WZMB general manager responds to rumors

Assistant News Editor

lege radio station, but do you think to the Media Board. Both are popuit's playing what you want to hear? lar formats, often fluctuating in Beth Arthur, general manager of Arbitron polls as the number one ECU's WZMB, plans to address format on college campuses. this issue soon by finding out ex- Arbitron is a company that polls actly what ECU students want to many different subjects, including hear from their student station.

If things go according to plan, a survey will target as many ECU students as possible. Arthur hopes the results will enable the station to provide a format that caters to a variety of interests.

"We'rehere to serve the ECU students as a whole," Arthur said.

Urban Contemporary, de- Tuesday's paper. fined by Arthur as "Kiss 102-type music," and Country are two for-WZMB, 91.3 FM, is your col-mats Arthur suggested as options

> Last week, the Opinion Page of The East Carolinian reported that while WZMB was possibly looking at a format change, Arthur had not consulted any of her co-work-

"I have not discussed this with the staff at WZMB because I "My overall goal is to provide a have not finished researching the service for students ... I don't think subject," Arthur responded, in a Arthur planned to change the for-

In a separate interview program director of WZMB, Lee changing their format. Judge, at the very beginning of her program director has control over the music played at the station,

"We've made no major decisions, we've just discussed," Arthur said, "because it's going to be a big step ... to make a gradual change ... to accommodate the students on this campus."

Plans for a possible format change to take place in November were mentioned at several Media Board meetings as early as June 24, 1993. This prompted rumors that more reggae.

WZMB staff opinions. A rumor also spread that Arthur was telling Arthur said she spoke with the the Media Board that WZMB was

In order to make a format proposal for a format change. The change, Arthur is required to make a formal motion for the board to consider a change, said Yvonne Moye, Media Board secretary. Arthur was merely mentioning a possibility of change, Moye said, and a motion was not made.

"Changing the format doesn't mean wiping out everything we have on the air as of now," Arthur said. "That's what a lot of people have a misconception about. They think ... there's going to be no more alternative, and no

letter to the editor published in mat regardless of survey results or tighten up the programming ...

getting rid of some music that's second in popularity next to been played several times that nobody particularly likes, nobody's ever heard of," Arthur said.

The radio station was created to make a niche for alternative music, Arthur said, because there was no other station in the market playing alternative.

"My feeling is that the radio station is here to serve the majority of students on campus," Arthur said. "It's a student radio station, and it's funded by East Carolina."

Any format change depends on the results of an extensive survey, she said.

Arthur said in the past many people have expressed their dissatisfaction with the station, and lications Survey." The survey "What it really means is to this needs to be addressed. She said that reggae, a style found to be

Pop/Top 40, may get more air play, as well as main-stream rock. Arthur emphasized that these are only possibilities.

Arthur pointed out that on campus bus shuttles, the radio dial is often set at either KISS 102 or WHTE 103.7, not WZMB. "That tells me something," she

"A lot of people don't like change, but you have to change to keep up with the times,"

SEXFest offers free information

By Angie DeRosia Staff Writer

As part of the Sex Week activities, RHA and Student Health presented "SEXFest III" Tuesday in front of Mendenhall. Free information on everything from how to use a condom properly to avoiding STDs was avail-

Dining Services provided free food, and Pepsi provided drinks. Lee Cherry, a DJ from WHTE 103.7, kept the music and the party atmosphere going. Games were sponsored by REC Services, and RHA gave away colored condoms, cups and Tshirts. Captain Condom (Brian Burns) wandered around handing out free condoms.

Various aspects of sex education were represented. Campus Ministries gave information on abstinence; Lt. Knox of ECU Public Safety spoke on sexual

Photo by Scott Pope ECU's Sex Education Xchange Fest, held at Mendenhall Tuesday, offered insight to many students regarding sensitive aspects of sex education. This is ECU's third SEXFest, presented each year by RHA and Student

See SEX page 4 Financial Aid office offers several options

By Stephanie Lassiter Staff Writer

For those of you who thought you could not receive financial aid, you were wrong. There is financial aid for everyone.

