SPORTS ROUNDUP

NEW YORK (AP)--- Basketball seems to be on its way toward our national game--at least in winter- if the southern colleges only move into the big time...New England, mostly a blank on the basketball map up to last winter, is looking for a big season. With Boston college returning to action after a 20-year lapse, Holy Cross, definitely on the big time, and Rhode Island State moving into the Boston Garden doubleheaders-- Bill Mokray, Boston basketball boss, hopes to make up for last season's \$11,000 loss by putting at least one New England team in every game... Harvard and Yale won't be on those bills, of course, but the Crimson ought to do well since Wyndol Gray, who starred for Bowling Green (Ohio) last year, has turned up there as a Navy trainee and Yale won't be any worse in having Art Dakos, rated the best schoolboy cager in Mass. last season.
