Hank's Homeade Ice Cream celebrates Halloween by decorating the shop with creepy ghosts and goblins (top). Above left, this pumpkin takes first place in the Health Services annual pumpkin decorating contest. Above right, the "Pirate Pumpkin" takes second place for its school-spirited rendition of the traditional jack-o-lantern. Students can view these spooky decorations at Health Services all week. Don't forget to be safe on Halloween — avoid past downtown disasters.

WZMB alters format

Tambra Zion Assistant News Editor

WZMB has undergone a format alteration in an effort to attract more listeners. The station will now play more mainstream music to attract a larger audience.

"It's a slight modification between the hours of 6 a.m. and 6 p.m. What we're aiming for is more of a mainstream sound and the emphasis there is on sound," said Jeremy Leftwich, program director.

The format changes are a re- O'Donnel, general manager, sult of a survey WZMB con- said. The survey stated that ducted through the marketing the number one reason studepartment last fall. Staff Writer

Time is running out to collect all of the aluminum can tabs left lying around from this past week- them

As of Nov. 1, 1994, The Ronald McDonald House of Greenville will no longer collect can tabs from aluminum cans to raise money. A campaign to collect bar tabs from Scott paper products will be launched.

"We appreciate all of the effort put into tab collecting, but would like to turn that energy into collecting labels," said Suzie Walker, executive house director.

The tabs were once prosperous for the Ronald McDonald House, but due to a recent drop in the price of aluminum, the tabs will

no longer be collected. "The time and effort put into collecting tabs is no longer cost effective," Walker said.

Originally, the tabs brought in 65 cents per pound, now it is hard to revenue even 25 cents per pound

Scott Paper Company sponsors the bar code collection campaign, and offered it to the Ronald McDonald House. Scott will donate 10 cents to the Ronald McDonald House for every label collected.

"We plan for this campaign to be ongoing indefinitely, "Walker said. "Bar tabs are easier, cleaner and less costly."

This program encourages the use of Scott paper products, and provides those who already use said.

the Scott brand the opportunity to

help the community. The Scott products include toilet paper, paper towels or baby wipes with the "Scott" name on

"Cottenelle, Viva and Baby Fresh brands are also included, Walker said.

Glisson's Enterprises, located on Stokes Highway, will be collecting tabs for The Ronald McDonald House in Greenville. "Glisson's was willing to do this

for us — they are doing us a favor,' Walker said."They will be mailing a check to us for the value of tabs all as a donation." Also, the McDonald restaurants

in Carteret County and Jacksonville will still collect tabs, and the earnings will be sent to Greenville's Ronald McDonald House. Labels can be collected and

mailed to Ronald McDonald House, 549 Moye Boulevard, Greenville, N.C. 27834. There are four Ronald McDonald Houses located in North Carolina. The cities include Chapel Hill,

Durham, Winston-Salem and Greenville. The organization is growing with 157 houses across the world, 122 of which are in the U.S. The Ronald McDonald House of Eastern North Carolina provides lodging or a "home away from home" for the families of seriously ill children visiting the Children's

Assault — A student reported he was attacked by in the courtyard of Scott Hall. The suspect struck and kicked the victim. The victim was transported to Pitt County Memorial Hospital by rescue workers.

Auto Collision — Two officers assisted the Greenville Police Department at the corner of Tenth Street and College Hill Drive by directing traffic at an accident involving two students and a faculty member. No injuries were reported.

Larceny — A staff member at Christenbury Gymnasium reported the larceny of a spring board used for gymnastics.

Auto Larceny — A student reported the theft of his automobile from the Third and Reade Streets parking lot. A search concluded with negative results.

Weapon Possession — A Scott Hall coordinator reported the discovery of a resident in possession of a knife. The resident stated the knife belonged to his roommate.

Larceny — A student reported the larceny of a bus stop sign and post from the northwest side of Mendenhall.

October 21

Larceny and Damage to Property — Two residents of Garret Ha were arrested for larceny and damage to property. They were observed breaking the lights off from barricades southwest of Joyner Library. The students were also issued campus appearance tickets.

Attempted Breaking and Entering — A plumbing contractor reported the attempted breaking and entering of an equipment trailer near the Joyner construction site.

Vandalism — A staff member reported the larceny of a windshield wiper blade arm from his vehicle while parked on campus.

October 24

Suspicious Activity — The coordinator and a resident advisor of Belk Hall reported seeing a previously reported suspicious person

east of the hall. The person was identified and banned from campus. Failure to Appear — An order for arrest was issued to a Garrett Hall resident for failure to appear in court on a worthless check

Shivering **Timbers**

Greenville residents get spooky for Halloween by decorating their yards with inflatable ghosts and bats, a popular option to the traditional "sheet ghost." Watch out for those creepy goblins, ghouls and ghosts that ease out of coffins on cold Halloween nights.

