Seating arrangements would be around the outside walls. The present library has seating for 1,100 out of an enrollment of 8,834, not including the 460 faculty members. The new building would have a minimum of 2.581 seats for a projected enrollment of 12,906. This means that the seating capacity would double while the enrollment would increase by one-third. The new library would have three or more enclosed studies In a similar module library plan for faculty members. Fifty square feet in each study would be allowed for their research needs. It is planned that the new library would have rooms for group studying. Also planned are typing rooms which would accommodate up to eight students and a carpeted lounge-study area where smoking is permitted.

> If Dr. Jenkins approves the plan, it would still have to clear several other hurdles. Dr. Jenkins would submit it to the Board of Trustees. The trustees, if they okayed the plan, would submit it to the Budget Commission of the North Carolina Legislature in January 1969.

Should all these hurdles be cleared, it would then take 215 years for an architect to draw up the plans and contractors to build it. The building will be elevated so that the area underneath would

be open for parking. A walkway would lead over Tenth street into the library, and a similar pedestrian ramp would lead up into the building from the parking area.

The new library would be designed for future expansion while the presently facility "was not really built to be expanded," Mr. Smiley said. "Right now what we've got is a structural hodge-podge. We definitely need a new library, but whether or not we get it is another question."

Module Style Building Mr. Smiley's plan calls for the building to be constructed on the

same place on each floor. They would contain restrooms, service closets, and janitorial equipment. Mobile walls, reaching from floor to ceiling, could be erected within the building and attached to the modules.

at Wellesley College, mobile walls are used which reach about onehalf the floor to ceiling height.

"These walls are called 'cages and could be readily adopted for our needs," Mr. Smiley said.

