

## Singers Top Senior Weekend

AN UNEXPECTED discovery of a new and happy event . . . that's what serendipity means . . . in Greek. But Serendipity Singers mean a night filled with pleasure. They'll be here Saturday night.

### Serendipity Singers Entertain Students

Living up to their chosen Greek name which means "an unexpected discovery of a new and happy event," the Serendipity Singers will highlight Senior weekend with a concert at 8:15 Saturday night in Christenberry Memorial Gymnasium.

The Serendipity Singers, now consisting of 9 members, began at the University of Colorado as a trio consisting of Bryan Senett, Brooks Hatch, and Mike Bronsky.

Soon the trio's musical aspirations far exceeded its size; so the group added bass player, Boy Young; twelve string guitarist, John Madden; and tenor guitarist, Jan Arbeng. The new sextet performed at University parties and local civic and social groups.

Six months later the group enlarged to its present size by the addition of Tommy Tieman, a talented tenor and guitarist; and Diane Decker, an impish blonde who had worked with Tieman in a comedy duo. The Serendipity's most recent addition is Lauree Berger, a talented singer from Pittsburgh, Pennsylvania.

The group's first major appear-

ance was at New York's Bitter End, a coffee house owned by Fred Weintraub who is known for having discovered Peter, Paul, and Mary and Bill Cosby.

"Don't Let the Rain Come Down," one of the Serendipity's first recordings, was a national hit and rose to number five on the nation's popularity charts. Since that time, the singers have two more albums, the last of which became "the rage" in its first month due to a song called "Same Old Reason."

The Serendipity Singers compose about 90 percent of their musical material, and they classify their particular sound as "Folk Jazz" which they define as folk orientation but with jazz arrangements and instrumentation.

The ancient Greeks had a word for it, but Saturday night EC students will experience their own private "serendipity" with the appearance of the Serendipity Singers.

Tickets for the concert are now on sale to the public at \$3.00 at the central ticket office. Student tickets may be obtained free of charge.

### 'Old Songs Of Troubles' Characterize Josh White

Folk and blues singer, Josh White, will head Senior Weekend entertainment by rendering a concert Friday night at 8:15 in Memorial Gymnasium.

Josh White was born in Greenville, South Carolina where he learned the techniques of traditional blues first hand. "They didn't call it folk music then," states White, "we just sang the songs we knew, the songs of our troubles and everybody's troubles."

Starting at the age of 14, Josh White cut 16 of his first records at the mental pay of \$100. "In those days," explains White, "there was no such thing as a musicians' union. You just kept recording until they decided they had enough for their \$100." "The Christian Singer," as Josh is often called, was praised by

church groups for his spirituals, but it was the folk and blues that established his reputation as a singer.

Josh managed to find jobs singing on radio and in churches around New York. He soon married a pretty young soprano named Carol Carr. Misfortune struck with the newly weds when Josh's right hand was cut so severely that the doctors wanted to amputate three fingers. To Josh this meant the end of his musical career, the end of his beloved guitar playing. Josh wouldn't consent to the amputation and left the hospital with his hand partially paralyzed. It took nearly five years to regain his skill on the guitar.

Josh finally landed a part in a Broadway show called "John Henry." This performance opened the door

for White's career. Engagements followed in the East Side Supper Club and the Blue Angel.

White's musical expression of the fear, squalor and depression of the Black South soon won the attention and the praise of President Roosevelt, who invited Josh to perform at the White House. Josh dedicated a ballad to the President, one of his most touching, "The Man Who Couldn't Walk Around."

On a tour in Europe with Mrs. Roosevelt, White's concerts were so applauded that in Copenhagen, the King of Denmark sat on the floor and joined him in an impromptu "hootnanny." In England, Princess Margaret asked him to sing "Don't Smoke in Bed."

The fact that Josh has reached a degree of success which a folk and blues singer seldom attains has not made him forget that he is a man of the people. "My songs are still the people's songs," he concluded. "I still sing about the things that people can feel — all their happiness and all their grief."

JUS JOSHIN—Often he is called the Christian singer . . . that's Josh White, who will appear in the Gymnasium tomorrow night. Oh, by the way . . . the King of Denmark once joined him on the floor in an impromptu hootnanny!

### 'Fear Gives Technophobias To Man' Says Dr. Seaborg

"Man has had a natural fear of scientific advancement — 'technophobias' — from the stone age to the present," said Dr. Glenn T. Seaborg in a lecture on campus April 14.

Speaking to a nearly full Austin Auditorium on "The Growing Pains of Our Technical Society," the Nobel prize winner related many of the fears, awe, and prejudices that technical innovations have met throughout the ages. He cited numerous examples of "techniophobias," such as the gasoline-powered automobile engine which brought fear to people's hearts.

Seaborg also mentioned a ludicrous example of a New Jersey law passed for the protection of young ladies against combining X-

rays and opera glasses. The modern controversy concerning fluoridation of drinking water was also mentioned by the famed scientist.

Seaborg also spoke on the misconceptions surrounding the nuclear reactor. A common concern for the possibility of accidental explosion of a reactor was noted by the speaker; however, he emphasized that there is relatively little danger in such an accident due to the difference of reactions between a nuclear bomb and a reactor.

In conclusion, Seaborg reiterated the increasing complications of our modern society and expressed his belief in the importance of liberal arts colleges such as East Carolina. According to Seaborg, these institutions are making like a less-confus-

ed affair and is preparing an informed group of citizens to take up the challenges of the modern world.

Following the lecture, Dr. Seaborg answered questions from the floor.

What are the plans for blasting of a new canal through the Isthmus of Panama by controlled nuclear explosion and would it affect the Test Ban Treaty?

Seaborg said it would be economical to use nuclear energy — but it would require an amendment of the Treaty.

Dr. Seaborg said that it would be five or six years before Red China developed a thermonuclear weapon and eight or ten before she could deliver a sophisticated bomb to the U.S. or the world.

SEABORG SPEAKS—Speaking at a news conference and in lecture last week, Dr. Glenn Seaborg announced a U. S. co-operative program and the success of the SNAP satellite.

## on senior weekend...

This weekend shall be known as "Senior Weekend". This is a prototype weekend for the institution . . . to honor the 1965 graduates. It is hoped that this will become a tradition at East Carolina.

Two top entertainment groups have been scheduled for the occasion. Tomorrow night, Josh White performs . . . the following night, the Serendipity Singers will swing out. Both entertainments should provide the added touch to the weekend.

What is the purpose of the weekend? This is the first time that the student body as a whole will have a chance to acknowledge the grads.

Previously the seniors have been ignored or overlooked by the student body. There has been no chance for the seniors to take their bow . . . with the exception of the commencement ceremony. The weekend will boost the prestige of the seniors.

Anyone getting through four years (or more) and graduating from this school deserves some recognition from his cohorts. This should be a precedent at EC.

But further benefits are to be realized by designating a certain weekend for the seniors.

First, there is the matter of big weekends at East Carolina. Last year, the only large weekend was Homecoming. Everyone seems to enjoy the big weekend in the fall. And we need another weekend during the spring that is comparable to the fall's Homecoming.

One further thought along this line . . . there should also be a big weekend during Winter Quarter. One blowout per quarter would be of great value to the student body and to the school.

There is a problem of entertainment at this school. This problem has long been recognized. But the entertainment is picking up. The school lacks the prestigious weekends found at other institutions . . . weekends that make the newspapers about the area.

There is a lack of tradition here also. This lack is to be expected for such a young and such a rapidly progressing school. These big weekends would add to tradition we so desperately need. And as these traditions become known . . . so will the institution.

Weekends of this type serve multifold purposes. This should be recognized. They honor certain living parts of the institution, add to the entertainment of the student body and enhance the prestige of a growing East Carolina.

## two paper tigers...

"In the name of the 650 million Chinese people, the standing committee of the National Peoples Congress of China today solemnly passed a resolution calling on the people's organizations and their people throughout China to make full preparations to send their own people to fight together with the Vietnamese people and drive out the U. S. aggressors in the event that U. S. imperialism continues to escalate its war of aggression and the Vietnamese people need them."

This resolution was sent via the Associated Press headquarters in Tokyo on April 20 (Tuesday). What does this statement mean to the U. S.?

First, this does not mean that China is going to push 650 million Chinese people across the borders to subdue the so called "U. S. aggressors." This also does not mean that China will get into the war even if the Vietnamese ask them to do so. The U. S., at such a time, could yell "escalation of the war" to high heavens.

Therefore, in effect . . . the Chinese National People's Congress has only stated that they do not approve of what the U. S. is doing in Viet Nam. This we already knew. China realizes that they are in a tight spot . . . not only with U. S. intervention in Vietnam but with their Russian "buddies" to the north. China is not ready for the big move now. They know it . . . and we know it.

But 20,000 U. S. students don't know it. These are the people who during Easter, marched in Washington against the U.S.'s position in Asia. When will they grow up and become realistic?