Photo by STUART WILLIAMS

Tution fees on the rise

tuition and fee increases at anywhere from \$53 to \$702 more other than college," Stewart said. American colleges contains both for their education. At two-year "We have to look hard at the growgood and bad news for college public schools, students are pay- ing grant-loan imbalance and ask

she knows pretty much."

Fayetteville was just far enough from Greenville to warrant the need for motel rooms during the two-day event, but the Pitt County team did not get to sleep in, Bryant said.

"We started off at 5:00 feeding the horses." Bryant said. "Saturday morning, they had events until about 2:00, then we went back to the hotel. In the evenings, we went to a place called Showbiz - the kids all had a ball. They went to bed pretty late."

"They rode on Sunday," said Bryant. "Sunday, it started at around 6:00 feeding the horses, and they started riding at around 9:00."

"When Mark was riding, his horse was a little excited to be where he was," Johnson said. "Just to see Mark be able to handle him as well as he did .. usually at the horse farm, the horse is used to everything, and Mark can concentrate on riding. Here [in Fayetteville] he had to extend himself and deal with the other outside [distractions to the horse] . anything else that was going on. It was just really great to see him be able to deal with that, and to know that I was a part of it. It's something I'll always remember, that I had the chance to help him."

Johnson talked about her plans beyond her upcoming graduation this summer.

