Dear Mr. Robertson:

I appreciated your nice letter regarding the weekend of the solar eclipse. We were indeed happy to see so many people take advantage of our facilities and share in such a spectacular event.

We shall look forward to having you visit the campus again in the not-too-distant future.

Best wishes,

Sincerely,

Leo W. Jenkins

Dear Doctor Jenkins:

Several members of our family and myself enjoyed your hospitality this afternoon as we witnessed the rather awesome solar eclipse. We thank you for your effort on behalf of our comfort and enlightenment.

We say, too, we commend you and endorse what you are doing for education and particularly for medical education here in eastern North Carolina.

We are proud to have a son studying at East Carolina University.

Sincerely,  
Gordon M. Robertson