## Bob Browses

## Spring Is Here?

By BOB BROWN

At last the warm days of spring are upon us and we gaily trip to our hot little class rooms and go to sleep. Now for those of us that have classes in New Austin or Rawl building, we have it knocked!! Air Conditioning, the invention that prevents sound sleep while the instructor is speaking; by blowing cold air on the student. Ah yes, the wonderful air conditioner, why can't they put one in all of the dorms for us to enjoy??

In my day to day browsing, I come across many things that students say. Most of the time, when the student is mad, I cannot repeat what I have heard even though it was a good statement. Just the other day I heard a student say something to the effect of "if I had a gun I would shoot myself." College life is not always a bowl of cherries and it usually takes a per-

son quite a while to really buckle down and get to work. Most students just say things when they feel depressed and they really don't mean it.

So they built us a new crossing for the men on the hill. They even gave us our own WALK and DON'T WALK signs. Still that doesn't make the trip any shorter for us. Now as we walk down the hill, across the street and up by the basketball courts we have to go around cars that have parked on the sidewalk. At least I thought it was a sidewalk. Do not these students know that a sidewalk is for people and not for cars? Have pity on us pedestrians once in awhile, we are not as fortunate as some of you who do have cars, so come on, have a heart and give us some room.

Work has begun on the new men's dorm. Machinery is moving and the

dust is flying into every crevice of the hill. This new addition will really be good looking with the lobby looking down the hill. I wait to see what the finished duct will look like.

On the news the other day I saw that Russian scientist claims to have heard radio signals from space. These signals have appeared every 100 days and have no proof what ever of their origin. Maybe they are from another planet if so who cares???

There is a new record on the CHANTE label by the group "NO". This record is a new group known as the LITTLE DIANS and the sound is really let's hope the local station is playing it soon.

Enough blab for now, see you next week.

## Up From Liberalism

## The New Isolationism

By STEVE THOMPSON

There is a well publicized opposition in this country to our current action in Southeast Asia. Senator Thomas Dodd (D-Conn) has aptly labeled it, "The New Isolationism." The proponents of this tenet decry not only our attacks on North Viet Nam but our very presence in South Viet Nam. Their scareword is "escalation"; their cure-all is "withdrawal."

The promise for their views rests on the image that South Viet Nam is engaged in an internal struggle or civil war. Senator Dodd, in a recent congressional address, called this civil war concept "a plain lie." Dodd is an experienced observer of Southeast Asian affairs and continually makes personal trips to the area. His speech emphasized five points which merit particular attention: (1) The current conflict in South Viet Nam is simply naked aggression controlled and supplied from Peking via Hanoi. (2) The

people of South Viet Nam have the will to resist this aggression. 17,000 of them have died combating it in the last five years and two-thirds of the monthly army enlistment is composed of volunteers. (3) In the countryside where the peasant population lives a man is free to own his land, dispose of his abundant produce, worship according to his beliefs and guide the upbringing of his children. This type of environment is no breeding ground for Communism. Only the extermination of thousands of village leaders and teachers coupled with constant threats and mass intimidation, has made the peasant a servant of the Viet Cong. (4) The immediate withdrawal of United States forces would leave over a million refugees from the north at the mercy of the Reds. These people would become victims of a genocidal liquidation. (5) At present the United States is following a policy of containment in South Viet Nam. We are protecting the

territorial integrity of the nation from the pressures of Communism. We are not engaged on any program to free the millions above the 17th parallel or behind the Bamboo Curtain. We are merely letting them know that they shall go no further.

The Communists have no "National Liberation Front" in Burma, Thailand and the Philippines. A victory of them in South Viet Nam would tremendously boost their efforts. What response would the lovers of "The New Isolationism" render if the Communists began to cow the peasants of these areas? Probably the same conditional reflex — "It's a Civil War, pull out!"

The result of this maneuver Twenty - five years from now Viet Cong will be landing at the Beach; the Marines will be in at Disneyland and Walter man will be standing arms Nevada border yelling "West over extended."

The EAST CAROLINIAN comes letters from its readers. briefer they are the better the spect of publication. Letters should be kept to a maximum of 150 words. They should also be of general interest to all students. All are subject to condensation and conform to the standards of taste and good taste. We assume responsibility for statements in any letter that is not accompanied with the name of the person who wrote it will not be published. You wish for us to withhold name please state so in the letter.

# SGA Installs New Officers

CLASS EXECUTIVE OFFICERS—Left to right: Christ Christesen, Ben Webb, Martin Lasiter. Standing: Bob Lecour, Joan Powell, Carletta Redding, Becky Holder, and Bill Dickens.

SENIOR REPRESENTATIVES—Left to right: Joyce Sigmond, Celia Orr, Jane Mewborn. Standing: Mike Lambert, John Bell.

BILL DEAL and SCOTTY SCOTT make plans for an authentic 1700 pirate costume. The pirate's costume for the EC mascot is being given by the Sophomore Class. The costume will be ready by June 24, and should be a real asset to school spirit.

## New Senate Hears Reject Of Proposed 'Reading Day'

By FRANCEINE PERRY

The regular weekly meeting of the Student Government Association was held Monday, April 12, 1965 at 7:00 p.m. in Rawl 130. It was presided over by the Speaker, Bill Deal.

The Speaker called for reports. Bill Peck spoke briefly about the Model Congress held last weekend at Hollins College, at which he, Ray Owen, and Ross Barber were Senate delegates representing Nationalist China.

The Chair then read correspondence. The first letter was from Mr. Joseph Clark, supervisor of the Student Supply Stores, concerning the feasibility of a typewriter rental service for East Carolina students. Mr. Clark promised to report any later developments.

There was also a letter from Dean Robert Holt explaining that it would not be possible to end classes for the Easter holiday at noon Thursday this year, since a day had already been added. However, it will be under consideration for the 1965-66 session. He also wrote that the plan for a reading day between the end of each quarter's classes and the beginning of examinations has not met the Administration's approval. Instead, it is discussing the possibility of extending the exam period from three days to four, thereby lessening the load somewhat. The S. G. A. will be notified if and when a definite decision is reached.

Eddie Greene, new President of the student body, then took the chair and inducted the recently-elected class officers and represen-

tatives.

It was announced that the third floor of the Wright Building Annex, to be completed in June, will house the S. G. A. offices and committee rooms. Mr. Greene mentioned the N. S. A. and freshman beanies among the tentative issues for his administration.

The Speaker then resumed the chair to deal with two financial matters to be taken up with the old administration. They were the appropriation of \$175 to Photographer Joe Brannon for the purchase of new film and \$125 to repay the sop-

homore class for the new Pirate's outfit which it bought for Scotty Scott. Both measures were unanimously carried.

A motion by Bob Lecour, which provided for the installation of a laundry deposit in the men's dormitories was also carried without opposition.

The Speaker told the group that Dean Alexander had asked for its opinion about the issuance of tickets for the Josh White and Serendipity Singers concerts, to be given on Friday and Saturday, April 23 and 24, respectively. Jane Mewborn moved that tickets for both concerts be given at the same time. There was negative discussion from Ross Barber who reminded the members of the great number of students who could not get tickets for the Ray Charles program last fall. A motion was submitted by Mr. Barber providing three days to get tickets for one concert and three days for the other, thus perhaps affording more students to attend at least one concert. His motion was carried.

Eddie Greene resumed the chair to preside over the election of a Speaker. Bill Deal was accepted by acclamation for that position.

Bryan Bennett announced the plans for Senior Weekend, which include a reception at the home of President Jenkins and a breakfast at the Holiday Inn or the country club.

Mr. Deal introduced the guest speaker for the evening, Dr. Adams of the Infirmary staff. He spoke on the growth of the Infirmary over the last decade.

BILL DEAL, new speaker of the Legislature for '65-'66.

JUNIOR REPRESENTATIVES—Left to right: Bill Deal, Janet Jackson, Jerry Medford. Standing: Janet Broadhurst, Sally Yopp.

SOPHOMORE REPRESENTATIVES—Left to right: Cookie Sawyer, Steve Bartley, Majorie Hendricks. Standing: Joyce McFarland, Jo Anne House, Terry Wentzel.

## It's All Greek

## THE GREEK WAY

## SIGMA SIGMA SIGMA

On Tuesday evening, April 20, the sisters and pledges of Sigma Sigma Sigma celebrated their Founders' Day. Founded by eight young women at Longwood College in Farmville, Virginia, Tri Sigmas across the nation observed the sixty-seventh birthday of the sorority. Attired in long, white gowns adorned by purple and white ribbons, Gamma Beta sisters and pledges, along with alumnae and invited guests, were present at a banquet held at the Candlewick Inn. Chapter president and toastmistress Pamela Hall began a program saluting "Tri Sigma Now and Always."

Linda Bullard was voted by the sorority to receive the Best Pledge award, 1964-65. Presented yearly at the Founders' Day festivities, the award honors the Sigma who contributes the most in her pledge period. Linda, a sophomore from Lumberton, is currently serving as president of Psi pledge class.

