WILMINGTON, N. C.

LAND AND EMIGRANT AGENCY FOR THE INTRODUCTION OF WHITE LABOR.

Having made the requisite arrangements we are prepared to furnish WHITE LABOR to any part of North Carolina on the following terms:

1st. The person wishing to obtain any given number of hands may give us the order, at the same time depositing premium money in some bank or banking house in Wilmington to our credit \$30 for each adult and \$15 for each person under fourteen years of age, the same money to be deposited on condition that it is not to be drawn by us until the persons are delivered.

2nd. That the persons requiring those laborers make a contract with them by which each adult male is bound to give his labor for a sum not exceeding \$15 per month and each female not exceeding \$10 per month, and with such terms as may be agreed upon for those who are younger, said terms not to exceed \$75 per year for each. This to be exclusive of food and buildings in which they live.

3d. The amount of passage money to be subsequently deducted from the wages of the persons employed.

It will be recollected by those who may decide on employing this kind of labor that such have been their habits and modes of life that they will require, to some extent, different food, houses and treatment, from kind of labor heretofore mostly employed at the south; but it does not follow that this will be more expensive to the employer, especially when the increased amount of labor which they will perform is taken into consideration. Parties placing their lands in our hands will have the advantage of having them registered on the books of two large land agencies in New York without any charge. Forms of contracts can be seen at this office.

All orders given as above will be promptly filled