Many students have often thought that if they were dependents of their parents and their parents had a substantial income, they could not receive aid to help pay for college. According to Rose Mary Stelma, director of Student Financial Aid, there is an option for ev-

While some forms of aid are based on need, there are several

types that are not. For instance, students can become part of work available at the Financial Aid office. study programs, on and off campus. Stelma believes that work study is a great way to not only earn money to help with expenses, but also a great way to become familiar with people and happenings around the campus.

"We find that a lot of work study students feel a part of the university," she said.

rumor, work study students do not have to have a minimal GPA to be considered for the programs.

The first step in getting finan-

Tougher law cracks down on offenders

By Jason Williams Staff Writer

"Drive drunk in North Carolina and it's the end of the Highway Patrol Colonel R.A. road." That's the motto of the Barefoot said. State Department of Transportation's campaign against drunk driving. On Oct. , however, the definition of

"drunk" changed. Oct. 1 was the day that many new state laws went into effect, including one of the result in safer North Carolina toughest drunk driving laws in highways," Barefoot said. the nation. The state lowered the legal Blood Alcohol Concentration (BAC) to .08. Previously, the BAC threshold had been .10.

10th state in the nation to adopt the .08 BAC level.

"This is a major victory in our fight to make North Carolina highways safer. Drunk drivers are a threat not only to themselves but to all motorists. This new lower threshold is a strong drivers off North Carolina message that we are serious about reducing the threat posed by drunk drivers," Governor Jim Hunt said.

The Department of Transportation estimates that most people will have to drink one drink less to remain under the .08 threshold as the limit at .08 threshold. The average 160- which one is legally impaired, pound adult male registers about .02 BAC from each drink consumed an hour. Females and teenagers register higher BAC driving." levels for the same amount of alcohol consumed.

rests in North Carolina last year and the NC Highway Patrol is 534 people lost their lives in predicting more in the future as a result of the new law and a

greater emphasis on drunk driving. "We will increase our efforts to arrest impaired drivers," Commander of the NC

"Initially, the new law will probably result in more arrests because some borderline offenders have gotten off in the past. In the future, we hope the new law will reduce the number of offenses and

In the past a .09 or .10 BAC was not always sufficient to convict a driver for a DWI without additional evidence North Carolina became the from a patrolman that the driver was impaired. The new law means that a .08 BAC alone could be sufficient evidence for a conviction.

"This is the tool we've needed to mount an aggressive campaign to get drunk roads," said Joe Parker, Director of the Governor's Highway Safety Program.

"Too many drivers who registered close to or at .10 BAC escaped conviction under the old law. Now, with the we'll have more convictions. This will also serve as a powerful deterrent to drinking and

Parker hopes to reduce the number of alcohol-related There were 75,999 DWI ar- crashes and save lives at the same time. In 1992 a total of

Slain Fulbright Scholar never played by the rules

By all accounts, Amy Biehl was dedicated, enthusiastic and fearless in her nearly year-long effort to help blacks get their fair share of political power in South Africa. But one thing the 26-year-old Fulbright scholar wouldn't do was play by the rules of apartheid, and that was what led to her death Aug. 25, ironically at the hands of the people she was trying to aid, friends and colleagues said. Biehl was stabbed to death by black youths, believed to belong to the Pan Africanist Congress (PAC), in what authorities believe was a racially motivated attack after she drove some fellow students to their home in Guguletu, a dangerous township in Cape Town. She was killed just two days before she planned to return to the United States. In early September, her parents, Peter and Linda Biehl of Newport Beach, Calif., established a fund at Stanford University to honor their daughter's efforts. The fund will have a two-fold purpose: to provide fellowships in Africa for Stanford students to learn about southern Africa, and to provide scholarship assistance at Stanford for students from the University of the Western Cape, where Biehl was based as a Fulbright scholar.