Cornelia Holt, a senior from Troy, received the Scholarship Award, 1964-65. This award goes to the graduating senior who maintains the highest scholastic average during the year. A primary education major, Cornelia, Hiss Greenville 1963, has served as Sigma's Rush Chairman.

In conjunction with the Founder's Day activities, the Sigmas will travel Saturday to the Robbie Page Memorial, Children's Ward, at the University of North Carolina, Chapel Hill. There they will spend the day, seeing Tri Sigma philanthropy at work in the Sigma sponsored wing.

Many, many thanks go to the Greenville residents and college students for their participation in the Sigma Roadblock of last weekend. With their help, \$220.00 was collected by the sorority and presented to the North Carolina Society for Crippled Children and Adults. Also, the softball game and dinner given by the brothers and pledges of Alpha Epsilon Pi were enjoyed by all.

## ALPHA PHI OMEGA

Kappa Upsilon chapter of Alpha Phi Omega at East Carolina at its semi-annual election bestowed the coveted honor of president upon Pat McDuffie of Columbia, N.C.

Other officers named to aid in the new administration include Lane Hudson of Pactolus, first vice president; Robert (Bob) Petka of Wilmington, Del., second vice president and pledge master; Byron Dunn, Mount Olive, corresponding secretary; Mill McDuffie, Hamlet, a former president, recording secretary; Tom Stott, Norfolk, Va., treasurer; Gene Adams, Greenville, sergeant-at-arms; Allen Swinson, Dudley, historian; Jay Barber, Portsmouth, Va., chaplain; Lou D'Ambrosio, Strafford, Penn., chairman of social activities.

These newly elected officers, re-

sponsible for planning the program of work, developing friendship and service activities, are to be formally installed on April 24.

Brothers of A-Phi-O have designated April 23-25 as Parents Weekend. They have included in their plans a visit to the campus of the college, social events in the chapter room, a dinner on Saturday, April 24, following the installation of officers and a worship service at Jarvis Memorial Methodist church on Sunday, April 25, at 11 a.m.

The parents of the brothers of Kappa Upsilon will be given an opportunity to meet officials of the college administration, also during the week-end they are in Greenville, as well as getting an insight into the service program of the fraternity.

## PHI KAPPA TAU

On April 9, Phi Tau initiated seven pledges. These new brothers include the following: George Manos, Norfolk, Va.; Jimmy Young, Ahoskie, N.C.; Nim Newman, Greenville; Lindsey Gould, Raleigh; Ron Clapp, Whitsett; Jim Cashion, Mooresville; and Emit Smith, Liberty, N.C. Jim Cashion received the award for the most original pledge paddle, and Ron Clapp the best pledge award.

Thursday, April 8, proved to be an enjoyable evening for all the brothers when the AOTT sorority entertained the fraternity. The evening was highlighted by a skit given by the AOTT pledges.

Earlier this month on April 3, brother Bill Eggerman took his vows in marriage with Miss Judy Lawrence, a DZ sister from Winterville. Bill has been working with the National office of Phi Tau as a traveling secretary since his graduation last June.

Saturday, April 16, was the beginning of an annual Phi Tau Surfing Weekend at Atlantic Beach. Many brothers and their dates attended this affair trying to soak up some sun. It's rumored that Bill Moore and Frank DeMille may some day learn to surf.

Many brothers spent the Easter holidays at Virginia Beach with pledge Frank DeMille. Ray Owens, Ron Perkvisor, George Manos, Tom Diddy and others helped keep Virginia Beach in a partying mood.

Joe Hollomorr and Lindsey Gould spent the weekend with Ed Gresh in Raleigh and celebrated with a few Phi Tau brothers from N. C. State. It seems that Lindsey has suddenly sworn off dogs and steaks—ask him for an explanation.

The brothers wish to thank the old Xi pledge class for the addition of a bar in the party room as a pledge project.

## ALPHA OMICRON PI

Wedding bells will ring in the AOPi house tomorrow afternoon as Sister Judy Byrd marries Clark Hampton. Clark attends East Caro-

lina College at present. They plan to make their home in Greenville where they will continue their studies.

On Wednesday, the AOPi's entertained a group of thirty children at an Easter party. A big Easter egg hunt, games, and refreshments were the order of the day.

The social with the Phi Tau's proved to be very entertaining for the sisters of AOPi as they convinced the brothers to sing for them. It is hoped that the Phi Tau's enjoyed the evening as much as the AOPi's did.

The archery championship was clinched by an AOPi last week as Ronnie "Robin Hood" Gay managed to bring home the trophy. In the badminton tourney, Carolyn Wright and Lyn Watson advanced to the finals.

Alpha Delta Pi succumbed to the AOPi's last Thursday. Starring for the AOPi's was Diane Crawford who hit two home runs in the 18-3 victory.

This week the chapter recognizes Melonie Johnson for her outstanding contributions to the sorority. Melonie is a senior history major from Madisonville, Kentucky. She maintains a B average while participating in many campus activities. She serves as historian of the East Carolina Historical Society, is a member of the Young Democrat's Club, and held the position of rush chairman in the sorority for this past year.

For the past two quarters, Melonie was enrolled in an honors course in the history department. Only a few seniors were selected for the program. She was also one of a small percentage who was asked to apply for a graduate assistantship by the head of the history department.

## PHI KAPPA PHI

Lorena Ray (Rena) Stapleford, a brown-eyed brunette from Lenoir County, is the new "Rose Ball" Queen of Pi Kappa Phi social fraternity at East Carolina.

Twenty-year-old Rena, a junior from Kinston, is the official queen of the fraternity for the 1965-66

## Phi Beta Lambda Delegates Attend State Convention

Delegates from the East Carolina Chapter of Phi Beta Lambda attended the State Convention at the Jack Tar Hotel, Durham, N.C., the weekend of April 9, 10, and 11. Twenty students plus four faculty members from the School of Business took part in the Convention activities. Nora Taylor and Harlan McCaskill have served on the State Executive Committee this past year as treasurer and vice-president.

school year. She was crowned during the fraternity's annual "Rose Ball" festivities which included a banquet and dance at Morehead City.

## PI OMEGA PI

The Beta Kappa Chapter of Pi Omega Pi Honorary Business Education Fraternity held its Annual Spring Banquet at the St. James Methodist Church on April 8. Judith Joyner, President of Pi Omega Pi, was mistress of ceremonies. Mr. Alton Finch, a member of the faculty of the School of Business, gave the invocation. Bruce Jackson, Vice-President, introduced the speaker for the evening who was Dr. Paul T. Hendershot. Dr. Hendershot is a new addition to the School of Business faculty; he is the Assistant Dean. During the evening, musical selections were presented by Bette Jo Gaskins and Carolyn England. An important part of the program was the presentation of scholarship

awards which are given annually to Pi Omega Pi to those in the field of business education who have maintained outstanding scholastic records. The Thomas Clay Williams Memorial Scholarship Award was presented by Dr. E. R. Brown to Mary Lee Beacham as the senior with the highest scholastic record. The Junior Scholarship Award was presented to Myrtle Wilkerson. The Askew received the Sophomore Scholarship Award, and Scott Oler was the recipient of the Freshman Scholarship Award. Miss Frances Daniels, adviser to the Beta Kappa Chapter of Pi Omega Pi presented these awards. Judy Joyner presented them to Miss Daniels and Dr. Audrey Dempsey in appreciation for her assistance and leadership during the year.

The committee in charge of the banquet was Judy Johnson, Chairman, Barbara Trader, and Jennette Widdfield.

## AXiD House Purchase Completes Housing

Purchase of a two-story brick house by Alpha Xi Delta makes the circle complete. That is, all eight East Carolina College sororities now own their own homes.

It has all happened since 1959 when the first social sororities were chartered at ECC. The chapter of Sigma Sigma Sigma was first to buy a house, in early 1961. Six others followed suit early last year.

Alpha Xi Delta's chapter rounded out the picture recently when its housing corporation, headed by a sorority alumna, Mrs. Keith Kerr of Greenville, received the deed to the M. F. Jolly home at 508 East 11th Street.

The Alpha Xi Deltas followed the example of their seven sister Hellenic orders at ECC in purchasing a large family residence near the

campus. They plan an extensive remodeling project to begin in May and expect to occupy their new home when the new school year opens next fall.

When remodeling is complete, the colonial-style house will accommodate 24 sorority sisters and their house mother. In addition to the sisters' bedrooms and a two-room suite for the house mother, the Alpha Xi Delta house will have a parlor, a den, a study room, a combination chapter and dining room, a kitchen and a utility room.

Located about a block from the main campus, the Alpha Xi Delta is the second sorority house on the south side of the campus. The other six are on the north.

Serving with Mrs. Kerr as the housing corporation are Mrs. Joe Boone Sarah H. Kilpatrick, Mrs. John A. Messick and Mrs. Wendie W. Smiley, all of Greenville, and Barbara Sue Trader of Benson, a ECC graduate and former chapter president. A chapter adviser is Eunice McGee of Greenville.

