Dick Tracy," Rogers crowed.

BUC BEAUTY—As the blossoms bloom about the campus, so do the coeds. Miss Brenda White, chosen as this week's "Buc Beauty," is a 5' 4", interior design major from Elizabeth City, N. C. Brown eyes and brown hair. Brenda likes sewing, twirling, and swimming.

EC, W&M, Springfield And Fort Eustis Meet In Track

East Carolina placed fourth in a quadrangular meet with William and Mary, Springfield, and Fort Eustis. William and Mary had the best depth of any of the teams in the meet and dominated with 73 points. East Carolina managed only 10 points on a second place finish, 2 third places, and 3 fourths. Springfield finished second with 50 points and Fort Eustis third with 43 points. Fort Eustis was strong in the sprints as Tom Randolph won the 100 and finished second in the 220 yard dash. Charles Strong of Fort Eustis finished first in the 220. Springfield College took a second and third in the 100 and a fourth in the 220. The winning time in the 220 was 22.1 while the 100 was clocked in 10.1. Fort Eustis also demonstrated its sprint ability by winning the 440 relay in 43.3 while Springfield finished second at 44 flat. In the 440 yard run, Fort Eustis maintained its superiority with Charles Strong placing first. William and Mary began to show its strength with second and fourth place finishes while Springfield took third. Whitty Bass of East Carolina finished second only to the record-breaking performance of Jim Johnson of William and Mary. Johnson shattered the old William and Mary record of 1:55.7 that was set

last year with a 1:53.7 performance that cut two full seconds off the old mark. Johnson also led the William and Mary runners to the first places in the mile run. Johnson won the event with a 4:22 clocking. The distance runs were William and Mary's specialty as they also took first and second places in the two mile run. The mile relay went of course to W & M in a 2:23.6 team with Springfield second. L. T. Lilliston of the W & M Indians took firsts in both the 120 yard high hurdles and the 330 intermediate hurdles, winning the 120 yard event in 15.8 and the intermediate hurdles in 41 flat. Springfield College swept the discus, led by Joe Udugno who won the event with a heave of 141' 2". Springfield was strong in the field events with a second and third in the shot put also. Roger Bates of W & M was the winner in that event with a toss of 49' 3". Gregg and Stephens of East Carolina tied for third in the high jumps, taking third and fourth places while Bob Gonzales of Fort Eustis jumped 5' 10" to take a first

in the event. Herb Thomas of Fort Eustis the broad jump with a leap of 22' 1" and one-half inches, but he grabbed off the second place. Thomas finished in the pie jump with a 41' 2" leap. He gave him his second first of the day. William and Mary had one and here also. Joe Sasser of the Indians took third in the pole vault and Price, the East Carolina runner, had an off day and finished in fourth place. Springfield & M took the event and while Springfield took the javelin with Bill Tomlin, a way lofted a toss of 137' 4" good enough for another first for the Indians. In all, William and Mary took first places in the 100, 220, 440, 440, 800, 1600, 3200, 6400, 12800, and 25600 yard events and won one of the 5000 and 10000 yard events. Fort Eustis finished in places in the most and took one. Seven second to Springfield College. The Indians took a second place. Eustis and East Carolina had a piece

Intramural Golf

1. Pi Kappa Alpha; 2. Kappa Alpha; 3. Reif's Team; 4. Lambda Chi Alpha; 5. Pi Kappa Phi; 6. Sigma Phi Epsilon.
Date: Played by April 8—1-2; 3-4; 5-6.
Date: Played by April 15—1-4; 2-6; 3-5.
Date: Played by April 22—1-6; 4-5; 2-3.
Date: Played by April 29—1-5; 6-3; 4-2.
Date: Played by May 5—1-3; 5-2; 6-4.
Time: The teams will get together

and decide where, when and how the games. Scores will be turned to the intramural office who will match with the signature of the teams.
Champions will be the team with the best record. The team will play without officials and scoring will be on college basis. Each member of the team will play another member of the team.
Scoring—3 points.
Total — one for winner of each one point for each 9 holes one.
Team totals will be sum of individual points. Medal play will be hole won, not strokes.

COLLECTING SPLINTERS—East Carolina is at the plate. The team watches intently at Buc batsman. Everything looks fine. The Pirates have racked up an 8-1 record thus far in the season. They are scheduled to play Duke today.

THE SAFE WAY to stay alert
without harmful stimulants

NoDoz™ keeps you mentally alert with the same safe refresher found in coffee. Yet NoDoz is faster, handier, more reliable. Absolutely no habit-forming. Next time monotony makes you feel drowsy while studying, working or driving, do as millions do... perk up with safe, effective NoDoz Keep Alert Tablets.
Another fine product of Grove Laboratories.