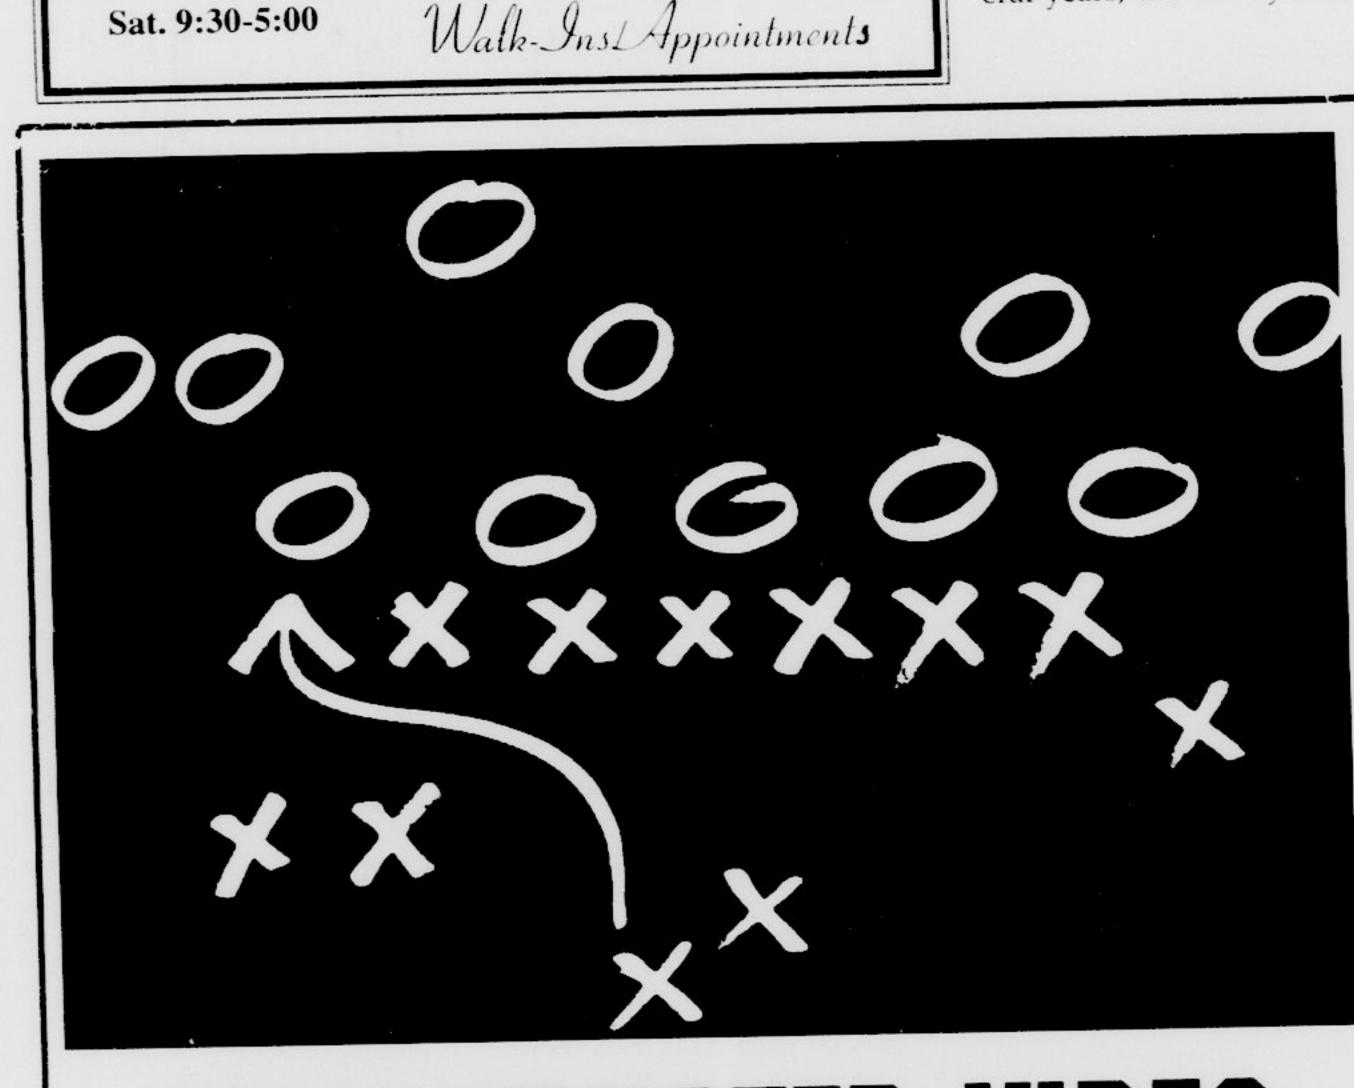

"I want to pursue a master's degree in rehabilitation counseling [at ECU]," Johnson said. "I'm really eager to get out and work - I want to get into the master's program, try to work for awhile and then de-

"I'd like to work in a vocational rehabilitation setting, where you would help people go back to work," Johnson said. "Or I'd like to work in an 'independent living' setting, where you help people regain their independence if they're in an accident. I'd like to help them go from a dependent lifestyle, and then be able to work, and things that they'd

like to." More than just an item on the resume, Johnson will re--member her experiences with Bradley and the other handicapped individuals at GDJ:-Challenge — and especially

with the Special Olympics. "It was very rewarding tobe able to help Mark participate in something that was so exciting to him, and so wonderful, that he might not get. the chance to do," Johnson said. "Just seeing the other riders that were there from the other cities and programs - it was just wonderful for me to see what they could do. We got the chance to meet a lot of: new people and find out about their programs; we did a lot of 'networking' to get ideas."

"I thank Dr. and Mrs. Bradley for asking me to be a part : of Mark's venture into the Special Olympics," Johnson said. "I was really honored that they'd ask me to be a part of it. It was a wonderful experience. I'd also like to thank Maria for giving me the opportunity to help them."

ting together support for the Kinston Jetport, and now that regionalism is a good word." Faulkner, who left ECU to become the N.C. Secretary of Revenue, reflected on 30 years of service of RDI by giving anecdotes about various staff members and her memories of the institute.

Faulkner grew up in nearby Martin County, attended ECU and later joined the staff.

"She brought to the university a special individual talent for making people feel good about themselves and confident in their future," said Jim Lanier, vice chancellor for institutional advancement. "She came to RDI in 1982 as the third director, and, under her leadership, I think this program began to move into a period of maturity. She has an infectious personality and a sparkling wit that wins friends wherever she goes."

Faulkner helped inaugurate the umbrella approach to regional development, while helping faculty members stay focused on their mission.

"The service area of the Regional Development Institute, as it was established by the Economic Development Agency, was identified as the 32 counties east of I-95," Faulkner said. "[A previous professor] put together a grant and applied for one of those federal grants to establish a university-based service agency that would concentrate on extending the services of the university into the re-

After all, bail is just too expensive

Halloween is upon us once again. Time to don the garb of your favorite goon or goblin and have a good time. yourself by playing hard. Play hard, but While the holiday is an excuse for children to solicit sweets, the adults who observe the festivities more often seek pleasures of a different sort.

The Halloween ritual for many young adults who attend ECU includes going downtown and imbibing to excess their favorite alcoholic beverages. If you are of legal age to drink alcohol, there usually

is no problem. However, the staff at The East Carolinian would like to remind everyone of Fifth Street's less-than-glorious history concerning Halloween festivities. AndTEC implores the new generation of freshmen to not repeat history. Apparently the downtown area has been the scene of some raucous Halloween parties.

In fact, things have gotten so much out of hand at times that local officials have closed Fifth Street bars. Even such Stalinist tactics as banning the holiday celebrations downtown altogether have been used to prevent any volatile activity.

Many of you work hard and deservedly believe you should repay please don't be stupid. Studies have shown that there is a correlation between alcohol consumption and acts of stupidity - imagine that! The staff at TEC asks everyone to take responsibility for their own actions during the Halloween festivities, no matter where the party may be.

Kudos to all who attended last year's celebrations at Mendenhall and downtown, apparently things went smoothly. It will take at least a couple more successful repeats to reassure the local officials that ECU students are responsible when it comes to relieving scholarly stress.

It would be unfair not to mention the out-of-towners who will surely show up to have a good time. Set an example for them and use your better judgment if crisis erupts. Put your best foot forward to insure that they too try to have a safe Halloween.

