## Nail May Veto Student Government Bill

# Medical Emergency Loan Reinstated

By DIANE ANDERSON

The Student Government Association Monday approved the reinstatement of the medical emergency loan, which had been made inactive by the summer legislature, after lengthy debate regarding the use of the funds for abortion.

The bill is likely to be vetoed, however, by SGA President Lester

When asked by one of the legislators why he was against the bill, Nail commented, "I felt like tions. the students were losing money. I felt this summer that there wasn't lost. I wanted the medical fund like this."

(suspended) strictly because I am against abortion. It is not a student

Mike Rogers, a junior majoring in music therapy and minoring in ing to force anyone to believe how I psychology, passed out leaflets by a Pro-Life organization before the meeting which graphically described and illustrated gory details about student's responsibility to fund towards the medical emergency loan tion than people think. I wish the

"I don't want my money suppor- for and against abortion," he ting this thing," he said. "It really stated. adequate means to get the money hurts me to see my money that I

to speak on the issue. "One of the consensus on campus about the loan service; I think it is a student waste legislators came to me and told me fund, but failed to carry through on that the bill would come up today. I the plans. think abortion is wrong," he said. "Again, like I stated, I am not try-

abortion. In his comments to the something like this. I really do feel a legislature, he expressed his feelings lot more students are against aborfund being used for such opera- legislature would try to form a survey to see how many students are

discussed the possibility of a survey legislator.

He further explained why he came in the fall semester to determine the

Mitch Daub, chairman of the committee, moved to formally amend the bill allowing the monies to be used for medical emergencies "It is not the university's or the excluding abortion, quoting scriptures to show the immorality of such operations. "I will get 200 people in this room," he said, that would be opposed to abortion.

The amendment was defeated for several reasons, including the possibility of legal problems. "Until it is ruled unconstitutional by the constitutes a medical emergency. U.S. Congress we shouldn't make back...there was too much being paid as a student go for something. The student welfare committee that decision," argued one form, without amendment or

Confidentiality about the way the monies are used posed another problem regarding the amendment. "It doesn't have to be used for abortion; it may never be used for abortion. We have no way of knowing what exactly it is being used for," said Legislator Andy Lewis.

The fund is provided by the SGA for students in the case of a medical emergency. The exact manner in which the money is used is confidential between doctor and patient. Loans are made on the recommendation of a certified physician who must use his discretion as to what

change.

# ECU Students Share King's 'Dream'

By PATRICK O'NEILL

Luther King was commemorated Friday by over 200 we all will be free." throughout the university.

chapter, and Student Union president Ron Maxwell marched led by Dr. King. worked together in laying the groundwork for organiz-

temperatures. who led a non-violent civil rights movement throughout America during the '60s,' Carlton said to the crowd of

people gathered outside the Student Supply Store.

"that the world might see what we believe in and the The 53rd anniversary of the birth of Dr. Martin world might see the dream he he dreamed - that truly ed.'

East Carolina students, staff and faculty. Various A recording of King's famous "I Have A Dream" events were sponsored by the ECU student chapter of speech was played during a moment of silence. Then the the NAACP with the added input of many individuals participants held hands and began a march to Mendenhall Student Center. A chorus of "We Shall Virginia Carlton, president of the university NAACP Overcome" was sung, reminiscent of the civil rights

Variations of the song were also sung with the words, ing the program, which began at noon in subfreezing "We shall not be moved; we shall all be free, and we shall live in peace," as well as the rock version of happy "Today we're tributing Dr. Martin Luther King Jr., birthday composed by Stevie Wonder in honor of King.

Student reaction seemed favorable as well as curious, as the marchers crossed campus. "The spirit was great it gave me a feeling of great pride . . . being a part of the

During a short invocation, Maxwell stated his hope service," said Community Health student Patricia Alex- because of the Poland crisis while the United States is ander. "There was a great impact on the people involv- still "the biggest source of trade with South Africa,

> of the Alpha Phi Alpha Fraternity performed a block of Haitian refugees in detention camps, with conditions show in tribute to King, who was an Alpha Phi Alpha not fit for animals, just because they fled a country pledge. The fraternity also presented a memorial por- where men (and women) are no longer free." trait of Dr. King as a gift to the university.