Openness Concept

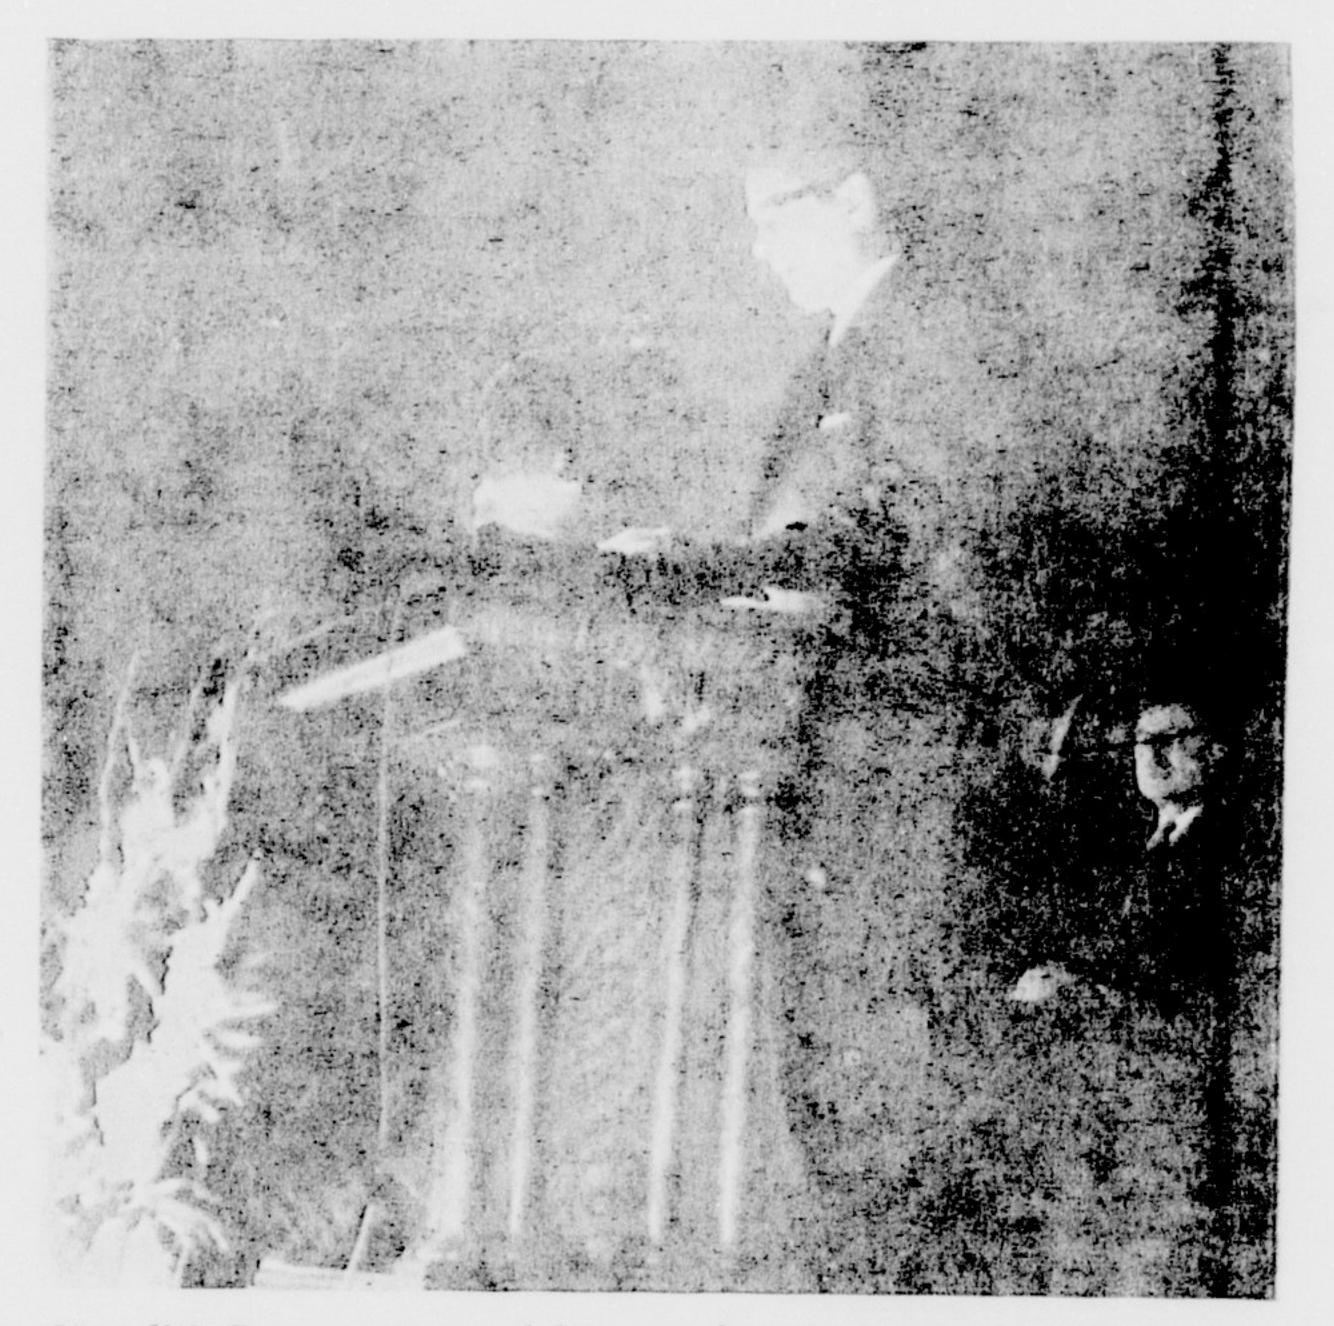

The new building would feature the "openness concept." All the books would be in the center of the room. The stacks would then be open, enabling the student to find his own material.

Three Cheers For 'Hoffman'

It is refreshing to note the tangible excellence which the School of Music achieved with its production of Offenbach's "Tales of Hoffman," presented last Friday and Saturday nights.

As background to full understanding of the importance of their presentation of this opera, it should be noted that all technical work was done within the School of Music. The translation from the original French was made by a music professor at EC. The set designs and lighting were amazingly professional, considering that the majority of the work was done by students and instructors from the department who were amateurs in these fields. The singing and acting, the most important aspects of the performance, exceeded even the high standard set by the School in past operatic presentations

WRC on campus.

By Larry Mulvihill

Keeping with the "intellectual" tone (har, har, har) of THE WAT-ERING HOLE, I would like to present, in print, four new words that have found their way into the campus vocabulary. The first is "graze". That means "eat," as in the cafeteria. Next comes "clads." which means "clothes", as in your "Pseudoman" slacks. Third, there is "major animal". This means the "campus administration" or "the campus cops." Last, but not least. is the word "rinse." This means "drink" as in Happy Hour at the local beer parlors. OK, so much for the intellectual (?) side of me.

Tired of getting stuck with those horrible blind dates? Here are two witties which you can use to compliment your blind date. Number one is, "Your lips are like wet liver." The second is, "for a fat girl you sure don't sweat much."

It is a mark of success when a department of any university can so ably employ its capabilities to become virtually self-sufficient in its productions. This is not intended to be an endorsement of isolation of the arts departments or any academic department on campus. Our intent, rather, is to endorse the total use of talent and abilities present within a somewhat confined academic area. The ability of a department to involve all of its members, professors and students, in extra-curricular learning is another step to true university study.

Our only regret is that the presentation did not run more than two nights considering the standing-room-only crowds. The size of the music building's recital hall points out the disadvantages of outgrowing "minimumly adequate" facilities before they are even two years old.

Now Is The Time . . .

The EAST CAROLINIAN is constantly looking for interested students to join our never ending crusade to meet printing deadlines. The jobs of a newspaper, collegiate or commercial, are numberous. Writers are not the only members of the newspaper staff.

