## **Sprinter Killed In Accident**

10 Pages

United Press International And Staff Reports

An ECU sprinter died early Sunday and five other members of the track team were injured after an athlete fell asleep at the wheel of a van returning the team from a meet.

Erskine Evans, 21, a junior from Greenville, died at 10:30 a.m. of head injuries received in the 2 a.m. accident on U.S. 264 near Wilson.

were treated and released at Wilson Memorial Hospital. "The driver fell asleep, ran off the road on the left and overturned three times," said highway patrol spokesman Mac Dollar. "A passenger with no seat belt was the one killed."

A second van carrying team Coach Bill Carson, a trainer and

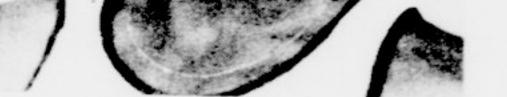

BRYAN HUMBERT - ECU Photo Lab

### An Early Graduation

The 1985 Occupational Therapy class held its commencement ceremonies Saturday. Fifteen students graduated this year and will now begin six-month internship programs.

According to ECU's Sports Information office, Kevin Daughtry of Baltimore, Md., was driving the van. He is currently hospitalized at Wilson Memorial Hospital with an upper arm injury.

Four other track team members remain hospitalized. Julian Anderson of Louisa Va., and Walter Southerland of Henderson are both in Wilson Memorial Hospital. Anderson sustained chest bruises and a pulmonary contusion and is in fair condition; Southerland suf-

Evans

fered a spine fracture and is also in fair condition.

Team members hospitalized at Pitt Memorial Hospital are Jon Lee of Vienna, Va., with a fractured shoulder, lacerations and bruises, and Chris Brooks of Raleigh with a sprained back. Nine people were riding in the van at the time of the accident. The remaining three - David Parker of Roanoke, Va., Ruben Pierce of Fayetteville and Phillip Estes of Charlottesville, Va.,

several other athletes was traveling just ahead of the other vehicle but was not involved in the accident, said Bob Gennarelli, director of Sports Information.

Gennarelli added that, according to the police report, the van "was traveling at a normal rate of speed" at the time of the accident.

The team was returning from the Georgia Relays in Athens, Ga., a qualifying round for NCAA races.

Funeral arrangements for Evans are being handled by Phillips Funeral Home in Greenville, but they are incomplete at this time.

## SGA Demonstrates Opposition To Drinking Age Increase

### Assistant News Editor

The SGA passed a resolution Monday which would chastise the federal government for pressuring states to adopt bills raising the minimum drinking age to 21.

Billions of dollars in highway revenue would be lost if N.C. lawmakers decided not to raise the minimum drinking age. However, a special clause in the not in any case support the raisbill the SGA supports would ing of the drinking age to 21. allow North Carolina to wait until Dec. 31, 1986 before raising the drinking age and to lower the federal government) step on us

Speaker of the Legislature Kirk Shelley said the North Carolina Student Legislature passed the resolution and other universities across the state are also deciding their support on the resolution. Richard Wynne proposed to the legislature that another clause be added to the resolution, which would also let N.C. lawmakers know that the ECU -- SGA does "It's blackmail," Wynne said. "We shouldn't let them (the

ways for North Carolina to get The bill said North Carolina revenue for its highways."

Day legislator Dennis Kilcoyne said North Carolina has more maintained roads than any other state. "There really is no other alternative but to comply with the federal government."

Shelley added that if the bill was passed, North Carolina would lose \$57 billion. "We want the N.C. Legislature to know that ECU supports the bill allowing us to wait until the last moment." Wynne said after the meeting that he plans to introduce legislation next week which will show ECU's

could lose substantial funds if the drinking age has not been raised to 21 by Oct. 1, 1986. It further states that five percent of bill. highway funds will be lost, and by 1988, an additional 10 percent

will be withheld from those states that still have not adopted the minimum drinking age.

The second bill offered to the SGA for consideration said the drinking age would be a gradual increase from 20 to 21 years of age by July 1, 1985.

The third bill simply states that

Shelley said the resolution passed last night will "definitely have an impact" on the General Assembly's voting concerning the

In other SGA business, the ECU Rehabilitation Association received a transfer of funds for transportation costs.

A voice vote was taken and the legislators voted unanimously to transfer the funds.

The School of Art received a transfer of funds of \$3,400 to match grants by the federal government. The Minority Student Organization also received a transfer of funds for \$344 for

contracted services. The AFROTC received \$100 for transportation to a parade.

Shelley also told the legislators about the conference by the N.C. Student Legislators recently held in Raleigh. "We did very well. ECU ranked in the top three schools in N.C. as having the best student legislature. I think that reflects on all of you," he said. At the meeting Shelley was president pro tempore as well as voted best speaker among other N.C. legislators. Also, Gordon Walker

age to 19 if the desired results are like that. I think there are other

**Outstanding Seniors** Selected For Awards

#### ECU News Bureau

#### ECU officials announced recently the selection of seven outstanding high school seniors to receive the first University Scholars awards providing full scholarships for up to four years of undergraduate study.

The University Scholars is a major, privately-funded scholarship program designed to attract academically-gifted students with demonstrated leadership potential to ECU.

It was established last fall through a series of privatelyfunded endowments which will provide \$3,000 a year scholarships for tuition and expenses. The scholarships are renewable.

Eventually the program will provide for 20 or more University Scholars awards.

The following students were chosen during a series of screenings by regional committees and interviews on campus earlier this month:

•William Clayton Deanhardt

#### •Alan Eugene Jones of Rutherfordton.

 April Janell Weatherington of Washington.

•Leslie Sue Council of Raleigh. •Eric Rodney Johnson of Raleigh.

All of the seven selected have exceptional academic records and were selected on the basis of scholastic achievement and leadership potential, according to Charles Seeley, director of admissions.

Deanhardt is a senior at J.H. Rose High School and will enter the General College. Miskavage is a senior at Pentucket Regional Senior High and will enter the School of Music.

Pittman is a senior at James B. Hunt Jr. High School and plans to study sports medicine. He is a high school athlete, Seeley said. Jones is a senior at Rutherfordton-Spindale Central High School and will study applied physics.