Fraternity defies ban at FSU

A fraternity that was banned from Florida State University five years ago for refusing to cooperate in the investigation of a gang rape say they are defying the ban and setting up an off-campus colony. The Pi Kappa Alpha fraternity has announced that it will form a colony, which is the precursor to an official chapter, by mid-October and wants to persuade FSU officials to allow the group on campus by behaving in an exemplary fashion, according to university spokesperson Annette Lee. The fraternity was banned from campus in 1988 for not cooperating in a police investigation of an incident in which a female student was raped in the Pi Kappa Alpha house, then dumped unconscious at another fraternity house. The fraternity applied for reinstatement this year, but it was denied when university officials discovered that, with the support of local alumni, the fraternity had gone underground and had continued to meet secretly.

Chapter 6 Me and the cops didn't get along too well, especially Lt. Walker. Walker and I had had a lot of run-ins in the old days. He didn't like my attitude towards what he called "proper police procedure" and I didn't like what I called his "bureaucratic baby-kissing and hand-shaking." So I wasn't too .

popular with the boys in blue. One of them hadn't given me a bad shake, though. He'd helped me out on a few cases and kept me from punching Walker's lights out even more times than that. I figured he was the only cop who would give me a straight answer about Al.

So I saw Sergeant O'Dool. As I walked into the Brewery's police station, more commonly known as "The Tank," O'Dool was sitting at the front desk. He looked the same as I remembered - an unruly shock of red hair sprouting from under his cap to match an equal bushel of red hair under his nose. Irish, through and through.

"Mick, me boyo, what are you doing here? I haven't seen your ugly mug since we brought Jimmy the Beam in." He grabbed my hand and shook it like he was pumping water. I couldn't help but smile at his enthusiasm and his thick accent.

"I need some help, O'Dool. Know anything about a guy named Al Cohol?" The second I mentioned Al's name, O'Dool clammed up quicker than lightning and motioned me to follow him. As I walked into an empty office, I silently wondered what the whole secrecy deal was about.

O'Dool shut the door and sat on the edge of the desk. "Mick, you don't want to be going around talking about Cohol out in public like that. Walker's got a bug up his craw ever since Cohol slipped away from him two months ago."

"Screw Walker. Guy couldn't find a hole in the ground unless you pointed it out to him. And then he'd probably fall in it. Besides, what

would he want with Al." "Walker pulled him over one night, swears Cohol switched places with the passenger. Both of them swear up and down that the pas-

The Brewery. A place where dreams are made and unmade, lives are turned upside down and a drink is a drink. A place where you kept one hand on your wallet and one eye on the guy across the street. Basically, a place where a man can forget his troubles and drown his

sorrows for a while. Mick Hammered had sworn never to set foot in the Brewery again. Setting out to find his old friend Al Cohol, Mick finds himself up to his neck in the seedy and fermented world of the Brewery.

Every Thursday in The East Carolinian, Mick will meet a character who will expose Al in a whole new light. When it's finally over and done with, Mick—and the reader—will be faced with one of the most

important questions either has ever faced. What place does Al Cohol have in my life?

THE CASE OF THE TEN BEERS "Gritty, realistic. Hammered is the ultimate in tough, comparable to

Spillane's Hammer and Hammett's Spade." Joel Keggsy, The Beersborough Gazette senger was driving. Told the judge he was a designated driver, if you can believe that."

"Designated driver, what the hell is that?" I was getting really tired of feeling surprised about Al. It ticked me off knowing I had been in the dark all this time.

"Supposed to be a person who stays sober when all of his friends get drunk so he can drive them home and take care of them. Works most of the time, until a bloke like Cohol misuses it."

"That college, EBU, it did a survey on students who actually were designated drivers. Last I heard, something like three-quarters of the survey had been a designated driver at least once. They take care of their passengers and either drink real little or not at all."

I didn't understand it. If what Professor Shotglass had told me was true, Cohol was number one among the students. "Why so many of

them?" I asked. "They said it made them feel safe and respected by the others. Some of 'em even get paid, if you can believe it. They all suggest that designated drivershould know their passengers, set a plan before driving and be designated before an event. I think it does 'em good to see their friends when they're drunk. Might even wake a few of

"Maybe." I was at another dead end. I thought O'Dool could help me, but it wasn't looking good. I gave it one last shot. "So who do you suggest I talk to, O'Dool? I already hit the Professor." "Not that one, Mick. He thinks

he knows, but he's got a long way to go. You want my advice, you need to talk to the coach. He's the one who really talks with the kids. He'll know more than me."

