Only students currently enrolled may pre-register. Make sure you follow all instructions. Do so before 5 p.m. on Friday, Oct. 12. Remember: Get it right the first time, that's the main thing.

Instructions For Completing Pre-Registration Schedules

1) Complete form with a No. 2 soft lead pencil **only**. Do not use a ball point pen.

2) Erase any errors **completely**.

3) Complete "Trial Class Schedule" first. Include department and six digit course number, section, time, days, credit hours and course approval, if appropriate. (In the six digit course number, the two digit department code is listed first followed by the four digit course number). Courses may be listed in any order.

4) After "Trial Class Schedule" has been approved by advisor of Department fill in the **numbered blocks. The numbered** blocks at the top of the preregistration form must correspond to the line number in the "Trial Class Schedule."

5) If any of the blocks are an **alternate** course selection, fill in the shaded area, "Alternate for Block Number."

6) If a course is to be taken for no credit, fill in the bubble marked "Audit."

7) 19 or 20 hours must be approved by dean or departmental chairperson.

8) 21 hours or above must be approved by Vice Chancellor for Academic Affairs.

9) Student's **name, ID number,** term and year, classification, degree and major must be on preregistration form in order for it to be processed.

10) Be careful in filling in the preregistration form. A student will get whatever is bubbled in with a No. 2 pencil, including errors if not erased completely.

11) The student must take the **signed** "Trial Class Schedule" form to Whichard Building immediately for final processing and further instruction.

12) Graduate students — Over 15 hours must be approved by the Dean of the Graduate School.

How To Follow

Drop-Add Procedures

1) A student may drop and add courses during the designated days at the first of a term with the approval of his or her departmental advisor.

2) The change must be recorded on a drop-add form and processed through the Office of the Registrar in order for it to be official.

3) To be valid, drop-add form must be dated and properly signed.

4) A student must obtain from the instructor a course card for each course being dropped.

5) Student must have copy of present schedule to drop and add.

6) All add cards must be signed by student in the space provided at the bottom of the card.

Just Thinking

Pre-Reg Is Funny

By GREG RIDEOUT
Managing Editor

I know. I know. You're saying to yourself, "What the hell is he doing thinking on the pre-registration issue." Well, to tell you the truth, I'm doing it because I can't leave empty space on the page. So, it's time for a special edition of Things I Thought Of...

Did you know that some people are just getting their schedules for fall semester 1969? The computer kept coughing the reg sheets out because they smelled like drugs.

Did you know that you can only use a number 69 pencil when filling in those circles? Also, you must do Hungarian folk song chants and stand on your head with your pencil in your ear before going to Whichard to turn it in.

If you turn in a blank sheet, you automatically become a freshman again and are given Math 1065 and English 1100. You are stripped of all rights and privileges of upperclassmenship and must desist from wearing your underwear outside your shorts until you regain junior status.

All science majors must fill their forms out in algebraic equations. Use square roots where it says "number" and put in quadratic equations instead of courses.

Political science majors must not put down exactly what they want. It is necessary for them to sort of skirt around what they really want to take. They also must not turn in their own sheets. Have an aide or an undersecretary do this part of the dirty work.

Psychology majors have decided that the pre-registration forms are an invalid testing procedure and should be replaced by phoning in your schedule. An 800-number will be hooked up and a psychologist will answer and analyze your class selection.

The History department has discovered that there are members of the class of '46 and '64 still looking for Whichard building. Dr. Pre Register has found Bobbie socks and love beads around Wright Fountain to uphold his conclusions.

Art majors must be advised to not use acrylics to adorn their sheets with. Also, do not critically evaluate the ambience and texture of the sheet and turn it in before making a mural out of it.

Anthropology majors are asked to not do an in-depth study of man and his need to fill out forms. Just fill in the darn circles and take it to Wichard. (That's next to the Peking man's boxing ring.)

Lastly, fill those things out right. The life you save could be your own.

Only Students Currently Enrolled May Pre-Register
