

[Oct. 1983?]

Dear Stuart -

okay here. Mountains are
nice - Good mix of hobemions,
cowboys. I'm so fucking
tough I scare off everything
but pussy. Trashed some bands,
held a grizzly down for a
friend to kiss. Your jokes
are getting better. Play your
tape, dig on old times not
forgotten. Send you some
snow here.

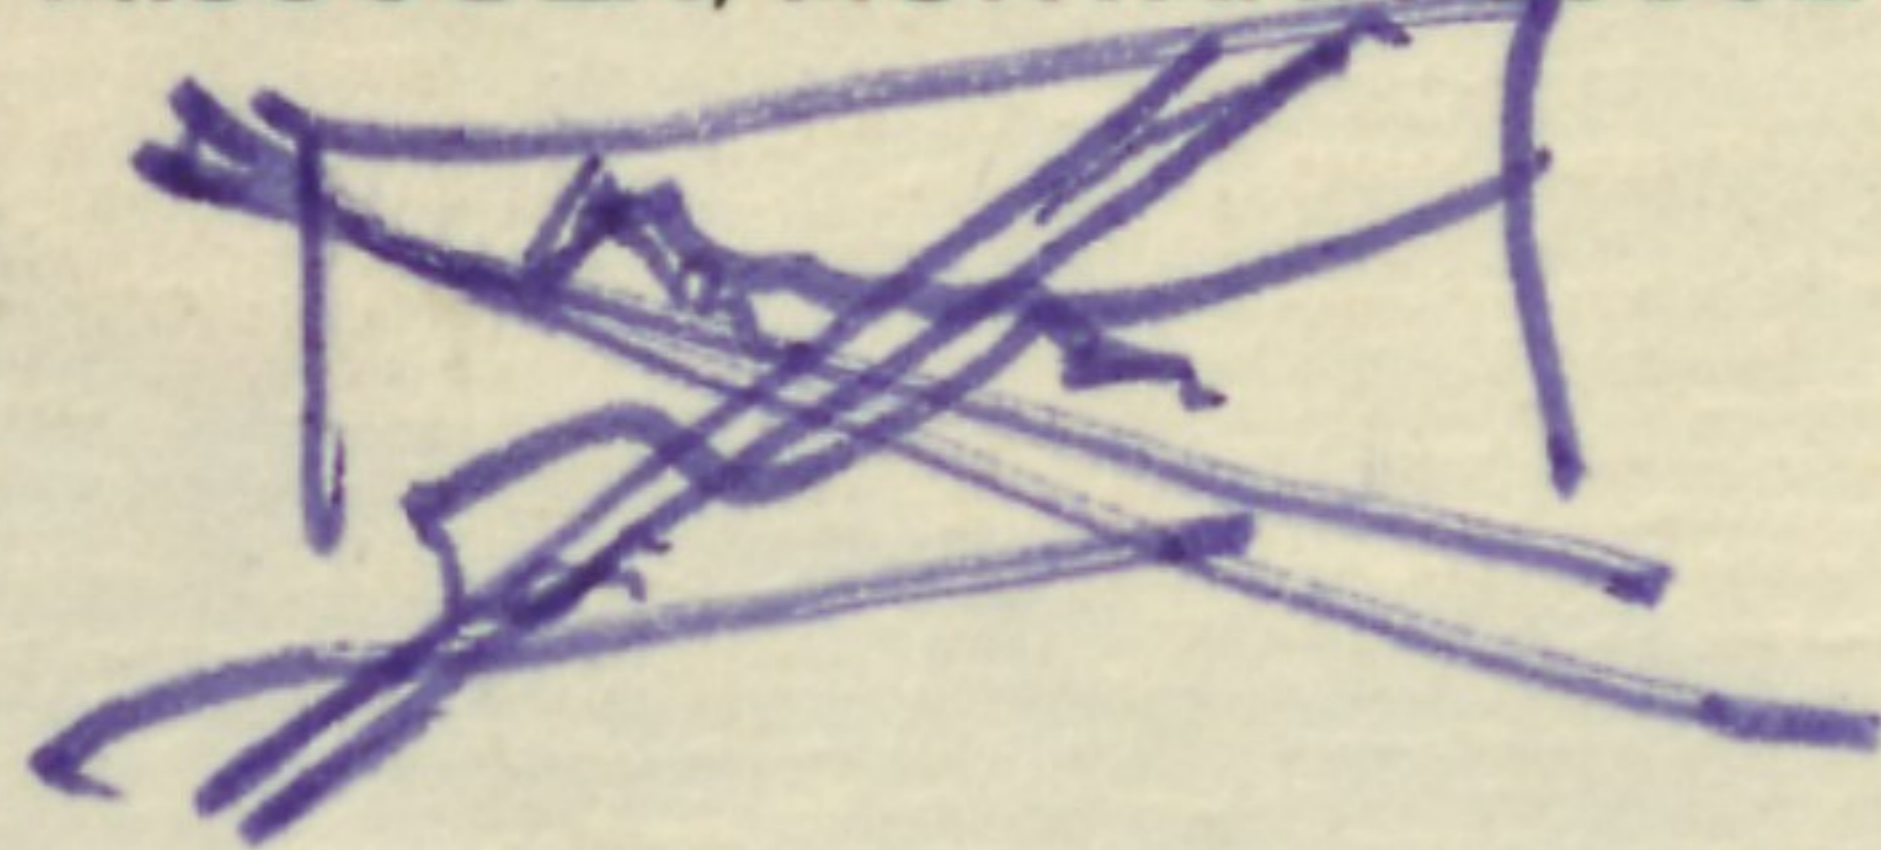

Send up Colophons and
also define Colophons, you
erudite dog. All's well that
it knows of. Novella about
done. Gimme couple weeks -

Your Pal,

Barry