"Thanks, O'Dool. I appreciate the help. As I walked out of the station, a cold wind hit me. Hunching into my trenchcoat, I wondered if this was an omen. What would I find out back at EBU?

No Money Down 90 Days As Cash

Clinton offers promotional

NEW YORK (AP) — How Office estimate lowered the total right he was, the late Sen. Everett to \$328 billion. Dirksen, when he remarked that a billion here, a billion there even-

tually adds up to real money. quences for individuals, compa- behavior. nies, the government and, therefore, the entire national economy.

This being so, you might think that when huge programs are offered for public consideration the numbers would be measured with acute precision.

It's the way most people deal with spending: The higher the amount, the more careful. If pennies aren't important to them, dollars and tens of dollars are. That's not always the way it

is in Washington, where it now appears the much publicized \$91 billion saving claimed for the Clinton health plan may turn out to be many billions less than that. Big and important as it is,

that multi-billion dollar amount may be a mere echo of the highly promoted budget plan, publicized for weeks as being capable of reducing federal budget deficits by \$500 billion in five years. On examination, the "say-

ings" turned out to include \$60 billion to \$70 billion in assumed interest savings and \$100 billion in future defense cuts.

The Congressional Budget

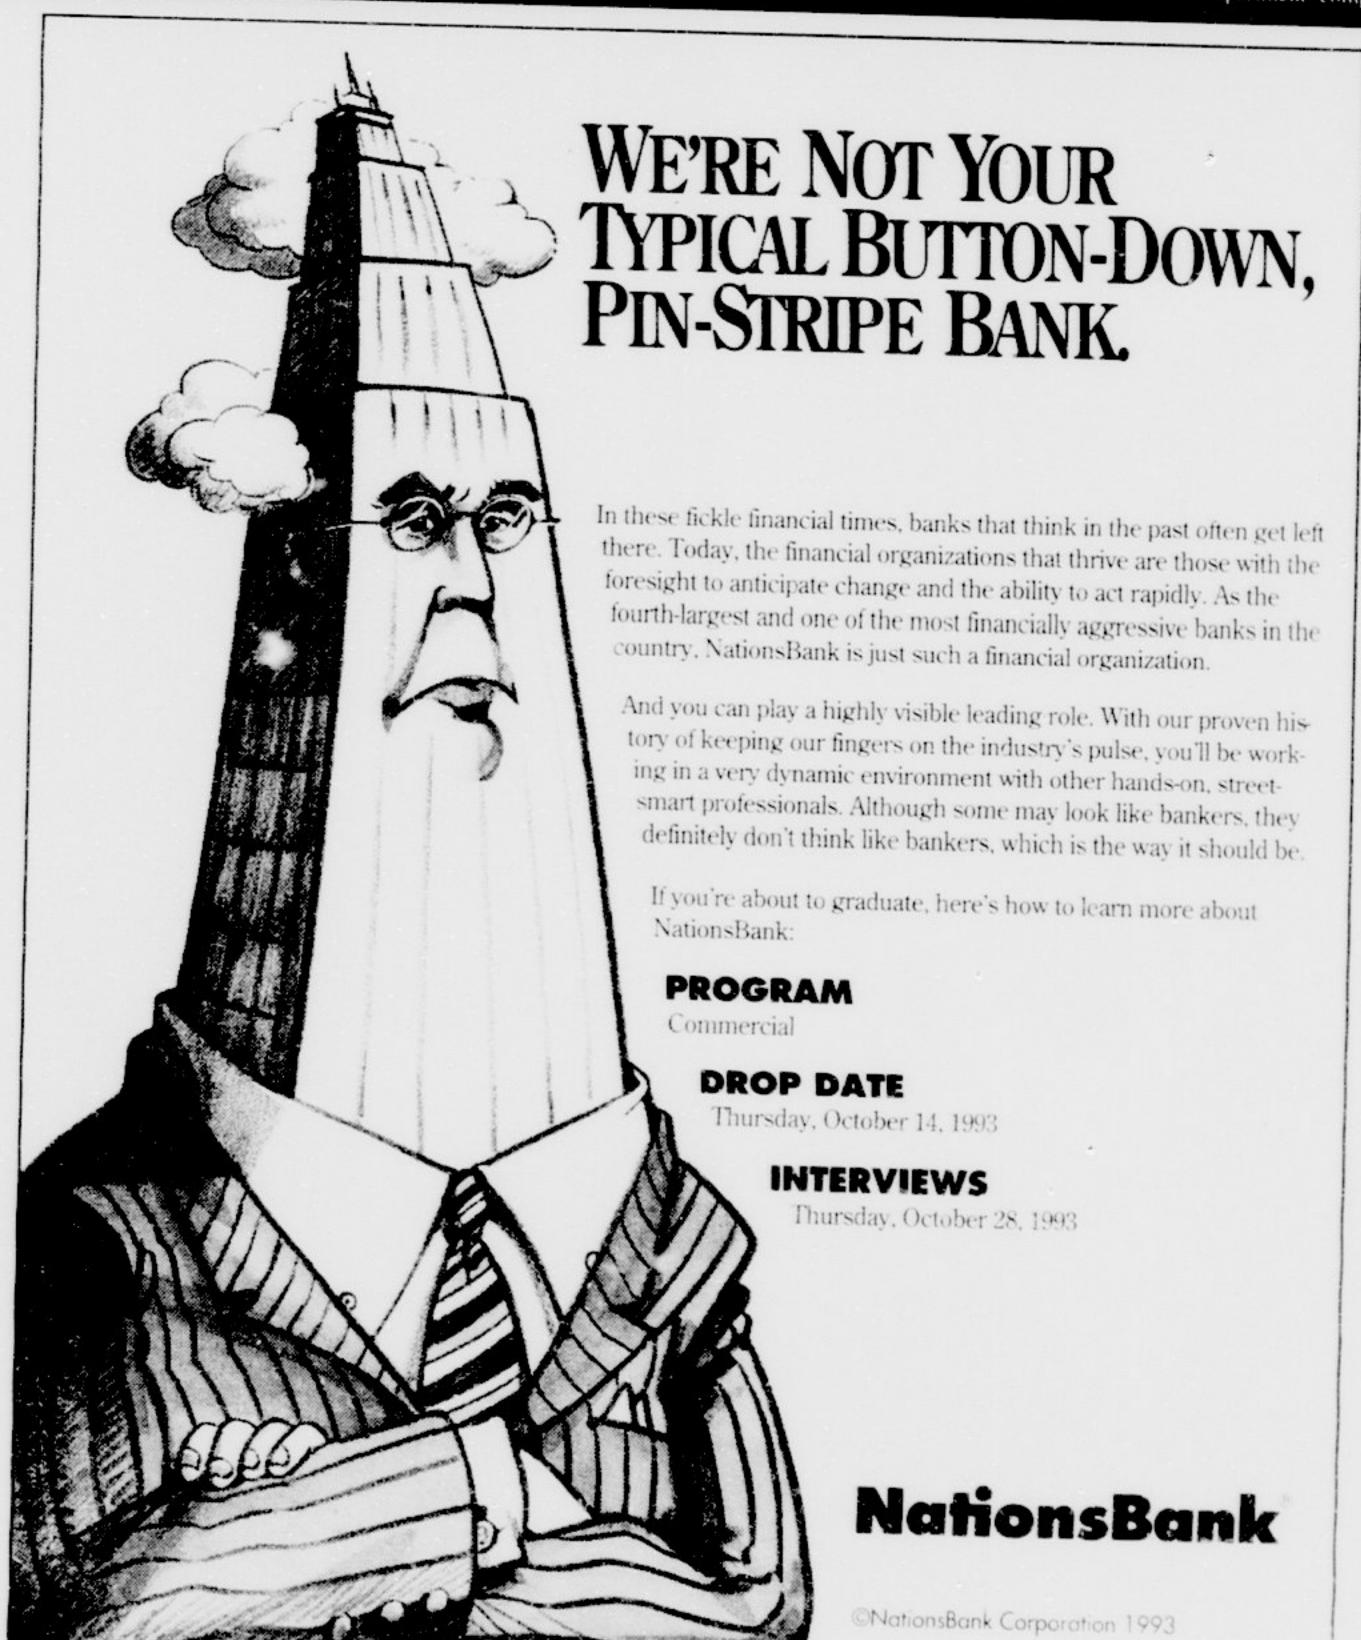

with the facts, are not an invention Added or subtracted, the of the present administration or of asked for it" attitude from othmoney is indeed very real, as in one party but not the other. They taxes. It has enormous conse- are an accepted form of political And it persists, although it still shocks Americans to realize that elected officials, from whom they have a right to expect the highest standards, indulge in behavior that sometimes is meant to deceive rather than inform.

