

JALEN FAIR

I celebrate my sexual diversity by discovering and embracing queer culture. Whether I'm watching a movie with mostly LGBT characters, learning more about the Harlem underground ball scene or obsessing over RuPaul, I love being engulfed in images that feel like home to me. I've found my tribe within the queer community and it makes me happy that I get to be part of such an amazing community. Although there are always arguments and fights within a family, at the end of the day, we are still in it together.

Jalen is a senior majoring in Business Administration, Marketing.