The business organization of any student publication has many non-writing positions. Besides reporting and commenting; a newspaper must be proofread, edited, layed out page by page. Someone must collect and design the advertising. The final copy must be filed, delivered to the dormitories, and mailed to subscribers and other newspaper offices.

The writing, which is indeed the backbone of a newspaper, is not exceedingly difficult. But at the same time the accuracy and timeliness is of utmost importance to every reader.

The satisfaction derived from working on a voluntary basis with the EAST CAROLINIAN or any college publication is hard to define. It won't necessarily make one popular, it can't give your mouth sex appeal, and it certainly has never been known to add or reduce the body weight. However, as the central clearing house for campus events and topics, newspaper work will keep a person down winded and "where the action is."

Knowing what is going on is only a portion of the self satisfaction. The people one meets adds to his total knowledge in a university atmosphere. Also, one of the best known extra curricular references for jobs after college (basically because the employer looks for involvment in centralized communications) is the college newspaper.

An open invitation is extended to all students interested to any part of newspaper work, to come up and "look us over." The offices of this Editor are always open to anyone wishing to learn about the operations of the EAST CARO-LINIAN.

The President flew around the world and then announced he was going to appeal to our patriotism to stay home this summer-perhaps, say the experts, by imposing a \$5-a-day tax on Americans traveling abroad.

The tourist industry is wringing its leis. But the announcement has proved a boon to the guidebook business. Already in preparation, for example, is a new work entitled: "Europe on \$5 Less a Day." Excerpts follow.

How to Get There

Planning a trip to Europe this summer? Remember, getting there is half 'he fun. Particularly, if you don't get caught.

Several interesting routes will be offered to the tourist this year. The one that will undoubtedly prove the most popular is the CEC., or Canadian Escape Corridor.

This tour, which departs regularly on moonless rights, includes an exciting crossing of the Canadian border on snow shoes and thence, by Underground Railways, Ltd., to

golian Airways Fokker bi-plane, which lands regularly on coded flashlight signal, for the thrilling hop across the Atlantic.

For the crossing, travel-wise tourists will want to go light. A wash-and-wear wet suit and a stay-Pressed parachute should prove adequate.

Some Do's and Don't

Once abroad, do avoid the tourist traps-these being any well-known hotel or restaurant where U.S. Treasury Agents will be waiting to trap unwary tourists.

Do try to make your trip more pleasant by memorizing a few phrases in a foreign tongue. For instance, you are bound to enjoy your trip more if, when being questioned by a T-man, you can re-

spond, "What makes you think I'm an American, Mac?" in Hindi or Urdu.

Do take photographs of the

How to Get Home

To make a Great Circle tour of your trip you should consider taking a Czechoslovakian Airliner to Havana and thence by small fishing boat to Key West. Should you be stopped by the Coast Guard en route be prepared to say in Spanish: "Madre de Dios!" How glorious it is to escape at last from Fidel's slave state to make a new home in the land of the free."

So have an eciting, adventurefilled trip abroad this summer. And don't, above all, miss the great monuments of Europe that have so influenced our own culture. Be sure to see, for example, the Berlin Wall.

.

.

Your heart will go out to those poor victims imprisoned behind it whose inalienable right to travel has been abridged by their totalitarian government.

and (3) the terrible, abominable, sweeping, generaliations about atrocious connotations of the song vague problems that may or may "Dixie." Until some specific prob- not exist.

Trouble Maker

Dear Sirs:

Never having lived in the South. I believe I have no extreme racial prejudice. I will say that the Negroes on this campus have totally exaggerated their opinion of "discrimination." The majority of the students feel there is a place for everyone, but it is up to the individual to find himself, whether black or white. Charles Davis and his followers

have caused an inexplicable amount of conflict. The discrimination that was not on our campus, soon will be, due to his idiocy. Thus far, we Dear Mr. Graham "The Rebel" have remained a conservative, uncomplicated, but ever-expanding campus. With Davis' help we shall become another University of Mississippi, which ECU is not. will not follow Davis, please return us to normalcy. He is nothing but an egotistical social-climber. He may become a topic of conversation, but only in the worst manner Leave ECU in peace, Mr. Davis, there is nothing worse than an ins-Before you complained. there was no discrimation. Sir. you are causing trouble. Sincerely, Deborah Bannister

Personally, I think that slavery

was a minor issue. You advocate the establishment of a required course in Negro history. With course loads what they are, who could take the course, unless another course was displaced? Who are the Negro writers whose books we should have more of in the library? I think your committee would do better if you talked about the issues and examined all sides of the story. You need a plan.

L. Edward Judice

Jones.

Athletic Art

Dear Editor:

I was quite amused last weekend, as I glanced through the Sunday DAILY REFLECTOR, to read an article in which a \$500 prize was offered by ECU to artists who would submit works having as their theme "athletics."