Now that the sermon is over, let us go forth and safely enjoy Halloween.

Fools remove all doubt by speaking out powerless." Mainstream women realize that this is not the right way to approach getting equality. History has shown that the best

by Patrick Hinson

Ever notice that there are certain issues you really just can't discuss with your friends? You know, stuff like religion, politics, and abortion, that kind of really hairy stuff that begins as conversation and ends with that mutual feeling of wanting to go for each other's throats.

Even when we achieve these higher levels of education, can't we sit down and just try to reach some form of agreement on issues that are as far-reaching and important to all of us as a community, instead of just throwing gas on the fire as we get angrier and angrier because the other person refuses to understand? Communication between human beings can all too often become a very complicated and annoying

undertaking.

Everyone has their own stance on things, and it is natural that we feel strongly that what we believe in is the right thing, the only thing. Sure, we feel that we're pretty liberal and openminded for the most part, but the truth is we're really not. We all need something to believe in, to hold on to, to make us feel that we are balanced and intelligent beings. We pick up our beliefs, unfortunately, from our parents in the beginning, as much as many of us would like to deny, and then we pick up and hold the things we believe in and agree with as time goes by.

When people come along that have a different viewpoint, and one that they adamantly stand behind, well, we often think they must be idiots. Some idiot must have drilled the wrong information into their heads. Then, usually, we do our best to de-program them, to attempt

make them see the error of their ways. What fools we are. I do my best to avoid

these touchy subjects when at all possible. I believe the best policy is to remain silent and let everyone else duke it out and make fools of themselves as they try to prove that theirs can be the only logical, moral, or intelligent stance, and the rest of us are just flat-out wrong

Take politics for example. Look at the lengths that Walter B. Jones and Martin Lancaster are going to try to make us vote for

One might start to fear that their example and the examples of most every other politician running for office today might rub off on the younger generation, those students running for SGA offices at colleges and universities. Wait, no, that would never happen would it? The younger generation must surely see how ridiculous that looks, right? Guess again.

I was nothing more than embarrassed watching campaign for SGA president this year (although no more than I was last year, I suppose, which wasn't any different). I felt like I was reading about two kindergartners fighting over a toy on a playground somewhere.

Two greedy little brats is what it all came down to, and do or wrong. you think we didn't see it? I feel close to the same thing now, watching the Jones/Lancaster battle. The campaigners, by avoiding almost any reference to use our mouths we might be able what they can and have done to get along so much easier with positively themselves, focus only on what a lying, stealing, incompetent moron their opponent is (as if to say, "he's it seems, in times such as these, more of one than I am"). The

whole thing, the whole process of political campaigning (and the fact that its allowed - the level of mudslinging - that is) just makes me pretty sick and ashamed that even today in this advanced age we fail so miserably to communicate effectively.

Politics are just one area though. You can choose almost any topic you can think of and, with time, we will tend to disagree and that level of disagreement will grow. And as that level grows, we seem to resort to more and more primitive actions and measures to achieve the prize that we now so desire, to win the argument.

All too often, in the end, we even end-up killing each other over something that almost surely we could have agreed upon, or at least compromised on, if we could have kept a level head for a while longer. At every level of human interaction, in our own homes, to the street gangs in our every town, to the Arab militants who blow up buses and buildings full of innocent people, to the superpower leaders who decide the fate of thousands if not millions of otherwise innocent lives over something that could have been talked out, we often make the most unintelligent choice when given the chance to do something right

Being quiet, I know, is not always the right choice, but if we could just learn to use our ears and our brains as well as we the people around us, the people whom we must (like it or not) share this planet with. Patience must be as precious as a ton of gold

Letters to the Editor-

To the Editor: I am baffled as to why WZMB canceled the New Age Show. If there is such a thing as alternative music, New Age was it. It was a soothing part of my weekend that is greatly missed. Give us a break from all the head banging stuff that surely repulses

live up to your credo of being an alternative station, bring back the New Age Show.

Marine E. Hill Accounting Sophomore

To the Editor: Since the beginning of the semester, several of the fraternities on campus have commented on the lack of attendance of some of the sororities during pre-planned socials and events that have been scheduled to take place.

A lot of fraternities go to a lot of time consuming hard work, not to mention going deep into their expense account, to plan these socials and tailgate activities in which very few of the sisters show up. I am not trying to criticize any certain sorority, but all the fraternities would love to see a better turn out after we put out our efforts into creating these events. For those of you who take the time to show up [sic]

we thank you for coming. This commentary not only applies to the sororties but to the fraternities as well. If you guys get invited to a sorority function and if you have the opportunity to go, just try your best to show up. After all, these

girls go to a lot of trouble and expense to organize these events also. During my years in the Greek system at ECU [sic] I have seen the best response of attendance by a group of people in which many brothers and sisters try to teach and provide guidance to,[sic] our very own pledges. A large majority of the pledges seem to be very excited and interested in attending different pre-planned events and do a great job attending. Maybe if we watch and listen a little more we can learn more from them than we thought[sic]

most of your listeners. Remember variety? Please

The main point that I feel should be emphasized is that a good fraternity or sorority should be composed of diversity and individuality in which builds a stronger unity. To sum it all up, don't let the fraternity or sorority think for you, think for the fraternity or sorority or just think for yourself.