Current president of the chapter is Lynda Gaye Lover of Kinston. Serving with her as the sisters prepare their new home are Elizabeth Jane Williams of Spencer, vice president; Frances Warren Pope of Dunn, recording secretary; Linda Theresa Jones of Swansboro, corresponding secretary; and Florence Lynn Taylor of Richlands, treasurer.

## Alpha Epsilon Pi Fraternity Enjoys Eventful Quarter

The brothers of Alpha Epsilon Pi Social Fraternity are proud to announce the membership of the new Zeta Pledge Class for this quarter: Ross Barber from Birmingham, Michigan, and Pete Katsburg from Plainview, New York. Ross this past year served as President of the Freshman Class, was active in the S. G. A., and attended the State Student Legislature Conference for E.C. in Raleigh this year. Recently Mr. Barber was elected to serve as President of the Sophomore Class for next year. Pete Katsburg played freshman football this past fall and currently plays varsity lacrosse. The brothers wish these pledges the best of success and look forward to their contributions to the fraternity.

The month of April has been a very eventful one for Brothers Meltzer, Lanchart, and Dosik. A belated but wet celebration was on hand for Brother Dosik, who futilely tried to dodge the "water bound" arms of the E K's. Happy Birthday, Elvis! Brothers Meltzer and Lanchart seemed to enjoy walking back from Pactolus on a recent "cool" evening with just no money in their pockets. How they got out there in the first place, only "Ringo" Hersh and the Rough Riders of the Black Bombshell will know.

Two weeks ago the A E Pi's held a swinging band party atop Ken's

Furniture Store. With the Lambda Chi's, Pi Kappa Phi's, and Theta Chi's along with all of the dates and guests, the whole group enjoyed dancing to the rhythm provided by the swinging "Marquis."

Last weekend at the 562 Cotanche Dude Ranch, the Epsilon Kappa's and their "wild women from the Pecos" participated in the annual A E Pi Wild West Weekend. After a hard week on the E. C. Range and with shootin' irons ablazing, the brothers, pledges, and affiliates really enjoyed themselves. With Sheriff Rich Kaunitz calling the promenades and docie-doz, the entire group held a real "shoot-em-up" party. Even Mr. Richard "Tex" Weinberg and his wife showed up for the party, the best Wild West production since John Wayne.

As an opportunity for enhancing inter-Greek relations, the A E Pi's took on the Tri Sigma's in a fun-filled ball game and social. The gals from the Tri Sig House really showed their top-notch form in racking up five runs off a series of E K pitchers. "Don't feel bad," claimed the girls; after all, they practiced for a long time! As a comeback, however, last week the brothers of Alpha Epsilon Pi polished off the Theta Chi's in a softball game, 8-5. With Phil "Walter Johnson" Somers taking over the mound chores, the

E K's opened up an 8-1 lead, and squeaked a Theta Chi rally in the bottom of the seventh inning to emerge victorious. A well-deserved pat on the back goes to all the guys who played so well for the Gold and Blue.

Just before the Easter break, the Brotherhood and affiliates of Alpha Epsilon Pi Fraternity welcomed down to East Carolina Mr. George Toll, the Executive Secretary of the Fraternity. All the men of Epsilon Kappa Chapter were honored to have Brother Toll visit us in final preparations for the forthcoming Chapter installation next month into the National Fraternity. Brother Toll also brought with him some of the Old Dominion College, Norfolk, Virginia. The local E K's enjoyed the visit by the O. D. Chapter and learned many important facets about becoming a full-fledged charter member.

Gloria Stephenson, a sophomore in the School of Business, will take Nora's position as State Treasurer. Dr. Jones professor, School of Business, E.C.C., is the State Adviser of Phi Beta Lambda.

Dr. James White, who has been a professor in the School of Business and is now taking a year's leave of absence, was the speaker at the first general session of the Convention. The East Carolina Chapter won third place in the Most Original Project Contest; Linwood Anderson prepared the report on the purchase of one share of stock for this event. Under the leadership of Bruce Biggs, the Parliamentary Procedure Team from ECC won first place. In addition to Bruce who served as President, other members of the team were: Jimmy Soufas, Vice-President; Gloria Welch, Secretary; Russell Tucker, Parliamentarian; and Ann Ross, member-at-large. Doug Creech represented ECC in the Mr. Future Business Executive Contest and placed second. Barbara Sue Trader won first place in the Miss Future Business Executive Contest and Milton Glisson won first place in the Extemporaneous Speaking Contest. Barbara Trader also served as Mistress of Ceremonies for the talent show on Saturday night.

Other members of the delegation from ECC were Brenda Britton, Gail White, Mary Vivian Sloan, Alinda English, Bobby Chappell, Valeria Spruill, Ann Tatum, Annie Davidson.

Dr. Hendershot, Assistant Dean of the School of Business, served as a judge. Mr. Finch from ECC School of Business was in charge of all the contests. Mrs. Carol Hart, sponsor of the ECC Chapter of Phi Beta Lambda, and Mr. Hart, who served as a judge also attended the Convention.

**Teachers Wanted**  
Southwest, entire west and Alaska  
Salaries \$5,400. up—FREE registration  
**Southwest Teachers Agency**  
1303 Central Ave. N. E.  
Albuquerque, N. M.

Starting today and running for two weeks the famous Bookbarn at 128 East 5th Street will give 25c off on the purchase of any sweatshirt in the Barn provided you bring in some old piece of clothing (examples—old socks, t-shirts, etc.). This clothing will be given to the Salvation Army. For your convenience, there will be a barrel near the door to hold these rich rags! **EXTRA BONUS: 2c in cash** if article is clean.

# Grand Finale

By BRYAN L. BENNETT

Zero minus 32 days!

The Senior Banquet this year promises to be one of the finest ever held. Bob Scott, Lt. Gov. of the State, and one of the most dynamic young politicians in the state, will be guest speaker. Many people in the state are speculating that Mr. Scott will be a candidate for Governor in 1968. This will be a good chance for you to meet him before all the "fa-du-rah" begins.

An annual affair, the Senior Banquet is free for all seniors. This year's menu is highlighted by Ridge Steaks, as you like it.

Presented at the banquet will be the Who's Who Awards, Outstanding Senior Awards from each department, Phi Sigma Pi Outstanding Male Senior, the Kappa Delta Outstanding Female Senior and the "Put Hubby Through" de-

gree. The "P.h.T." degree is awarded to wives of Seniors who have worked at least one year in order to help with family expenses while their husband was enrolled in school. Nomination for this degree may be made when you make your reservations for the banquet. The procedure for making your reservation will be given when you receive your invitation. Should you not receive your invitation by April 28, please call the S.G.A. office at once. The phone numbers are 758-3426, Ext. 271, or 752-7619.

The banquet this year is held on a Sunday evening for the purpose of allowing everyone to enjoy the Spring weather and still attend the banquet.

Please plan to attend the banquet this year. I am sure you will enjoy it.

## Dr. Glenn Seaborg Gives Interview

By BOB CAMPBELL

"Atomic power will replace conventional power in highly industrialized countries as England with in the next decade," according to Dr. Glenn T. Seaborg, Chairman of the Atomic Energy Commission.

Speaking at a public news conference during his visit here April 19, the distinguished scientist also explained the controversy concerning the discarding of atomic waste in the ocean. Dr. Seaborg said that waste from the U.S. and Russia were transformed into solution before deposition into the sea. He added that Great Britain was guilty of improper disposal in the past and "it could turn up in our seafood."

Before the news conference began, Dr. Seaborg issued a four-point statement for the press.

First, he announced the participation of the U.S. in a co-operative exchange program between nations to perpetuate better understanding of peaceful uses of atomic energy.

He also noted the April opening of an Atoms-at-Work exhibit in Lisbon, Portugal, sponsored by the U.S. and Portugal. This exhibit has previously enjoyed immense success in Europe.

The successful orbiting of a 4600-pound electrical production nuclear reactor was also praised by Seaborg. He emphasized the importance of this feat since electrical power will have to be produced in space for future sojourns.

Dr. Seaborg would not disclose the size in megatons of the bombs dropped on Japan during the war — he only would say that it was less than 100 but more than one or two.

For a special interview for the East Carolinian, Dr. Seaborg was taken to the Home Economics reception room where he settled comfortably into a sitting chair.

Why did he give up research for an administrative position? (Referring to his Chancellorship at the University of California and his Chairmanship with the AEC).

"Curiosity and challenge," replied Dr. Seaborg. Also the age factor research is for young people. He recommended that anyone interested in contributing to science had

better do it while young. If put off, chances of someone will beat you to it or perhaps it will never be done.

"There is no great shortage of qualified personnel in the science institutions of the country today. What is needed and will always be needed are better scientists, engineers and technicians," Seaborg replied in answer to a query.

He also added that although Russia turns out more technically-trained personnel per capita than this country — but they are slightly less qualified.

"From what I have seen on this campus, you are facing the challenge of the times," the guest lecturer stated.