The article stated that perhaps such a contest could further the 'intimate'' relationships between artist and athlete. I, for one, saw evidence of this so-called "intimate'' relationship during that farce called a "Peace Display" held

on campus in the fall. Nevertheless, most ludicrous was

glory won''t last long. His next blazing attack will be against Southern Fried Chicken.

I'm all for Civil Rights, but no matter how much legislation is written in the books, it won't have any effect until men accept it in their minds.

Don't look now, Negro Grievance Committee, but your persecution complex is showing.

> Sincerely, Dave Ittermann

bellion-an excuse, something to cling to, if you will. This "picking" at "Dixie" is what I define as pettiness!

What would you do if I stood in the middle of this campus and screamed, "Ban the Christmas Assembly! It incites Christians against Jews!"

Mr. Davis was very unfair in saying that most of the students here are intolerate of the Negro. I have been here almost four years and have met very few students or professors who were not willing to discuss the problem intelligently with some hope for a solution. Mr. Davis, when you say "most," how many does "most" mean - how many out of 10,000?

Library Inadequacies

To the Administration:

The painful inadequactes of what is laughingly called Joyner Library are becoming more evident everyday. All about the campus of our pseudo-university one can see evidences of short sighted policies designed more to impress the eye than to fill the mind. We have a new science building under construction. The nursing building is taking shape. New dormitories are much in evidence.

We have a new gymnasium in which we can view our circuses. Enrollment is approaching 10,000. It is unfortunate that the library, the backbone and very foundation of any university, is ignored. Professors are unable to do any serious research. As a result, we find it difficult to attract and hold top professors. Serious students find few of the professional journals required for papers in advanced courses. Many books have been lost and not replaced. Rare books are in circulation. The physical plant is adequate for a moderate sized high school. It is the opinion of many of us that the cart has gotten far ahead of the horse. To even consider medical school before building a library is bad comedy. The money must be made available for the building of an adequate plant. Inadequate departmental library budgets must be brought up to a realistic scale. The administration of the library must be streamlined and made effective. Unless this and more is done. East Carolina will continue being a university in name only. Our group will use every means available to see to meeting of these demands.

I am a twenty-one-year old female; I am a native-born citizen of this great country; I have lived all my life in a rural Virginia community where the Negro population outnumbers the white four to one; I am the daughter of a merchant whose clientele is ninety-nine percent Negro; I have always had great respect for the Negro because he has fed and clothed me all my life. For the first seven years of my life, a Negro took care of me as if I were her own. Finally, of door. most importance, I am a member of a minority group that has known slavery, persecution, suppression, torture, and humiliation for well

I have the utmost sympathy and regard for the Negro cause. Having read a great deal about their and our problem, I feel that I can identify some of their feelings with my own.

over two thousand years-for I am

But there is a limit, and it stops short of pettiness. Certainly, the Negro should march, protest, yell, scream, and shout for equal social, political, and economic opportunity. But in doing this, why should he infringe upon others' rights to culture and heritage? One does not obtain freedom by denying it to someone else.

You will gain nothing by com-

In closing, I would like to relate one personal experience with a Negro on this campus. My roommate and I were attending summer school here, and on our hall was a Negro girl. We bought a record one day that this girl liked, and when she heard it playing in our room, she came down the hall to listen. But she, thinking that we did not want her Negro body in our room, only stood at the

We, a Jew and a white Southern Baptist, invited her to come in and sit down, and she did. She came back many times again with our other friends. She was not ostracized by anyone. She even came to my roommate's birthday party, for she was one of the "crowd." Even in public, we displayed our "intolerane," for we sat and talked with her in the Union. I hope our friend remembers

this, if she speaks of intolerance on the part of ECU students I hope she tells those "federal authorities" about it too.

To the Negro Grievance Committee:

I have been waiting for some time to see if the mist would clear away so that the objectives of the Negro Grievance Committee would become discernable. But being unable to discern such objectives, am addressing this inquiry to Mr Davis and his committee.

realize that there is a racial problem on campus. I've heard the various accounts of behavior which seems to ill befit mature adults, but have you ever stopped to think that your people may not be entirely blameless?

The Negro must accept the Caucasian if he expects the Caucasian to accept him. All across the country, we hear daily reports of people being mercilessly slain by snipers fighting for "Black Power." Some of your "Black Power" advocates openly admit their communist leanings. I can detect none of this in your committee, and I think much more of you and your people for it. The committee seems to be a good idea, but what are your goals? From what I've seen so far, you consider "Dixie" to be an insult the case. You find the Confederate flag offensive. Why? Do you think something worthwhile. the primary reason for the Civil War was to protect slavery?