Weatherington, a senior at North Pitt High School will madisapproval of the bill.

the drinking age would be raised to 21 by Sept. 1985.

was elected Lt. Gov. of the NCSL.

of Greenville.

jor in biology. Council, a senior Andrew Scott Miskavage of at Athens Drive High School will West Newbury, Mass. be a pre-med students. Johnson, •Thomas Yates Pittman Jr., of a senior at Millbrook Senior High Wilson. School will major in art.

### Health and Well-Being

Nutritionist Susie Bredderman was one of the speakers at a symposium by Alpha Epsilon Delta, the ECU premedical honor society. Other on health and well-being held Saturday. The symposium was sponsored topics included stress management, exercise and cancer.

WASHINGTON (UPI) - AJustice Department study estimated Sunday that nearly half the rapes from 1973 to 1982 weren't reported, and an official suggested that victims didn't come forward because they feared reprisal, public identification or entanglement in the justice system.

The Bureau of Justice Statistics report said that 40 percent of the estimated 479,000 women raped in the period did not report the crime and that 49 percent of the 1.03 million attempted rapes dur-

ing the period were unreported. tims are unmarried women, 63 In addition, there were an percent are younger than 25 and estimated 123,000 male rape vic-53 percent are from low-income tims during the period, the bureau found.

families. Eighty-one percent of the vic-The information comes from tims are white, but black women data collected annually by the are significantly more likely to be bureau, which questions 123,000 raped compared to their proporpeople 12 years and older in tion found in the general popula-

60,000 households every year tion, the report found. Assistant Attorney General Lois Haight Herrington, who heads the department's Office of Justice Programs, said rape victims are hesitant to come forward for a variety of reasons.

"Sexual assault victims would be more likely to report the crime if they did not fear becoming entangled in the morass of an insensitive criminal justice system," Herrington said.

She said rape victims also may hesitate to come forward "knowing their addresses and phone numbers may be made public. They fear intimidation, threats and even reprisal from the defendant and his friends." That, too, may be changed under proposed model state legislation.

The recent SGA Executive Elections revealed many good points. From the three qualified candidates, we have picked a president who exhibits a unique determination to roll up his sleeves and get the job done. We picked a rising sophomore to be secretary, perhaps leading her to consider bigger things in the years ahead. Students who voted numbered close to 2,000, not a good year, but certainly not a bad year.

Yet, the good things cannot completely cover the bad. Unfortunately, the dirty tricks and negative, scum-and-smear tactics of other elections have trickled down to ECU. Sure, you might say everyone does it. Ignore the little things, you say. Well, certainly East Carolinian staff members saw petty violations here and there. But, we are not discussing a poster on glass here or a pamphlet on wood there. No, what we're talking about is not illegal. It is allowed. But, it's unethical and it stinks.

A flier circulated election-day Wednesday had all the elements of (although in crude form) of a Congressional Club smear. The eightby-ten ditto directed its fire at candidate Mike McPartland. By implication, the anonymous authors perpetrators perpetrated. of the flier said that McPartland would dish out jobs to fraternity We feel the elections are valid members. It falsely concluded that since what we're talking about the SGA president controlled jobs doesn't, as we said, break any at SGA Refrigerator Rentals, The rules. Yet, it shouldn't have been East Carolinian and the Student allowed to happen. As a grocer Transit System. under different circumstances at a Some may say that this is politics legislative committee hearing said, - but it's not, damn it. If people "If Abraham Lincoln was alive toget the attitude in college that it's day, he would turn over in his perfectly okay to lie about your grave." Ask Me, Please...

opponent, those same people are going to make the world an ugly place. McPartland, Brown and Shelley should have been attacked on their records. Each had served the students for at least three

(and we have an idea who you are, though we can't prove it), we cordially invite you to go to some other school and get the hell off our campus. Tough, hardball politics is one-thing, slander and libel is another.

We don't know if your "hit piece" helped or hurt. We just wish the candidates had the time to sort fact from fiction. Maybe the students exposed to your false accusations now will repudiate this type of tactic later. In other words, maybe come the next congressional or presidential election the people hit in college with this will be sick of your sickness.

Milton once said in Areopagitica that when truth and falsehood grapple, the winner will be truth. In fact, our society is based on the "correction" principle of free speech. Yet, in this case, the truth came too late. And that's why the

## years; there was ample room to question each. U.S. Involvement Uncool

In his book Inevitable Revolutions, historian Walter LaFeber traces U.S. involvement in Central America over the last 150 years. LaFeber's analysis primarily focuses on the escalating involvement of American corporations and, concomitantly, the American military in the region.

According to LaFeber, no matter what guise U.S. policy toward Central America advanced under, it was always shaped by, at least in part, corporate economic interest. The combined policies of the U.S. government and U.S.-based multinational corporations ultimately led to a form of dependency in which the economic growth of Central American countries was stunted because they were forced to rely on one or two main export crops or minerals that were shipped off to industrial nations.

> From The Left Jay Stone

launched a massive lobbying campaign for U.S. intervention, exploiting the close ties that it had with the Eisenhower administration and accusing Arbenz of moving toward communism. On June 18, 1954 its efforts paid off as a CIA-directed counterrevolution and coup overthrew the Arbenz government and installed the military dictatorship that persists to this very day in its place.

The dictatorship evolved into a notorious regime noted for shootings, beheadings and torturing political opponents. Amnesty International ranked it as one of the worst human rights abusers in the world, and the Carter administration refused to send it further military aid in 1977. By 1981, however, though the Guatemalan government had not changed its policies, the U.S. government had. The Reagan administration resumed sending military aid to Guatemala as part of its Central America policy.

Throughout all of Central America,

admitted that the peace talks were a facade to begin with. They were merely designed to win more financial support from the U.S. Congress. As a new shipment of aircraft reached the country. bolstering the Salvadoran air force so that it includes 50 helicopters (up 100 percent from a year ago), nine A-37 jets (up 50 percent) and two new AC-47s, he can rest secure in the knowledge that he acheived his objective.