Somalia: defining our role

Following recent unrest in Mogadishu, U.S. officials scramble to determine a clear-cut strategy

What a mess.

It began as a humanitarian relief effort and has culminated in bloodshed and barbarism. Tuesday's news photo of a U.S. soldier's corpse being dragged through the streets of Mogadishu, Somalia has heightened the tension and concern of many Americans and those on Capital Hill. And yet, the politicians are wary of pulling U.S. troops just yet.

There are basically four options: stay the current course; use overpowering force to find Mohamed Farrah Aidid, capture him and destroy his wellarmed militia; retreat from a military role as quickly as possible and ignore problems that might follow; or step back militarily but remain in Somalia and allow U.N. negotiators to work toward political solutions.

Many are leaning towards Clinton giving commanders in Somalia all the forces they need to carry out the job of capturing Aidid. Unfortunately, even if they rid themselves of Aidid, many others can (and will) take up the reins. There are a thousand more just like him.

And isn't is amazing that the former diplomat who became a Mogadishu gangster has eluded the 28,235 troops who have stalked him since June and yet, the press comes in contact with him daily? (Just a thought.)

The simple fact is that the U.S. will not pull its troops out of Somalia as long as there are American captives held there. Soldiers are literally being used as human shields for this warlord bent on power. When MIA and POW cards start to be dealt, you can bet on the U.S. staying in the game until the bitter

