

About the Bartlett Jones

Little documentary evidence has been assembled on the early Bartlett Jones. That which has would indicate that...

- Hagar Cook Jones Brickhouse was the mother of Bartlett Jones (Sr.) because an 1819 deed of sale of land to him by her was witnessed by Joseph White the father of Bf. Sr. first wife, Angelina White. (who died in 1799)

- However, his father and Hagar's first husband was also named Bartlett Jones. This we know because his father, David Jones sold him land in 1793 - 50 Acres west of the Alligator River.

- This same land is mentioned in a plea for partition by his ~~only~~ orphaned children in 1803 including his child Bartlett Jones who was later known as Bartlett Jones Sr.

∴ Could the ~~B~~ 1799 Bartlett Jones died young and thus his son became regarded as B. Jones Sr.?