Yet, with reports that the same CIA that spent \$2 million to insure his own election, (thus quelling much congressional opposition to the Reagan administration's military aid requests) is planning to lend support to the ARENA party in upcoming legislative elections, Duarte has other things to concern himself with. The Reagan administration apparently wants to make sure that the ARENA party, which was founded by Roberto D'Aubuisson, will retain a sufficient piece of the political pie to keep them from destabilizing the government.

ECU alumnus Bill ] award last week t Association. Lindse rehabiliting the slum

#### **By ED NICKLAS**

Lately, there have been pressing questions pondered by the students of this great and powerful campus. Like, what are the Ruskies up to and is Ronnie really going to make someone's day.

But for those who really delve into the more important subjects of our epoch, here are some answers.

First, everyone wants to know who is going to win the NCAA basketball tournament. Is there anyone left to defeat Georgetown? Not likely. East Carolina, Lehigh and Florida International had the best chance of beating the Hoyas. But Lehigh played a poor first half and East Carolina and Florida I. were robbed of a post-season bid.

Will Gorbachev's (what the media says notwithstanding, it's Gorbaycheev) wife sing in a video with Cindy Lauper? Rumor circulating amongst the Western

takes over, he will make the coaches run the ball up the middle on each play. Further, there will be no more going for a first down on a fourth and one, and attempting long field goals is out.

Is there any chance that Pee Dee will return to ECU? Not a chance. Pee has unequivically expressed his desire to remain in Spain where he is cheering picadors. Pee says he abhores the slaughtering of mammals. But, like he reasons, it's no different than what he saw last football season.

What will be the next shake up in the athletic department at ECU? Sources have it that Chancellor Howell will fire Ken Karr and make him the wrestling coach. Hal Baird will be retrieved from Auburn to be athletic director, and Assistant to the Chancellor Chuck Blake will take over the men's basketball team, which will be co-ed next year. Charlie Harrison is headed to Indiana as an assis-

These few export crops, such as bananas or coffee, made a healthy domestic economy impossible because their price depended on an international marketplace which the industrial powers, not Central America, controlled. These export crops also used up land that should have been used to grow food stuffs for local diets. Thus malnutrition, even starvation, grew with the profits of the small number of producers of export crops.

Dependency, according to LaFeber, has also skewed Central American politics. The key export crops have been controlled by foreign investors or local elites who depend on foreigners for capital, markets and, often, personal protection. These foreign influences excercised a power that distorted economic and political development without taking direct control of the country.

One example of this is the overthrow of the democratically elected government of Jacobo Arbenz in Guatemala in 1954. The United Fruit Company had bribed dictators who ran the country prior to 1944 until it owned almost half of the country's land. It paid miniscule taxes, was virtually exempt from import duties and had bluntly rejected all requests from previous governments that new arrangements be negotiated. At the other extreme, by 1952 about half of the agricultural population owned under four percent of the land and per capita income in the rural areas amounted to \$89.15 a year. Malnutrition was not only rampant but worsening, as banana and coffee plantations spread over areas that once grew staple diet crops.

U.S. corporations such as United Brands (formerly United Fruit), Standard Fruit, Del Monte and Phelps Dodge copper have played and continue to play roles that are less dramatic, but no less similar. They have come to depend on Latin American dictators and native oligarchs to protect their interests. Thus, they clearly support maintaining a status-quo of extreme class polarization, poverty and brutality that characterizes Central American nations.

The U.S. government supports this policy in the name of anti-communism and of protecting its security interests. Too often, however, its security interests are identified with the economic interests of corporations, and an attack upon corporate monopoly over land or markets is taken as a sign of communism.

When El Salvador President Jose Napoleon Duarte announced the termination of peace talks with the guerilla leaders of the FMLN-FDR he tacitly

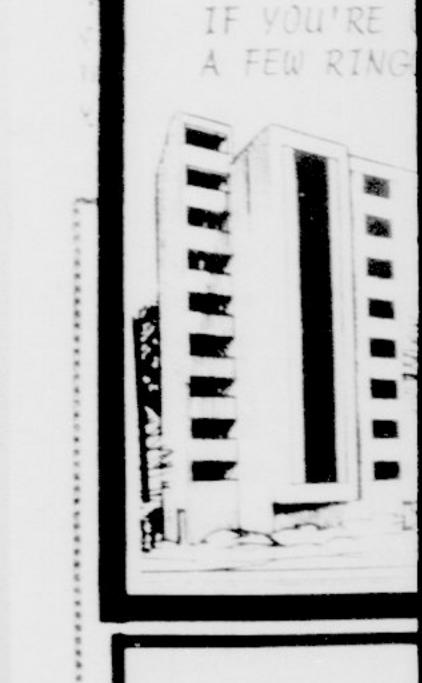

Yet, such a tactic smacks of profound moral poverty since the rightwing ARENA party will invariably block even minimal land reform and other measures that the Reagan administration has claimed it supports. Moreover, as U.S. involvement in the civil war enters its seventh year, the bipartisan Arms Control And Foreign Policy Caucus has issued a report accusing the Reagan administration of providing "overly optimistic reports" on the progress of the counter insurgency war.

In light of these facts, the Reagan policy in Central America is revealed to be military victory in which the victory is a victory for the oppressors. This is especially clear when according to Amnesty International, 85 percent of death squad killings in El Salvador are directly linked to the military. To expect Americans to support such a policy with their tax money, much less to fight and die on behalf of it, is morally repugnant.

Things I Thought Of...

#### **By GREG RIDEOUT**

Oh my, boys and girls and others, it can't be happening. I was at the mall on Friday night sitting on a wooden bench in front of Belks with a melting ice cream cone in my hand, when suddenly three aging hippies accosted me. "Yo, man. You're Greg Rideout. Wow, we are mad, yes, mad at you. You stopped writing that article with the thoughts resembling our acid trips."

Well, quickly I decided that if I were not to be interminably tormented

media has it that she will turn down a contract to be the next Ivory Girl so she can perform with Miss Lauper in "From New York With Love." CNN will carry a broadcast a day before the debut, "The Making of Mrs. Gorbachev."