So recently, more than 600 fresh troops, equipped with heavy weapons and a fleet of seven helicopters, were moved in to Somalia Tuesday, with plans for up to 2,000 more. But the Pentagon is stressing that the move is not an escalation of troops. Rather it is being called a response "to an immediate need."

Yeah, right. Why not just call it what it is — a desperate action caused by the inability to define what exactly the Somalia policy is.

The original objective — to bring food to the starving — remains as honorable as it was the first day troops arrived in December. And Americans must realize that the price of going over there was high to begin with. That's easy to forget when the initial ideal was to feed starving, innocent women and children.

The question must be asked: why is Somalia's civil war a threat to international order or U.S. interests? And with that posed, the U.N. forces face two major problems. First they must define the terms of the mission, and secondly, they must proceed with a goal that may take years to reach — restoring order to a country that no longer wants foreign interven-

According to the latest AP, in an interview Tuesday with Copley newspapers, Clinton said: "It curdles the stomach of every American to see that [the American soldier being drug through the streets], because we went there for no purpose other than to keep those people alive." Clinton also stressed that he is increasingly reluctant to operate under a United Nations structure that he thinks no longer provides "the help we need to protect our people."

At least he honestly has our troops best interests at heart. A congressional vote is set for Nov. 15; we can only hope and pray that he's holding the trump card.

Let's let women decide

Give women the same op-

By Joseph Horst

Sounds like a personal problem to me

I'm a writer, in case you hadn't guessed.