A Drop

INTHE BUCKET

Meredith Langley Assistant Lifestyle Editor

"A Drop in the Bucket" is just what it claims to be: a very tiny drop in the great screaming bucket American media opinion. Take it as you will.

Hope comes back from the grave for the fourth time to ruin Bo's love life. The question at hand: is she really Hope?

love toy who could have been her half brother.

Victoria marries her mother's

Charlene has three different personalities, one of which is a

very funny hooker. Vivian implants herself with her arch enemy's eggs in order to steal away her husband (who

used to be in love with Vivian). These stories are of course fictional, but events such as these do happen everyday if you tune into the world of soap operas. You would think that after years of crazy off the wall story lines, and people constantly coming back from the grave, the American public would eventually get tired of it all and tune in to something a little more "educational."

Well, that certainly is not the case. Soap Operas have been a way of life for many people for the last 25 to 30 years. Housewives started tuning in after little and they all have the able hand marry him. Tommy was down for a nap or while doing the laundry, and the addiction was passed down to their children and grandchildren. I will admit that I tune in to "Days of Our Lives" occasionally, but before I came to school, it was a show that I almost never missed (thanks to our VCR). began watching "Days," as it is affectionately called by its fans, when I was still in the womb. My mom has watched the show since its first episode, and thus passed

the TV were part of my family as well. In some cases, soap operas can bring families together. My dad and I, who have never really had very much in common, talk about the latest power-trips by Vivian, and the other scandals on "Days." I find it amusing the times I call home, and my dad will pick up the phone and ask me if I have been watching the show and what I think of what's going on. It's great when he talks about that instead of harping on grade point averages and the re-

the tradition down to me. My

mom and her friends were so

involved in the show that I be-

gan to think that the people on

sponsibilities of being in school. One thing about soap operas that I learned in my first year of college is that you can't escape them. Many times when I would come home in the afternoons from class, every room I walked by had a soap on. People were popping popcorn and throwing it at the screen when their characters weren't doing what they were supposed to, or when something was amiss. In fact, a few people I know scheduled their classes around their favorite soap because they didn't want to wait until late afternoon to see it o

So, what is the big appeal of want to skip class and skip to a place right in front of the TV to watch them? Personally, I think soaps allow people to escape the clutches of reality without using mind altering drugs. Housewives started watching to pass the time, but when the people dressed up in their fancy clothes and went to their high class shindigs, it made many female watchers feel more glamorous and a part of what was happen

The East Carolinian's Super-Obscure Trivia Quiz Answers

Finally, we get around to running the answers to our frustratingly difficult and oh-so obscure trivia quiz! We're running questions again for your convenience. The topic was Children's Television, the questions were maddening, and we hope you've enjoyed all the hair-ripping fun!

1. Q: What was the name of the race of monkey people on "Land" A: the Pakooni

2. Q: What was the title of the movie playing at the drive-in during the opening of "The Flintstones?" A: The Monster

3. Q: What Sid and Marty Krofft show featured a land populated by giant talking hats and starred Charles Nelson Reilly? A: "Lidsville"

Ver 1.6 million people in education and Presearch know that choosing TIAA-CREF was a smart move. And now everyone else does too. Because Morningstar-one of the nation's leading sources of variable annuity and mutual fund information-has some stellar things to say

about our retirement investment accounts.

"This comfortable combination of risk and return has earned the CREF Stock Account a five-star rating."*

After studying CREF's performance history, Morningstar gave five-stars-its highest ratingto both the CREF Stock and Bond Market Accounts, and an impressive four-stars to the CREF Social Choice Account ** In fact, the CREF Stock Account was singled out as having "...one of the best 10-year records among variable ratings or TIAA-CREE just call 1800 842-2776.

annuities."*** Of course, past performance is no guarantee of future results.

"... CREF is far and away the cheapest variable annuity out there."

Morningstar also called attention to CREF's ..rock-bottom" fees-something that can really add to the size of your nest-egg down the road. What's more, TIAA's traditional annuitywhich offers guaranteed principal and interest plus the opportunity for dividends—was cited

as having the highest fixed account interest rate among all annuities in its class. We're happy to accept Morningstar's glowing ratings. But nice as it is to focus on stars, we'll keep focusing on something more down-to-earth: building the financial future you want and deserve.