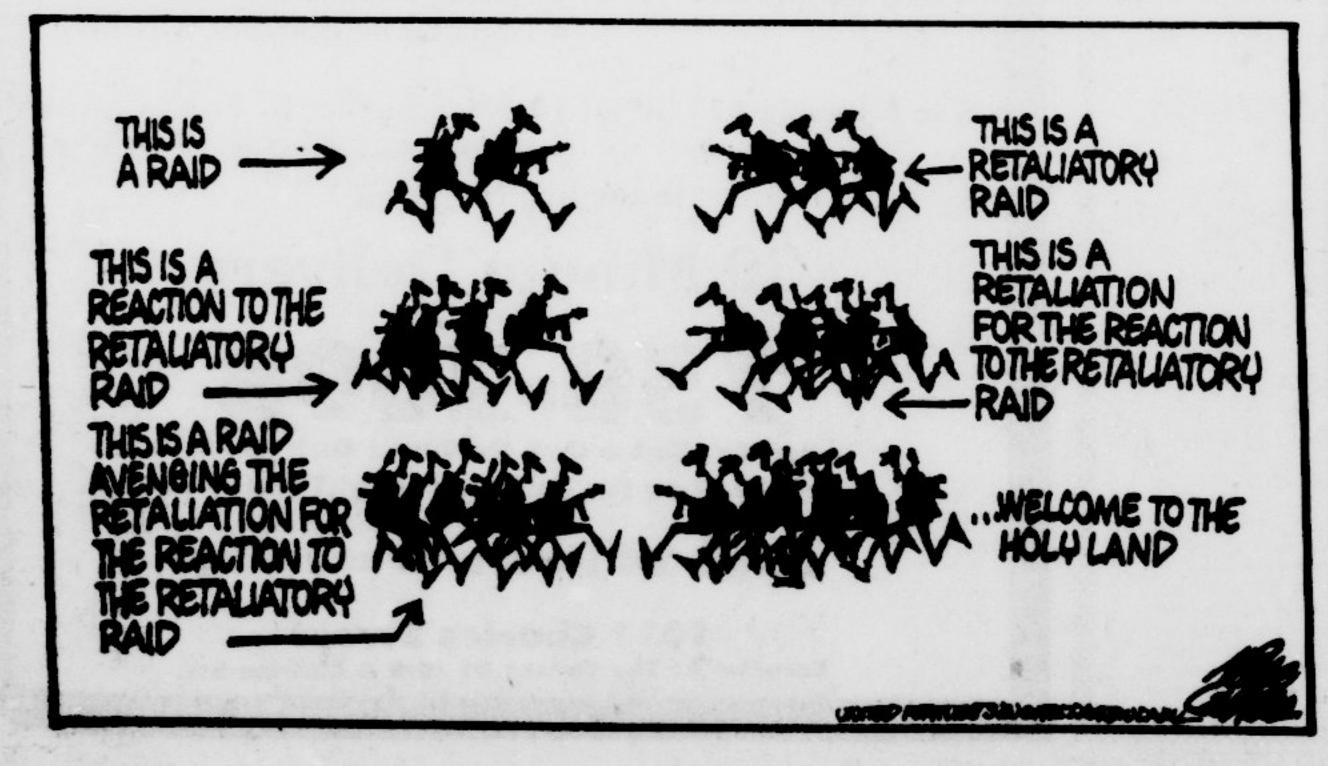

Does Jesse Helms plan to buy the Miami Dolphins? Well, sources say the senator is concerned with the liberal play calling of Dan Marino, who passed way too much last season. Helms says if he

tant, and will be responsible for holding down Bobby Knight's chair during games.

That's all for now folks.

(The writer is a professional hobo who hopped off a tobacco freight so he could try out for the ECU basketball team. He made it.)

(He also graduated from here and is a former East Carolinian staff member.)

It seemed entirely logical, then, that the Arbenz government began to initiate a program of land reform which proved highly successful in the early stages in terms of increasing agricultural productivity. It ran into trouble, however, when Arbenz announced that his government announced it was expropriating 234,000 acres of land that the United Fruit Company owned but was not cultivating.

Arbenz offered to pay the company what it claimed the land was worth -\$1 million. United Fruit became agitated and disgruntled, claiming the land was worth 16 times that amount.

Arbenz also drew up blueprints for new roads and railways that threatened to break the monopoly that United Fruit had over the nation's transportation through its international railways in Central America.

Almost immediately United rruit

by these decrepid flower children I better write. You got it. The righteous, triumphant return of Things I Thought Of ....

Why do sales people always bug you when you go in stores? Just one foot in the door at a clothes or shoe store and the decorated drop-outs are on you in seconds, pretending they want to help you. Hell, I try to give them the slip. I step in the Kinney's Shoes, and as he or she walks my way, I take a loafer, bop him over the head and run to the Chik-Fil-A for cover. He'll never ask me for help again, darn it.

Ah, automation. A new mechanical circumciser has been put in to use at the ECU Medical School. Dr. I. Cut Weenee said the new machine has made the ageless procedure more efficient and less costly. A trial run on 50 males produced no mishaps as the infants were hurtled threw the device on a speedy conveyor belt. The modern medical machine grabs, slices, dices, purees and throws away. Weenee, an anatomy professor, said next week girls will be tested.

Also on the medical trail. Two Swedish breast researchers have concluded that the size of a woman's mammaries is directly proportional to her ability to jump rope. The larger the chest, the less inclined a girl is to be junior high rope jumping champion. The report points out that that Dolly Parton failed to get past the first round of her competition aftering suffering two black eyes.

Were you ever to tell Mrs. Partridge from Keith Partidge? Heck, I couldn't. They both had the same haircut. Geez, they even dressed and sang alike. Well, did you know that today they both work as handymen at the Lucky Strike Bowling Lanes in Irving, Tex fixing pinsetting machines. That's showbiz.

Yes, Jesse, Dan Rather is un-American. Sources close to CBS have informed us that Dapper Dan wears no drawers. Underneath that newsbreaking desk, Dan casually reclines in the buff. Dan claims he's more at one with nature this way. That's why Dan has that quirky, I-know-somethingyou-don't-know grin on his face.