S

This letter is advanced to the EAST CAROLINIAN in an effort to persuade the Negro Grievance Committee to get its collective head out of its collective posterior, so that its members might be able to see daylight. It has come to the attention of the world that the playing of "Dixie" is irritating to the egos of some Negroes on this campus. I am sorry, but I guess that's the price you pay when you've got an inferiority complex. Now don't get upset, Mr. Davis; did not say that you were inferior. Actually, I'm for your civil rights, or whatever you call it. But that has got nothing to do with the playing of "Dixie" at athletic events.

Does "Dixie" represent discrimination against you, Negro Grievance Committee, or does it represent an effort to cheer our team on to victory? You say that you are a committee against discrimination. Could it be that, in your narrow-mindedness, you are really a committee for discriminationjust as long as that discrimination

is not against you? As you probably know, your complaint was heard, and it has officially been studied and rejected as a trival piece of attention-getting trouble-making. I beg you, Negro Grievance Committee, GROW UP! You have failed to make people feel pity for you, because you have not shown the students here that there is anything really wrong at East Carolina. Show us something, and we'll try to straighten it out. to you. I fail to see how this is Do something to better relations among races on this campus. Do Gary West

Sincerely, Kenneth H. Smith

Blackpower Man

Dear Editor:

I think at this time it would be appropriate to introduce a partner for Pseudo-Man and Freshman-Man-Blackpower-Man. It seems that Blackpower-Man recently developed a superiority-inferiority complex while visiting our CU Hidden monsters, like "Dixie", have jumped out of dark corners to terrorize our hero. But Blackpower-Man slashed back at our president during a five-state televised basketball game. Hooray for Blackpower-Man. But I'm afraid his

plaining about Southern culture and heritage. All you will receive is more hatred and disgust. This is a give-and-take world, and in order to live in it, we must all compromise.

Why take "Dixie" way from the Southerner? It is not a slam against you-the Yankees are the ones who should be protesting! If you had read your history with a little more OBJECTIVITY, you would realize that Negro slavery was just the South's rallying point for re-

The Buckinghams are Carl Giamaresi, Nick Fortune, Marty Grebb, Dennis, and Jon-Jon Poulos. Their hits include: "Kind of a Drag," "Don't You Care," "Mercy, (Hey Baby) They're Playing Our Song," 'Susan," and "Foreign Policy." Their newest record "What Is Love?' is soon to be released.

In addition to personal appear- ances. ances, the Buckhinghams have gained wide television exposure on the 'Ed Sullivan Show,'' "Jerry Lewis Show," "Smothers Brothers Comedy Hour," and "Dick Clark's American Bandstand."

The Buckinghams feel that "soul" music is the dominant type of music in America today. They quickly added that by "soul" they didn't mean the Motown Sound, which Carl describes as "sickening. Everything sounds alike. Jimi Hendrix and the Cream are Soul." Carl felt the commercialization and standardization of the "Motown Sound" is responsible for boring and repetitious records which are not soul but "sold."

Al Capp-humorist, satirist, and comic strip writer- opened Carousel Weekend Thursday with a lecture in Wright Auditorium.

Capp, best known for his "Lil' Abner" comic strip, answered previously prepared questions from students in his usual satiric, witty manner, a standard characteristic of his "Tonight Show" appear-

search work may use the center to help sort a compile data as well as to answer difficult mathematical problems. Surveys and polls such as the Faculty Evaluation Program can be compiled and analyzed much faster by computer.

NCCOP

As part of the North Carolina Computer Orientation Project, a teletype terminal to the IBM S/360 model 75 computer in the Research Triangle was installed in August, 1967. This terminal will be available for a year to EC students and faculty without charge, providing access to one of the largest computers in the world.

The ECU Regional Development Institute uses the Computing Center to collect, categorize, and analyze data on Eastern North Carolina. At present, over 600,000 facts concerning 200 towns in Eastern North Carolina are stored in the center on magnetic disks, and any of this data can be retrieved as needed for various developmental studies. Mrs. Elizabeth P. Johnson is supervisor of computer information for the institute.

Black Power: Kaleidoscope Of Sentiment And Purpose

mind

By WALT WHITTEMORE

With the increasing signs of an approaching spring, the mind be- people must realize and understand gins to have thoughts of a summer which is drawing nearer with each passing day.

To the concerned minds of many, this advent of pleasant weather incudes certain misgivings for the season, one of which is the possibiity of another summer of riots, accompanied by flames, theft, and death.

This spread of violence has been largely attributed to the current Black Power movement. Whenever the middle-class white hears mention of Black Power, he immediately visualizes H. Rap Brown screaming, "Burn, baby, burn!"