Just by those three words, the smarter-than-the-average bear will know that I deal with a lot of B.S. in my job. Heck, it's what I do for a living, right? However, I'm here today to tell you that even writers have a point where the B.S. just becomes a little too thick, even for

Case in point: the recent rash of letters and columns dealing with how pageants exploit and degrade women. Excuse me, but aren't there just a few more important things we could be talking about? To the best of my knowledge, the women who participate in these pageants do so of their own free will. In other words, they want to! If that's their decision, who has the right to say that it was a wrong one? Better yet, why waste your time even worrying about the whole

Pageants, in the grand scheme of things, are so small and unimportant that it boggles my mind when I see how many people are concerned about them. Are our lives so dull that we have to stretch so far to vent an emotion? You want to get up in arms about something, try this campus. Better yet, try your own life. Wake up and start concerning yourself with your own actions instead of getting all hot and bothered about some-

one else's. Definition time, people. Matterus interruptus: the action of sticking your nose where it doesn't belong. Penicillin won't cure it, and neither will Advil. As a matter of fact, the only thing that will make it go away is a strong dose of common sense. Imagine that, something you're supposed to have anyway!

How about we try something new, hmmm? I don't know ... how 'bout we stop worrying about all these general ideals and start just living our lives the best way we know how? You can talk 'til you're blue in the face, but if you have to

back it up with actions. Pissed you off yet? Nope? Just wait. Women, men, blacks, whites -- you name it, I've got a catch-all solution to all of these problems. Mind your own business! Live your own life and deal with your own problems - if you've got enough time to worry about someone else, get a hobby. Get a clue. More im-

portantly, get a life.

I'm tired of hearing how someone is so upset about some problem or another. Do they thinking bitching and moaning is going to solve it? Get off your ass and do something about it. Show the others, by your actions, what you think the answer is and how the problem should be dealt with. If enough people would focus their lives on living them correctly, we might be surprised how quickly society will turn around.

Put your nose back where it belongs, Pinocchio. Right back on your own face.

This Thursday night Mother Nature (pictured above) will help the Attic celebrate its 22nd birthday. Come out for a night of drink specials, door prizes and good ol' American classic rock tunes. See you there!

Attic celebrates 22nd birthday

By Julie Totten

Lifestyle Editor

As long as this school has been on the map, there's been a nightclub near the corner of Fifth Street.

This Thursday night, owner Joe Tronto will be celebrating the Attic's 22nd birthday with Mother Nature and drink specials all weekend long. WSFL radio will be at the festivities along with numerous door prizes

Mother Nature, which has been known in the Greenville area and statewide as a classic-rock cover band, will take the stage around 10:30. Although the majority of this band's music is classic rock, the band has also began to explore their own sounds in original songs.

"We wanted to gain a strong following using covers that everyone knows and loves. A lot of times

when people are in clubs they want to here something they know," said Warren Sumner, the band's bass-

The quintet is composed of: Todd Proctor, drums; Mark Williams, guitar and vocals; Robert Swain, percussion and vocals; Jon Matthews, guitar and vocals; and

Warren Sumner, bass. The band made a different approach to finding their audience and free admission to the first 22 through music people can sing along with or at least reflect back on past memories that these songs surface. Often times a person's step into music occurred in junior high school, listening to the rebellious tunes of the 60s and 70s.

> Sunshine Alternative, which also promotes Greenville-based Purple School, represents Mother Nature in all of N.C., S.C. and VA. "As far as cover tunes we're competitive with any band in the na-

tion," Sumner said.

Each member of the band has been playing at least six years, and each play from a diverse school of musical thought. Vocals are reminiscent of Crosby, Stills and Nash, but the drummer, Todd Proctor, leans heavily on his jazz background.

"Our vocals are done a lot of the time in three-part harmonies. These days you don't hear many good voices with the bands, so we have a talent that has been overlooked lately," said Proctor.

Thursday night will be the night we can all roll back into the past 22 years and praise the music Mother Nature keeps alive and celebrate the club that promotes music in our area.

Doors will open at 9:30, and don't forget the first 22 people get

'Malice' considered true House of Love abandons 'perfection'

By Kris Hoffler

Staff Writer

It has been five years since The House of Love appeared on the music scene with their 1987/ passes the likes of Basic Instinct, 88 debut, The Creation. Their latest effort and fourth LP, Audi-Director Harold Becker has ence With the Mind, was released

Like their third release, Aufictitious New England school. manyother, more subtle, pleasures | tell you something about the album's sound.