THE EAST CAROLINJAN

The Costa Rican foreign studies program at ECU gave two history majors, Melanie O'Connell and Bruce Payne, more than an academic education. It gave them a view of the world through someone else's eves.

Melanie and Bruce went to Costa Rica at different times, but the procedures were the same: they applied, met the requirements, attended briefing sessions, and spent many weeks before the trip in states of anticipation and uncertainty.

It was Melanie's first trip out of the States and her mind was filled with questions. Like most of the 14 students in her group, she wondered: What were the people like? Would she be able to adjust to the culture? What would it be like in a different climate and university? And most importantly, was it going to be safe? When she was preparing for her trip, the dust from the invasion of Granada had not yet settled and news reports from Nicaragua and El Salvador told of a worsening dilemma. "My parents and I were really afraid," she remembered. "But after reassurances from the coordinators, we decided that I should Melanie's fears were put to rest soon after arriving in Heredia, Costa Rica. "Everybody was very friendly," she explained. "They are more tolerant of foreigners than we are in the States. And the family that I stayed with treated me like a member of the family." Within a couple of weeks, she was calling the parents "mom" and "dad" and referring to their eight children as "brothers" and "sisters." Her Costa Rican parents, Emilia and Hernan Arias, owned a banana plantation and lived in a six-bedroom cement house with six of the children. "It is really a beautiful house," Melanie said. "The houses are very similar to the houses in the southwestern part of the U.S. and the people dress the same as we do. "They were very family oriented," she replied when asked about their customs and lifestyles. "Whenever possible, my whole family would gather to eat, go to church and take part in some sort of recreation."

FEMALE STUDENT WANT

The Costa Rican diet consists of eggs, bread, beans, rice, fish, chicken, vegetables, fruit, and fruit juices.

"They rarely eat red meat, but when they do, it is usually bistec (a chopped beef similar to our country-style beef)." The lack of red meat in their diet is not due to religious beliefs, but mostly to cost and different eating habits.

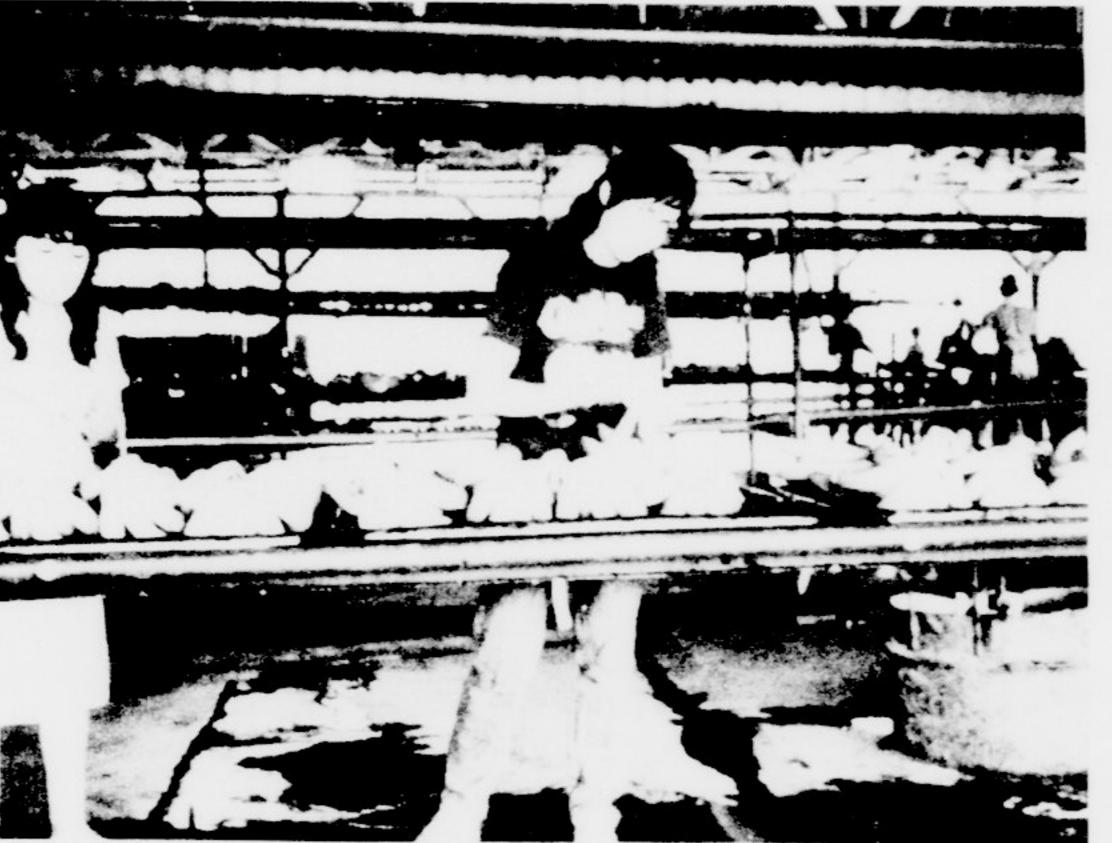

However, religion does play a major role in their lives. Melanie's family, like most Costa Ricans, was Catholic and went to church every Sunday. Although she is Baptist and could have stayed home, she decided to go anyway. "I did this out of respect," she stated. "And besides, their masses were very customary and interesting, especially holdiay celebrations."

One of the biggest celebrations is Semana Santa (Holy Week) which begins on Palm Sunday and continues through Easter Sunday. Each day of the week is marked by parades and celebrations in Heredia and the surrounding communities.

"On Good Friday, every scene preceding and including the hanging is acted out," she explained. "And on Sunday, the resurrection scenes are displayed on floats and taken throughout the community. The whole celebration is beautiful."

Another interesting custom is the dating process. The dating nights are Tuesday, Thursday and Saturday. The dates are chaperoned and the girls have to be in by 10 p.m. The guys usually stay out until 10:30 p.m. "And they are very offended if the girl offered to pay for anything," Melanie added.