For more information about our Morningstar

Ensuring the future for those who shape it.™

*Source: Morningstar's Comprehensive Variable Annuity/Life Performance Report January, 1994. **Source: Morningstar Inc. for periods ending March 31, 1994. Morningstar is an independent service that rates mutual funds and variable annuities on the basis of risk-adjusted performance. These ratings are subject to change every month. The top 10% of funds in each class receive five stars, the following 22 5% receive four stars. ***Among the variable annuity accounts ranked by Morningstar: the CREF Stock Account was 1 of 12 growth-and-income accounts with 10 years of performance. Morningstar ranks the performance of a variable annuity account relative to its investment class based on total returns. CREF certificates are distributed by TIAA-CREF Individual and Institutional Services. For more complete information, including charges and expenses, call 1-800-842-2733, ext. 5509 for a prospectus. Read the prospectus carefully before you invest or send money.

Player of the Week

Mark Libiano Jr.-2L, LB, 6-3, 235

Libiano collected 21 tackles in the Pirates 28-21 victory over the Golden Hurricane last Saturday in Tulsa, Oklahoma.

"There are still ways I can improve," Libiano said. "I am only going to get better every

He also batted down John Fitzgerald's final attempt to go to the end zone, killing any chance of a TU comeback

"Someone had to step up and make the play," he said. "Fortunately, I was in a position to do

New coach hopes to turn around ECU's volleyball program

Eric Bartels

Staff Writer

With a new attitude and the promise of turning the women's volleyball program around at East Carolina, coach Gail Guttenberg sees her role as a coach taking on many tasks.

The first-year coach at ECU, from New Washington, Ohio, came from Judson College in Elgin, Illinois. She comes to ECU staff after successfully guiding Judson College to a second-place finish in the Northern Illinois Intercollegiate Conference,

in which they finished last the year before. Guttenberg brings to ECU a new and more positive attitude for her team to share amongst each other.

"Attitudes are very important, and the way I act around the team is just as important, Guttenberg said. "The way I act around the team is symbolic to the way they act and play." She also brings with her a great coaching phi-

losophy for her new team. "I want them to know that they are winners, that they can compete. Most of our games this season have been decided in the fifth sets, by scores of 17-15 or 20-18," Guttenberg said. "Look at last year's results. Most of their games did not

last past three sets." Guttenberg will bring to her team a sense of

equality and fairness. "My coaches meant a lot to me, so I want to give that back to my team. I want to let them know that they can talk to me if they have anything on their

SID AT 4 Notes (SID) — ECU's men's golf

team finished 13th at the John Ryan Iron Duke Classic Monday afternoon at the Duke Golf Club in Durham, N.C.

Senior Dave Coates led EC with a two-round total of 153 tying him for 28th place in the 141-player field. Trey Jarvis was two strokes back at 155, and tied for 48th place.

In football news, ECU has added two more games with Wake Forest, and will play them four times starting in 2001. On Sept. 1, 2001, Wake Forest wil travel to Greenville, and on Sept 20, 2003, the Pirates will travel to Winston-Salem. The addidtiona games will be played in Dowdy Ficklen Stadium on Sept. 4, 2004 and at WFU's Groves Stadium on Sept. 9, 2006.

In recent women's soccer ac tion, the Lady Piratesearned their first career shutout, blanking Barton College 8-0. ECU's Stacy Schott scored four goals and recorded two assists to lead the team in their second win of the season. On Oct. 22, the team was blanked 12-0 by William & Mary , and on Oct. 19, the Lady Pirates weredowned 5-1 by UNC-Char-

thers fear, according to the head of the Denver Broncos organization. McCormack, while concerned about the The Panthers and Jacksonville change, doesn't think every NFL team laguars each will select 30 to 42 will dump injured players in the pool, players from other teams in an allocation draft scheduled for mid-February. All 28 existing clubs must place six players in the allo-

cation pool. Carolina officials were relieved when the Player Access Plan, finalized last month, stipulated that each existing NFL club could place only one player on injured reserve and one veteran with 10 or more

years experience in the draft pool. "I think many people outside of football realize that a lot of players have offseason surgery; I'd say as many as 12 per team," said CEC member Pat Bowlen, president and chief executive officer of the Denver Broncos. "I could point to a lot of our veterans. Karl Mecklenburg, for example, has had offseason surgery almost ev-

ery year for one thing or another. "Most are more of a corrective type of thing, and those are very legitimate players. Believe me, these surgeries are very common.

Nevertheless, Panthers genera manager Bill Polian said including players facing offseason surgery in the allocation draft is "completely unacceptable."

"We need serviceable players, not people who'll spend the preseason rehabilitating themselves. Nor should we have the obligation of picking up surgical costs, workman's compensation, injury grievance procedures or injury protection guarantees," Polian

One of the Panthers' chief concerns ing offseason surgery in the NFL's about the allocation draft has long been veteran allocation draft pool will that existing teams would try to unload

(AP) — The man who broke backboards and once declared his homeland the "Planet Lovetron" is back as a kinder,

Dawkins, who played 14 seasons in the NBA, begins his attempt to return to the show next month when he plays for the Sioux Falls Skyforce of the Continental Basketball Asso-

Skyforce coach Flip Saunders said Dawkins has been almost genteel to work with as the team prepares for training camp that begins Nov.

