

# ABBY FALLAHEE AND TYLER BLOMQUIST

As a couple, we celebrate diversity by having a wide range of friends with varying racial, ethnic, religious, gender, and sexual identities, and we believe in treating everyone with respect. We actively work to advocate for equality and human rights. In supporting our LGBT+ friends, we are living our vision of a world free of discrimination and we work as a community to spread kindness and love.

Abby is a senior majoring in History Education and Tyler is a senior majoring in Psychology with a minor in Sociology.