Melanie had the unfortunate experience of learning an American custom while she was in Heredia. "I was apprehended and questioned for taking pictures of the U.S. Embassy. I asked a Heredian police officer if he would move towards the door a little bit so I could get him in the picture. After taking the pictures," she explained, "a U.S. Marine came outside and told me to come inside. It was a pretty confusing time. But somehow they forgot to take my film.''

Most of Melanie's trip was spent studying at the Universidad Nacional during the week and going on program-related field trips on the weekend. But when she did have free time, she usually spent i with her family. "They were very proud of their country and would take me sight-seeing, like to the beach or San Juan."

Melanie's family also took her to their plantation and allowed her to work at most of the jobs. "I wanted to experience everything," she said. "So, my father had me do each phase of the process, from hauling bananas to the factory to washing, sorting, stamping, and finally packaging them for shipment.

Melanie was very psyched about aborbing experiences and getting the most out of her stay in Costa Rica.

Things went differently for Bruce Payne when he participated in the program. Like Melanie, he also was apprehensive about going. "Things were a little heated in parts of Central America," explained Bruce. "And I was a staunch Reaganite so I thought things could possibly get a little hairy."

He also spent four years in the Air Force, but his stay in Costa Rica was his first trip out of his own culture.

After arriving in Heredia, like many of the students, Bruce experienced culture shock. Most students got over it quickly, but it took him much longer to adjust. "I stayed with a middle class family who really treated me good, but I had a tough time adjusting," he said.

Bruce had difficulty with the language and some of the customs. And it took about a month for the shock to set in and take hold. When it did, it was almost too much for Bruce to handle. "I couldn't take it anymore," he said. "I had to get off by myself and deal with it.

## L. Nimoy Anticipates 'Star Trek IV'

#### **By JAY & ELLIOTT KRAVETZ** International Photo News

As long as the cast is able, "Star Trek" films will continue to be made with Star Trek IV scheduled to begin production in late fall or early winter, according to Leonard Nimoy who played Mr. Spock on the "Star Trek" series and films and directed Star Trek III: The Search For Spock.

"We have hired a couple of writers and they have a terrific idea for a script, but right now the writers are on strike, so they are not supposed to be writing or talking about their scripts," Nimoy told us during an hourand-a-half interview about "Star Trek" and the Spock character.

"I have high hopes that the Writer's Guild strike will be over soon and they will go back to writing," Nimoy continued. "The plan right now is for us to begin filming in late fall or early winter for release next year, in 1986, which is the twentieth an-

beamed aboard the Enterprise, a "At a particular point in the sergood Kirk and a bad Kirk. The vice during the high holidays script called for me to sneak up there is a blessing done by the and the blessing was in the old and the new testament both.

"They do a chant and when they do this in the Orthodox service, a non-Cohen was not supposed to look, so the whole congregation looks away." he continued. "I peeked while they were chanting and what I saw was fascinating. All the old men with their big tallis' were standing there praying with their hands raised like this." (Nimoy demonstrates with his arms raised in the air and his four fingers separated in the middle to form a V shape.)

"I showed the sign to the director and he liked it even though he had no idea where it came from," explained Nimoy.

In an interview with Nimov ten years ago while he was on tour in the play "Six Rms Riv Vu," the actor explained that he was tired

of questions about the Spock

"One custom that really irritated me was the way men approached women on the street," he remarked. Throughout Spanish America, it is traditional for young men to approach the women by making flirtacious advances and giving various "cat calls."

"At first I thought it was crude and ignorant," Bruce stated. "But after understanding it as a way of having fun and (realizing) that the women (Costa Ricans) weren't bothered by it, I really got into it. Hey," he exclaimed, "I was in their country and these were their customs. What right did I have to make them change to my way of thinking?

"That was when I started to really enjoy myself. It was like a door opening. I began to think of the world as a whole with each country having something to offer."

Both Bruce and Melanie agreed that the trip offered valuable insight and taught them a lot about themselves.

"I began thinking of our (U.S.) involvement down there," Bruce said emphatically. "Are we down there for our interests or theirs?" He added, "The people down there are neutral. They could give a damn about capitalism and communism. They just want something to eat, a roof over their heads and to be left alone."

Bruce was so affected by his experience that when the opportunity came up last summer to work there, he seized it. During that trip, he didn't stay with a middle-class family. And there wasn't any running water where he stayed. "But I loved it," he exclaimed. "The first time was a time of indoctrination and opinions. The second times was an adventure."

#### See STUDENTS, Page 7.

niversary of the 'Star Trek' television series. I will be directing Star Trek IV."

Nimoy feels Star Trek IV will have to begin where part three left off. The crew of the Enterprise will be in trouble because he stole the Enterprise to find Spock on the planet Genesis. The Klingon's are upset because he killed the crew of their battle cruiser and stole the cruiser after the Enterprise was destroyed.

Once again he will play Mr. Spock in the film, but the character will have to recuperate from his death and rebirth. "You will remember that Spock said at the end of 'Star Trek III,' 'Jim, your name is Jim...' as he passes Kirk," Nimoy recalled. "I think it would be funny if in the first scene of Star Trek IV he walks up to McCoy and says, 'Jim, your name is Jim,' and he walks up to Sulu and says, 'Jim, your name is Jim."

Boston-born, Nimoy began his career as a child actor. At the age of 18, after completing a course

creator Gene Roddenberry approached Nimoy and offered him the role of Spock.

"My favorite episodes of 'Star Trek' would have to deal with a specific event that happened to the Spock character or something that happened in a particular

episode that made me identify with that episode," Nimoy explained. "The two-part 'Menagerie,' which was made with parts of our original pilot, was very good," he continued. "I thought 'The City on the Edge of Forever' was a

great show. The story took place in 1930 and it had a love scene between Bill Shatner and Joan Collins.

"There was a show called 'The Devil in the Dark' which I thought was a wonderful story about the fear of the unknown. There was a story called 'The Enemy Within' which was our version of the 'Dr. Jekyll and Mr. Hyde' story which was the episode where the Vulcan nerve pinch was created.