> p.m. in Mendenhall along with the singing of the ECU "When we as a nation can open our arms, then we will Gospel Choir.

Rev. Ken Hammond, program director of Mendenhall, told the audience "it's time to just stop dreaming. When people dream they're asleep, and I believe that if Dr. King were alive today he would tell us that we should stop dreaming now and wake up." Hammond refered to the problems and injustices

directed at minorities today. He stressed that people need to "be involved at all levels" in crucial events. "We need to wake up if we're going to make the dream a reality," Hammond said. "Our eyes must be open we must be watching daily the things that are going on around us." Maxwell also called for action to bring about change,

saying "all of us should be challenged to want to emulate the things that he (Dr. King) stood for." He then told the audience that "we will never see that dream accomplished until we as a people learn to see that apathy is a spirit of do-nothingness in ourselves."

Citing King for his non-violent approach to injustice, Maxwell said "a war still rages today because we live in the midst of a society which stands as a sea of affluency and in the middle of this sea . . . stands an island of the

Maxwell went on to note some of the injustices on this "island of the poor." He mentioned a system of justice based not on guilt or innocence but "on the quality of legal counsel one can afford. "A man is never free until he is economically free."

he continued. The student union president said he was angered by

the recent santions imposed by President Reagan

where racism and injustice take place everyday." He When the march ended at Mendenhall, four members also mentioned that the United States "leaves thousands

Maxwell felt that freedom could not come about until A formal program of events and speakers began at 1 many of the barriers he mentioned were removed.

# Greenville Salutes Black Leader

By PATRICK O'NEILL

Activities commemorating the birthday of Martin Luther King Jr. were widespread on Jan. 15, including several events in Greenville.

Among the city's activities was a protest-memorial march down Fifth Street to the office of Rebublican Senator John East.

The march was sponsored by the Pitt County chapter of the Southern Christian Leadership Conference (SCLC) to honor the Nobel Peace Prize-winning ac-

The march was also used as a means of lobbying support to have King's birthday recognized as a national holiday.

"We want it on the calendar; it's not on the calendar. We want it to be a national holiday for all," stated Jim Rouse, SCLC media director, to the group of 65 gathered on the steps of East's downtown of-

George Streeter, a speaker at the rally,

# Trustees Meet

Marchers carry a drawing of King to Mendenhall Student Center.

## Hear Selection Committee's Report

trustees learned Sunday that there visit. are approximately 148 candidates for the position of chancellor.

The trustees, in an executive session following its regular meeting, were briefed on the progress of the Chancellor Selection Committee which is currently choosing a successor for Thomas Brewer.

In its first meeting since John Howell was named acting chancellor, the trustees voted to approve his proposal to separate the long-range work of the university Planning Commission from the faculty self-study being conducted for the Southern Association of

The East Carolina board of Colleges and Schools accreditation

Howell said he felt the new chancellor should have some input into the long-range plan. "If we move forward this way we can finish the self-study, then think later about

The board also voted to establish an ad hoc committee which will study and review the Planning Commission documents and report its

findings to the trustees as a whole. The report will be received only as for informatinal purposes and will not be an endorsement of any recommendations, the board decid-

## Student Union Now Accepting Applications

The East Carolina Student Union is now taking applications for its president as well as for committee

chairmen and members. According to current president Ron Maxwell, the student union will be staffed for next year by Feb. 15. Applications for the organization's president will be accepted from Jan. 18 to Jan. 29, with the

new president selected on Feb. 4. Students can apply to be chairmen for the Student Union committees from Jan. 25 to Feb. 5. These positions will be filled by Feb. 8. Anyone wanting to serve on the committees must apply from Feb. 1

to Feb. 12. Applications will be taken in the Student Union office in 234 Mendenhall.