What this same middle-class white refuses to admit is that he might have prevented the riots in Watts and Rochester and Cambridge. Had the white man been able to accept the "black and white together" philosophy of the Rev. Martin Luther King, he might not have been compelled to fight fire with fire.

must build within their communities a feeling of self-pride. The that it is no more immoral and wrong to be black than it is to be Greek, Chinese, or Protestant. What must be accomplished is the elimination of the inferiority complex which the white society has so firmly entrenched in the black

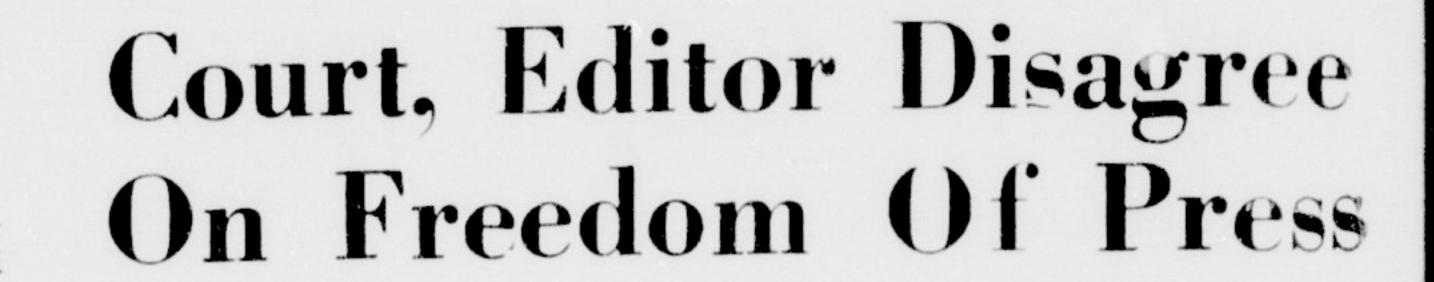

Economic Position

There is a long road ahead for the American Negro, for his economic position puts him at a distinct disadvantage.

The obstacles are innumerable: members of their own society oppose progress for they have found stability in their "Uncle Tom" roles, and the white man is not ready to relinquish his position of racial supremacy.

Today's young Negroes are no longer satisfied to accept the social positions their father did. White Americans must be prepared to answer for the sins of their ancestors because Black Power, or any name used, is here to stay.

James Offenbach's opera, Tales of Hoffman, was presented by the School of Music Friday and Saturday nights in the Recital Hall of the music building. Pictured here is Jeanne Smith portraying Niclaus.

Following the speech the group ill hold a question and answer

In his speech, Lloyd will attempt to define the SGA, tell its functions, and explain its divisions and their respective powers.

Respect and understanding on the part of the students is the first sten in having a progressive SGA." said Lloyd Saturday.

One part of the talk will emphasize channels which are open to students to express their griev-

East Carolinian—Tuesday, February 6, 1968—7 Philosophy Club Delves Into Morality Question

the Philosophy Club delved into vidual. the problem of defining and describing morality in its meeting last week.

The group met on Wednesday, January 31, at 8:00 p.m. at Professor Houston Craighead's home. In addition to Craighead, there were four other members of the philosophy department, including Miss Margaret Jones, Mr. Ernest Marshall, Mr. D. D. Gross, and Mr. Ray Lanfear acting as moderator.

In order to discuss the topic of morality, the group attempted to differentiate between morality and amorality. Two analogies were drawn as bases for the discussion. The first of these analogies concerned driving an automobile. When is it that driving is moral or amoral? One group maintained that the mechanical operation of an automobile is amoral. Whenever other people are involved when one drives, then the problem becomes moral. Another group maintained that because driving involves intent it is necessarily moral.

Faculty and student members of ed the well-being of another indi-

Another line of thought involved the transcending of morality. This arguement maintained that if man were to properly pursue his position of rational being than questions of morality would no longer exist, since they would be transcended by rationality.

Among other topics discussed were individual morality versus morality in society and the existence of an individual conscience.

East Carolina's University Union will host the Intercollegiate Games Tournaments sponsored by the Association of College Unions-International, Region V, February 8-10. One hundred-fifty campus champions in billiards, bowling, bridge, chess and table tennis will arrive Thursday to represent schools in five states.

College Journalists Meet With Hippies And Senators

By JOHN REYNOLDS

Light shows and wild music, hippies and educators like Robert Theobald and senators like Eugene McCarthy, set the stage for a conference for college editors put on by the United States Student Press Association.

Rebel, Linda Dyer and Chip Calla- about fifteen minutes Saturday Phyllis Bridgeman, associate editor of the East Carolinian attended. The conference opened up Thursday, February 1 in the Sheraton-Park Hotel, Washington, D.C., with 'Future Studies'' films and facilitator (you do it and it is also done to you) interviews running all day. Big events Friday included a psychedelic "light" show, with glaring lights, throbbing music and four slide flims all going at once. Following up on the show educational theorists including Robert Theobald. Charles de Carlos, and Tom Koch opened the keynote discussion for the some 600 jouranlists in the room: Alternative Futures and Present Choices.

rors of the war was shown, and a fake police raid was staged, leaving the crowd in an uproar, arguing and throwing things, and genuinely "uptight."