"In the story two Kirks are

character and that he would never play the role again because he wanted to move on to other

### Correction

In an article on 'USA For Africa' on Thursday, March 21, The East Carolinian did not properly establish that the comments by Mr. Charles Sune and Mr. Frank Rabey were their own personal opinions and not those of Record Bar.

Also, it may not be clear that Mr. Sune and Mr. Rabey firmly support the effort to aid famine victims in Africa.

Also, there was one quote taken out of context. Mr. Sune explained that Columbia was a not a big record distributor like CBS. An explanation was left out.

Also, Mr. Sune did not say Record Bar had committed 50,000 in relief aid to Africa. He said that through the sale of "Do They Know It's Christmas", the store had raised the money for Ethiopian famine relief.

The East Carolinian regrets the errors and encourages everyone to buy a copy of the record, available only at Record Bar, for the worthwhile cause it stands for.

## Homer Barrage Dumps Bucs

#### By TONY BROWN

North Carolina blasted the baseball Pirates 19-5 Thursday at Harrington Field in what, at times, seemed like batting practice for the Tar Heel squad.

Dominating the game from the start, UNC opened with a pair of two-run homers by Scott Johnson and Walt Weiss for a 4-0 lead before the large crowd of cold spectators and the WZMBradio audience could get settled in good.

ECU responded in the bottom of the first with a two-run homer by Winfred Johnson to cut the

the day, to put it out of reach for the Pirates. Chubby Butler came on in relief in the second to get the final out of the inning.

Three consecutive walks by the UNC starter, followed by a wild pitch brought in one run for ECU, then a sacrifice fly by Greg Hardison scored one more run. Chris Bradberry advanced Mark Shank to third on a ground out, then Shank came home on a wild pitch for the final Pirate run. Doug Torborg came on in relief to end the inning and allowed no further runs for ECU.

(Scott) Johnson singled in a UNC made wholesale changes run in the fourth inning for the in their lineup in the seventh, Tar Heels, then another one tallied on a sacrifice fly to make it 11-5 through the fourth. The relievers for both squads added five more in the eighth. managed to quiet the bats up to the eighth, but a run still scored for UNC in the fifth on a walk which eventually turned into a run, off another wild pitch. The combination of bad weather and the 12-5 score led to a mass fan exit at this point.

ECU threatened in the fifth, made it 17-5. sixth and seventh innings as a

perienced returnees.

good job running the option, but they need work on the passing game," Baker stated. "The biggest problem is the lack of ex-

perienced receivers, but they looked really good on Friday." One dimension that will be missing from a year ago is the game-breaking threat of Henry Williams. Although Coach Baker feels that Williams' effort will be sorely missed, he believes that ECU will rely less on any 'one' individual.

"We don't have a player that has established himself as the likes of a Henry Williams or a Greg Allen (Florida State)," Baker replied. "So nobody (opposing teams) will be pointing to one single player. It gets us more

(Speed) are back and both do a with them, and blend the newcomers in.

> The transition from former coach Ed Emory to Baker wasn't too difficult because of the fact that Baker was an assistant at with the older players and sees no problems dealing with them.

> "The player's attitudes have been very good," Baker said. "I'm pleased with the senior leadership and have no plans to ditch any of them."

Baker's initial season at ECU has been made more difficult due to the resignations of two assistants. Tom Throckmorton, defensive coordinator and Waverly Brooks, defensive end coach and recruiting coordinator both resigned last week. Baker feels no anomosity towards the two. "I think anytime you lose coaches after the start of spring practice, it shouldn't help you," Baker said. "You have to realize, form. it's (coaching) a profession. Coach Throckmorton had a better offer at VPI and coach Brooks had a tremendous oppor-

tunity in private business. Although it would have been easier for me to have them, I can't blame either for leaving." The 1985 Pirate slate is as tough as ever as ECU hosts South ECU in '83. He is also familiar Carolina, Temple, Tulsa and Miami of Florida, while traveling to powers like Penn State, LSU and Auburn. Baker feels that the toughness of the schedule will be a prime motivator for the Pirate

> gridders. "From an experience standpoint, we can't match up with Penn. St., LSU and Auburn, much less talent wise," Baker remarked. "By the same token, the players realize that they will have to be at their best. I know that it's going to make me work harder, because I don't want to get embarrassed." After just six days of spring practice in his first year at the Pirate helm, coach Baker is unsure of how his squad will pet-

The Lady Pirate softball team went 2-3 in the Florida State Tournament in Tallahassee, Fla. over the weekend.

The 15-team tournament saw the host team, Florida State finish first, followed by Bradley and South Florida. Both Bradley and South Fla., were paired in the same bracket as ECU. In the Lady Pirates' opener against Michigan State on Fnday, ECU survived a 1-0 victory Pam Young got the win for the Bucs, improving her season mark to 7-0.

Young was also successful with the bat, as she accounted for the

#### Will Be Missed Greatly By BILL MITCHELL McNeil) with a time of 6.29 seconds. Flags flew at half mast yester-The death of Evans was felt by day outside Scales Field House, the whole campus, but those who mourning the loss of sophomore were closest to Evans felt the pain Erskine Evans, a member of the to a greater degree.

Evans' Death Tragic;

ECU track team.

Evans died early Sunday morn-"It's just not fair that he had ing when the university van he to die," Eddie Bradley, fellow was riding in, hit the median and member of the track team said."I flipped over three times. He was will really miss him, he was a twenty-one years old. friend."

"I never had a bad word for Erskine... He was dependable, you could always count on him — not just as a runner, but as a friend."

Evans, a Greenville native, was an all-conference performer and team MVP at Rose High School, before accepting a scholarship to attend ECU.

While at ECU, he ran the 100 and 200-meter dashes as well as being a member of 4 X 100-meter relay team. Last year, Evans,

along with teammates Chris Brooks, Nathan McCorkle and Henry Williams captured first place in the 4 x 100-meter relay, while leading ECU to a fourth place team finish in the IC4A Championships held in Philadelphia. Evans also placed third in the 100-meter dash in the competition.

Evans was on his way to another banner season, having achieved a personal best in the 55-meter dash in the Florida Invitational Track Meet earlier in the year. He finished in second place (behind teammate Lee

"It could have been prevented," Phil Estes said. "It's unfair that we have to drive such long distances," he added. Estes reflected the fact that even though the track team was overcome with grief, they were angry as well.