# 'Creation Science' Causes School Stir

### By JOSEPH OLINICK

Recently, in a heated court battle, a federal judge ruled that an Arkansas law requiring Biblically inspired theories of creation be taught along side the theory of evolution in public schools is unconstitutional.

Although the ruling is a definite and very heavy blow to the creationism movement, it, by no means, has stopped the movement. "Creation science" lobbyist are at work with more than 15 legislatures, book publishers and school boards across the country.

A bill requiring that creation science be taught along side evolution would have tremendous implications on all levels of education. Attesting to this fact, Judge William Overton, who ruled on the Arkansas case, stated in a Los Angeles Times Service article that "implementation of Act 590 (the 'creation science' law) will have serious and untold consequences for students, particularly those planning to attend college. Evolution is the cornerstone of modern biology...Any student who is

denied a significant part of scientific education.

In his ruling, Judge Overton defined creationism as a religion and not a science, as supporters of creationism assert.

Truly, creation science does not belong in the classroom next to the theory of evolution, and legislators should not give way to conservative lobbyist and pass laws that force creationism into the classroom.

Forcing creation science upon professors and students would be an invasion on their freedom. The forced teaching of creation scieznce would compromise the academic freedom of professors and students. After all, there are people who do not accept the Bible, and creation science draws heavily from the Bible.

More importantly, creationism is in direct conflict with modern science. In other words, it is incorrect. It contends that the earth is 10,000 years old. In contrast, modern science dates the earth as approximately 4.5 billion years old.

It seems odd that conservative fundamentalists would want to put creation

very symbolic and open to interpretation. On the other hand, science is very precise and set.

So, it would seem that putting Biblical ideas into the category of science would belittle and defray the literary and spiritual value of the Bible.

One theory seldom heard is that perhaps some superior being or god initiated and controlled evolution - if it took place at

Creationism is propagated by Christian fundamentalists who make up a small portion of the population. Still, they are powerful. Fortunately, the American Civil Liberties Union is fighting these groups and, so far, has had success.

Creation science lobbyists are putting pressure on legislators throughout the

Hopefully, legislators will study the creation science case in Arkansas and think twice about enacting similar legislation. Perhaps legislators might even be nice enough to listen to their constituents instead of the special interest groups and their lobbyists. Then maybe separation of church and state will be maintained.

#### science, which is very much like the deprived of instruction as to the prevailing Biblical account of creation, in the same scientific thought on these topics will be category as evolution science. The Bible is BLY MAKE DO WITH IN COLLEGE .. Reaganomics Causes Varied Problems By DAVID ARMSTRONG there was silence at the other end of the Growing old in America is a damned Now, they are frequently and fervently

hard process, and auctioning off your life to make a living is even harder. I have understood those truths intellectually for a long time, but it took a recent holiday visit to my hometown of Harrisburg, Pa. to drive them home to me with gut-wrenching

My source for this American story is my father, Richard E. Armstrong, aged 62. Dad has been a blue-collar worker since he graduated from high school in 1937 and went straight to work in a steel mill. Presently, he is a journeyman machinist for a corporation that does some military contracting. With the threat of war looming large, you would think business would be booming, but it isn't, not for my father's employers. So, the company lays off its employees a week at a shot, every several months, on a rotating basis.

When it is his turn to be laid off, my father, who has always prided himself on working for what he gets, collects unemployment. He stands in line with other working people, many of them older white men like himself, who have seldom had trouble finding and keeping a job. This has a way of putting flesh on the dismal economic reports from Washington.