## Duke University Hosts Humphrey This Weekend

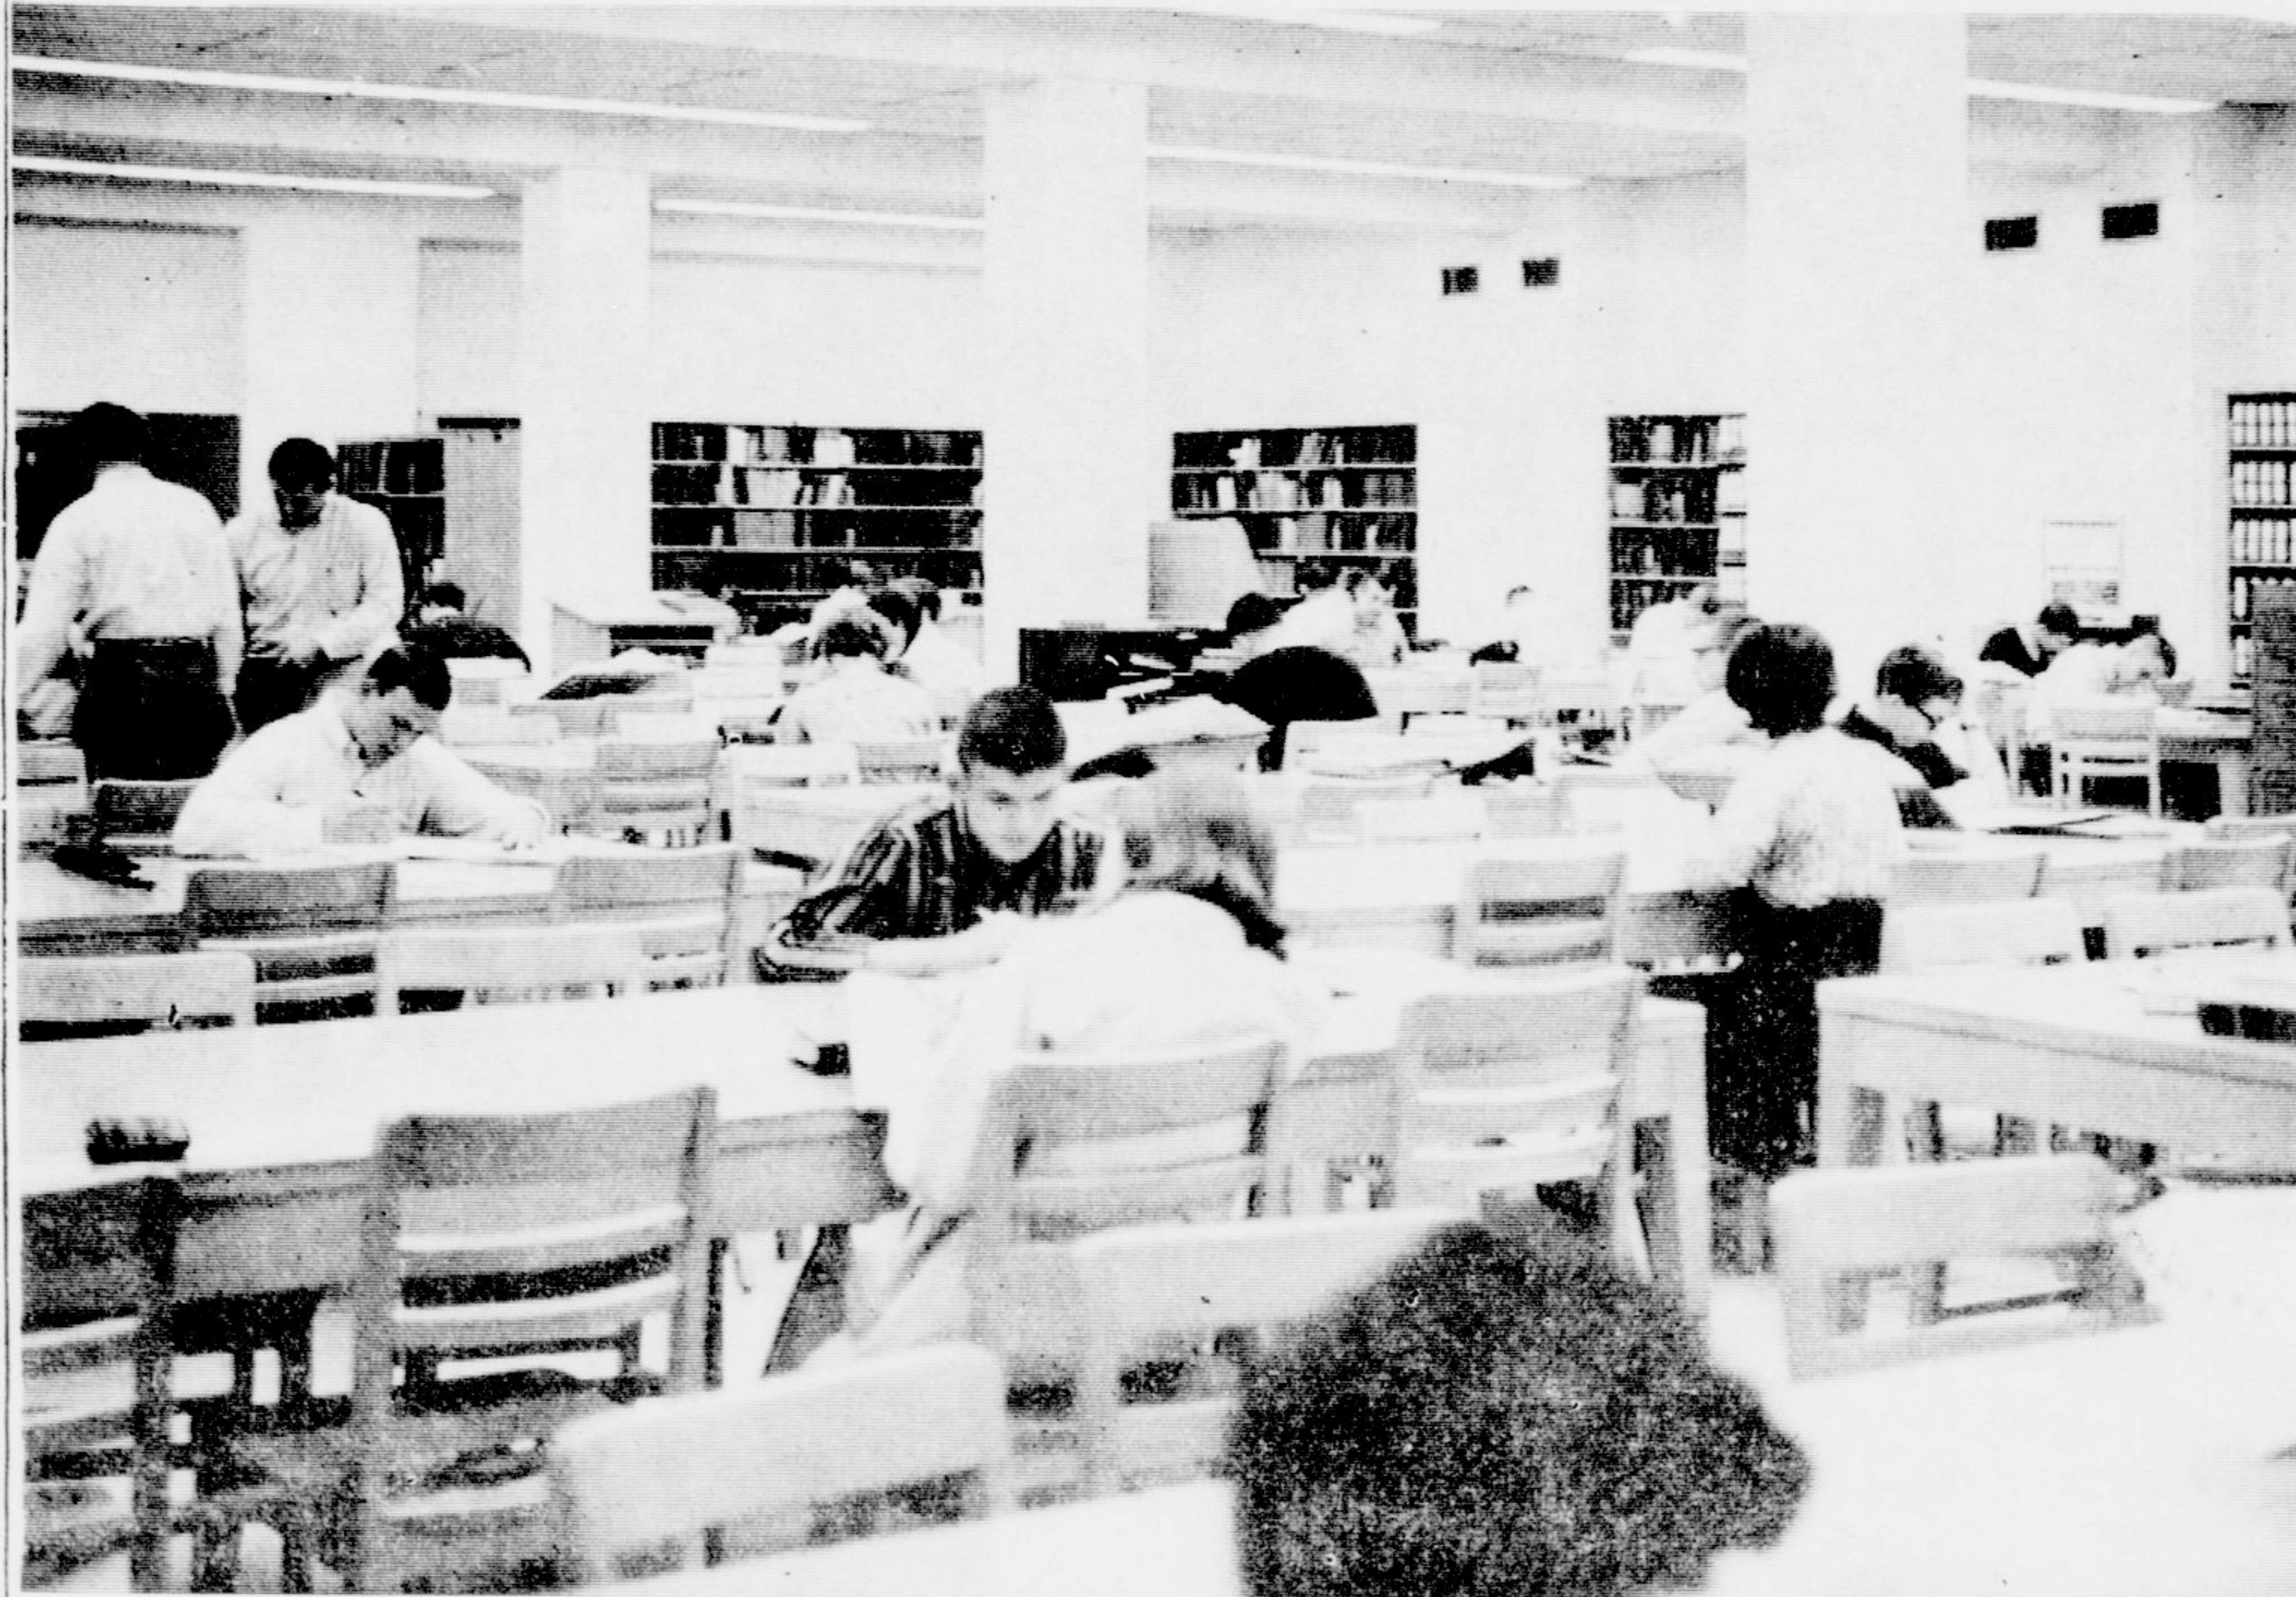

Duke University will be host to Vice-President Hubert H. Humphrey this weekend for a series of speeches and events.

The Vice-President is appearing in conjunction with the observance of the centennial of the surrender at the Bennett Place in Durham. This was the last skirmish of the Civil War. Humphrey will speak at the site on Sunday at 3:00 p.m.

The North Carolina Young Democrats' annual Spring Rally will be centered around the visit.

Also included on the program is a hot dog supper at Duke Saturday, and an address at 8:00 p.m. in the Indoor Stadium.

Also in the entourage are N. C. Senators Sam J. Ervin and B. W. Everett Jordan; Governor Moore; Congressman Horace Kornegay; Duke President Douglas M. Knight, who will introduce the speaker; and Mayor Wense Grebarek of Durham.

ANNEX NEARLY COMPLETE—Joyner Library's addition should be completed during the summer school session. This new construction will almost double the book capacity and seat some 500 more students.

## Construction Adds \$519,000 Addition To Joyner Library

By GAIL PRICE

As most EC students have probably noticed, there is a new \$519,000 addition being added to the Library. Joyner library has been capacitating 300 students. When the new addition is completed, it should be able to fill the needs of approximately 600 students. The contract says that it should be completed April 29. However, Professor Smiley, Director, feels that it will not be completed until the summer school sessions.

Contractors are in the process of replacing the old heating and air conditioning units with radiators from which both heat and air conditioning will come. All rooms except 201, 213, 215, and 217 will have the new system. They are also replacing a number of lights.

The stacks will double in size when completed. Presently there is room for 250,000 books. Professor Smiley said that Joyner Library will have a 400,000-book capacity when completed. Along the sides of the stacks will be booths which the graduate students can use to study. Those booths will be assigned.