Several members of USSPA threatened walkout.

Sen. Eugene McCarthy, the only From East Carolina Nellie Lee declared candidate for Democratic and John Reynolds, editors of the presidential nomination, spoke for way, Rebel staff members, and evening, being constantly heckled by members of the ultra-liberal underground news service. McCarthy made a quick exit when members of Liberation News bore a coffin into the room and overturned in front of the podium, with McCarthy for president buttons and an American flag tumbling out. The U.S. Student Press Association later publicly apologied to Sen. McCarthy, and David Lloyd-Jones, conference coordinator, stressed that USSPA officers "had no part

Mr. Smiley has worked for about ten months on the plan. He got the idea for his brainchild following a trip to Georgia State and Clemson to see their new lirary structures.

From Recent Tourney

EC's debate team returned last Monday from New Orleans and the three-day Tulane University debate tournament, where it placed in the top quantile of over 200 participating teams.

Jim McCullogh and Michael Conley each won five of their eight required rounds in leading the inspired team from ECU.

Tying such schools as Dartmouth, Stanford, Brown, and Baylor Universities, the EC debaters finished ahead of about 75 per cent of the other teams present. These teams represented such schools as Loyola of Chicago, Florida State University, Vanderbilt, the University of California, Auburn, and Davidson.

After last weekend's success, the team is looking forward to their next stop, Columbia University in New York.

On February 15th coach Albert Pertalion will lead his team north to the Moses Hadas Invitational. This debate tournament was named for a renowned classical scholar and teacher at Columbia.

"When you start to build a library, you get an architect," he noted, "but I want an architect to know what we need. You should start inside and build out rather than start outside and put the library in."

Former President Retires At ORU

Dr. John D. Messick, former president of East Carolina, has retired as academic head of Oral Robert University in Tulsa, Oklahoma.

Executive vice-president and provost of ORU, Dr. Messick will continue on the university staff as a consultant. His first assignment will be to work on plans for a new science building.

This is the second retirement for Dr. Messick who in 1963 went to the new school to plan curriculum and retain a faculty.

In 1960, he retired from the East Carolina College presidency, a po- troduced, a sneak film on the hor- ter, honoring the artists. sition he held for 12 years. Dr. Messick was dean of Elon College from 1935 until 1944, when he became dean of New Jersey State College. In 1947 he came to East

Dr. and Mrs. Messick plan to return to their home in Greenville in March.

The rest of the day was spent playing games like "Network." where players try to discpline electronic media, and attending seminars like "Future Learning",, where people talk with Harris Wofford, president of the experimental college, New York's Old Westbury

State University College, and David Goldberg and Hendrik Gideonse of the U.S. Office of Education.

Friday night featured more films, courtesy of the Kinetic Art, the first eight of which were premier viewings in the United States. Saturday afternoon at a general meeting delegates from Tulane University introduced a resolution calling for a reorganiation of the conference, and a censuring of USSPA been available in several commerleadership. Gators Splash By Sinking Bucs, 66-47

The Gators of the University of Florida showed the Pirates why they are one of the best teams in the South as they splashed the Pirates by 66-47 in a swimming meet held in the new Minges Natatorium last Thursday night.

The meet was the 13th between the two schools and also marked the Gator's 13th straight win over the Pirates. The Gators also appear to be heading for their 13th straight Southeastern Conference title. The Florida Gators have dominated the sport in the Southeastern Conference by winning 20 times in

Seminoles Manage 10 Point Victory **Over EC Pirates**

Fast Carolinas cage Bucs went went on a scoring rampage Saturday afternoon, pumping in an even 10 points against highscoring Florida State, but the Seminoles managed to take the contest at 110-100.

Sophomore guard Tom Miller found the range for this first time this year, as he nailed in seven field goals and nine free throws East Carolina grabbed a 3-2 lead with 18:17 left in the first half as center Charlie Alford dumped in a free throw after hitting a bucket. Florida took the lead away and held on to it, moving it to 18-13. but the Pirates roared back to pull in front at 21-20 on a three shot flurry by Miller. Florida State then took the lead for good on a shot by Dick Danford at 24-23. The Pirates fought back to tie the score six times in the remaining minutes of the period, at 34-34, 38-38, 40-40. 42-42, 44-44, and 46-46. The Seminoles then pulled away to the halftime margin of 54-51. The second stanza proved very tough on the Bucs, as Florida State roared away to hold an 83-62 lead with 10:30 left in the game. East Carolina struggled back toc ut the Seminole lead to eleven at 90-79. From that point, the two squads swapped baskets until the buzzer sounded at 110-100. Miller's 23 points was the top figure for the Pirate effort, but cocaptain and forward Vince Colbert was close on his heels with 22, as he sank nine field goals and went 4-6 at the charity stripe. Forward Jim Modlin was top rebounder with

the last 27 years since the conference was first formed in 1932.