Unlike many of his co-workers, my father did not vote for Ronald Reagan. He and my mother, who retired as a clerktypist when my sister and I were grown and mom's health turned bad, have moved gradually, if cautiously, leftward. In recent years, their political sympathies have shifted from Richard Nixon to Gene Mc-Carthy to John Anderson. Although they are tempermental conservatives (their musical taste runs the gamut from Lawrence Welk to Al Hirt), my parents favor the creation of a third party to challenge the Democrats and Republicans

- the party of their parents. But while they did not vote for Reagan, my folks had hopes that supply-side economics would turn out to be more than an empty promise. After Reagan delivered his first big economic chalk talk last spring, they asked me, via Ma Bell, what I thought of the game plan. I told them I did not think it would work. No, my mother said, Congress probably would not go along. When I replied that I thought Congress would go along, but that Reaganomics is inherently unworkable,

critical of Reagan, convinced he is leading us into war, and possibly a depression. My

younger sister, Barbara, and her husband, Don - both of whom did vote for Reagan - are non-committal about his performance so far. Don was downcast, though, when his small insurance business failed last year. "He blamed himself," my mother said. "'Don,' we told him, 'it's not your fault, it's the economy.' "Don has since landed a job with one of the corporate giants that drove his firm out of business.

While my brother-in-law begins his new job, my father dreams of leaving his old one. He had hoped to retire at 62, but he hadn't enough of a nest egg to do that. He will have to work three more years to collect full (albeit shrinking) Social Security benefits. By that time, he worries, the safety net may be shredded, and he and my mother will be cut loose in a society that cares very little for old people.

So work he must, at the job he has held

for nearly 20 years, in the shop where he was once a creative and valued employee. At 62, that is no longer the case. Management does not respect older workers whose productivity they believe is just about used up. When the firm wants to get a new machine or design a new program, the boss no longer asks for his opinion. "Well, that hurts," he told me quietly.

To salve the wounds of work and head off worries about life after retirement, my father rides a shiny new motorcycle hither and yon. He keeps it in the shed he built himself in the backyard, taking out the cycle on crisp, clear mornings just before the sun comes up. "It's real pretty that time of day," he says.

Mostly, my father rides on weekdays, slipping his helmet on and going up to the Happy Farmer restaurant, where he takes breakfast with his pals. They talk sports and politics for a while. Then he gives the motorcycle its head for mabye half an hour before steering the vehicle to the plant to begin the latest of 45 years' worth of work days. At 8:15 sharp, Richard E. Armstrong punches in.

# Delays Unnecessary?

I read the front page article in the Thursday, Jan. 14, 1982 issue of The East Carolinian about WZMB being delayed again. According to the article, this delay is due to a license or an authorization from the FCC to broadcast using the STL (Studio Transmitter Link). I am somewhat dismayed by the article since this paperwork was complete in May 1980 and the authorization was granted in July 1980.

To satisfy my disbelief I spent the entire day Monday, Jan. 18, 1982 on the phone with the FCC in Washington, D.C. I called the call letter desk within the broadcast bureau

and spoke to Mrs. Davis who informed me that call letters WGV-613 belonged to the ECU Media Board and that they were authorized on a construction permit to transmit on 948.5 Mega Hertz. I also spoke to Jim Durst of the FCC who explained that all

the paper work seemed complete for WZMB. I then spoke to Bob Greenburg of the

STL division stated that the station only needed a PTA (Program Test Authorization). He stated that this authorization could be obtained in 10 days by having WZMB send a telegram stating that the station

was ready to begin programming. Since we have verified that we do in

fact have the STL transmitter authorization, my question is when are we going to request a PTA? If we wait for another STL license which we already have and which took four months the first time, then we are essentially just beating a dead horse. This is nearly an \$80,000 student funded project. Someone needs to examine the WZMB public inspection file thoroughly so that we can hear music rather than excuses.

# Frankenstein Series Haunts Hollywood

By JOHN WEYLER

Staff Writer

HOUSE OF FRANKENSTEIN (1944)

From Thomas Edison to Andy Warhol, filmmakers have been fascinated with Frankenstein, Mary Shelley's 1818 novel. Considered a classic of science fiction as well as a masterpiece of gothic horror, Shelley's story dealt with the themes of man daring to create life and imitate God, and with man's inhumanity to man.

While such weighty matters have rarely found themselves into the innumerable Frankenstein movies made since Edison's 1910 epic, the story has been a treasure-trove of eerie ideas for makers of fright films.