The reference room on first floor is now being remodeled, and the room in the new addition which is now being used as the reference room will become the Reserve Reading Room. The space for the Cataloguing Room and Order Department will double when the contractors finish extending them. The Seminar rooms and periodicals room will stay the same, and what is now the Reserve Reading Room will be converted to a Seminar room.

Other additions to the first floor will be one men's and one woman's

and a maid's washroom.

On second floor, the North Carolina Room will be extended over the left side of the reference room when the second floor is extended. A Library Science and Curriculum room will be at the west end of the building. Two classrooms for about 25 persons per class and two offices will also be over the reference room.

The south side of the building in the new addition will contain five seminar rooms, the radio station and workshop, the office of Dr. Rickart, head of broadcasting, and a record room to which students can go to listen to records.

Professor Smiley said that three new microfilm machines have been received for use by the students and the library is in the process of securing other machines for the students. Room 201 will become a graduate reading room and 215 will contain the reading machines.

Don't be a DRIP, but DROP in to the Baptist Student Center for a Spaghetti Supper at 5:30 p.m. on Wednesday, April 28th, and Thursday, April 29th. This "dollar" supper will be held at the Center on 404 8th Street. Tickets may be purchased either at the door or from any B. S. U. member. Proceeds go toward E. C. C.'s goal of \$650 in support of Student Summer Missions.

## Sociology Club Holds Meeting

The Sociology Club held its last regular meeting of the year Monday night, April 5, in the Sociology Departmental Office.

