

From our own experiences, the greatest gift one can be given is the ability to feel comfortable being oneself. And so we seek to impact positive change through visibility and education. Through visibility, so that others might see that living openly and happily is possible. Through education, so that those outside of the community can come to greater understanding and acceptance. In doing this, we hope to foster an environment that allows everyone to be themselves.

Emily Davis

Pronouns: She/Her/Hers

Graduate Student in Speech and Language Pathology,
Old Dominion University

Matthew Drake

Pronouns: He/Him/His

Brody School of Medicine

M.D. Candidate, Class of 2020
