Clerk,  
Superior & Recorder's Courts of Chowan County,  
EDENTON, N.C.

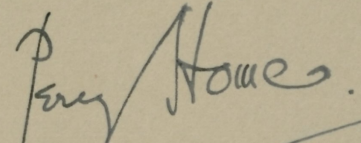

Dear Sir,

I am very pleased to learn that a copy of the Christmas Number of "The Sphere" has reached Edenton. The coming into being of the article was the work of many months and, if I may say so, but for a strong personal interest in this matter it would never have been published, so persistent were the difficulties in obtaining the material which we desired. It was not until Mr. Springer personally got in touch with your kind self that matters began to move.

I am very glad to have your booklet and learn of some other facets of Edenton life; one hopes that some form of National Trust for the Preservation of Ancient Buildings will see that your "old Colonial" mansions are rendered safe from a too ruthless advance of prosperity.

A copy of "The Sphere", autographed  
is sent to you under separate cover.

Yours faithfully,

for THE EDITOR.

P.S. Could you get a local photographer to send us prints of Hayes, and other Colonial mansions mentioned on page 13 of your booklet? We would, of course, pay him the regular fees.