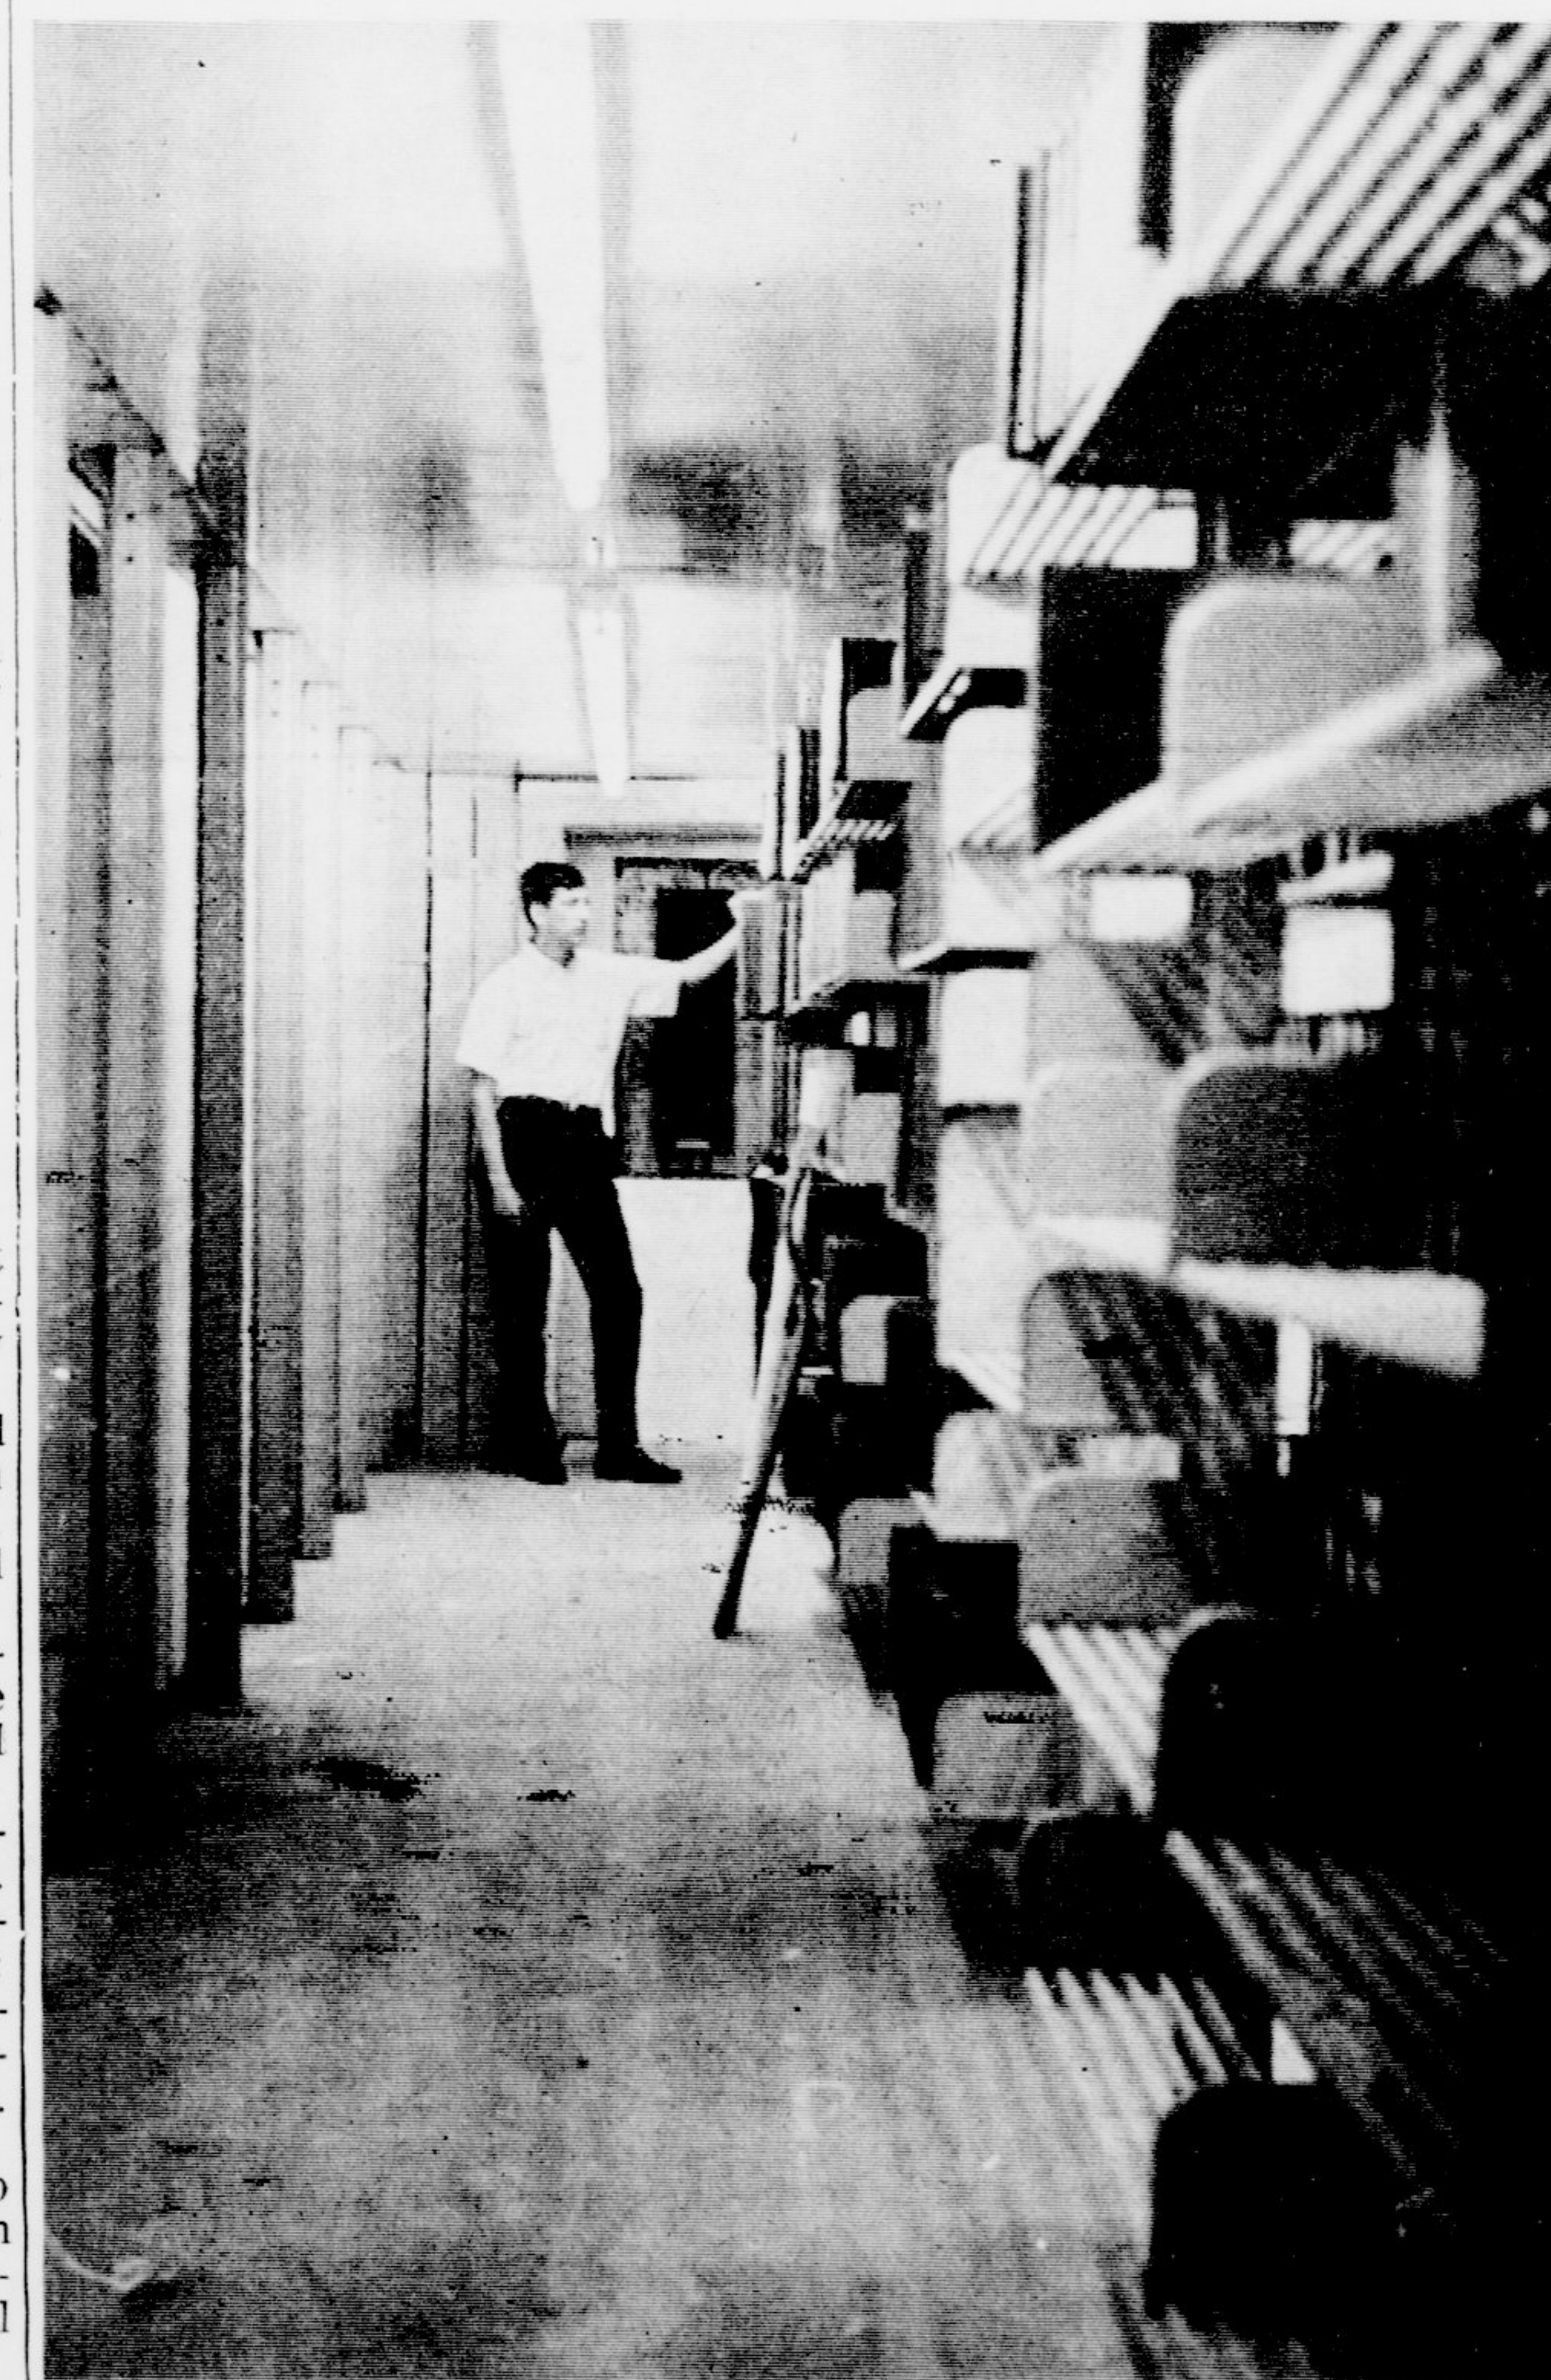

The members discussed a field trip to the Extra-sensory Perception Center at Virginia Beach, Virginia. The trip was tentatively scheduled for May 1, 1965.

Plans were also made for a picnic on May 3, 1965. Officers of the club for next year will be installed at this event.

