Honor student jailed for prostitution

Tracev Mehm said she was just earning money for college, just like any other student with a part time-job. She pleaded guilty last spring to prostitution charges after accepting \$150 from an undercover officer. Her lawyer advised that she be put on probation because of her 3.8 GPA and because this was her first offense. Instead, the judge sentenced Mehm to the maximum 90 days in jail, stating that the court could not condone her blatant attempt to capitalize on her illegal activities by appearing on several talk shows.