"He's done a lot of things and I think there's a peace within himself," Saunders

The 37-year-old center once known for smashing nary homeland, "Planet Lovetron," said he wants to be a quiet role player in the NBA as a backup center.

Dawkins, a.k.a. "Double-D," once came up with meaty names for his dunks like the "Rim Wrecker," "Go-Rilla," "In Your Face Disgrace" and the backboard-shattering "Chocolate Thunder."

Now, he talks about playing 20 minutes, scoring a basket or two and collecting a few rebounds.

"When I first came into the league you had to do it all," Dawkins said Tuesday in a telephone interview from his home in New Jersey. "I'm looking to come back as a role player to do whatever the team

Dawkins and his Skyforce mates will play against teams like the Harrisburg, Pa., Hammerheads, Mexico Aztecas and

Winless Bearcats visit Greenville

Oldham's Corner

Luckily for head coach Steve Logan and ECU, losing in the game statistics doesn't mean a loss in the scoring column, because boy, would we have lost on Saturday!

Looking over the postgame stats after the Tulsa game, Stevie Wonder could have seen that we were Golden Hurricanes. In just about every category, the Pirates came up on the short-end of the stick. All of course, except the one that really matters: points.

Look closer at the stats, and you focus on the category in which nine out of ten coaches blame all losses on: turnovers. ECU had no turnovers in the game, while forcing the Tulsa offense to fumble four times, recovering one. The Pirate defense also came up with two intercep-

tions. So the stat that ended up saving the Pirates is the one that, miraculously, has shined all season for ECU. With a +1.7 turnover average per game, ECU is now tied for fourth in the nation

in turnover margin. same team who last season | LT: 66 Rick Simons was 97th in the country in turnover margin, losing

1.18 turnovers a game. Outstanding performances against Temple, where the Pirates forced the Owls into five turnovers, and Southern Miss., where ECU forced eight turnovers, have strengthened ECU's turnover margin greatly.

McDaniel becoming a star in ECU secondary

ECU's secondary last season was constantly victimized by the deep pass.

Time and time again, opposing quarter-By AARON backs took advan-WILSON STAFF WRITER tage of this unit

made up of two sophomores and two freshman. These talented, young players benefited greatly from this baptism under fire, and entered the '94 season a much improved group subjected to higher expectations year due to their experience and depth of numbers.

CB Emmanuel McDaniel has reaped great rewards from last year's learning experience, and is currently tied for fourth in the nations in interceptions per game.

McDaniel, a Jonesboro, Ga., native, has five picks going into this week's game against Cincinnati.

"I just have a lot more confidence this year," McDaniel said. "I took it last season. We were like the bomb run and pass have been the norm for much. I just make the plays and go throw off rhythm plus the linebacksquad, now we look forward to passing downs."

ment over last season's meager 29 tack- fense. McDaniel has gotten into the from the defensive line, linebackers, makes me feel less pressure. I don't les and two interceptions is no surprise scoring act, returning an interception and secondary. If any area breaks feel like teams can run or throw on to this athlete who wouldn't give up 46 yards for a touchdown versus down, it is next to impossible to func- us. We are beginning to dominate." on himself when others were down on South Carolina.

blame us for losing games," McDaniel "It feels great to make big plays, but ers at a disadvantage. said." I think that was unfair, because there is still a lot of football left to one person or position doesn't lose a game for you. You win and lose as a team."

McDaniel and the other members of the Pirate secondary have set higher goals for themselves this season. They have totaled 16 interceptions through last Saturday's win at Tulsa, already surpassing last year's season total of 12 pickoffs. ECU ranks among the nation's leaders in turnover margin a key statistic for winning games.

"We have only allowed a few passing touchdowns," McDaniel said. "Our goal is to allow nothing through the air. It is up to us to stop teams from piling up yardage and make big plays against us."

