Stuart

I'll tell you what I've done on  
Power and Light:

Elliott Lewis, the producer for  
Ray, will be contacting you about  
a movie. Cooperate with him, Caplan.  
He and I both are thick with Altman  
and Sam Peckinpah now. I don't  
think anything literary much can  
be done until you print it, and  
the sooner and closer to Tennis,  
Handsome (out next month), the  
better. Maybe June's a little

late.

I'm going to New York for TV shows  
in April. I think, and on these  
shows I'll also play Power and  
Light. Whatever, closest to

Tennis Handsome's coming out is  
the best.

Save Nookie/secretary for me.

Save your house.

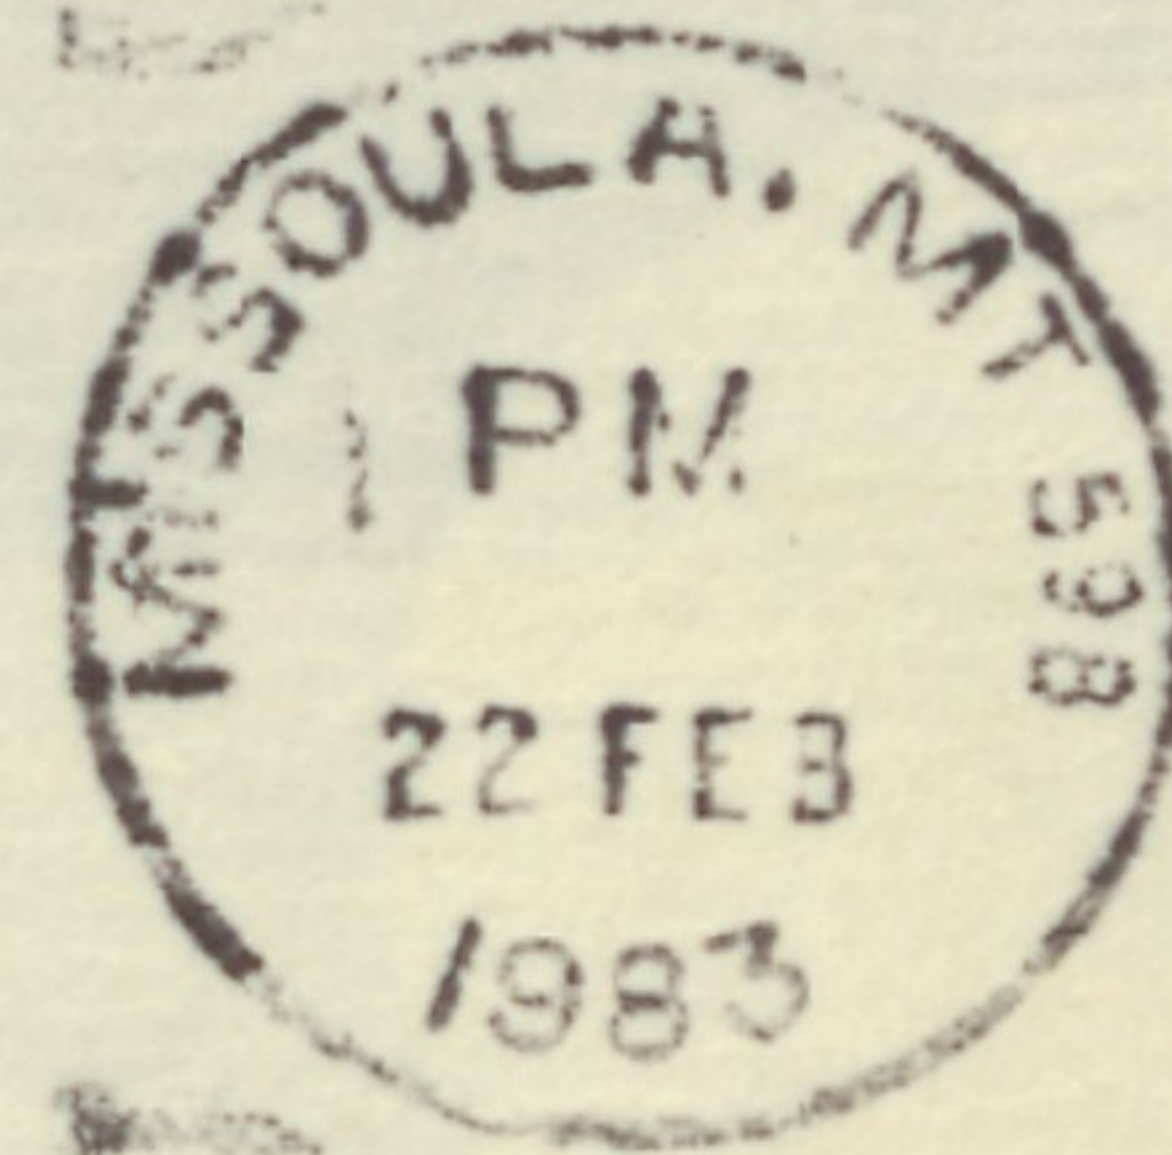

Save your wife.

Pull back and reload. They're  
all coming at us, but this  
time we come in with something  
new while they're trying for  
Richmond.

Sweet Stuart —

All's warm and well here. Just back  
from Playboy trip for an article on  
motorcyclists (mainly dumb pseudo barbarians  
in Pensacola). Tennis Hand enclosed  
with hot note — other number I'm  
getting for you, no sweat, you'll have  
one:

Come see me, boss. We'll catch  
some fish, share head-job stories  
about Sedora the Timeless —

Best —