The following officers were elected to serve the club during 1965-66. President: Tom Bailey; Vice-President: Linda McKinney; Secretary: Shirley Hedman; Assistant Secretary: Rick Hoskins; Treasurer: Leila Carter; Faculty Adviser: Dr. Blanche Watrous.

The members of the club wish to congratulate the new officers on their election and hope that the second year of the club's existence will be as productive as the first.

Lost: Man's brown billfold, in Rawl Bldg. Please contact Bill Moore, College Union Office.

IN STACKS—A feature of the newly built stacks are booths which will be assigned to graduate students for study purposes. The stacks will double in size when completed.

This is one of the many spirited plays made by East Carolina's outstanding Baseball team. Congratulations are due these players for such an excellent season this year.

## East Carolina Pirates Whip Wildcats 14-9

The East Carolina Pirates erupted for six runs in the eighth inning and went on to whip the Davidson Wildcats 14-9. It was the second victory over the wildcats this season. Bob Kaylor led the Pirate offensive attack with two hits, three runs, and two runs batted in.

The Pirates jumped to an early four run lead in the first inning with the help of Wayne Britton's two run triple. Chuck Connors led off the inning with a single and Bob Kaylor was walked after a ground out by Carlton Barnes, to put men on first and third. Britton then blasted a triple that brought both men in and then came in himself on Fred Rodriguez's single. Rodriguez stole second base and put himself in scoring position for Roger Hedgecock, who drove him in with a single. The Bucs added another run in the fifth on a single by Lynn Smith, a walk to Carlton Barnes, a steal by Barnes and a sacrifice hit by Richard Hedgecock.

The Wildcats reached Buc starter Tom Norman for a run in the third when two walks and a single loaded the bases with only one out. A sacrifice bunt by Dick Snyder brought in the run but Norman got out of the inning by getting the next man to ground out. Norman got into trouble again in the fifth when he walked the Davidson catcher to start the inning for the second time. He hit the next man with a pitch and a sacrifice hit by Jake Jacobsen moved both men over one base. Jim Terry, the catcher came in on Lance Walker's ground out, for the second Davidson run.

The Pirates scored three runs in the seventh on four singles and a walk to increase their lead to 8-2. Lynn Smith singled and stole second. Carlton Barnes walked and Bob Kaylor singled to load the bases. Richard Hedgecock drove in the first run of the inning with a

single and the second run came in on a fielder's choice. Carl Daddona singled in Kaylor with the final run of the inning.

The big inning for the Pirates was the eighth when eleven men came to bat and six runs scored. Frank Rice opened the eighth with a single and Jim Daniels followed with the same. Pitcher Mike Smith, in relief of Tom Norman, was safe on an error by the first baseman to lead the bases. The first run came when Lynn Smith reached first base and Carlton Barnes' walk forced in the second run. Bob Kaylor drove in Smith and Connors with a single that proved the big blow of the inning. Richard Gifford followed a fly out with a single that drove in a run and Larry Keith was hit by a pitch to once again load the sacks. Kaylor came in with the final run when Rice and Daniels fled out to end the inning.

Davidson did a little scoring of its own in the last three frames as it scored one in the seventh and three runs in both the eighth and the ninth. Three singles brought the Wildcats their run in the seventh, with Snyder driving in the run. Norman ran into trouble in the eighth with his control, as he walked three men and all three scored. The bases were loaded on walks with only one out. Jake Jacobsen followed with a single to bring in the other two runs but Mike Smith came in to get the last out on a tap back to the pitcher. Snyder opened with a single in the ninth and came in on Sonny Graves' double. After a walk, Stone slammed a single that brought in the second run. Hinnant scored the final Davidson run on an error.

Tom Norman won his second game of the season, both victories coming over Davidson. It was the first of a two game series to be played at Davidson College over the Easter Holidays. Dick Snyder took the loss for Davidson.

## Davidson Pulls Out 6-5 Win Over EC Preventing Sweep

Davidson College squeaked by East Carolina 6-5, last Saturday to prevent a sweep of the three game series played this year. Pete Hunter started for the first time this season but ran into trouble in the middle three innings as the Wildcats gathered their six runs. Roger Hedgecock led the East Carolina hitters with three singles in four times at bat.

The Pirates started well but ran into trouble with the combination of Durham and Bryan hurling for the Wildcats. The Pirates took the lead with two runs in the first on two hits and a walk. Lynn Smith opened with a walk and Carlton Barnes hit into a fielder's choice. Barnes moved over on Wayne Britton's single and both advanced on a passed ball. A pair of errors on the left fielder enabled the two East Carolina runs to come in with the aid of Fred Rodriguez's single.

Davidson struck in the fourth on a triple, to open the inning, followed by a single that drove in the first run. Another single, an error, and

another single gave the Wildcats another run. Then in the fifth, the first three men scored that came to bat. A single, a walk, and an error on the second baseman loaded the sacks without an out. A single by Owen drove in two runs and the other scored on an error. A single to open the sixth resulted in a run when Hyder followed with a double.

The Pirates pulled within one run in the fifth when they combined three hits for two runs. A double by Carlton Barnes and a single by Bob Kaylor resulted in the first run as Kaylor was credited with a run batted in. Fred Rodriguez singled in the second run. The final Buc run came in the eighth inning. Roger Hedgecock singled and then went to second on an error on the left fielder. With one out Pete Barnes tripled to drive in the run and put the tying run on third base. The rally failed as the next two men grounded out.

Hunter took his first loss, against one win, in the final game of the season with Davidson. This was the second of a two game series at Davidson over the Easter Holidays.

## Duke Comes From Behind In 9th Squeezing By EC 6-5

Duke University came from behind with three runs in the ninth inning to edge East Carolina by the score of 6-5. Two walks and three singles gave Duke their winning margin in the first contest with an Atlantic Coast Conference for the Pirates this year. Bob Kaylor led the Pirates at the plate with three hits in three times at bat, two runs and two runs batted in.

It looked as if the Bucs had the game won in the ninth as they entered the frame with two run lead which they had established in the eighth inning. Then Tom Norman tired and after an opening ground out, walked two men. At this point Pete Barnes came in from the bullpen to take over for Norman. Barnes gave up a single which drove in Bob Whitley with the first run. John Gutekinst then slapped a dribbler down the first base line which Barnes could not reach in time, and the bases were loaded with only one out. The next man up, Biff Bracy drove a wicked line drive right at third baseman Chuck Connors, who made the out and then nearly doubled Gutekinst off first with a rifle shot to first. Steve Holloway of the Blue Devils then delivered the big blow with a hard single to left field which scored Bob Mueller and then Jim Barrett with the winning run.

The day started out well as the Pirates took a 2-0 lead in the first inning with three hits and a walk. Carlton Barnes slammed a double down the line with one out to start the Buc rally Bob Kaylor followed with a single to drive in Barnes. Wayne Britton, playing in his first game since he was injured March 29th, was walked and then Fred Rodriguez came through with a single to drive in Kaylor.

The Pirates added another run in the fifth when with two outs, Carlton Barnes singled and moved to third on an error by the center fielder. Bob Kaylor, who had gotten off to a slow start this season but now seems to have found himself again and is really ripping the baseball now, singled for his second hit and second RBI.

Meanwhile Duke was slowly chipping away at the East Carolina lead. Their first run came in the second inning when Scotty Glacken was hit by a pitch, moved to second on a ground out, and scored on Bob Whitley's single. They scored again in the sixth when Biff Bracy opened with a triple and Steve Holloway, the leading hitter for Duke, singled him in. The run in the eighth was the result of a single and a double to put men on second and third. Stan Coble hit into a double play but Biff Bracy scored from third on the play.

The two runs for the Bucs in the

eight came on Kaylor's single, a single by Rodriguez and an error on the third baseman that enabled Kaylor to score then go ahead run for the Pirates and put Rodriguez third. Roger Hedgecock brought Rodriguez in with a sacrifice bunt.

Pete Barnes took the loss for the Pirates. It was his first loss of the season against three wins. This was the first road game of the season for the Pirates. They used two pitchers in trying to stop the Blue Devils.

## Old Virginia Tech. Resigns From SC

Virginia Tech has officially announced that after the end of this academic year it would no longer be a member of the Southern Conference. The resignation of the oldest member of the Southern Conference came as no surprise to many observers because Virginia Tech has made it rather clear that they are aspiring to admission to the Atlantic Coast Conference.

Virginia Tech was the only charter member of the original group that formed the Southern Conference 44 years ago. The conference will revert back to the nine school league that it has been for the last seven years. Tech attempted to enter the Atlantic Coast Conference in 1953 but did not receive enough votes at the time to make the transfer. The officials at the Virginia school felt that they had outgrown the conference and wished to a larger level of competition.

## Summer School Rooms Assign For Women

Summer school room assignments for women will be made Tuesday, April 27 for all classifications. Regular students will use Cotten, Wilson, and Fletcher Dormitories. Teachers and graduates will use Fleming.

Hours for assignments are 8:00-12:30, 1:30-5:00.

Deposit of \$27.50 must accompany the application.