The most famous of these is the series made during the heyday of Hollywood by Universal studios that included episodes ranging from the sublime, Frankenstein (1931), to the ridiculous, Abbot and Costello Meet Frankenstein (1948).

Frankenstein (1944). By 1942 the Frankenstein formula had worn Chamber of Horrors. thin, so for the fifth inning studio execs sent in a The Count does the evil doctor's bidding for a monster that Karloff made. He will undoubtedly relief monster, resulting in Frankenstein Meets while, until he stays out in the sun too long which survive long after his campus capers, teenage the Wolf Man. By 1944, even that idea was not turns him into bare bones. This blessed event duels and monster fights have been forgotten!"

VARIETY

House of Frankenstein. always been played by stars: Boris Karloff in the through most of the movie. first three movies, then Lon Chaney, then Bela Lugosi. By 1944 though, the role was so rotten no one of any import wanted it — the part finally westerns.)

The storyline centered on the sinister schemes of Dr. Gustar Niemann (Karloff), professional mad scientist. As the film opens, he and his hunchback assistant are in jail, incarcerated for their unholy experiments. Freed when a thunderstorm Jesse James Meets Frankenstein's Daughter damages the jail, they take their show on the road, soon meeting up with the Monster (Strange) and the Wolf Man (Chaney), who are found freeze-dried in the ruins of the castle where they were last seen during the climax of the One of the worst of the series was House of previous film, and Count Dracula (John Carradine), who is uncovered while on exhibit in

enough to ensure box office success. So for the leaves the plot free to focus on the other creepy sixth in the series they came up with Frankenstein characters: Dr. Niemann, busy kidnapping his Meets the Wolf Man Meets Dracula Meets the old enemies and preparing to mix up their brains; Mad Doctor Meets the Hunchback. That title the hunchback and the Wolf Man, involved in a was too long however, so the producers named it bizarre love triangle with a pretty young gypsy girl (Elena Verdugo); and the title character, who (Before he set up "house," the Monster had has little to do since he's been lying dormant

Eventually, the werewolf and the woman kill each other. The nasty hunchback gets his just deserts, and Franky finally gets into the action, went to Glenn Strange, an unknown actor in B energized by 100,000 megavolts and carries Karloff into a bog. The (finally) End.

About the only thing that can be said in defense of House of Frankenstein is that it is better than I Was A Teenage Frankenstein (1957), Frankenstein Meets the Space Monster (1965). (1966) or Frankenstein on Campus (1969).

A new series was begun in 1957 by England's Hammer studios with Peter Cushing starring as Dr. Frankenstein, which proves that Mary Shelley's creation is indestructible. Or, as Alan G. Frank put it in his book Horror Movies:

"Frankenstein now lives on in the more than capable hands of Peter Cushing and in the

Dukes.

● AHEAD— ECU vs. N.C. State; JMU vs. ODU

THE BIGGIE last week among non-conferece games featured Old Dominion hosting fifth-ranked DePaul. The Blue Demons came into the sold-out Norfolk Scope looking to avenge last year's defeat at the hands of the Monarchs.

Revenge was just what Ray Meyer's club got, rolling to a 70-60 win that was not as close as the score indicated.

The Blue Demons jumped to a 44-24 lead early in the second half and survived a late ODU rally. The 66-60, with 43 seconds remaining

All-America candidate Terry Cummings led DePaul with 18

points and 15 rebounds. Charlie

Smith tallied 16 points for ODU. A big key in the game was shooting. DePaul put in 49 percent of its shots. ODU, meanwhile, con-

nected on but 38 percent. THE BIG SHOWDOWN that many league observers have been waited for looms ahead this week. James Madison and Old Dominion, the two pre-season favorites, go at it in Harrisonburg, Va., home of the

That game takes place on Wednesday. It marks the beginning of the conference campaign for the nion travels to William and Mary. top-ranked North Carolina, then Monarchs, who are 7-5 overall.