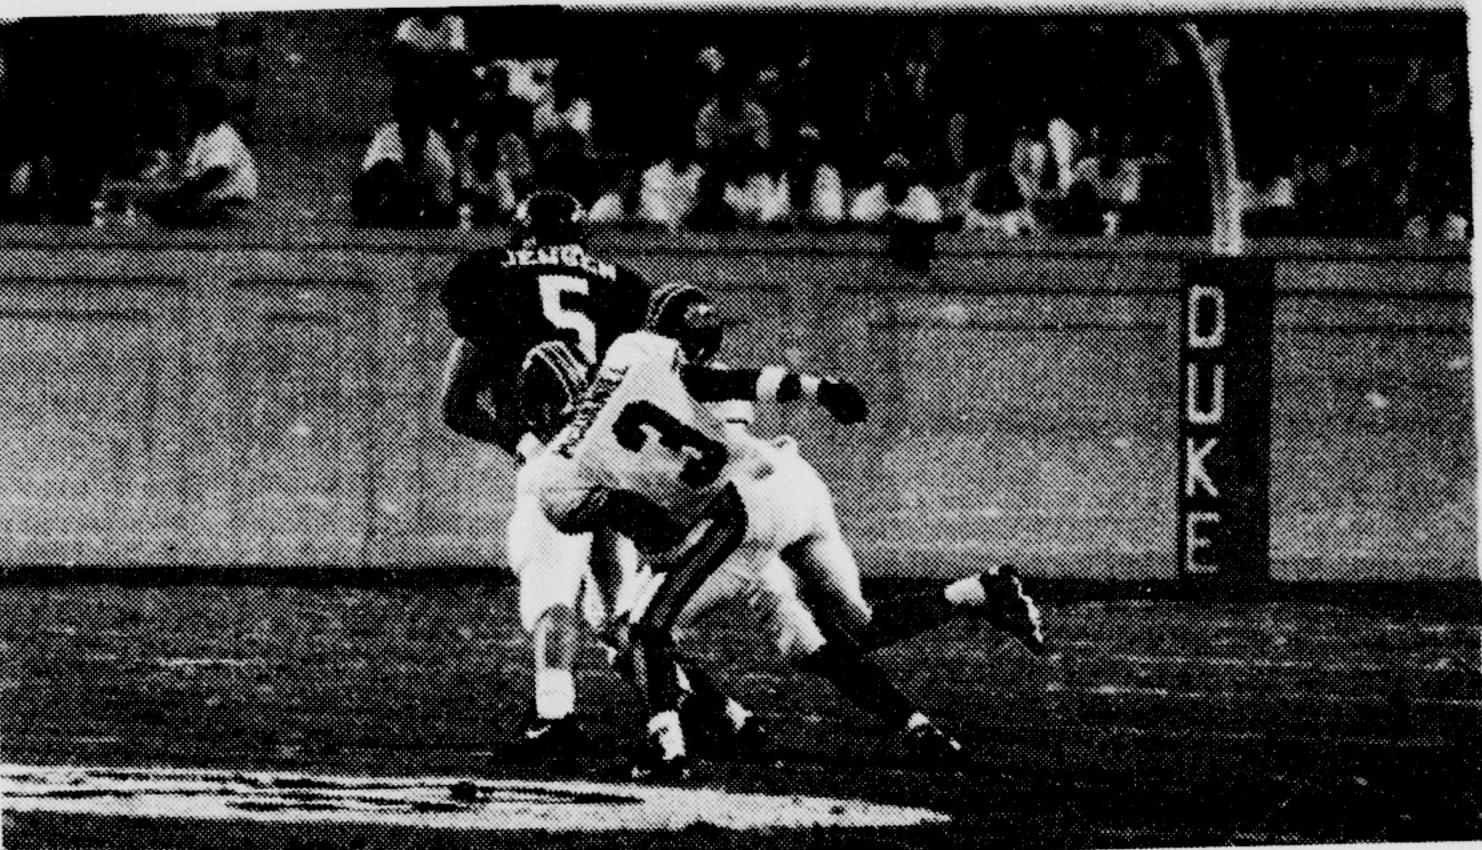

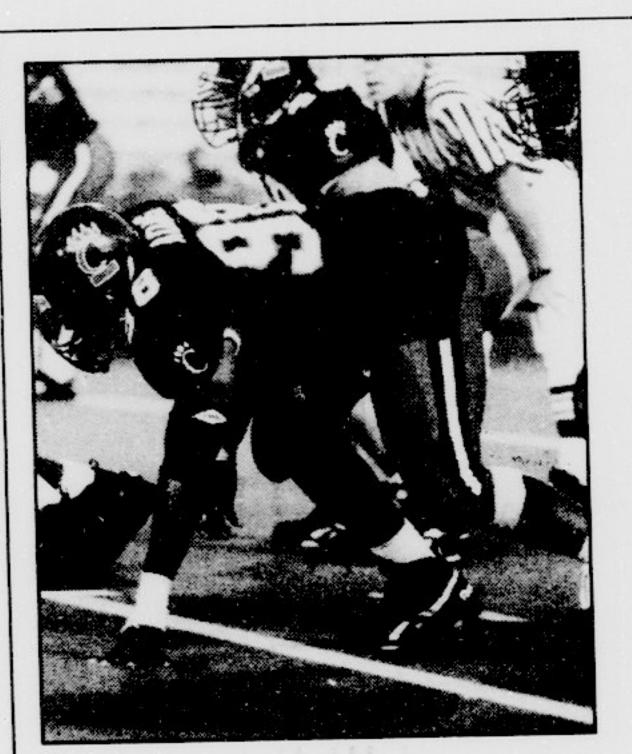

Photo by Harold Wise