East Carolina managed to take firsts in just three events against the Gators who won 10 events.

Summary:

400-yard medley relay: Florida (Bob Bridges, Jim Perkins, Richard Aherns, Pat Blanton), 3:47.46.

1.000 freestyle: Bob Applegate (F), Jim Manchester (ECU), Steve Howard (ECU), 10:49.6.

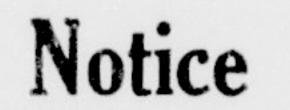

200 freestyle: Bruce Page (F), Henry Hough (F), Bob Moynihan (ECU), 1:50.66.

50 freestyle: Andy McPherson (F), Bruce Williams (F), Layne Jorgenson (ECU), :22.15.

Individual medley: Mark McKee (F). Owen Paris (ECU). John Sultan (ECC). 2:03.71.

200 butterfly: Barry Russo (F), Ken Hungate (ECU), Doug Murphy (ECU), 2:00.12.

100 freestyle: Layne Jorgenson (ECU), Bob Moynihan (ECU) Richard Aherns (F), :51.38. 200 backstroke: Mike Tomberlin (ECU), Dick Donahue (ECU), Bob Bridges (F), 2:08.70.

Any student interested in summer service opportunities will have an opportunity to find out some of the possibilities when Miss Pat Hall visits the

The United States Air Force Academy became the eighth and last team to sign a contract for the 1968 ECU holiday basketball tournament, according to the Athletic Department.

The Falcons join a group of teams coming from four major conferences, including the Southwest Conference, the Southern Conference, the Ivy League, and the Atlantic Coast Conference.

Baylor will represent the Southwest; William and Mary and East Carolina occupy the two Southern Conference berths; the Ivy League will be represented by Cornell: and the University of Virginia will stand in for the Atlantic Coast loop. In addition, Delaware will be the representative of the smaller Mid-Atlantic Conference, and the Air Force and Virginia Tech are classed as Independents.

The tourney, which has been scheduled for December 26, 27, and 28 in the new Minges Coliseum will soon receive its official title. A panel of judges have been in the process of choosing a name for the event from those submitted in a recent contest. The Athletic Department repors that the field of possibilities has been narrowed down sufficiently that the group will soon be able to reveal the offial name. Coach Tom Quinn reports that he is already at work on plans for the 1969 event, and that several fine schools unable to participate in this year's festival because of conflicts have expressed interest in the tournament for next year.

Tom Miller, sophomore guard, played his best game of the year against Florida State last Saturday as he fired in 23 points, connecting on seven out of ten shots from the floor and hitting a perfect nine for nine from the free throw line.

urday afternoon.

The Bucs scored their second highest number of points of the season in the 110-100 loss to the hosting Florida squad. Their point output was exceeded only by the 104 points scored against Atlantic Christian before the Christmas holidays.

Good Showing

Florida State is reputed to be one of the strongest independent teams in the nation, and is the third highest scorer in the country. The Tar Heels of the University of North Carolina, currently called the third best team in the counnoles by only six points, at 86-80. That game was played on the friendly court of Carmichael Auditorium (Blue Heaven) in Chapel

Bucs have been so misfortunate in Evidence of the cage ability of contests with other Southern Conthe 1967-68 Pirates can be easily ference teams. Perhaps the fine seen in the score of the game with performance Saturday is an indihe Seminoles of Florida State Sat- cation of things to come, as the Pirates enter the last leg of the regular season with five conference tilts left on tap. Four of the remaining loop games are at home, as are two non-Southern Conference conflicts. A third non-loop match is on the road, at the tough University of Toledo.

The Pirates go out to avenge an earlier loss to the University of Richmond Wednesday night, and then meet William and Mary Saturday night. Both tilts are in Minges Coliseum and there WILL be seats available for students. If you haven't seen a home game this year, this will be a great try, were able to down the Semi- chance to see the Bucs in action, and . . . shame on you for missing all the others!

117 W. 4th Street

NEW...

Florida State's high scoring effort was led by Dave Cowens with 26. while Jan Gies had 20.

The Bucs return home tomorrow night to Minges Coliseum to do battle with the Spiders of the University of Richmond in Southern Conference action.

When one considers a four point home court advantage (which in many cases is too small a figure) the powerful Tar Heels were only two points better than the Florida five, and they were only six better than the Bucs in Saturday's match. Taking these figures alone, it would seem that on the particular days considered, the third ranked Tar Heels would be only eight points better than East Carolina on a neutral court.

Hill.

Strong Competition Helpful

Though losing the game, the Pirates did prove their ability to play good basketball under adverse circumstances and against truly strong teams. Anyone want to dispute the statement that strong competition improves a team's game?

It just seems a shame that the