# 'Comedy Of Errors' Lead Bucs To Doom In Loss To UNC-W

By CHARLES CHANDLER Sports Editor

It may have been cold and snowy on the outside last Thhrsday, but it was even colder inside of Minges Coliseum. East Carolina suffered through its

worst game of the season, shooting only 32 percent from the field and committing 22 turnovers, in falling to rival UNC-Wilmington, 58-49. Both teams started slow, the two

scoring only 19 points between them during the game's first 13 minutes.

ECU had the lead early but gave it up when Seahawk guard Edward Timmons connected on a jumper with 6:38 left in the opening half to

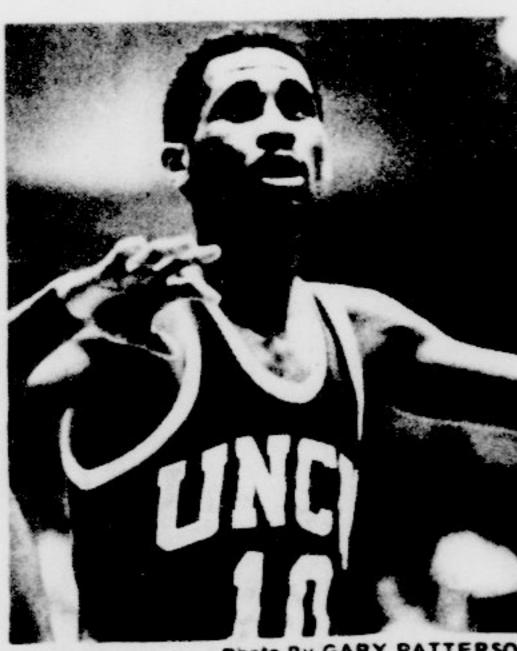

Photo By GARY PATTERSON UNC-W's Frankie Dickens

Scored 10 Points Thursday

put his team ahead, 11-10. The and five steals. Pirates were never able to recapture

The Seahawks led 20-15 at the half. The first period was not kind at all to the Bucs, who managed to connect on only six of 28 field goal tries, which translates to a mere 21.4

A big 12-0 run by the Seahawks during a four-minute span early in the second half sealed the Pirates' doom. That run gave UNC-W a 40-22 lead.

The Bucs narrowed the lead to nine on several occasions, but their own mistakes kept them from cutting any deeper into that lead. During a two-minute span late in the steals that turned into fast break opportunities. Still, the Pirates were not able to turn any of the breaks in-

to any points. The Pirates' poor shooting on the night was countered by Wilm-

ington's 62.5 percent accuracy. Center Leon Nickelson led the way for Wilmington with 14 points, eight rebounds and five blocked shots. Forward Carlos Kelly added 12 points and guard Frankie

Dickens ten points. Forward Morris Hargrove was the only Pirate finishing in double figures, scoring 13 points. The Bucs' other starting forward, Charles Green, contributed nine points, seven rebounds, three blocked shots

ECU coach Dave Odom termed his team's sub-par showing "the worst physical performance of a team since I've been here." "It was nothing short of a com-

edy of errors," he added. "Nothing went right. I can't think of anyone that played anything close to their ability level." Wilmington coach Mel Gibson

was overjoyed with his club's performance, despite the Seahawks' 25 turnovers. "We made a lot of mistakes,"

Gibson said. "They made a lot of mistakes too. But I'd like to think that our defense had something to do with their offensive problems. game the Pirates came up with three This was a very big win for us, putting us two games above .500."

> The win was Wilmington's fifth in six games and increased the club's record to 8-6. The Pirates fell to 6-7. ECU is back in action this Wednesday, traveling to Raleigh to face Campbell University. The club is back in the capital city on Saturday for a matchup with 12th-ranked

UNC-WILMINGTON (58) Kelly 6 0-2 12, Williams 3 1-3 7, Nickelson 4 6-7 14. Dickens 4 2-4 10, Tobin 1 1-2 3, Timmons 2 1-2 5, M. Prudhoe 0 0-0 0, Salzano 0 6-6 6, Pearce 0 0-0 0, McMillan 0 1-2 1.S. Prudhoe 0 0-0 0.