The House of Love has been noted for their attention to structure and production, but this time they are abandoning their perfectionist approach for a more

It seems that a lot of today's alternative music is suffering from over-production-there are too many cooks spoiling the broth. However, this album no hype. should be worthy of some type

of non-sellout award. There is no fanciful production here. They are not releasing a single or planning an endless tour to promote this album, and that's a brave move for any musician.

The band has returned to its original three-piece lineup of Guy Chadwick (vocals, guitar), Chris Groothuizen (bass) and Pete Evans (drums). Although they dropped their fourth member, Terry Bickers (guitar), they still manage to come through with a full sound.

Since there is no hype surrounding this release, the album has to speak for itself, and it does. This is an all-around good album with 12 tracks that differ greatly in texture and feel. Some

of the more notable ones are "Erosion," "Portrait in Atlanta" and the haunting "Hollow." I should probably end this review before I over-scrutinize House of Love; it is probably best

to adhere to the band's policy of

Scorpions release new album

Staff Writer

They have rocked the world over and over again. The Scorpions came out with an album in 1990 called Crazy World which includes issues pertaining to the world around them, as do the other works of music this band has brought to society. Evolving throughout its 21-year career, beginning in 1971, this German band has performed for audiences all over the world, creating for themselves a record-breaking career.

The Scorpions are one of the few Western bands to have had the chance to play at locations worldwide, even in areas that would not normally host foreign bands. They were there when the Berlin Wall came down; they performed in the Soviet Union in 1988 at the Moscow Music Peace Festival and, in 1986, and they also performed in Budapest from behind the Iron Curtain.

The band touches on world issues. With their album, Crazy World, on which they include an anthem for the Desert Storm troops, they sing about the regressive reality of Germany's wave of hate crimes. "Winds of Change" was a global hit, becoming number one in 12 countries around the world, selling nearly seven million copies worldwide.

In their new album, Face the Heat, bassistFrancisBuchholz.Thisisboth of Herman Rarebell's colorful trademark drumming, the dual guitar work of Rudolf Schenker and Matthias Jabs. Jabs' rhythm and lead riffs abound in blissful intensity.

Nation," "Ship Of Fools," "Unholy Alliance"). They also face some distinctpersonal and professional problems including a painful and public parting of the ways with Buchholz. They have chanelled those painful, negative feelings into strong, positive bodies of work. "That has always been our philosophy," Schenkersays. "And throughout the pastcouple of years, we really needed to test our mettle."

Face the Heat is a distinguished

V'ball team wins second in a row

The Pirates have improved their record to 5-14 after Tuesday's match-up with North Carolina A & T.

By Brad Oldham

Staff Writer

East Carolina's volleyball team won their second consecutive match of the season Tuesday night, moving their record to 5-14. ECU defeated the Aggies of NC A&T in three games, 15-4, 15-9, 15-12.

The Pirates took control of the game early. Co-captain Melanie Richards, who had 12 kills and seven digs on the night, helped the Pirates to gain 6-1 lead, forcing an A&T time-out. After A&T came out of the TO, they did their best to cope with the Pirates. However, the Pirates were just too tough to handle. They played much more aggressively than the Aggies, especially at the net. The Pirates cruised to a 15-4

In game two, the Pirates got solid play early on from sophomore middle-hitter Gwynn Baber. As in their previous enough." match with Mount Olive College, ECU played with more confidence than usual. East Carolina made some crucial

mental mistakes that many more experienced teams would have easily capitalized on. The Aggies fought hard the entire game, but eventu-

In game three, ECU got off on the right foot, jumping out to a 5-0 lead. ECU Coach Martha McCaskill let her reserves see some playing time halfway through the game. Leading only 13-11, ECU called a time-out. McCaskillsentstarterCarrieBrne back into the game to help finish off the Aggies. Sophomore Kristy Blair served the game-winning point, giving the Pirates the victory by a score of 15-12.

"Thisteamissoyoung," said Wendy Schultz, an ECU assistant coach and captain of last year's volleyball team. "There are a lot of players who have very little experience. They have alotofpotential, but the problem is, tonight for example, they just are not communicating well

The Pirates play in the Holiday Inn-Golden Corral Lady Pirate Invitational this weekend at Minges Coliseum.
