# *Official Instructions For On-Line Registration*

Prior to using the on-line registration system, each student will develop a schedule containing no more than 18 hours of primary courses and no more than 15 hours of alternate courses that meets with his/her advisor's approval as indicated by the advisor's signature on the registration form. All special permissions (e.g., extra hours, majors only courses, instructor's permission, etc.) for course registration must be secured prior to using the on-line registration.

### Allocation of Registration Days

Nov. 10— Graduate Students, Petition Students and Senior (96 or more semester hours credit)

Nov. 11— Juniors (64-95 s.h. credit) and those eligible prior to this period.

Nov. 12— Sophomores (32-63 s.h. credit) and those prior to this period.

Nov. 13— Students with 16-31 s.h. credit and those eligible prior to this period.

Nov. 14, 17 and 18— All students eligible.

It is especially important that faculty advisors insure that students list alternate courses rather than sections on the course request form. Terminal operators cannot allow students to add courses not listed on the form since they are not permitted to give academic advise to students. Terminal operators will routinely check the availability of alternate sections when the primary course section request is unavailable.

It is also important for students and terminal operators to follow schedule "locking" instructions carefully. In particular, graduate student schedules and partial schedules for undergraduate students should not be locked. Inappropriate locking of schedules causes delays when the student attempts to complete the registration process.

### Change of Major

To smooth the distribution across terminals, students may declare a major or change of major at any time subject to current university policy and the policy of the receiving department.

### Terminal Operating Hours

Each unit with a terminal for on-line registration will schedule a minimum of four hours per day for registration during the entire registration period. The days and hours of operation should be clearly posted. The terminals in the Registrar's office will be open 8:00 a.m. to 5:00 p.m. during the entire registration period.

Students have access to all open terminals, but they are strongly advised to use the following locations depending on their classification.

- Declared majors — Undergraduate: Major Department
- General College Students: General College
- Petition Students: Registrar (Required)
- Degree Graduate Students: Major Department
- Non-Degree Graduate Students: Registrar
- Students Receiving V.A. Benefits: Registrar (Required) Whichard Building Room 104
- Evening College Students: University College

### Terminal Utilization

1) The student will present the registration form signed by the advisor (along with required permissions) to the computer operator. No changes to the from will be allowed.

2) The operator shall use a maximum of 15 minutes to complete the regular session registration process. The operator shall use an additional 15 minutes maximum for the summer session registration process.

3) The operator will enter the student's primary course request. If the requested schedule is possible, no further changes will be allowed.

4) If step 3 results in a partial schedule, the operator will allow the student to choose other sections of primary course requests and/or alternate course requests. If a schedule is possible with primary course and alternates listed on the registration form and the student chooses not to accept the schedule, a partial schedule may NOT be obtained and the student will be instructed to return at a later time.

5) If the 15-minute time constraint is encountered or the list of primary and alternate courses is exhaused during step 4, the student will be given a partial schedule. The student should then consult with his advisor to identify additional courses and complete the registration process at a later time.

6) If a student does not receive a course because all sections are closed and the course is required for the student (no alternates allowed), the student may obtain a partial schedule and seek special permission to be added to the course from the department involved. Registration will be completed in the department granting such permission.

Hank's Homemade Ice Cream

NATIONAL AWARD WINNING ICE CREAM

- Featured on PM Magazine
- Old Fashioned Hard Ice Cream Made Right In The Store.
- Picked As One Of The Top 5 Ice Creams In The Nation TWO Years In A Row.
- Create Your Own Flavors With Delicious Blend-In's

*A specialty at Hank's is the Blend-In. You pick your favorite Ice Cream flavor, and your favorite fruit or candy and then we put them in our specal blend-in machine and combine them into your own personal flavor. The blend-in machine breaks up the candy or fruit into small pieces and mixes it into the ice cream. It tastes great because the candy or fruit doesn't get frozen, so you get the best flavor from both the ice cream and the candy or fruit.*

AIM HIGH

START YOUR EXECUTIVE TRAINING NOW

Why wait until you graduate from college to start a management training program? If you have at least two years remaining in school, consider Air Force ROTC. You'll develop your managerial and leadership abilities while in Air Force ROTC.

We'll prepare you for a challenging future as an Air Force officer, and give you $100 tax-free every academic month to help you with college expenses.

When you graduate, you'll have a responsible person with outstanding opportunities. It all depends on you. There's excellent pay and benefits, too.

Talk to your local Air Force ROTC representative today. Why wait? We can open the door NOW to start a fast-paced career.

The more you drink, the more coordination you lose. That's a fact, plain and simple.

It's also a fact that 12 ounces of beer, 5 ounces of wine and 1¼ ounces of spirits all have the same alcohol content. And consumed in excess, all can affect you. Still, people drink too much and then go out and expect to handle a car.

When you drink too much, you can't handle a car. You can't even handle a pen.
