

I volunteer for the LGBT Resource Office as a Resource Office Assistant and I cannot wait for us to be moved into the new Dr. Jesse R. Peel Resource LGBTQ Center in January. I try my best to positively impact the community by being someone people can talk to when they are having issues. I try and warmly greet anyone that enters the office and make the space feel safe and welcoming. I also volunteer for ECU's Sexuality and Gender Alliance (SAGA) for which I served as Secretary for two years. Besides all of that, I just want to make people feel safe and comfortable no matter where I am on campus.