Nathan McCorkle, Erskine's best friend, was visibly upset. "The loss of my best friend af-

fects me and everyone that knew Erskine," McCorkle stated. "He never hated anyone and was a friend to everybody. He was always smiling. Everyone he met, he liked. I don't see why it happened to him."

Head coach Bill Carson also spoke about the loss of Evans. "I never had a bad word for Erskine," Carson said. "He was dependable, you could always count on him - not just as a runner, but as a friend. "We'll really miss his leader-

Erskine Evans (left), 21, was killed over the weekend when the van that he and other team members were riding in overturned. Eight other team members were injured as the team returned from a meet in Athens, Ga. Also shown are coach Bill Carson (center) and teammate Nathan McCorkle (right).

ship," Carson added. "He was a quiet leader and an awfully good runner. He was a quiet person, but had a great sense of humor. Carson also said that he could see the pain on the other athletes' faces.

"It hit everyone hard, the football players and the entire athletic staff as well as the kids on the team," Carson said. "The emotional loss hasn't really sunk in

yet, it will take some time." Jewel Hardy, Evans' girlfriend, stressed the fact that the accident didn't have to happen. "They take care of the football and basketball teams, but they need to protect all the athletes," Hardy said. "Maybe by all of us talking about it, this sort of thing can be prevented from happening again." When asked about what steps

were to be taken to prevent the athletes from having to drive long distances, associate athletic director Bob Helmick said that the university policy will be evaluated. However, he didn't think anything wo 'd change, due to a lack of fun s.

Coach Carson further added that the team will decide later this week, on what to do concerning the remainder of the season.

sole Pirate run. In the sixth inning, Young doubled and pinch runner Eva Hughes later scored on a fielder's choice.

ECU's second encounter was a dismal loss at the hands of Bradley university. Sue Pierce had the only Pirate hit as Stacey Boyette picked up the loss. Despite the five-run loss to Bradley, all of Boyette's losses have been one-run affairs.

The Lady Pirates came up short in a 4-3 decision to Southern Mississippi. Robin Graves was charged with the loss. Southern Miss. came out hot as they scored all four of their runs in the first inning. ECU then responded with one run in the third and picked up two more in the sixth. The Lady Pirates were lead by Graves' 2-4 performance, including a double and one RBI. Sue Pierce was 1-4 with a triple. Wendy Ozment and freshman Linda Barrett each contributed with RBI's in the Pirate defeat on Friday.

On Saturday, the Lady Bucs SEE YOUNG, page nine

## IRS Seeks Instructors; Tug Of War Slated

### By JEANNETTE ROTH

The IRS aerobic fitness program has a few things lined up for April's agenda. This program, designed to keep your body feeling slim and fit, will offer a three-week trial basis advanced toning class.

The class will begin April 2 and extend thru the 18. The class is designed to enhance muscle strength and endurance, but is not recommended for beginners. There is no charge for the class so

you can drop-in as you like. We need your opinion about making this class a regular part of the program.

If you want to teach your own aerobics class, here is your chance. IM-REC services will hold an aerobic fitness instructors tryout April 13 from 11:00-12:30 in Memorial Gym room 108. Attendance is a requirement for teaching classes in the 1985-86 school year. We need good instructors to keep ECU fit! Mark your calender for the

first and second summer session aerobic classes. Just because summer will soon be upon us, it doesn't mean you should let your body go to pot. Keep in shape with the first session begining May 14. Registration for first summer session aerobics will be held May 13-15. The second session classes begin June 24 with registration June 19-21.

The final and dirtiest co-rec event of the year is coming upon us. Co-rec tug-of-war registration ends today. Get your mixed expect a clean presentation! Bring your fraternity brothers and sorority sisters down to challenge other ECU organizations. To register come by room 204 in Memorial Gymnasium or call 757-6587.

Fore...Heads up folks, flying golf balls are attacking. How about the IRS letting you attack

bunch together for a bunch of the Ayden Country Club Golf fun. The event will take place Course. Swing into this year's March 28. All prizes awarded are golf classic. Registration begins sponsored by the Wash Pub so April Fools day with the contest commencing on April 3. Don't be a fool by not entering this year's competition. It's just par for the course for the IRS. Come by room 204 in Memorial Gym or call 757-6387.

> Only two weeks left in the 1985 IRS softball season, Sneaker Sam has already changed his mind as to who tops the polls. In the men's league, Gambling Bombers park!

are first up, followed by the Ball Busters, IDGAF and Kappa Sigma-A batting cleanup. The fifth spot goes to Spitfire, winner of the pre-season tournament.

Ladies, it looks as though Eliminators may take it all again as they lead the women's division. Slay Mammas are batting second, followed by White Basemakers, Delta Zeta and The Kappa Sweethearts. The other teams will desperately be trying to knock these teams out of the

could join.

"He was quite good - we are very happy to have him with us," Wheeler said. Wheeler plans to include Muhammad in a Baroque brass quartet for the orchestra's next concert in late April.

Born as Calvin Vincent Raley in Jacksonville, Fla., the son of a phony Orchestra. dairy-machine operator, Muhammad took piano lessons at age six. He fell in love with drums in in the seventh grade, played trombone in his high school band and "went from one instrument to another" with ease.

He quit the band to play football and became an all-America track star, clocking 9.3 seconds in the 100-yard dash. "But my music never left me," he said at Redskin Park where he works out three time a week.

dian Football League, he joined the Raiders in 1982. While Raider "bad boys" cultivated a reputation for eating glass for breakfast and breaking opponents' bones on Sunday afternoons, Muhammad spent his spare time playing trombone with the Berkeley Sym-

He took his Muslim name in college. Muhammad means praiseworthy and Saleem means one who maintains a peaceful state, not easily upset. "The only time I'm frustrated

is when I make a mistake, when it's my fault," Muhammad said. "I'm not intimidated by my opponents. Sometimes it seems that way, but it's just a show. I growl on the field because if you seem weak to them, they'll knock your jock off."
