

OFFICE OF  
GERALD R. FORD

November 1, 1977

Dear Mrs. Rovero:

On behalf of President Ford, I want to thank you for your letter of October 29, concerning your son's needs for law school.

You did not mention whether he had taken advantage of the Government loans which are available for students. May we suggest that you contact your local Congressman or Senator and ask them to send you the most recent information on what loans or grants are available and see if anything there can help.

Some service clubs (Rotary, Elks, etc.) also occasionally have scholarship monies for local area students.

With best wishes for success in finding help,

Sincerely,

Robert E. Barrett  
Executive Assistant  
to President Ford
