Serving the ECU community since 1925, The East Carolinian publishes 12,000 copies every Tuesday and Thursday. The lead editorial in each edition is the opinion of the Editorial Board. The East Carolinian welcomes letters to the editor, limited to 250 words, which may be edited for decency or brevity. The East Carolinian reserves the right to edit or reject letters for publication. All letters must be signed. Letters should be addressed to Opinion Editor, The East Carolinian, Publications Building, ECU, Greenville, NC 27858-4353. For information, call (919) 328-6366.

best athletes in North Carolina and the country, because of the prestige of our 'RTP' schools (State, UNC and Duke). However, it has always been in the best interest of our former Athletics Director Dave Hart Jr. to raise the popularity of our school through our sports teams.

From the time he took office in December 1987 until he accepted the athletics director job in Florida State this year, Hart has always moved the ECU athletics program forward. He has been involved in improving and renovating the athletic facilities for the athletes: Dowdy-Ficklen Stadium, Williams Arena at Minges Coliseum, Harrington Field and the Ward Sports Medicine Building.

Hart's involvement at the national level has helped ECU become a school that is serious about its image. He stressed the importance of a good education by structuring the Student Development Program for all athletes. He has also participated in several NCAA committees.

In fact, in January 1994, he was appointed to the prestigious NCAA Council. Hart's involvement in the NCAA Special Events/Post Season Bowl Committee, chairing of the CAA Marketing Committee, and service on the CAA Gender and Equity Committee has made him a very recognizable leader in athletics throughout the nation.

From the end of the '80s until now, ECU is a school on the rise. Our first taste of popularity came when the 1991 Peach Bowl team completed a miraculous season by overtaking State. Most of the fame that ECU gathered can be attributed to the work of Hart and his staff.

His experience and expertise in marketing has led ECU and the Greenville community to great revenue gains. Since leading the athletics department, Hart has implemented several innovative campaigns including, the "Great Pirate Purple/ Gold Pigskin Pig-Out Party" surrounding spring football and "Ain't It Great to Tailgate," which brought back the spirit of tailgating and thousands of fans from Greenville and eastern North Carohas given this lina to enjoy Pirate football. Not only has football become a tremendous asset to ECU, but university. other sports have experienced success. Both Pirate swim teams continue to have near-perfect records; the baseball team has appeared in the College Baseball World Series playoffs in 1990, '91, and '93; the women's soccer program was added this fall to the list of competing I-A sports- and the men's basketball team made their first appearance in the NCAA tournament in 1993 after a 21-year absence. Before his departure, many thought that Hart would want to stick around to find out whether ECU would get into a conference. Well, he played out his role. He laid the foundation for our athletics program to excel - he created a tradition, like that of Carolina, Notre Dame or Alabama in sports. It should be in our best interest to carry on that winning tradition on and off the field and to preserve ECU as a college of the '90s and beyond. Hart definitely was the man for the job. His insight and forward thinking created a great atmosphere at ECU, and his departure to Tallahassee will leave a enormous space for the Selection Committee to fill. We at TEC would like to wish the best to Florida State's new athletics director, and hope that he returns soon - on our opposing sideline (maybe in a conference game). The whole university will miss him.

Who will pay for it?

Our nation's debt ballooned in the 1980s. Presently 16 percent of **Thomas Blue** our tax dollars go toward interest pay-**Opinion Columnist** ments on this national debt. Clearly our government must control this There is no deficit spending. The question simply is who should pay for it. shortage of The new Republican Congress is proposing massive cuts in health, surveys showing safety and environmental programs. > When they talk about comics for adults, this is what they mean. learning." After a chance encounter novel. The Ballad of Doctor

Richardson, a "drawn novel" by Paul Pope, is the kind of book all comics fans should be pushing on their

friends. The problem with the more mainstream "comics for adults" efforts is they're all basically fantasy. If you're not into sci-fi or horror, it's hard to find a comic that's to your tastes. That's understandable, I suppose; those genres lend themselves rather easily to comics, and the majority of American comics have always been a bit fantastic.

But not Doctor Richardson. No, here Pope has crafted a romance. And not a bosom-heaving, clichéd Harlequin-type romance, either; these characters are real, and there's not a Lance or Bianca in the bunch.
